All rise in the courtroom for a cozy whodunit murder mystery, a case the media calls The Mic Drop. Controversial rap star Flex switches lawyers for the new metaphorical war king Miles Turner and The Jury Whisperer Tana Lynn to beat this all-or-nothing charge. Judge Mintall presides in a whodunit range from Flex to premeditated rap rival Second Degree, from The Shenanigans to a political dilemma known as a Rebellious Shadow, the Clue Queen herself, and an unusual delivery service for couples breaking up! With an extra bet, and a unique plea deal offer, can an equally matched prosecutor rhyme “guilty” with “he’ll be?” Or will this criminal defense firm, compared to ‘a street fight on a chessboard,’ once again prevail with an unorthodox lawyer’s audacity to manipulate manipulation itself? “When awareness wins, we don’t have to lose each other” – Jwyan C. Johnson \*Although this book functions as a stand-alone mystery, The Mic Drop is also a spinoff storyline elaborating between Books 4 and Book 5 of the Karma’s Revenge series in cozy mini-mystery.

"After Lisa-Marie and her big brother, Vernon, visit a Create-A-Ted store, the unexpected happens. Their teddy bears come to life! But it turns out they aren't the only ones. All kinds of teddy bears--zombies, ghosts, aliens and more--are suddenly alive and creating mayhem... and soon there is an army of evil teddy bears on the loose! Can Lisa-Marie and her big brother Vernon save themselves--and the world?"--

Interesting, informative, exploratory, the book attempts to interrogate the emotion of revenge. Combining academic discourses with popular representations, it moves across cultures and countries like India, Germany, USA, Africa and Brazil.

Enter the magical world of the Mystwalker series with the full e-book collection: The Trouble with Fate, The Thing About Weres, The Problem with Promises, and The Danger of Destiny from Leigh Evans. My name is Hedi Peacock and I have a secret. I'm not human, and I have the pointy Fae ears and Were inner-bitch to prove it. As fairy tales go, my childhood was damn near perfect, all fur and magic until a werewolf killed my father and the Fae executed my mother. I've never forgiven either side. The Trouble with Fate Today I'm a half-breed barista working at a fancy coffee house, living with my loopy Aunt Lou and a temperamental amulet named Merry, and wondering where in the world I'm going in life. But when a pack of Weres decides to kidnap my aunt and force me to steal another amulet, the only one who can help me is the last person I ever thought I'd turn to: Robson Trowbridge. He was a part-time werewolf, a full-time bastard, and the first and only boy I ever loved. That is, until he became the prime suspect in my father's death...And he's as annoyingly beautiful as I remember. The Thing About Weres Ever since I shoved Trowbridge through the Gates of Merenwyn, I've been the leader of the Creemore pack-hard to believe, right? The thing is: I'm still half-Fae. To make

matters worse, the wolves of Creemore want my blood-and the North American Council of Weres wants me dead. So I'm just counting the days until Trowbridge returns from the other realm...and comes to my brave rescue...and becomes my alpha mate. Wishful thinking? Of course it is. But given all the mess I've been through already, what's the harm in doing a little bit of daisy-plucking? Besides, Trowbridge owes me bigtime. The Problem with Promises The thing is, my past is pretty messy and bad guys keep knocking down my door. Witches, thug bikers, the North American Council of Weres, dark magic Fae, and even an evil wizard are all after me. The Old Mage is the only one I really care about: He has my dear twin brother captive on the other side of the Gates of Merenwyn-not cool. Unfortunately, everyone who helps me ends up in a heap of trouble too-including my Trowbridge. Now, I admit I've had my moments as a shivering coward, hoping he will come to my brave rescue. The whole Prince Charming thing is hard to shake. But these bad guys after me mean business and those damsel in distress days are over. You know that "last straw" metaphor? That was two straws ago. It's now or never. The Danger of Destiny There are very few days off when you're on an epic quest. Believe me, I know. My twin brother is being held captive by the Old Mage in another realm. Lo and behold, as soon as Trowbridge and I arrive in Merenwyn, we're separated in spectacular, dramatic fashion-and I'm left to figure out how to maintain the fragile balance between my Fae magic and my wolf's blood in a realm that cries to both. Not easy, particularly when I'm keeping an iron-grip on my temper so as not to dispatch with extreme prejudice the odd wizard or smart-mouthed mutt servant who crosses my path. My mama never told me there'd be days like these, but I'm not going down without a fight...or my mate. Aisha is a steamy seductress and a haughty beauty. Charles is a humble high-school-geek

turned sophisticated millionaire. When the two reunite at their 10-year high school reunion, sparks instantly fly and Aisha views him as a valuable asset. Thirsty for riches, she knows she hit the jackpot and will do anything to win over Charles... and his millions. However, the high-profile bachelor recognizes her conniving motives and refuses to partake in her enticements. Vexed by his stance, she prepares an irresistible dish of deceit that will surely lure him into her trap. But, little does she know, Charles has a treacherous dark secret of his own—one that comes with a hefty shock, making Aisha spiral beyond her control and face the consequences of her actions.

