

John Dee And The Empire Of Angels Enochian Magick And The Occult Roots Of The Modern World

Chase Brown has it all...he's wealthy, owns three of the hottest night clubs in New York City and he's boyishly handsome. Chase's rise to the top hasn't been easy and memories of his mother's murder, as she died in his arms when he was only twelve years old, still haunt him. These memories birth Smoke, his monstrous alter ego, who is psychotic and very dangerous. Chase and his younger brother Corey are close; so close that his older brother, Cyrus, uses emotional blackmail to make Chase carry out his deceitful and murderous deeds. While attempting to bury Smoke and break free from his brother's spell, Chase meets the beautiful Bliss Riley. They fall madly in love but there is only one problem...Bliss isn't aware of Chase's murderous appetite and the demon that lives inside of the man she loves. Will Chase be able to bury his demons for good and live happily ever after with the woman of his dreams or will Smoke take Chase and Bliss on a journey that will leave dead bodies throughout the city of New York? Only time will tell!

A comprehensive look at the life and continuing influence of 16th-century scientific genius and occultist Dr. John Dee • Presents an overview of Dee's scientific achievements, intelligence and spy work, imperial strategizing, and his work developing methods to communicate with angels • Pieces together Dee's fragmentary Spirit

Download Free John Dee And The Empire Of Angels Enochian Magick And The Occult Roots Of The Modern World

Diaries and examines Enochian in precise detail and the angels' plan to establish a New World Order • Explores Dee's influence on Sir Francis Bacon, modern science, Rosicrucianism, and 20th-century occultists such as Jack Parsons, Aleister Crowley, and Anton LaVey Dr. John Dee (1527-1608), Queen Elizabeth I's court advisor and astrologer, was the foremost scientific genius of the 16th century. Laying the foundation for modern science, he actively promoted mathematics and astronomy as well as made advances in navigation and optics that helped elevate England to the foremost imperial power in the world. Centuries ahead of his time, his theoretical work included the concept of light speed and prototypes for telescopes and solar panels. Dee, the original "007" (his crown-given moniker), even invented the idea of a "British Empire," envisioning fledgling America as the new Atlantis, himself as Merlin, and Elizabeth as Arthur. But, as Jason Louv explains, Dee was suppressed from mainstream history because he spent the second half of his career developing a method for contacting angels. After a brilliant ascent from star student at Cambridge to scientific advisor to the Queen, Dee, with the help of a disreputable, criminal psychic named Edward Kelley, devoted ten years to communing with the angels and archangels of God. These spirit communications gave him the keys to Enochian, the language that mankind spoke before the fall from Eden. Piecing together Dee's fragmentary Spirit Diaries and scrying sessions, the author examines Enochian in precise detail and explains how the angels used Dee and Kelley as agents to establish a New World Order that they hoped would

Download Free John Dee And The Empire Of Angels Enochian Magick And The Occult Roots Of The Modern World

unify all monotheistic religions and eventually dominate the entire globe. Presenting a comprehensive overview of Dee's life and work, Louv examines his scientific achievements, intelligence and spy work, imperial strategizing, and Enochian magick, establishing a psychohistory of John Dee as a singular force and fundamental driver of Western history. Exploring Dee's influence on Sir Francis Bacon, the development of modern science, 17th-century Rosicrucianism, the 19th-century occult revival, and 20th-century occultists such as Jack Parsons, Aleister Crowley, and Anton LaVey, Louv shows how John Dee continues to impact science and the occult to this day.

It is hard to overestimate the importance of the contribution made by Dame Frances Yates to the serious study of esotericism and the occult sciences. To her work can be attributed the contemporary understanding of the occult origins of much of Western scientific thinking, indeed of Western civilization itself. *The Occult Philosophy of the Elizabethan Age* was her last book, and in it she condensed many aspects of her wide learning to present a clear, penetrating, and, above all, accessible survey of the occult movements of the Renaissance, highlighting the work of John Dee, Giordano Bruno, and other key esoteric figures. The book is invaluable in illuminating the relationship between occultism and Renaissance thought, which in turn had a profound impact on the rise of science in the seventeenth century. Stunningly written and highly engaging, Yates' masterpiece is a must-read for anyone interested in the occult tradition.

looked so easy when you were young. You thought you had it all figured out. Little did you know life throws you curve balls. And you thought grownups had it easy so did these ladies. Follow their journies while getting lost in the grownup world.

An annotated edition of a manuscript compilation, written from 1577 to 1578 by John Dee.

