Nicely spun out tight tale of obsession by writer featured in Granta s 2010 issue "The Best of Young Spanish-Language Novelists."

After a terrible day at the office, Geronimo's nephew Benjamin convinces him to stand in line outside the new Crooked Whiskers Shopping Centre to get one of the free hi-fi headphone sets being given to every customer. Once Geronimo and Benjamin put on their headphones, they can't stop singing and dancing-and buying everything they can get their paws on! Something strange is going on-will Geronimo figure it out before it's too late?

A half-Chinese orphan whose mother sacrificed everything to give him a better chance is raffled off as a prize at Seattle's 1909 World's Fair, only to land in the ownership of the madam of a notorious brothel where he finds friendship and opportunities, in a story based on true events.

"Jane Austen at Home offers a fascinating look at Jane Austen's world through the lens of the homes in which she lived and worked throughout her life. The result is a refreshingly unique perspective on Austen and her work and a beautifully nuanced exploration of gender, creativity, and domesticity."--Amanda Foreman, bestselling author of *Georgianna, Duchess of Devonshire* Take a trip back to Jane Austen's world and the many places she lived as historian Lucy Worsley visits Austen's childhood home, her schools, her holiday accommodations, the houses--both grand and small--of the relations upon whom she was dependent, and the home she shared with her mother and sister towards the end of her life. In places like Steventon Parsonage, Godmersham Park, Chawton House and a small rented house in Winchester, Worsley discovers a Jane Austen very different from the one who famously lived a 'life without incident'. Worsley examines the rooms, spaces and possessions which mattered to her, and the varying ways in which homes are used in her novels as both places of pleasure and as prisons. She shows readers a passionate Jane Austen who fought for her freedom, a woman who had at least five marriage prospects, but--in the end--a woman who refused to settle for anything less than Mr. Darcy. Illustrated with two sections of color plates, Lucy Worsley's *Jane Austen at Home* is a richly entertaining and illuminating new book about one of the world's favorite novelists and one of the subjects she returned to over and over in her unforgettable novels: home.

Wild rabies runs rampant through the woods. The foxes are gaining ground, boldly making their way into the village. In *Dichtersruhe*, an insular yet charming haven stifled by the Swiss mountains, these omens go unnoticed by all but the new parish priest. The residents have other things on their mind: Literature. Everyone's a writer--the nights are alive with reworked manuscripts. So when the devil turns up in a black car claiming to be a hot-shot publisher, unsatisfied authorial desires are unleashed and the village's former harmony is shattered. Taut with foreboding and Gothic suspense, Paolo Maurensig gives us a refined and engaging literary parable on narcissism, vainglory, and our inextinguishable thirst for stories.

On the world stage, gibbons love to break into song at sunrise, while humpback whales prefer to perform the same tune for an entire day. Grey wolves sing the canon before setting off to hunt, and torrent frogs can carry a tune without ever producing two identical notes. Cartoon-like illustrations and additional information on the characteristics, habitats, and behaviors of fourteen animal virtuosos will have young readers asking them back for an encore!

The fourth thrilling title in Simon Scarrow's epic, bestselling Gladiator series Marcus may be free from the brutal training regime of the gladiators but he will not rest until he finds his mother. With his old friends Festus and Lupus at his side, and a letter from Caesar instructing all who cross his path to help him, he begins his journey. He is going back to the lands where he lived as a slave boy: the remote farming estate of the savage Decimus. Yet Ancient Greece is ruled by deceit and corruption. Many do not want to see Marcus succeed. Many more would rather see him dead. As the most powerful men in the country plot against him, is it finally over for the son of Spartacus? Simon Scarrow will do for boy gladiators what J. K. Rowling did for boy wizards - Waterstones.com The perfect introduction to Roman history and gladiators for young readers - great for fans of Rick Riordan's Percy Jackson and J. K. Rowling's Harry Potter. Simon Scarrow was born in Africa and lived in a number of countries, including Hong Kong and the Bahamas before settling in Britain. He has always been interested in writing and his love of history began at school, in particular when he was being taught about the ancient world by his Latin and History teachers. Since then he has travelled with his wife and children across the world to Italy, Greece, Turkey, Jordan, Syria and Egypt to research his historical novels. Simon was an enthusiastic teacher for a number of years. He now writes full time, but does intend to return to teaching when he can find the time.

