Sarah J. Maas's sexy, richly imagined series continues with the journey of Feyre's fiery sister, Nesta. Nesta Archeron has always been prickly-proud, swift to anger, and slow to forgive. And ever since being forced into the Cauldron and becoming High Fae against her will, she's struggled to find a place for herself within the strange, deadly world she inhabits. Worse, she can't seem to move past the horrors of the war with Hybern and all she lost in it. The one person who ignites her temper more than any other is Cassian, the battle-scarred warrior whose position in Rhysand and Feyre's Night Court keeps him constantly in Nesta's orbit. But her temper isn't the only thing Cassian ignites. The fire between them is undeniable, and only burns hotter as they are forced into close quarters with each other. Meanwhile, the treacherous human queens who returned to the Continent during the last war have forged a dangerous new alliance, threatening the fragile peace that has settled over the realms. And the key to halting them might very well rely on Cassian and Nesta facing their haunting pasts. Against the sweeping backdrop of a world seared by war and plagued with uncertainty, Nesta and Cassian battle monsters from within and without as they search for acceptance-and healing-in each other's arms.

She is friendless—an outcast—because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. Through her work on an art project, she is finally able to face what really happened that night: She was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. With powerful illustrations by Emily Carroll, Laurie Halse Anderson's *Speak: The Graphic Novel* comes alive for new audiences and fans of the classic novel. This title has Common Core connections.

"Excuse me, are you Jewish?" With these words, the relentlessly cheerful, ideologically driven emissaries of Chabad-Lubavitch approach perfect strangers on street corners throughout the world in their ongoing efforts to persuade their fellow Jews to live religiously observant lives. In *The Rebbe's Army*, award-winning journalist Sue Fishkoff gives us the first behind-the-scenes look at this small Brooklyn-based group of Hasidim and the extraordinary lengths to which they take their mission of outreach. They seem to be everywhere—in big cities, small towns, and suburbs throughout the United States, and in sixty-one countries around the world. They light giant Chanukah menorahs in public squares, run "Chabad houses" on college campuses from Berkeley to Cambridge, give weekly bible classes in the Capitol basement in Washington, D.C., run a nonsectarian drug treatment center in Los Angeles, sponsor the world's biggest Passover Seder in Nepal, establish synagogues, Hebrew schools, and day-care centers in places that are often indifferent and occasionally hostile to their outreach efforts. They have built a billion-dollar international empire, with their own news service, publishing house, and hundreds of Websites. Who are these people? How successful are they in making Jews more observant? What influence does their late Rebbe, Menachem Mendel Schneerson (who some thought was the Messiah), continue to have on his followers? Fishkoff spent a year interviewing Lubavitch emissaries from Anchorage to Miami and has written an engaging and fair-minded account of a Hasidic group whose motives and methodology continue to be the subject of speculation and controversy.

The 120 Days of Sodom is Sade's masterpiece. A still unsurpassed catalogue of sexual aberrations and the first systematic exploration of the psychopathology of sex, it was written during Sade's imprisonment and then lost after the storming of the Bastille in 1789. Later rediscovered, the manuscript remained unpublished until 1936 and is now introduced by Simone de Beauvoir's landmark essay, 'Must We Burn Sade?' Unique in its enduring capacity to shock and provoke, The 120 days of Sodom must stand as one of the most controversial books ever written

Frank Lloyd Wright has long been known as a rank egotist who held in contempt almost everything aside from his own genius. Harder to detect, but no less real, is a Wright who fully understood, and suffered from, the choices he made. This is the Wright whom Paul Hendrickson reveals in this masterful biography: the Wright who was haunted by his father, about whom he told the greatest lie of his life. And this, we see, is the Wright of many other neglected aspects of his story: his close, and perhaps romantic, relationship with friend and early mentor Cecil Corwin; the eerie, unmistakable role of fires in his life; the connection between the 1921 Black Wall Street massacre in Tulsa, Oklahoma, and the murder of his mistress, her two children, and four others at his beloved Wisconsin home. In showing us Wright's facades along with their cracks, Hendrickson helps us form a fresh, deep, and more human understanding of the man. With prodigious research, unique vision, and his ability to make sense of a life in ways at once unexpected, poetic, and undeniably brilliant, he has given us the defining book on Wright.
