

# Laptops For Seniors In Easy Steps Windows 10 Edition

Laptops have often been seen as the domain mainly of students and businessmen. However, they are also an excellent option for senior users: their mobility means that they can be used in any location and with the advent of wireless technology they can be used in a variety of public places to surf the Web or keep in touch with family and friends. Laptops for Seniors in easy steps shows how these portable computers are ideal for seniors. Updated to cover the update to Windows 8 (Windows 8.1) the book begins by looking at some of the ergonomic issues surrounding laptops and shows how to be as comfortable as possible when using them and transporting them. It then gives an overview of the workings of laptops, including the software that is provided with them and some of the exciting new features in Windows 8.1. Issues such as using your laptop on vacation and sharing it with other family members are then looked at, to show how laptops are versatile and family-friendly. Extensive coverage is also devoted to networking and using a laptop wirelessly, with particular attention given to accessing the Internet from wireless locations (Hot Spots) such as airports, coffee shops and libraries. Laptops for Seniors in easy steps demonstrates that seniors can have the freedom to take their computing and wireless technology with them at all times and be fully paid up members of the mobile computing revolution.

common pitfalls Take on technology with confidence and take advantage of all your computer can do with Computers for Seniors For Dummies, 3rd Edition! This short, easy-to-understand book helps seniors work through mental and emotional barriers to embracing a tech-rich life, and presents basic information about useful tech devices that match their needs and interests. ----- Are you hesitant to use a smartphone, computer, tablet, or ebook reader even though you see other seniors enjoying them? Do you feel confused about tech devices and unsure of how they might benefit you? Do you feel overwhelmed when you think about purchasing a device and learning how to use it? Is this what you've been telling yourself? "I'm too old." "I can't do it." "It's too difficult." "I don't like it. I don't want it. It's just not for me." "I'm a klutz--I'd break it." "I'm embarrassed to ask younger people for help." "I can't type." "I'm afraid." "I can't afford it." "I feel overwhelmed. I don't know where to start." As a senior and a technology enthusiast with a background in education, I've found a way to help other seniors defeat the self-talk barriers, discover new ways of connecting with people and information, and experience for themselves how technology can enrich their lives. Become a Tech-Active Senior is a short, easy-to-understand book that will: \* Show you how to defeat the mental and emotional barriers caused by negative self-talk \* Give you basic

## Read Free Laptops For Seniors In Easy Steps Windows 10 Edition

information about smartphones, computers, tablets, and e-readers while discussing their benefits \* Offer resources you need in order to purchase a tech device and learn how to use it. Follow the advice in this book and you'll soon move from tech-timid, to tech-curious, to tech-smart. What's stopping you from experiencing a rewarding, tech-active life? Over 50 and thinking about getting your first computer? A user-friendly Mac is a great choice, and *Macs For Seniors For Dummies* walks you through choosing one and learning to use it. You won't even need your grandchildren to help! *Macs For Seniors For Dummies* introduces you to all the basic things you may not have encountered before—how to use the keyboard and mouse, work with files and folders, navigate around the Mac OS X desktop, set up an Internet connection, and much more. You'll learn to: Choose the Mac that's right for you, set it up, run programs and manage files, and hook up a printer Use all the programs that come with your Mac for creating documents and spreadsheets, playing movies and music, and more Surf the Internet with the Safari browser — safely Keep in touch with family and friends via e-mail Upload photos from your digital camera, edit and organize them with iPhoto, and share them by e-mail or as prints Play music with iTunes, put your favorite songs on a CD, or listen to online radio stations Use the Web to help plan trips, get maps, book hotels or RV

campgrounds, or buy plane tickets Customize your Mac to make everything as easy and convenient as possible Even if you've never used a computer before, Macs For Seniors For Dummies makes it really easy to make friends with your Mac. Before you know it, you'll wonder why you waited so long to get a computer!

Windows 8 was a revolutionary update of the popular operating system from Microsoft. With a brand new interface, new ways of getting around and accessing items and new possibilities for mobile devices, Windows 8 took the computing experience to the next level. However, there were still a few areas for improvement and these have been addressed with Window 8.1. Windows 8.1 for Seniors in easy steps shows you how to get up to speed with this latest version of Windows and begins by detailing how to get to grips with the Windows 8.1 interface. It deals with the basics such as accessing items, personalizing your screen and using additional controls that are available from the sides of the screen. The books includes the new features that have been added since Windows 8: the return of the Start button; options for booting up to the Desktop; viewing up to four apps on screen at the same time; an enhanced SkyDrive feature for online storage and sharing; and a unified search facility that enables you to search over your computer and the Web. A lot of the functionality of Windows 8.1 is

## Read Free Laptops For Seniors In Easy Steps Windows 10 Edition

aimed at touchscreen devices, whether they are desktop computers, laptops or tablets. This is dealt with in terms of navigating around, as well as showing how everything can still be done with a traditional mouse and keyboard. Apps are at the heart of Windows 8.1 and the newly designed Windows Store has an app for almost everything you could want to do. The book shows how to access and download apps and then how to work with them, and organize them, when you have them. As well as the new features that are covered, all of the old favourites are looked at in detail, such as working with folders and files, accessing the Internet, using email, working with photos and video, networking with Windows and system security. Windows 8.1 will open your eyes to a new way of computing and Windows 8.1 for Seniors in easy steps will help you see clearly so that you can quickly feel comfortable and confident with this exciting new operating system. It is presented with the Senior reader in mind, using larger type, in the familiar In Easy Steps style. Covers Windows 8.1, Update 1.

Apple Watch Series 5 is the latest Smartwatch in the Apple lineup. It offers several unique features to make the users more active and better monitor their health among several other great features for humanity. This high-end Smartwatch could be useful for business users, including improved travel notifications and call capabilities. The Apple Watch looks pretty attractive, right? People have told you all about the cool features: like if you fall or are in danger, it would automatically call for help on your behalf! They've told you about how you can send a text from your wrist, how you can make a phone call, and many more. As amazing as all the new features are, it's not quite as easy to use as an iPhone; the lack of buttons, the smaller screen, and general UI can make a frustrating initial experience. It looks nothing like the iPhone or iPad