FIGHT THE FUTURE *Hyperworlds, Underworlds* is a relentless chronicle of the utopian dreams and dystopian nightmares of the 21st century. In the articles gathered here, journalist Jason Louv hands you his hard-won map of the future. He chronicles the effects of globalization and technology, the rampant abuses of corporations and intelligence agencies, the robotification of war, and how technology and mass communications are used for control of the population. For answers to the questions posed by our Brave New World, he looks to our culture's outsiders and rebels, and the combs the fringes of spirituality for ways to destabilize the Machine. *Hyperworlds, Underworlds* is more than a record of a journalist's best work. It's also a toolkit for understanding our tumultuous world, and finding a way to re-establish our very humanity in the face of a relentlessly dehumanizing future. With a trickster magician's sardonic humor, Louv reveals the future to come-and gives you the power to change it. The fascinating and often overlooked life of John Dee, a scientist and trusted advisor to Queen Elizabeth I resurrects one of the most colorful and interesting Renaissance men. Reprint. 15,000 first printing.

Download Free John Dee And The Empire Of Angels Enochian Magick And The Occult Roots Of The Modern World

This book presents a major reassessment of the career and cultural background of John Dee (1527-1609), one of Elizabethan England's most interesting figures. Challenging the conventional image of the isolated, eccentric philosopher, Sherman situates Dee in a fresh context, revealing that he was a well-connected adviser to the academic, courtly, and commercial circles of his day. The centerpiece of Dee's life is shown to be the massive library and museum at Mortlake, perhaps the first modern "think tank." There he lived, worked, and entertained some of the period's most influential intellectuals and politicians. Sherman discusses Dee's household arrangements, reading practices, and writings on subjects ranging from calendar reform to imperial policy. He also offers the first detailed account of the broad network of scholars and other experts who, along with Dee, operated behind the political scenes, providing textual and technological support during this time of unprecedented intellectual and global expansion.

This book will be a valuable resource for doctors, nurses and other healthcare professionals who deal with Spanish speaking patients. It is a guide that contains the key and most frequently used healthcare terms. It will also be useful for Spanish speaking nurses who want to have a better communication while interacting with English speaking healthcare professionals.

The Whoredom Sutra, widely accepted as The Holy Qu'ran of Thelema, was deemed for publication before the death of Aleister Crowley. A legendary companion of The Book of the Law, this sacred text is filled with hidden tantric formulas for the said purpose of accomplishing the great work of Whoredom according to the Law of Thelema. Whoredom Sutra is the only scriptural authoritative text that illustrates the spiritual value of whoredom and the enlightenment that an open sexual lifestyle can breed when approached with sincerity. This book covers a wide array of sexual topics that can be understood and also utilized by those outside the circles of Thelema and within. including the subject of spirits and genies' interest in human sexuality. Anyone interested in whoredom will find this book to be the hidden treasure that they were looking for. In London in 1583, the mathematician John Dee and the seer Edward Kelly began summoning up a succession of spirits, who instructed them in the secrets of the universe and warned them of imminent apocalyptic change. Attaching themselves to the visiting Polish Count Laski, they set off for Europe, taking with them a mysterious alchemical elixir discovered in the Cotswolds. When Laski went bankrupt, they sought out the Emperor Rudolph in Prague and King Stephen in Krakow. Expelled from the Empire for necromancy, they settled under the protection of Count Rozmberk in Southern Bohemia, successfully transmuted

Download Free John Dee And The Empire Of Angels Enochian Magick And The Occult Roots Of The Modern World

gold and, on instruction from the spirits, exchanged wives. Queen Elizabeth summoned them back to England to share their alchemical expertise and sent the poet Edward Dyer to collect them.

Although revered in his own time, John Dee (1527-1608) was until recently regarded as an isolated crank on the margins of Tudor history. This anthology of Dee's writings illustrates his diverse interests and his central position in the history of Renaissance thought and the development of Western Magic. Dee's celebrated Preface to Euclid is included along with selections from his Spiritual Diaries and letters to other mystics and royals. In addition to Hermetic and Cabalistic philosophy, mathematics, astronomy, astrology, and navigation are also covered.