Cacciari, academic (aesthetics, U. of Venice) and mayor of Venice as of 1993, surveys the history of angels in Judaic, Islamic, and Christian traditions; and how Dante, Rilke, Kafka, and other writers have used the metaphor of angels to speak about the phenomenology of language. Translated from the

William Wenton is a code-breaking genius, but now he faces a new threat—one that's lurking inside him—in the second book in the William Wenton series that School Library Journal calls "part Alex Rider, part Da Vinci Code for kids, and part Artemis Fowl."

After William starts to suffer from mysterious fits that leave him unable to control his body—let alone crack codes—he worries that the metal inside him is acting up. There's only one place he can go for answers: the Institute for Post-Human Research. But nothing at the Institute is the same. His room is more like a cell, and outside the window, huge searchlights sweep the skies and robot vehicles roam the grounds.

William's old teachers won't tell him what's going on although it's obvious that everyone is frightened of something—or someone. When his friend Iscia finally arrives, William thinks he may have found an ally, but she's hiding things as well. As more secrets are revealed, William realizes that no one has been telling him the truth and that he may not be able to trust anyone. He's going to have to rely on his wits and his abilities to solve the mystery of what is behind the strange events at the Institute and what it all means for him.

Young, lovely Norwegian Agnes Gerner is waging a dangerous and secret fight.

Outwardly, she is a devoted Nazi sympathizer engaged to a prominent businessman. In fact, she is part of an underground resistance doing everything to win the war against the Germans. The only hope she has of being reunited with the man she truly loves—who serves under the code name "Pilgrim"—is if the Nazis are defeated. Of course, there's no guarantee that she'll be alive when that happens.... Many years later, three sets of remains are found in a popular Oslo forest—two adults and a child. Despite his boss's call to not spend extra time on the old case, Detective Tommy Bergmann cannot help but dig deeper, especially as he uncovers connections to a more recent murder. As he unravels the secrets of the past, it becomes clear that everything is permissible in war—and that only those who reject love can come out victorious.

The touching story of a child getting to know his grandfather, an Italian immigrant living in Belgium. 11-year-old Romeo thinks of his grandfather as nothing but an "old pain-in-the-butt." So when he finds out that he's going to have to spend a few days with him at his crumbling old house, without even a TV to keep him entertained... well, it's his idea of hell. But there are some surprises in store for Romeo during his visit. He changes his mind about a few things, perhaps thanks to his grandfather's neighbor, Lucy, who tells him about her own "nono," and shows him how a spoil tip can be a thing of beauty. Or perhaps it's thanks to Romeo's dad, who speaks for the first time about his childhood relationship with his father. But it's mostly thanks to Ottavio who, beneath his old, grouchy exterior, conceals the hard life he has led, full of suffering and sacrifice. It is a life the 11-year-old Romeo finds hard to comprehend, but which gives him a deeper understanding of someone from another century. It started off as just a short holiday to

a grey Belgian town. But this holiday turns into an opportunity for three generations of men to lift the silence that surrounds them. A touching story about Italian immigration, coal mining, communication between the generations and the difficulty of opening up when you've spent your whole life in silence.

Winner of the Icelandic Literary Prize, *Hotel Silence* is a delightful and heartwarming new novel from Auður Ava Ólafsdóttir, a writer who “upends expectations” (New York Times). Told with grace, insight, and humor, this is the story of one man’s surprising mid-life adventure of self-discovery that leads him to find a new reason for being. Jónas Ebeneser is a handy DIY kind of man with a compulsion to fix things, but he can’t seem to fix his own life. On the cusp of turning fifty, divorced, adrift, he’s recently discovered he is not the biological father of his daughter, Gudrun Waterlily, and he has sunk into an existential crisis, losing all will to live. As he visits his senile mother in a nursing home, he secretly muses on how, when, and where to put himself out of his misery. To prevent his only daughter from discovering his body, Jónas decides it’s best to die abroad. Armed with little more than his toolbox and a change of clothes, he flies to an unnamed country where the fumes of war still hover in the air. He books a room at the sparsely occupied Hotel Silence, and there he comes to understand the depths of other people’s scars while beginning to see his wounds in a new light. A celebration of life’s infinite possibilities, of transformations and second chances, *Hotel Silence* is a rousing story of a man, a community, and a path toward regeneration from the depths of despair.

