We rely on willpower to create change in our lives...but what if we're thinking about it all wrong? In *Willpower Doesn't Work*, Benjamin Hardy explains that willpower is nothing more than a dangerous fad—one that is bound to lead to failure. Instead of "white-knuckling" your way to change, you need to instead alter your surroundings to support your goals. This book shows you how. The world around us is fast-paced, confusing, and full of distractions. It's easy to lose focus on what you want to achieve, and your willpower won't last long if your environment is in conflict with your goals--eventually, the environment will win out. *Willpower Doesn't Work* is the needed guide for today's over-stimulating and addicting environment. *Willpower Doesn't Work* will specifically teach you: How to make the biggest decisions of your life--and why those decisions must be made in specific settings How to create a daily "sacred" environment to live your life with intention, and not get sucked into the cultural addictions How to invest big in yourself to upgrade your environment and mindset How to put "forcing functions" in your life--so your default behaviors are precisely what you want them to be How to quickly put yourself in proximity to the most successful people in the world--and how to adapt their knowledge and skills to yourself even quicker How to create an environment where

endless creativity and boundless productivity is the norm Benjamin Hardy will show you that nurture is far more powerful than your nature, and teach you how to create and control your environment so your environment will not create and control you.

J. Earl Shoaff, Jim Rohn's personal mentor, gives the presentation that changed Jim's life! Anyone who ever heard Jim Rohn speak, knows the impact that Earl Shoaff had on his life. Here is a transcription of the recording of the presentation by Earl Shoaff that changed Jim's life and provides the secrets to his success. By the time Jim Rohn reached the age of 25, he was married, had a family and worked as a stock clerk at Sears earning \$57 a week take home pay. Finding himself falling behind on his bills, and with nothing in the bank to fall back on, he knew he wanted more out of life but had no idea on how to make it happen. Then something happened to him that changed his life forever and gave him the answers he was looking for. The same good fortune that happened to Jim all those years ago is about to happen to you! One of Jim's friends told him about a man he had gone to work for. This man was very rich and wise. He had an incredible philosophy about life and he was easy to talk to. His friend talked about this man so much that Jim's curiosity got the better of him and he went to hear what this man had to say. Jim walked into the room and took a seat. He really didn't know what to expect, but he kept an

open mind and listened intently as the speaker opened his eyes to a world he never knew existed. A world where you could truly be anything you wanted to be and you could have anything you wanted to have! Jim said of the experience, "To this day, I can't tell you exactly what he said, I just knew that I would have given anything to be like him." Then, standing at the back of the room, he got an idea. He thought that, somehow, if he could just get around this man, maybe he could learn the secrets of wealth and happiness.

95% of what people think, feel and do, is determined by habits. Habits are ingrained but not unchangeable—new, positive habits can be learned to replace worn-out, ineffective practices with optimal behaviors that can cause dramatic, immediate benefits to the bottom line. In *Million Dollar Habits*, Tracy teaches readers how to develop the habits of successful men and women so they too can think more effectively, make better decisions, and ultimately double or triple their income. Readers will learn how to organize their finances, increase health and vitality, sustain loving relationships, build financial independence, and take a leadership role to turn visions into reality.