Part 1: In 1578, John Dee (1527-1608) wrote series of four manuscripts entitled Limits of the British Empire, explaining why Queen Elizabeth had a legal right to North America (except for Florida, which the Spanish already occupied). Dee's text was lost for centuries, but in 1976, it was discovered and acquired by the British Library. In it, Dee explains that earlier Englishmen like King Arthur, Saint Brendan, Prince Madoc, and John and Sebastian Cabot had already claimed the New World for England. The farsighted Dee even coined the term "British Empire." Convinced by Dee's numerous arguments, the Queen granted letters

Download Free John Dee And The Empire Of Angels Enochian Magick And The Occult Roots Of The Modern World

patent for all of North America north of Florida to one of the generals in the English army, Sir Humphrey Gilbert. Dee chose the site for the Gilbert's first colony (Narragansett Bay in modern Rhode Island). He even named it after himself, the "Dee River and port." In 1582, Dee and his team sent a "preliminary expedition" of two ships and about 80 men. I claim this mission built the Tower, following Dee's blueprints, to be the colony's city center. The settlement failed to take root, but the Tower got built, and it still stands in Touro Park, Newport. Part 2: Governor Benedict Arnold (1615-1678), the first Governor of Rhode Island and Providence Plantations No, this is not Benedict Arnold the traitor. It's the traitor's great-great-great grandfather. The Revolutionary War traitor, Benedict Arnold (V), lived a century after RI Governor Benedict Arnold (I). But, because of his name, Governor Benedict Arnold has been left out of most books on Rhode Island history. And it's a shame, he is he is one of the most important figures in the birth of Rhode Island, which was the birthplace of religious freedom. In 1663, Benedict was appointed by King Charles II to be first Governor of the state. The general populace re-elected him seven times, and when he died, about a thousand people attended his funeral. I also assert Benedict Arnold was responsible for naming Aquidneck island "Rhode Island." And for adopting the "Anchor of Hope" as the state symbol. And for naming the natural harbor at the mouth of the bay

Download Free John Dee And The Empire Of Angels Enochian Magick And The Occult Roots Of The Modern World

"Newport." Furthermore, he named it "Newport," after Newport/Caerleon, Wales, to commemorate King Arthur's Camelot. Camelot? Most modern scholars think King Arthur is fictional. But what we moderns think doesn't really matter. What matters is that back in the 1500s and 1600s the English felt King Arthur actually existed. Not only was he their inspirational hero, they felt the chivalrous Arthur would some day return to save his people. In the mid-1630s, Benedict Arnold was one of the first colonial settlers on Narragansett Bay. I suggest he claimed the Tower and used Newport as an outpost on his three-day shipping route. He transported furs and bushels of Narragansett Indian corn to Boston, and returned with cooking implements, tools, guns, ammunition, and liquor. He soon became one of the wealthiest colonists. Many clues suggest Benedict knew all about the Elizabethan colonization effort of 1583 and how the Tower functioned as a horologium, a building that keeps track of time. Benedict Arnold was buried about 500 feet west of the Tower. And about 500 feet west of his grave was where his Governor's mansion stood, on Thames Street across from his wharf (now called Bowen's Wharf). The Roots of Freedom in America During John Dee's life, England's prevailing religion flipped from Catholic to Protestant to Catholic to Protestant. Dee's dream was to establish a New World utopia, where all religions would be tolerated. And in the 1600s, it was Rhode Island Governor Benedict

Download Free John Dee And The Empire Of Angels Enochian Magick And The Occult Roots Of The Modern World

Arnold who made Dee's vision a reality. And the freedom of conscience enjoyed by Rhode Islanders later influenced the writers of the United States Constitution. Explores the role of magic and the occult in art and culture from ancient times to today • Examines key figures behind esoteric cultural developments, such as Carl Jung, Anton LaVey, Paul Bowles, Aleister Crowley, and Rudolf Steiner • Explores the history of magic as a source of genuine counter culture and compares it with our contemporary soulless, digital monoculture • Reveals how the magic of art can be restored if art is employed as a means rather than an end and offers strategies to rekindle intuitive creativity Art, magic, and the occult have been intimately linked since our prehistoric ancestors created the first cave paintings some 50,000 years ago. As civilizations developed, these esoteric forces continued to drive culture forward, both visibly and behind the scenes, from the Hermetic ideas of the Renaissance, to the ethereal worlds of 19th century Symbolism, to the occult interests of the Surrealists. In this deep exploration of “occulture”--the liminal space where art and magic meet--Carl Abrahamsson reveals the integral role played by magic and occultism in the development of culture throughout history as well as their relevance to the continuing survival of art and creativity. Blending magical history and esoteric philosophy with his more than 30 years' experience in occult movements,