"His stories shimmer like revelations – the clarity, mystery, beauty, depth, and sheer, thrilling peculiarity of ordinary life when the veil lifts. They’re exhilarating to read, just as exhilarating to re-read."—Deborah Eisenberg *Childhood does not last long in the Argentine mountains of Córdoba, and adult lives fall apart quickly. In disarming, darkly humorous stories, Federico Falco explores themes of obsessive love, romantic attachment and the strategies we must find to cope with death and painful longing. In the middle of a blizzard a widow watches the ruin of her late-husband’s garden, until suddenly she sees a woman running naked in the falling snow. After telling her parents she is abandoning her Christian faith, a girl becomes infatuated with a Mormon missionary who reminds her of a boy killed in her village years before. When his family’s home is lost, a father desperately offers his daughter’s hand in marriage to anyone who will take them in. And a town’s mayor tries to fulfill his father’s dying wish – to design the perfect cemetery.*

'If you're in a bookshop browsing, then *A Bookshop In Algiers* is for you, by definition. A beautiful little novel about books, history, ambition and the importance of literature to everyone, especially people who are trying to find a voice.' Nick Hornby *In 1936, a young dreamer named Edmond Charlot opened a modest bookshop in Algiers. Once the heart of Algerian cultural life, where Camus launched his first book and the Free French printed propaganda during the war, Charlot's beloved bookshop has been closed for decades, living on as a government lending library. Now it is to be shuttered forever. But as a young man named Ryad empties it of its books, he begins to understand that a bookshop can be much more than just a shop that sells books. A Bookshop in Algiers charts the changing fortunes of Charlot's bookshop through the political drama of Algeria's turbulent twentieth century of war, revolution and independence. It is a moving celebration of books, bookshops and of those who dare to dream.*

European Governments and other institutions are currently engaged in complex negotiations over the question of the accession of Turkey to the European Union. Many doubts and reservations on this matter have been raised in the past years. Those who support Turkey's joining the EU maintain that it would prove to be a natural ally of the West in the fight against

Islamist Fundamentalism. However, Turkey today is no longer the lay country of Kemal Ataturk: with the 2002 elections, further confirmed by the 2004 elections, the "party of the veil" led by the Prime Minister Recep Tayyip Erdogan and the President Abdullah Gul, both with a proven background of radical Islamist fundamentalism, came into power. The Treaty of Lisbon stipulates that each State in the European Union has a political weight directly proportional to its demographics. Turkey, with its almost 85 millions inhabitants, would therefore be the most populated country and, as a consequence, the most represented in the European Parliament. While Europe is giving up on its Christian roots, Turkey exhibits an extremely well-defined and strong religious - political identity and its request to join the EU has not been put forward in order to renounce such identity, but, on the contrary, to impose it more widely. With or without Erdogan, Turkey would become the leader of the Islamic minority within the European institutions, where it will no doubt play a central role. So would the potential joining of Turkey be of benefit or, instead, an irreparable catastrophe for our Continent? This book poses the question and raises the alarm.

A lonely expat encounters a mysterious American couple in Vienna in this "spare, taut little novel that uncoils into horror" (The Philadelphia Inquirer). Even as a child, Joseph Lennox was happy to live in his older brother Ross's shadow. Sadistic and charming, Ross was blossoming into a teenage rebel when one day, down by the train tracks, Joe inadvertently shoves him onto the third rail. After that fatal afternoon, Joe tried to blend into the shadows, fleeing to Austria as soon as he graduated college. Now he lives in Vienna, enjoying the cozy dullness of empty cafés and old movie theaters, doing his best to forget the day he watched his brother die. But death is not through with Joe Lennox. India and Paul Tate are the first Americans he has befriended since settling in Vienna, and it isn't long before their budding friendship takes a strange turn, exposing a dark passion that Joe thought he left behind long ago, beside his brother's electrocuted body and the hot third rail. This ebook contains an all-new introduction by Jonathan Carroll, as well as an exclusive illustrated biography of the author including rare images from his personal collection.
