Spend just 10 minutes a day learning and master your vocabulary Set the clock and off you go! Young learners excel in short bursts, so 10 Minutes a Day: Vocabulary from Carol Vorderman is the perfect introduction to vocabulary for younger children. Games and tests take a short amount of time so you get maximum fun for maximum effect. There are 10 minute activities on synonyms, word meanings and verb endings. Plus the 'parents' notes' section gives the answers, explains common pitfalls and gives guidance on how to avoid them. 10 Minutes a Day workbooks are the perfect at home reinforcement for subjects learned in school. So, set the funky orange timer to test your child in fun 'beat the clock' exercises - and let 10 Minutes a Day: Vocabulary with Carol Vorderman show your child how much fun vocabulary can be.

Phonics for Pupils with Special Educational Needs is a complete, structured, multisensory programme for teaching reading and spelling, making it fun and accessible for all. This fantastic seven-part resource offers a refreshingly simple approach to the teaching of phonics, alongside activities to develop auditory and visual perceptual skills. Specifically designed to meet the needs of pupils of any age with special educational needs, the books break down phonics into manageable core elements and provide a huge wealth of resources to support teachers in teaching reading and spelling. Book 1: Building Basics introduces basic sounds and explores their relationship with letters. It

focuses on sounds and letters where there is a simple 1:1 correspondence between the two, and explores the sounds in simple words that follow the pattern of vowel-consonant or consonant-vowel-consonant. Sounds are grouped into seven sets, with each set containing more than 50 engaging activities, including: sound story, dynamic blending, reading race, spot the word and spelling challenge. Thorough guidance is provided on how to deliver each activity, as well as a lesson planner template, handy word lists and posters for teachers and teaching assistants to use to support learning. Each book in the series gradually builds on children's understanding of sounds and letters and provides scaffolded support for children to learn about every sound in the English language. Offering tried and tested material which can be photocopied for each use, this is an invaluable resource to simplify phonics teaching for teachers and teaching assistants and provide fun new ways of learning phonics for all children. This book is accompanied by a companion resource, 'Phonics for Pupils with Complex SEND', to be used alongside the Phonics for Pupils with Special Educational Needs programme. The activities from Books 1-6 of the programme are adapted to be accessible for non-verbal pupils, including AAC users, and those with physical disabilities.

Bond Skills Grammar and Punctuation for age 10-11 has been developed by Bond to develop the grammar and punctuation knowledge sought in the Grammar, Punctuation and Spelling Test, SATs and through selective school exams. Following on from titles for 8-9 years and 9-10 years, this book focuses on the higher level language skills needed for success.

A colourful collection of 70 wide-ranging lists of level-appropriate spelling words for students aged 11-12. Lists cover key areas of spelling for Key Stage 3; a selection of topics commonly taught in schools; general knowledge; and frequently overused words. Also suitable for students aged 12-13.

For British spellings focusing on KS2 curriculum requirements for years 3 and 4. This colourful, fun book is ideal for kids (including dyslexics) to improve their spelling and love of writing and words. Some of the well-known, proven literacy techniques include: using memory tricks and spelling strategies to help spell tricky words, knowing spelling rules & exceptions, improving visual memory, and building words with prefixes and suffixes. Graham J Spooner of The Sensible Tuition Company: I enjoyed reading through the 'tricks and tips' for how to develop your spelling. This is exactly the sort of thing that my students are asking me for advice on regularly - and there are a lot of things in here that I think will be directly useable in lessons. Reviews for Spelling Rules and Patterns for Ages 10-11: To learn, improve & have fun with spelling and writing Darren Johnson: After trying lots of different books for my granddaughter, this is the one she enjoys the most and understands the rules and patterns much easier than the rest. Great work and thank you. Saf: Really helpful for me and the kiddos. Used for revision for sats and my own teaching practice improvement. Good exercises.

KS2 English Question Book

255 Puzzles For Key Stage Two & Three Learning ????? This Book Contains: ? English 30 x Word Search 30 x Word Hunt 30 x Target Puzzles 10 x Complex Sentence Cryptograms The puzzles inside include vocabulary found in the UK National Curriculum for Key Stages Two & Three. The English puzzles selected are designed to assist in the skill development of writing, spelling, vocabulary, memory & logical reasoning. ? Maths 15 x Easy Fruit Math Puzzles 15 x Medium Fruit Math Puzzles 15 x Hard Fruit Math Puzzles These 45 math logic puzzles will engage and stimulate your child's problem solving ability through addition, subtraction and multiplication of healthy foods. ? ? ? ? ? ? In early childhood education it has been demonstrated that a correlation exists between the level of a child's mathematical ability and their future academic success. The reverse of this relationship has also been observed, where children who are behind the mathematical skills of their peers, continue to fall behind in future studies (Pelkowski, et al. 2019). Furthermore, it is well established in literature that the more maths learning opportunities a child is exposed to, the more growth they will experience in math knowledge (Piastra, et al. 2015). ? Logic 20 x Pattern Recognition Problems 30 x Sudoku Puzzles 30 x 2D Mazes 30 x 3D Mazes In today's 'Age of Information', it is of great importance to equip students with critical thinking, and logical reasoning skills to effectively decipher and make meaning from large amounts of information (Fitzgerald, 2005). Logical reasoning assists in construction of concepts and knowledge in the learning process (Ongcoy, 2016). This book includes logic puzzles to promote the cognitive development and logical reasoning to improve their academic performance in high school, and beyond (Bouhnik, Giat, 2009)! Shayer and Adey (1993) found that at the completion of a 2-year science program designed to promote formal operational thinking, improvements were seen in maths, english and science results in the British National Examinations. This book is designed to provide a learning opportunity to foster the curiosity and confidence of children aged 9 - 14 and set them well on the path to academic success. ? ?