Download Free John Dee And The Empire Of Angels Enochian Magick And The Occult Roots Of The Modern World

Abrahamsson looks at the phenomena and people who have been seminal in modern esoteric developments, including Carl Jung, Anton LaVey, Paul Bowles, Aleister Crowley, and Rudolf Steiner. Showing how art and magic were initially one and the same, the author explores the history of magic as a source of genuine counter culture and compares it with our contemporary soulless, digital monoculture. He reveals how the magic of art can be restored if art is employed as a means rather than an end--if it is intense, emotional, violent, and expressive--and offers strategies for creating freely, magically, even spontaneously, with intent unfettered by the whims of trends, a creative practice akin to chaos magick that assists both creators and spectators to live with meaning. He also looks at intuition and creativity as the cornerstones of genuine individuation, explaining how insights and illuminations seldom come in collective forms. Exploring magical philosophy, occult history, the arts, psychology, and the colorful grey areas in between, Abrahamsson reveals the culturally and magically transformative role of art and the ways the occult continues to transform culture to this day.

"Imperium" in Latin means "Power to Command." Grimoirium Imperium is a grimoire that contains powerful conjurations and subjugations of Spirits, Demons and Deities which dwell in all the quarters of the earth, the depths of hell and the

Download Free John Dee And The Empire Of Angels Enochian Magick And The Occult Roots Of The Modern World

heights of the heavens, from one's inner soul to the outer layers of the great beyond. The manuscript said that it was the word of Abd Al-Hazred, who had learned much of the secret art of conjuration from avatars and spirits that he met whilst travelling in the desert. "The book attracts many demons to it, even now they will be watching you, invisible. I urge that you pray that they are gone and banish each time you turn a page, otherwise you may find yourself overcome by them, which would doubtlessly mean madness and death." -Dr John Dee
Move over, older occultists - Generation Hex is in effect!

Outlandish alchemist and magician, political intelligencer, apocalyptic prophet, and converser with angels, John Dee (1527–1609) was one of the most colorful and controversial figures of the Tudor world. In this fascinating book—the first full-length biography of Dee based on primary historical sources—Glyn Parry explores Dee's vast array of political, magical, and scientific writings and finds that they cast significant new light on policy struggles in the Elizabethan court, conservative attacks on magic, and Europe's religious wars. John Dee was more than just a fringe magus, Parry shows: he was a major figure of the Reformation and Renaissance.

Now available in a three-volume paperback set, this is a must-have treasure for Dee aficionados and esoteric scholars who absolutely need the most meticulously detailed version of these highly influential works. A labor of love ten years in the making, these volumes include transcripts of four manuscripts from the British Library and one from

Download Free John Dee And The Empire Of Angels Enochian Magick And The Occult Roots Of The Modern World

the Bodleian Library in Oxford. Two of these manuscripts are only available in this set. Each page is laid out to match the original manuscripts, including lines, marks, notations, diagrams, and notes that Dee wrote on the paper. Also includes ten appendices featuring maps, a gazetteer, the 48 Keys, the complete Angelic lexicon, a glossary of archaic words, a manuscript index, and much more. A deluxe three-volume paperback edition of the sold-out limited-edition hardcover set (9780738752587). Having mastered the arts and sciences of his age, Elizabethan magus Dr. John Dee (1527–1608) resolved that worldly knowledge could no longer provide him the wisdom he desired, and as did so many other learned men of the day, he turned his attention to magick. In 1582 he and his clairvoyant partner Edward Kelley made magical contact with a number of spiritual entities who identified themselves as angels—the same that communicated with Enoch and the patriarchs of the Old Testament. Over the next 3 years they revealed to Dee and Kelley three distinct magical systems of vision magick. The third and last of these incorporated a series of “calls” to be recited in an angelic language in order to raise the consciousness of the magician to a level where angelic contact is possible. In *Enochian Vision Magick*, Lon Milo DuQuette introduces the origins of Enochian magick and offers the expert and novice alike the opportunity not only to see the big picture of the full system but also the practical means by which he or she can become attuned in the same step-by-step manner that first prepared Dee and Kelley. First published by Weiser in 2008, this new edition includes a new introduction

Download Free John Dee And The Empire Of Angels Enochian Magick And The Occult Roots Of The Modern World

and new back matter by the author as well as a new foreword by Jason Louv. Replaces ISBN 978-1-57863-382-1

A spellbinding portrait of Queen Elizabeth's conjuror – the great philosopher, scientist and magician, Dr John Dee (1527–1608) and a history of Renaissance science that could well be the next 'Longitude'.

