Several encyclopedias overview the contemporary system of criminal justice in America, but full understanding of current social problems and contemporary strategies to deal with them can come only with clear appreciation of the historical underpinnings of those problems. Thus, this five-volume work surveys the history and philosophy of crime, punishment, and criminal justice institutions in America from colonial times to the present. It covers the whole of the criminal justice system, from crimes, law enforcement and policing, to courts, corrections and human services. Among other things, this encyclopedia: explicates philosophical foundations underpinning our system of justice; charts changing patterns in criminal activity and subsequent effects on legal responses; identifies major periods in the development of our system of criminal justice; and explores in the first four volumes - supplemented by a fifth volume containing annotated primary documents - evolving debates and conflicts on how best to address issues of crime and punishment. Its signed entries in the first four volumes--supplemented by a fifth volume containing annotated primary documents--provide the historical context for students to better understand

contemporary criminological debates and the contemporary shape of the U.S. system of law and justice.

"Very thorough text that makes great use of high-profile cases to engage students and foster a passion for criminal justice." —Patricia Ahmed, South Dakota State University Introduction to Criminal Justice, Second Edition, provides students with balanced, comprehensive, and up-to-date coverage of all aspects of the criminal justice system. Authors Brian K. Payne, Willard M. Oliver, and Nancy E. Marion cover criminal justice from a student-centered perspective by identifying the key issues confronting today's criminal justice professionals. Students are presented with objective, research-driven material through an accessible and concise writing style that makes the content easier to comprehend. By exploring criminal justice from a broad and balanced perspective, students will understand how decision making is critical to the criminal justice process and their future careers. The fully updated Second Edition has been completely revised to include new studies and current examples that are relatable to today's students. Two new feature boxes have been added to this edition to help students comprehend and apply the content. "You Have the Right to..." gives insight into several Constitutional amendments and their relationship with criminal justice today; and "Politics and Criminal

The Texas criminal justice system has come a long way since the early 1990s, when a vicious crime spree by paroled murderer Kenneth McDuff convinced lawmakers and citizens that the system had broken down. In this book, District Attorney Ken Anderson describes major reforms that followed the

## Read Online Key Facts Criminal Law 2nd Edition Key Cases

McDuff case as he provides a complete overview of the criminal justice system in Texas. Using simple language that any citizen can understand, Anderson describes all aspects of the system--officials (police, prosecutors, judges), criminal procedure, criminal law, criminal punishments, victims' rights, and the juvenile system. He illustrates his points with real-life stories of crime and punishment. Throughout the book, Anderson emphasizes two facts--that crime prevention programs, stricter law enforcement, and increased prison space have dramatically lowered the crime rate in Texas and that citizen activism is very effective in bringing reform to the criminal justice system. This book will be essential reading for everyone--public and professional--concerned with criminal justice in Texas.

## Read Online Key Facts Criminal Law 2nd Edition Key Cases

The subject of intention in the criminal law is currently causing many debates among criminal lawyers. This compelling and probing volume addresses two key questions: should the criminal law distinguish between direct intention and recklessness, and what should the law be concerning cases of oblique intention - i.e. cases in which the actor does not act in order to cause the proscribed result, but is nevertheless practically certain that his, or her, action will cause it? The discussion is divided into two parts with the first being devoted to the question of whether it is justified to grade offences based on the distinction between intention and recklessness. The second part deals with offences in which intention is required as a condition for the criminalisation of the conduct and in the context of which reckless actors are not exposed to criminal liability. The book explores the issue of intention from the viewpoint of degrees of moral culpability and it discusses, inter alia, the doctrine of double effect, the possibility that the law in cases of oblique intention should not be the same for all crimes of intention, and the possibility of using a moral formula in the definition of certain offences. The discussion also addresses many other criminal law issues, including the philosophy of punishment, the role of motives in determining degrees of blameworthiness, sentencing, stigma, and criminal attempts.

Key Facts Key Cases Constitutional & Administrative Law will ensure you grasp the main concepts of your Constitutional & Administrative Law module with ease. This book explains the facts and associated case law for: - The European Court of Human Rights and the UK Supreme Court - Devolution - Human rights law - EU membership - International law in the UK Constitution Key Facts Key Cases is the essential series for anyone studying law at LLB, postgraduate and conversion courses. The series provides the simplest and most effective way to absorb and retain all of the material essential for passing your exams. Each chapter includes: diagrams at the start of chapters to summarise key points structured headings and numbered points to allow for clear recall of the essential points charts and tables to break down more complex information Chapters are also supported by a Key Cases section which provides the simplest and most effective way to absorb and memorise essential cases needed for exam success. Essential and leading cases are explained The style, layout and explanations are user friendly Cases are broken down into key components by use of a clear system of symbols for quick and easy visual recognition Twenty-five leading contemporary theorists of criminal law tackle a range of foundational issues about the proper aims and structure of the criminal law in a liberal democracy. The challenges facing