Three teenaged girls living on Jar Island band together to enact revenge on the people that have hurt them.

In a world where humans are hunted, a woman with a feared name and a score to settle has a hefty price on her head. Meet Karma, the Slayer of Vampires. She has a mission, revenge, and will not let anything or anyone get in her way. Axel "Assassin" Walker's a half-breed, his loyalty lying with the highest bidder. A gun for hire, Assassin has no allegiance to humans or vampires, but his highest pay day is yet to come. All he has to do is kill the one they call the Slayer of Vampires. Karma and Assassin become players in a tangled web of deceit. With the options of fighting each other or joining forces to take out those who've dared make them pawns in their dangerous game, both know the rules are about to change. \*\*\*\*New Cover-Same Story\*\*\*\*

THE THING ABOUT WERES A Mystwalker Novel from Leigh Evans In the never-ending saga that is my love-hate relationship with Robson Trowbridge, I, half-Were Hedi Peacock, have had a change of heart. Ever since I shoved Trowbridge through the

Gates of Merenwyn, I've been the leader of the pack—hard to believe, right? The thing is: I'm half-Fae. So even though my Were side is ready to heed the call of the wild, the other part of me is desperate to take flight. And much as it pains me to admit it, life without Trowbridge is really starting to were me down... To make matters worse, the wolves of Creemore want my blood—and the North American Council of Weres wants me dead. So I'm just counting the days until Trowbridge returns from the other realm...and comes to my brave rescue...and becomes my alpha mate. Wishful thinking? Of course it is. But given all the mess I've been through already, what's the harm in doing a little bit of daisy-plucking? Besides, Trowbridge owes me bigtime. A girl can dream.

Eric Dodson-Robinson's *Revenge, Agency, and Identity from European Drama to Asian Film* challenges critical readings that downplay agency. From Attic tragedy, through Seneca and Shakespeare, and into Japanese and Korean film, the book pursues the agent of vengeance: a complex agent who strives for excess, not equivalence.

This book is intended as a guide to those who seek to understand the inner meanings of spirituality through Eastern philosophy. It uses exciting metaphors, allegories, and stories that go beyond the traditional way of explaining philosophy. Additionally, the book discusses how karma, which is the aggregation of one's actions carried forward from one's past lives and the current day, plays a role in everyday life. This book

But when Maddy's boyfriend cheats on her, nothing bad comes his way. That's why Maddy starts the Karma Club, to clean up the messes that the universe has left behind. Sometimes, though, it isn't wise to meddle with the universe. It turns out Karma often has plans of its own. Do you believe that some things happen for a reason? Have you ever felt drawn to a particular place but weren't sure why? Do you believe in fate? Chris Falco, an ordinary, everyday guy and part time paranormal investigator always tried to believe in such things, but it was usually with a bit of skepticism. A chance invitation to help solve the mystery of the "Lady in White," a spirit often seen roaming the basement of an old colonial hotel in upstate New York would ultimately change his thoughts on these subjects, and his life, forever.

Julie Thomas, a small town girl, abruptly disappears after her high school sweetheart, Connor Reeves comes back to town. Sergeant Howard Michaels, Connor, and his sister Samantha are the only ones investigating the crime. After Julie's "ghost" appears late one evening, undeniable evidence of her murder is discovered. Her abusive boyfriend, Tyler Etters becomes the main suspect. The trio know that no charges will be filed as Tyler and his father "own" the town. Will Julie's ghost return to help the trio solve the mystery, find her body and ultimately bring the justice and closure they've been looking for?

"In Karma, Mind, and Quest for Happiness," Dr. Susmit Kumar seeks to explain certain facts of Tantric philosophy, such as the constituent parts of the mind, the effect of mantra on the mind, and how karma may be scientifically defined and explained. Until recently, people considered units of time and distance in terms of 100-200 years and 100-200 miles; astronomers now measure time and distance in billions of years and trillions of miles. Even so, science can study the scientific laws of only 4 percent of the materials in the universe, as it cannot "see" the remaining 96 percent, referred to as "dark matter" and "dark energy." Great individuals-such as Christ, Buddha, Moses, Prophet Muhammad, and Krishna-knew something about the workings of the Universe

that is not common knowledge; this is why we claim their actions to be miracles or religious dogma. Furthermore, during the last 10,000 years, many saints in Asia have explored the human mind and its relationship with the Infinite. Most of them did it after first having established the limitations of physical pleasure and intellectual knowledge. When they started to explore the functioning of their minds and how everything around them was created, they developed a theory called Tantra.