This novel centres on the famous 16th-century alchemist and astrologer John Dee. Reputedly a black magician, he was imprisoned by Queen Mary for allegedly attempting to kill her through sorcery. When Matthew Palmer inherits an old house in Clerkenwell, he feels that he has become part of its past.

"Once upon a time," "And sometime back in the day," "My dad played with music." "He was a DJ." A dad was a DJ back in the day. This picture book is a simple and unique story about a dad and his incredible passion for music. This book has an engaging rhyming style that makes it perfect for reading aloud to young children. Discovered in a hidden compartment of an old chest long after his death, the secret writings of John Dee, one of the leading scientists and occultists of Elizabethan England, record in minute detail his research into the occult. Dee concealed his treatises on the nature of humankind's contact with angelic realms and languages

Download Free John Dee And The Empire Of Angels Enochian Magick And The Occult Roots Of The Modern World

throughout his life, and they were nearly lost forever. In his brief biography of John Dee, Joseph Peterson calls him a "true Renaissance man" detailing his work in astronomy, mathematics, navigation, the arts, astrology, and the occult sciences. He was even thought to be the model for Shakespeare's Prospero. All this was preparation for Dee's main achievement: five books, revealed and transcribed between March 1582 and May 1583, bringing to light mysteries and truths that scholars and adepts have been struggling to understand and use ever since. These books detail his system for communicating with the angels, and reveal that the angels were interested in and involved with the exploration and colonization of the New World, and in heralding in a new age or new world order. While Dee's influence was certainly felt in his lifetime, his popularity has grown tremendously since. His system was used and adapted by the Hermetic Order of the Golden Dawn, and subsequently by Aleister Crowley. This new edition of John Dee's Five Books of Mystery is by far the most accessible and complete published to date. Peterson has translated Latin terms and added copious footnotes, putting the instructions and references into context for the modern reader.

Based on the transcriptions of Dr. John Dee, the famous Elizabethan scientist and magus, *The Enochian Evocation of Dr. John Dee* is the translation of the original material received from direct Angelic contact. In 1852 Dee and his partner Edward Kelly, while gazing into a crystal stone, began to see and hear angels. These beings desired to re-establish the true art of magic, which had been lost due to man's

Download Free John Dee And The Empire Of Angels Enochian Magick And The Occult Roots Of The Modern World

wickedness and ignorance. The true magical art, these beings claimed, would bestow superhuman powers upon its practitioners, change the political structure of Europe, and herald the coming of the Apocalypse. Dee believed this research would greatly benefit mankind and documented all of the channeled information into a series of manuscripts and workbooks. Author Geoffrey James presents here the direct translation of the core of the channeled material itself, framed in a historical context, with authority and integrity.

*Includes pictures *Includes excerpts of contemporary accounts *Includes a bibliography for further reading "Who does not understand should either learn, or be silent." - John Dee With the golden glow of the candlelight kissing his cheeks, he hovered over a spirit mirror, a flat, exquisitely lustrous "shew-stone" fashioned out of raven-black obsidian. Gazing intently upon his reflection in the dark volcanic glass, he chanted in hushed tones as he ran his fingers across the engravings on the oat-colored wax wheel next to him, the Sigilla iEmeth, which featured a septogram and runic carvings and symbols in minuscule print. Contrary to what one might expect, it was not a phantom, hobgoblin, or demon that he sought, but rather, the seraphic voice, and perhaps even the face of an angel - the one bridge between mankind and their Creator, one who holds the key to all of life's unanswerable questions. Was this man delusional? Perhaps so, but perhaps not. But there was no question among those on hand that this was not an ignorant, philistine, unlettered buffoon of a man who readily boarded the

Download Free John Dee And The Empire Of Angels Enochian Magick And The Occult Roots Of The Modern World

train of groundless superstition. Far from it, this was a man who held not only a master's degree, but a doctorate, and his simultaneously stimulating and mesmerizing lectures drew crowds of royals and nobles from near and far. This was a man who was well-versed in a host of academic fields, and he would go on to serve as one of his queen's foremost personal advisers. He was also a prolific author whose revolutionary ideas helped charted the path for the burgeoning British Empire. The man in question is none other than John Dee, one of the greatest scientific minds of his time, but also one of the most controversial. He was a learned man in fields as varied as mathematics and astronomy, centuries before they became formalized fields of study, but he is better remembered for performing magic and alchemy. Instead of astronomy, he became renowned across England for astrology, and he was one of the country's most notorious occult writers during his life. Given the variety that the Elizabethan Era had to offer, it should come as little surprise that some eccentric characters with seemingly unique skills pushed to the forefront and became lauded members of society. Over the course of her long reign, Queen Elizabeth I became one of England's most famous and influential rulers, and it was an age when the arts, commerce, and trade flourished. It was the epoch of gallantry and great, enduring literature. It was also an age of wars and military conflicts in which men were the primary drivers and women often were pawns. John Dee himself has been credited with coming up with the name "British Empire" in the first place. As all of this suggests, to say that John Dee was a storied man would be