## Read Online Key Facts Criminal Law 2nd Edition Key Cases

criminal law are many. There are crises of over-criminalization and over-imprisonment; penal policy has become so politicized that it is difficult to find any clear consensus on what aims the criminal law can properly serve; governments seeking to protect their citizens in the face of a range of perceived threats have pushed the outer limits of criminal law and blurred its boundaries. To think clearly about the future of criminal law, and its role in a liberal society, foundational questions about its proper scope, structure, and operations must be re-examined. What kinds of conduct should be criminalized? What are the principles of criminal responsibility? How should offences and defences be defined? The criminal process and the criminal trial need to be studied closely, and the purposes and modes of punishment should be scrutinized. Such a re-examination must draw on the resources of various disciplines-notably law, political and moral philosophy, criminology and history; it must examine both the inner logic of criminal law and its place in a larger legal and political structure; it must attend to the growing field of international criminal law, it must consider how the criminal law can respond to the challenges of a changing world. Topics covered in this volume include the question of criminalization and the proper scope of the criminal law; the grounds of criminal responsibility; the ways in which offences and defences should be defined; the

The criminal justice system is wide ranging; from the crimes themselves and policing to the sentencing of offenders and prisons. In this Very Short Introduction Julian V. Roberts draws upon the latest research and current practices from a

## Read Online Key Facts Criminal Law 2nd Edition Key Cases

number of different countries around the world. Focusing on the adversarial model of justice found in common law countries such as the United States, United Kingdom, Canada, and Australia, he discusses topics such as the uses of imprisonment, the effects of capital punishment, and the purposes of sentencing. Considering the role of the victim throughout the criminal justice system, as well as public knowledge and attitudes towards criminal justice, Roberts critically assesses the way in which the system functions and its importance around the world. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

Criminal LawRoutledge

Mechanical Choices details the intimate connection that exists between morality and law: the morality we use to blame others for their misdeeds and the criminal law that punishes them for these misdeeds. This book shows how both law and morality presuppose the accuracy of common sense, a centuries-old psychology that defines people as rational agents who make honorable choices and act for just reasons. It then shows how neuroscience is commonly taken to challenge these fundamental psychological assumptions. Such challenges--four in number--are distinguished from each other by the different neuroscientific facts from which they arise: the fact that human choices are caused by brain events; the fact that those choices don't cause the actions that are their objects but are only epiphenomenal to those choices; the fact that those choices are identical to certain physical events in the brain; and the fact that human subjects are quite fallible in their knowledge of what they are doing

## Read Online Key Facts Criminal Law 2nd Edition Key Cases

and why. The body of this book shows how such challenges are either based on faulty facts or misconceived as to the relevance of such facts to responsibility. The book ends with a detailed examination of the neuroscience of addiction, an examination which illustrates how neuroscience can help rather than challenge both law and morality in their quest to accurately define excuses from responsibility.

Accurate and accessible, Concentrate guides enable you to take exams with confidence. Including revision tips and advice for extra marks, alongside a thorough and focussed breakdown of the key topics and cases, this guide will help you to get the most out of your revision and to maximise your performance in exams.

Criminal Law aims to exploit the love for storytelling to teach criminal law. This text offers insight into various solutions to legal problems by viewing cases and statutes from many jurisdictions, and brings home the immediacy of these issues by considering cases in the news. Law is not a static body of fossilized rules; therefore, Criminal Law offers the rationales underlying the rules and explanations for their changes over time.

Students can become familiar with legal syntax and legal vocabulary in this introduction to basic legal information and the U.S. legal system.

Preparing the student for a career in criminal justice, *Criminal Procedure: From the Courtroom to the Street, Second Edition* was written with the undergraduate in mind. Drawing on extensive experience as a police officer and practicing criminal defense attorney, author Roger Wright knows that criminal justice professionals need an integrated understanding of legal theory, procedure, and

