The management of construction projects continues to be problematic as the complexity of projects themselves and the environments in which they are constructed increasingly challenge project organisations to deliver effective projects within cost and time constraints. Appropriately structured organisations are essential for the delivery of effective projects, the design of which requires an in-depth knowledge of the organisation theory applied to the definition, design and construction of projects. This book adopts an essentially systems approach to organisation analysis and design from the initial concept of the project. It enriches this approach by incorporating both other relevant organisation theory and transaction cost economics. It is concerned particularly with the integration of the contributors to the process and the way in which decisions are made. The fourth edition extends considerably the application of transaction cost economics to project management to explain how construction project organisations are formed. It incorporates the partnering phenomenon which is also explained using transaction cost economics. Organisation culture is included as a complement to other organisation theory and in addition contributes to the explanation of partnering. The book has been updated generally in terms of both organisation theory and advances in the project management field itself and the references have been considerably expanded.

This book, based on authoritative sources and reports, links environmental communication to different fields of competence: environment, sustainability, journalism, mass media, architecture, design, art, green and circular economy, public administration, big event management and legal language. The manual offers a new, scientifically based perspective, and adopts a theoretical-practical approach, providing readers with qualified best practices, case studies and 22 exclusive interviews with professionals. A fluent style of writing leads the readers through specific details, enriching their knowledge without being boring. As such it is an excellent preparatory and interdisciplinary academic tool intended for university students, scholars, professionals, and anyone who would like to know more on the matter.

A recreation of the myth of Cassandra, journeying to her foreseen death and reflecting on her own history, is accompanied by essays that touch on such diverse issues as nuclear war and the role of women, linking them to the interpretation of Cassandra. *La quotidianita dei gesti, anche quelli apparentemente piu naturali, sottoposta ad un'analisi disincantata, rivela che la logica della violenza, e i suoi corollari come la logica sacrificale, la ricerca del capro espiatorio, la cieca reattivita agli stimoli, si intrecciano con i nostri percorsi e ce ne rendono attori nei vari ruoli che essi prevedono. Il tentativo di comprendere la natura dei processi di trasformazione sociale, politica e culturale nell'epoca della globalizzazione, allo scopo di indagare il fenomeno del terrorismo internazionale, mette in luce i nodi problematici e lo sfondo concettuale necessario ad afferrarne genesi e divenire. Il saggio, cogliendo le spinte profonde che governano fatti e processi non interpretabili attraverso le categorie della razionalita pratica e strumentale, restituisce il senso dei processi di trasformazione sociale investiti dalla logica della violenza nel mondo contemporaneo.*

The Booker Prize-winning author of *Possession* presents a stunning, contemporary story set against the clashing politics, passionate ideals, and shifting sexual roles of the

early 1960s. In Byatt's vision, the presiding genius of the day seems to be a blend of the Marquis de Sade and The Hobbit. Peopled with weird and colorful characters, charted with brilliant, imaginative sympathy, Babel Tower is as comic as it is threatening and bizarre.

Readers seeking to understand the resurgence of fascism in the world today should profit from Emilio Lussu's account. This is an autobiography through which the reader encounters men and women caught up in the brutalizing of a State whose opponents suffer the consequences of holding to principle. In Sardinia in the 1920's a bourgeois class fell easy prey to fascism. Lussu's personal, humorous, warm, perceptive, ironic and telling account of his own humiliation and punishment, affords the reader the unique perspective of a man at the centre of opposition to a movement which would eventually plunge Europe into war.

In-depth history of Italian literature and culture, Middle Ages to end of 20th century. Portrays the lives of the unprepared farm boys, trained soldiers, and old men who played a role in the Allied victory in Alba, Italy, in 1944, and depicts the psychological and physical legacy of their efforts.

Srebrenica represents a dark and painful chapter in late twentieth-century European history. Here, a still unknown number of Bosnian Muslim citizens were tortured and killed in July 1995. About 8.500 deaths have so far been confirmed, but survivors say 10.701 people died as a result of the blind and racist violence of the Bosnian Serb army led by Ratko Mladic' and mainly Serb paramilitary forces, as the Dutch UN Peacekeepers and, with them, the entire international community, stood by and did nothing. Srebrenica has been defined 'genocide' by various international rulings, the first of which was handed down in April 2004. However, today some people continue to deny what happened, even in the knowledge that they are lying. "Srebrenica. The Days of Shame" is the first book ever published in Italy about this genocide, the first in Europe since the Holocaust. This is the fourth edition of the book, updated following the capture of Mladic' (May 2011) and his consignment to the International Criminal Tribunal for the former Yugoslavia (ICTY). "There are no mitigating circumstances for Mladic?'s full responsibility in the Srebrenica genocide, but the trial of the former general can shed light on the truth and clarify any co-responsibilities for what is and will always remain one of the most dramatic pages in the history of crime in modern and democratic Europe. About the full responsibility of Mladic' in the genocide of Srebrenica there aren't mitigating, but the process against the ex-general could shed light on the truth and clarify any co-responsibility in a fact that is and will always remain, one of the most dramatic pages of criminal acts in the modern and democratic Europe." (Carla Del Ponte, ex Chief Prosecutor of the International Criminal Tribunal for the Former Yugoslavia) "When my friend and great human rights activist Luca Leone wrote the first edition of this book commemorating the Srebrenica genocide he, I and many others hoped that the days of shame would be just that – a matter of 'days'. That truth and justice would be served quickly. From one edition to the next the 'days' have become 'years' of shame: those up to now, to which the three years prior to 1995 should be added." (Riccardo Noury, Spokesman for Amnesty International Italy).

A new doctor arrives into the insular town of 1930s Ferrara. Fadigati is hopeful and modern, and more than anything wants to fit into his new home. But his fresh, appealing appearance soon crumbles when the townsfolk discover his homosexuality, and the young man he pays to be his lover humiliates him publicly.