Download Free John Dee And The Empire Of Angels Enochian Magick And The Occult Roots Of The Modern World

a grave understatement, to say the least. His multifaceted reputation preceded him, and his name became synonymous with both brilliance and disconcerting eccentricity. By all means, he certainly looked the part - the occultist towered over his peers, his wiry frame cloaked in a charcoal-black "artist's gown" with a ruffled white collar, his veined hands peeking out of his flared sleeves. He bore a pasty, pallid complexion, which seemed almost ghostly, paired with a magnificent beard that was "as white as milk." Chilling rumors about his immeasurable magical abilities have kept his name alive for centuries. Legend has it that this was a man who singlehandedly cast a crippling curse on the Spanish Armada as the fleet sailed towards England, conjuring up the merciless storms and violent waves that threatened to swallow the ill-starred convoy whole, and left them with no choice but to turn back. This was a man who was once branded "the greatest rogue in the neighborhood of London."

First published in 1987. Routledge is an imprint of Taylor & Francis, an informa company.

A practical guide to Dr. John Dee's angelic magic • Contains instructions for performing Enochian magic meditations • Examines John Dee's original diaries from the British Library Enochian magic is a powerful, ancient system for opening portals to heavenly realms and enabling the ascent to God. The basis for many of the modern systems of magic, including the Golden Dawn, Enochian magic is named after the biblical prophet Enoch, who received the same knowledge and wisdom that was later

Download Free John Dee And The Empire Of Angels Enochian Magick And The Occult Roots Of The Modern World

conveyed to the astrologer to the court of Queen Elizabeth I, Dr. John Dee, by angels in the 16th century. In *The Lost Art of Enochian Magic* John DeSalvo traces the history of magic--from the earliest civilizations of the Akadians and Egyptians through the Greco-Roman period and up to the present time--to reveal how magic has penetrated and influenced our religious beliefs and practices today. Through his unprecedented investigation into the angelic magic of Dr. John Dee, during which time he deciphered Dee's original phonetic notations in the margins of Dee's 16th-century diaries, DeSalvo learned to properly reproduce the "Enochian calls," which act like mantras in opening higher realms and invoking angels, key to this type of magical practice. DeSalvo shows how to use Enochian magic for personal spiritual development and also as protection from negative energies.

Reproduction of the original: *The Mathematicall Praeface to Elements of Geometrie of Euclid of Megara* by John Dee

Thee Temple ov Psychick Youth (TOPY) will be remembered for its crucial influence on youth culture throughout the 1980s, popularizing tattooing, body piercing, "acid house" raves, and other ahead-of-the-curve cultic flirtations and investigations. Its leader was Genesis P-Orridge, co-founder of Psychick TV and Throbbing Gristle, the band that created the industrial music genre. The limited signed cloth edition of *Thee Psychick Bible* quickly sold out, creating demand for any edition of this 544-page book, which will be available in a handsome smyth-sewn paperback edition with flaps and ribbon.

catalyze a twenty-first century actually worth living in. Welcome to the psychedelic make-out party at the beginning of history. Jason Louv is the editor of *Generation Hex* (2005) and *Thee Psychick Bible* (2009).

Contains John Dee's *Spiritual Diaries* for 25 years (1583-1608). This book covers Dee's invocation of the angels, the reception of their Enochian system of magic, his experiments in alchemy, and experiences in the courts of the crowned heads of Europe.

Written in thirteen days in 1564 by the renowned Elizabethan magus, Dr. John Dee, *The Hieroglyphic Monad* explains his discovery of the monas, or unity, underlying the universe as expressed in a hieroglyph, or symbol. Dee called *The Hieroglyphic Monad* a "magical parable" based on the Doctrine of Correspondences which lies at the heart of all magical practice and is the key to the hermetic quest. Through careful meditation and study of the glyph, its secrets may be slowly revealed.
