From the bestselling author of *Blink* and *The Tipping Point*, Malcolm Gladwell's *Outliers: The Story of Success* overturns conventional wisdom about genius to show us what makes an ordinary person an extreme overachiever. Why do some people achieve so much more than others? Can they lie so far out of the ordinary? In this provocative and inspiring book, Malcolm Gladwell looks at everyone from rock stars to professional athletes, software billionaires to scientific geniuses, to show that the story of success is far more surprising, and far more fascinating, than we could ever have imagined. He reveals that it's as much about where we're from and what we do, as who we are - and that no one, not even a genius, ever makes it alone. *Outliers* will change the way you think about your own life story, and about what makes us all unique.

'Gladwell is not only a brilliant storyteller; he can see what those stories tell us, the lessons they contain' *Guardian* 'Malcolm Gladwell is a global phenomenon ... he has a genius for making everything he writes seem like an impossible adventure' *Observer* 'He is the best kind of writer - the kind who makes you feel like you're a genius, rather than he's a genius' *The Times*

A *Time Magazine* Top 10 Nonfiction book of 2011 A *Publishers Weekly* Best Nonfiction title for 2011 On a hill above the Italian village of Ravello sits the Villa Cimbrone, a place of fantasy and make-believe. The characters that move through Michael Holroyd's new book are destined never to meet, yet the Villa Cimbrone unites them all. *A Book of Secrets* is a treasure trove of hidden lives, uncelebrated achievements, and family mysteries. With grace and tender imagination, Holroyd brings a company of unknown women into the light. From Alice Keppel, the mistress of both the second Lord Grimthorpe and the Prince of Wales; to Eve Fairfax, a muse of Auguste Rodin; to the novelist Violet Trefusis, the lover of Vita Sackville-West—these women are always on the periphery of the respectable world. Also on the margins is the elusive biographer, who on occasion turns an appraising eye upon himself as part of his investigations in the maze of biography. In *A Book of Secrets*, Holroyd gives voice to fragile human connections and the mystery of place.

Aurora Pavan comes from one of the oldest Stormling families in existence. Long ago, the ungifted pledged fealty and service to her family in exchange for safe haven, and a kingdom was carved out from the wildlands and sustained by magic capable of repelling the world's deadliest foes. As the sole heir of Pavan, Aurora's been groomed to be the perfect queen. She's intelligent and brave and honorable. But she's yet to show any trace of the magic she'll need to protect her people. To keep her secret and save her crown, Aurora's mother arranges for her to marry a dark and brooding Stormling prince from another kingdom. At first, the prince seems like the perfect solution to all her problems. He'll guarantee her spot as the next queen and be the champion her people need to remain safe. But the more secrets Aurora uncovers about him, the more a future with him frightens her. She might not have magic now, but she can steal it if she's brave enough. Challenge a tempest. Survive it. And you become its master.

Hi. In your hands, right now, you hold the culmination of thousands of years of human intelligence, ingenuity, and brilliance. Now put your goddamn phone down and pay attention to my book. What is in my book, you ask? (I'm really glad you asked, by the way, because now I get to tell you.) Time travel. Gay marriage. Sportsballing. Futuristic goggles that DO NOTHING. Tiny brags from my publisher, stuff like: "This is an uproarious, uncensored take on empathy, personal responsibility, and what it means to be human." Excessive brags about myself: "An extraordinarily clever, punishingly funny, sharp-tongued blogosphere star, NFL player, husband and father, one-time violin prodigy, voracious lifetime reader, obsessive gamer, and fearless champion of personal freedom." Oh, and also an essay on the Pope's Twitter account. Honestly, if that doesn't draw you in, there's no hope left for humanity. I also give my own funeral eulogy, in case you were hoping I'd go away and die now! So please, join me in the glorious art of windmill tilting by reading this "collection of rousing, uncensored personal essays, letters, and stories" (I have no idea why that's in quotes). When she was 19 months old, Helen Keller (1880–1968) suffered a severe illness that left her blind and deaf. Not long after, she also became mute. Her tenacious struggle to overcome these handicaps — with the help of her inspired and inspiring teacher, Anne Sullivan — is one of the great stories of human courage and dedication. *The Story of My Life*, first published in 1903, is Helen Keller's classic autobiography detailing the first 22 years of her life, including the magical moment at a water pump when, recognizing the connection between the word "water" and the cold liquid flowing over her hand, she realized that objects had names. She had many experiences which were equally thrilling and noteworthy including her joy at eventually learning to speak so that by the time she was 16, she could speak well enough to attend preparatory school followed by her education at Radcliffe, from which she graduated cum laude, and of course, her extraordinary relationship with Miss Sullivan who had shown a remarkable gift and genius for communicating with her eager and quick-to-learn pupil. Keller also writes of her friendships with Oliver Wendell Holmes, Edward Everett Hale and other notables. Keller first began to write *The Story of My Life* in 1902, when she was still a student at Radcliffe College. The book is dedicated to inventor Alexander Graham Bell, and the dedication reads, "To ALEXANDER GRAHAM BELL Who has taught the deaf to speak and enabled the listening ear to hear speech from the Atlantic to the Rockies, I dedicate this *Story of My Life*."

Read along with Disney! Pip and Freddy must deliver a Panda so dangerously cute that a single look will make it impossible to say "goodbye."
