Many investors include commercial real estate in their portfolio, yet there are few comprehensive resources available to those looking for information on how to profit in commercial real estate. Written by a father-and-son team with extensive experience in buying, selling and developing commercial real estate, *Commercial Real Estate Investing in Canada* is a must-have guide for all real estate investors. This one-of-a-kind compendium will guide readers on such topics as: The business of real estate Land-use controls Taxation of property Types of income-producing properties Renovations and repairs Property management Property appraisals Conducting due diligence Real estate contracts And much more! *Commercial Real Estate Investing in Canada* is a tremendously valuable and indispensable tool to all Canadian real estate investors, agents, brokers, property managers, landlords, loan officers, builders, and lawyers.

Every day, billions of photographs, news stories, songs, X-rays, TV shows, phone calls, and emails are being scattered around the world as sequences of zeroes and ones: bits. We can't escape this explosion of digital information and few of us want to-the benefits are too seductive. The technology has enabled unprecedented innovation, collaboration, entertainment, and democratic participation. But the same engineering marvels are shattering centuries-old assumptions about privacy, identity, free expression, and personal control as more and more details of our lives are captured as digital data. Can you control who sees all that personal information about you? Can email be truly confidential, when nothing seems to be private? Shouldn't the Internet be censored the way radio and TV are? is it really a federal crime to download music? When you use Google or Yahoo! to search for something, how do they decide which sites to show you? Do you still have free speech in the digital world? Do you have a voice in shaping government or corporate policies about any of this? *Blown to Bits* offers provocative answers to these questions and tells intriguing real-life stories. This book is a wake-up call To The human consequences of the digital explosion.

In the United States, some populations suffer from far greater disparities in health than others. Those disparities are caused not only by fundamental differences in health status across segments of the population, but also because of inequities in factors that impact health status, so-called determinants of health. Only part of an individual's health status depends on his or her behavior and choice; community-wide problems like poverty, unemployment, poor education, inadequate housing, poor public transportation, interpersonal violence, and decaying neighborhoods also contribute to health inequities, as well as the historic and ongoing interplay of structures, policies, and norms that shape lives. When these factors are not optimal in a community, it does not mean they are intractable: such inequities can be mitigated by social policies that can shape health in powerful ways. *Communities in Action: Pathways to Health Equity* seeks to delineate the causes of and the solutions to health inequities in the United States. This report focuses on what communities can do to promote health equity, what actions are needed by the many and varied stakeholders that are part of communities or support them, as well as the root causes and structural barriers that need to be overcome.

This book is a guide for individual rental-property owners looking to retire from the burdens of being a landlord. The book has three main sections: 1) Deciding to Sell, 2) Minimizing Taxes and 3) Finding the Best Solution. Readers will learn how to evaluate their current rental properties, how to defer or avoid capital-gains taxes via 1031 exchanges, and how to re-invest their sales proceeds in various passive real estate investment programs. Learning points include: landlord expenses, regulations and liability; yield, appreciation and capitalization rates; capital-gains, depreciation recapture and state taxes; 1031 exchange basics and details; Delaware Statutory Trusts, Tenants-in-Common and Single-tenant Triple-Net-Lease investments.

Includes history of bills and resolutions.

Despite the current financial climate, this book demonstrates how buying property to let can still be a sensible and profitable investment option. *The Complete Guide to Letting Property* includes comprehensive information on rental legislation including: the Tenancy Deposit Scheme, HIPs, safety and energy requirements for rental properties, and Landlord Accreditation Schemes. It provides reliable advice on all aspects of becoming a landlord, from choosing the right type of property and calculating finances to selling a rental investment that has sitting tenants. In-depth discussion of the advantages and disadvantages of buying offplan, both in the UK and abroad, as well as the important elements involved in guaranteed rental schemes, ensure that this guide is a must-read if you are considering letting a property.

Ten Strategies of a World-Class Cyber Security Operations Center conveys MITRE's accumulated expertise on enterprise-grade computer network defense. It covers ten key qualities of leading Cyber Security Operations Centers (CSOCs), ranging from their structure and organization, to processes that best enable smooth operations, to approaches that extract maximum value from key CSOC technology investments. This book offers perspective and context for key decision points in structuring a CSOC, such as what capabilities to offer, how to architect large-scale data collection and analysis, and how to prepare the CSOC team for agile, threat-based response. If you manage, work in, or are standing up a CSOC, this book is for you. It is also available on MITRE's website, www.mitre.org.

It comprises essays written during a difficult time in Twain's life (1904–1909), when he was deeply in debt and had recently lost his wife and one of his daughters. The content concerns morality and religion and strikes a tone that is sarcastic - Twain's own term throughout the book.

The Complete Guide to Letting Property Including Information on Buy-to-let, HIPs and Tenancy Deposit Schemes Kogan Page Publishers

Answers legal questions of concern to tenants and explains how to deal with a landlord who is acting unfairly

When first published, Marshall McLuhan's *Understanding Media* made history with its radical view of the effects of electronic communications upon man and life in the twentieth century.

A completely fresh insight into the mind of one of the UK's greatest playwrights, the letters between John Osborne and his first wife, actress Pamela Lane, are also a love letter to a now defunct system of repertory theatre, and life in post-war Britain. As these letters reveal, soon after their divorce, Osborne and Lane began a mutually supportive, loyal, frequently stormy and sometimes sexually intimate alliance lasting thirty years until Osborne's death. By the mid-1980s, they had become closer and more trusting than they had been since their earliest years together. 'You are for me what you always were,' Pamela told him, 'I am in love with you still.' It is, he declared, 'my fortune to have loved someone for a lifetime.' Acerbic, witty, candid and heartbreaking, they reveal a unique relationship, troubled, tender and enduring.

Presents a guide to professional etiquette in business situations, covering such topics as meetings, email, social networking, travel, dress, and restaurants in a question and answer format. Includes "Bibliographical section".