A history of America between the years 1607 and 1980.

When a meteorite lands in Surrey, the locals don't know what to make of it. But as Martians emerge and begin killing bystanders, it quickly becomes clear—England is under attack. Armed soldiers converge on the scene to ward off the invaders, but meanwhile, more Martian cylinders land on Earth, bringing reinforcements. As war breaks out across England, the locals must fight for their lives, but life on Earth will never be the same. This is an unabridged version of one of the first fictional accounts of extraterrestrial invasion. H. G. Wells's military science fiction novel was first published in book form in 1898, and is considered a classic of English literature.

In this readable and thought-provoking history of bisexuality in the classical age, Eva Cantarella draws on the full range of sources--from legal texts, inscriptions, and medical documents to poetry and philosophical literature--to reconstruct and compare the bisexual cultures of Athens and Rome. Reviews of the earlier edition: "Cantarella presents the ancient evidence in a straightforward fashion, draws insightful comparisons between heterosexuality and homosexuality, and elucidates the larger cultural context of erotic experience. With its wide scope the book speaks to the classicist, the layman with an interest in antiquity, the student of sexuality, and even to the unabashed seeker of piquant anecdotes." --John F. Makowski, *Classical Journal* "An important study that is destined to take its place next to the classic works of Foucault and Pomeroy." --Alan Mendelson, *History: Reviews of New Books* "Offers a valuable, close-in reassessment of intricate evidence, freshly researched, readable, and open-minded." --Alan Sinfield, *Gay Times* "This is a book I recommend for all students of sexology."--Milton Diamond, *Journal of Psychology & Human Sexuality* "Easily the best book on the topic." --John Buckler, *Historian*

Describes the economic life of medieval cities, emphasizing the role of the middle class in developing commerce and municipal institutions

In this collection of her finest and best-known short essays, Natalia Ginzburg explores both the mundane details and inescapable catastrophes of personal life with the grace and wit that have assured her rightful place in the pantheon of classic mid-century authors. Whether she writes of the loss of a friend, Cesare Pavese; or what is inexpugnable of World War II; or the Abruzzi, where she and her first husband lived in forced residence under Fascist rule; or the importance of silence in our society; or her vocation as a writer; or even a pair of worn-out shoes, Ginzburg brings to her reflections the wisdom of a survivor and the spare, wry, and poetically resonant style her readers have come to recognize. "A glowing light of modern Italian literature . . . Ginzburg's magic is the utter simplicity of her prose, suddenly illuminated by one word that makes a lightning streak of a plain phrase. . . . As direct and clean as if it were carved in stone, it yet speaks thoughts of the heart." — *The New York Times Book Review*

This book presents an interpretation of Maurice Scève's lyric sequence *Délie, objet de plus haute vertu* (Lyon, 1544) in literary relation to the *Vita nuova*, *Commedia*, and other works of Dante Alighieri. Dante's subtle influence on Scève is elucidated in depth for the first time,

augmenting the allusions in *Délie* to the *Canzoniere* of Petrarch (Francesco Petrarca). Scève's sequence of dense, epigrammatic dizains is considered to be an early example, prior to the Pléiade poets, of French Renaissance imitation of Petrarch's vernacular poetry, in a time when imitatio was an established literary practice, signifying the poet's participation in a tradition. While the *Canzoniere* is an important source for Scève's *Délie*, both works are part of a poetic lineage that includes Occitan troubadours, Guinizzelli, Cavalcanti, and Dante. The book situates Dante as a relevant predecessor and source for Scève, and examines anew the Petrarchan label for *Délie*. Compelling poetic affinities emerge between Dante and Scève that do not correlate with Petrarch.

A cura di Italo Borzi e Maria Argenziano. Edizione integrale in un solo volume. Nelle 'Novelle per un anno', che Pirandello iniziò a raccogliere in volume nel 1922, lo sguardo penetrante dello scrittore agrigentino si annida nel grigiore della normalità, nell'esistenza quotidiana, squarcia le cortine del perbenismo, frantuma le rigide maschere che nascondono i veri, incerti lineamenti, si muove in una varietà multiforme di ambienti, sonda le profondità della psiche, incrina le false certezze. E libero, imprevedibile come la vita, mosso dal suo particolare umorismo, trascrive, senza aderire a moduli esterni, la sofferenza dell'individuo destituito di ogni orgoglio, in conflitto con se stesso e con gli altri, disorientato da una sorte sempre mutevole. Sono contenute nel volume tutte le raccolte di novelle di Pirandello - Scialle nero, La vita nuda, La rallegrata, L'uomo solo, La mosca, In silenzio, Tutt'e tre, Dal naso al cielo, Donna Mimma, Il vecchio Dio, La giara, Il viaggio, Candelora, Berecche e la guerra, Una giornata, Appendice.

From one of Europe's most revered authors, a tale of one man's obsessive project to collect the instruments of death, evil, and humanity's darkest atrocities in order to oppose them Claudio Magris's searing new novel ruthlessly confronts the human obsession with war and its savagery in every age and every country. His tale centers on a man whose maniacal devotion to the creation of a Museum of War involves both a horrible secret and the hope of redemption. Luisa Brooks, his museum's curator, a descendant of victims of Jewish exile and of black slavery, has a complex dilemma: will the collections she exhibits save humanity from repeating its tragic and violent past? Or might the display of articles of war actually valorize and memorialize evil atrocities? In *Blameless* Magris affirms his mastery of the novel form, interweaving multiple themes and traveling deftly through history. With a multitude of stories, the author investigates individual sorrow, the societal burden of justice aborted, and the ways in which memory and historical evidence are sabotaged or sometimes salvaged.