## Read Online Key Facts Criminal Law 2nd Edition Key Cases

practice. Whether making an arrest, collecting evidence, or conducting an interrogation, they must be able to make sound legal decisions in action. This text not only teaches the law, but also offers students an understanding of how the law is actually applied in the field and in the courtroom. New to the Second Edition: Updated with new cases, including: *Bettermann v. Montana* *Byrd v. United States* *Carpenter v. United States* *Coker v. Georgia* *Collins v. Virginia* *Glossip v. Gross* *Kennedy v. Louisiana* *Lee v. United States* *Rodriguez v. United States* *Utah v. Streiff* New Something to Ponder questions added to every chapter to encourage critical thinking about the concepts and issues Coverage of current issues, including presidential pardons, cell service location, sentencing guidelines, sex offense registry and the *Cosby* case, and lethal injections Professors and students will benefit from: On the Street hypotheticals that exemplify the decisions and actions of criminal justice professionals in a variety of scenarios Key appellate cases that are presented in a straightforward style to convey a practical understanding of criminal procedure Readable text that is focused on the legal decision-making skills needed when making an arrest, collecting evidence, or conducting an interrogation Logical organization into topic areas that are pertinent to the actual work of criminal justice professionals: Section I provides an overview of the criminal justice process Section II

Constitutional Law in Criminal Justice provides readers with a detailed view of how the Constitution guides the actions of law enforcement officials, including police officers, judges, attorneys, and other court-related personnel. The text covers all amendments related to criminal procedure, with an emphasis on search and seizure rules and how courts interpret those rules. The text gives the history of each amendment, how the Supreme Court has interpreted each amendment, and how

## Read Online Key Facts Criminal Law 2nd Edition Key Cases

professionals in the criminal justice system execute the provisions of the amendments. “You Be the Judge” scenarios encourage students’ assessment of the many ways given facts relate to the Constitution. New to the Second Edition: Expanded section on methods of interpreting the Constitution New cases cover: vehicle searches (Riley v. California) blood and breath tests (Birchfield v. North Dakota) monitoring technology (Grady v. North Carolina) Updated cases in the areas of gun control and first amendment issues Professors and students will benefit from: “You be the Judge” feature encourages students to consider all sides of an issue and broaden their understanding of the complexities of constitutional law in the criminal justice context. Brief summaries of landmark Supreme Court cases provide essential information and insight. The relevant constitutional amendments are covered in terms of both their historical basis and their interpretation and application today. Clear writing speaks to a wide range of readers’ interest, perspective, and preparation; the text is accessible to both majors and nonmajors in courses at all levels. Written by a practicing attorney who has litigated the issues, the text is authentic, current, approachable, and practical. Comprehensive information on the complexities of constitutional law relates to daily practice by courts, law enforcement, and other criminal justice professionals The text is

Jens Ohlin's Criminal Law is designed to respond to the changing nature of law teaching by offering a shorter, flexible, and more doctrinal approach, with an emphasis

## Read Online Key Facts Criminal Law 2nd Edition Key Cases

on application. Materials are presented, in a visually lively style, via a consistently structured pedagogy within each chapter: Doctrine (treatise-like explanation), Application (cases), and Practice/Policy (questions providing an opportunity for normative critique of the law and exploration of practical and strategic challenges facing criminal lawyers). Theory is integrated into the doctrine section rather than conveyed through law review excerpts, so as to help students make the necessary connections to doctrinal issues. Aggressively-edited cases help keep the length to a minimum, and modern cases will engage younger students and professors. Key Features: New chapter titled “Other Offenses Against the Person,” which includes coverage of physical battery, assault, and kidnapping (Chapter 15). Integrated notes throughout the casebook directing students to view a series of 20 short video clips that bring the doctrinal controversies to life in a fictional courtroom. More cases added to represent the plurality of approaches in different jurisdictions. The addition of several “classic” criminal law cases familiar to law school professors. More examples in the “Doctrine” section of each chapter. “Practice and Policy” section in each chapter urges students to consider how the various actors in the process (prosecutors, defense counsel, judges and juries) make particular decisions and the strategic calculations that informed them, and make this casebook more practice-ready than others Innovative pedagogy emphasizes application of law to facts (while still retaining enough flexibility so as to be useful for a variety of professors with different teaching styles)

This collection of essays honours the work of Sir Gerald Gordon CBE QC LLD (1929-). In modern times few, if any, individuals can have been as important to a single country's criminal law as Sir Gerald has been to the criminal law of Scotland. His monumental work *The Criminal Law of Scotland* (1967) is the foundation of modern Scottish criminal law and is recognised internationally as a major contribution to academic work on the subject.

Elsewhere, he has made significant contributions as an academic, judge and as a member of the Scottish Criminal Cases Review Commission. Reflecting the academic rigour and practical application of Sir Gerald's work, this volume includes essays on criminal law theory, substantive law and evidence and procedure by practitioners and academics within and outside of Scotland, including contributions from
