Sabotage Emile Pouget, 1913

The Poor Bastard Joe Matt, 2007 Meet Joe Matt, a talented cartoonist with strong ideas about how life should be lived. He makes no apologies and never compromises. Well, almost never. Actually, Joe Matt is a painfully honest man who doesn't mind admitting - in print, in cartoon form - that he has one or two flaws. Just minor ones. The Poor Bastard is his neurotic, compelling and utterly shameless account of some of the most personal details of his life. With the timing of a stand-up comedian, he leaves no aspect untouched, from the disintegration of personal relationships to the grim realities of life in a Toronto rooming house and his obsession with pornography - or, as Joe prefers, nature films. Watch as he alienates lovers and friends in a candid and hilarious story about his ruthless quest for a woman who understands him and meets his ridiculous standards. This is Joe Matt: neurotic, compulsive, cheap, self-absorbed - human. And funny.

Peter Pan James Matthew Barrie, 2008 The original story of Peter Pan.

Artemisia Nathalie Ferlut, 2021-07-23 The English-language edition of Nathalie Ferlut and Tamia Baudouin's stunning biography of Artemisia Gentileschi, the trailblazing Italian baroque painter, originally published in French. This full-color graphic novel recounts the remarkable story of Artemisia, whose life story is told through the lens of Artemisia's daughter as she questions her mother about their family history. The ensuing tale spans most of Gentileschi's life, beginning with her childhood in Rome in her father's painting studio, to the sexual abuse she experienced at the hands of a tutor and the arduous trial that followed, as well as the highlights of her prolific career in which she received commissions from clients as powerful as the Medici and the English royal family and became the first woman admitted to the prestigious Academy of Arts in Florence.

Amy Sillman Amy Sillman, 2017 Sillman's works can be categorized as abstract painting, although her abstractions repeatedly allow forms and figures to be recognized. The title of the exhibition 'the ALL-OVER' refers to a concept often used to describe abstract painting. At its most literal, it refers to the practice of completely covering the canvas, a format that resists a traditional figure/ground hierarchy. The classic example of the style is embodied by the work of the American artist

Jackson Pollock, though as the influential critic Clement Greenberg pointed out, the style in fact originated with the Ukrainian-American artist Janet Sobel. Sillman adapts this 'all-over' idea, using it as the title for her exhibition, which does not feature drip paintings as such, but which updates the idea of total coverage of the canvas through mechanical means (via inkjet printing) used in combination with the gestural. Panorama, consisting of twenty-four canvases, was developed for Portikus and is here seen in its entirety for the first time. Exhibition: Portikus, Frankfurt am Main, Germany (02.07. - 11.09.2016).

Curses Kevin Huizenga, 2024-02-20 In the two decades since *Curses* first hit the shelves, *River at Night* cartoonist Kevin Huizenga has taken his rightful place on a short A-list of comics experimentalists. Deep research and loopy cartooning serve up philosophical musings while maintaining a classic comic-strip devotion to “the gag.” Huizenga remains one of the funniest and smartest cartoonists working today, and now, the very book that heralded his arrival as a talent to watch is available once more in deluxe paperback as the early work of a now true genius. The short stories collected herewith confront the textures of mortality in unique and peculiar ways. Central character Glenn Ganges is a seemingly middle-class, suburbanite whose blank-eyed wonderment at the everyday brings together diverse aspects of our world—like golf, theology, late-night diners, parenthood, politics, Sudanese refugees, and hallucinatory vision—into a complete experience as multifaceted as each of our own lives.

Dracula Bram Stoker, 2018-10-15 *Dracula: Large Print* by Bram Stoker The world's best-known vampire story begins by following a naive young Englishman as he visits Transylvania to meet a client, the mysterious Count Dracula. Upon revealing his true nature, Dracula boards a ship for England, where chilling and gruesome disasters begin to befall the people of London...

Fairyland Alysia Abbott, 2013-06-04 A beautiful, vibrant memoir about growing up motherless in 1970s and '80s San Francisco with an openly gay father. After his wife dies in a car accident, bisexual writer and activist Steve Abbott moves with his two-year-old daughter to San Francisco. There they discover a city in the midst of revolution, bustling with gay men in search of liberation—few of whom are raising a child. Steve throws himself into San Francisco's vibrant cultural scene. He takes Alysia to raucous parties, pushes her in front of the microphone at poetry readings, and introduces her to a world of artists, thinkers, and writers. But the pair live like nomads, moving from apartment to apartment, with a revolving cast of roommates and little structure. As a child Alysia views her father as a loving playmate who can transform the ordinary into magic, but as she gets older Alysia wants more than anything to fit in. The world, she learns, is hostile to difference. In Alysia's teens, Steve's friends—several of whom she has befriended—fall ill as AIDS starts its rampage through their community. While Alysia is studying in New York and then in France, her father tells her it's time to come home; he's sick with AIDS. Alysia must choose whether to take on the responsibility of caring for her father or continue the independent life

she has worked so hard to create. Reconstructing their life together from a remarkable cache of her father's journals, letters, and writings, Alysia Abbott gives us an unforgettable portrait of a tumultuous, historic time in San Francisco as well as an exquisitely moving account of a father's legacy and a daughter's love.

Fox & Chick: The Quiet Boat Ride Sergio Ruzzier, 2019-03-05 In the second book of this lauded series, Fox and Chick are off on three new adventures involving a boat ride, a mysterious box, and an early morning trip to see the sunrise. Dark Hero of the Information Age Flo Conway, Jim Siegelman, 2006-08-29 Two award-winning journalists reveal the epic story of one of the 20th century's most brilliant figures--the eccentric mathematical genius Norbert Wiener, who founded the revolutionary science of cybernetics and then spent his life warning the world about its dangerous human consequences. photos.

In the Land of White Death Valerian Albanov, 2001-02-01 "One helluva read."—Newsweek • "Gripping."—Outside • "Spellbinding."—Associated Press • "Powerful."—New York In 1912, the Saint Anna, a Russian exploration vessel in search of fertile hunting grounds, was frozen into the polar ice cap, trapping her crew aboard. For nearly a year and a half, they struggled to stay alive. As all hope of rescue faded, they realized their best chance of survival might be to set out on foot, across hundreds of miles of desolate ice, with their lifeboats dragged behind them on sledges, in hope of reaching safety. Twenty of them chose to stay aboard; thirteen began the trek; of them all, only two survived. Originally published in Russia in 1917, *In the Land of White Death* was translated into English for the first time by the Modern Library to widespread critical acclaim. As well as recounting Albanov's vivid, first-person account of his ninety-day ordeal over 235 miles of frozen sea, this expanded paperback edition contains three newly discovered photographs and an extensive new Epilogue by David Roberts based on the never-before-published diary of Albanov's only fellow survivor, Alexander Konrad. As gripping as Albanov's own tale, the Epilogue sheds new light on the tragic events of 1912-1914, brings to life many of those who perished (including the infamous captain Brusilov and nurse Zhdanko, the only woman on board), and, inadvertently, reveals one new piece of information—about the identity of the traitors who left Albanov for dead—that is absolutely shocking. "Poetic."—The Washington Post • "A lost masterpiece."—Booklist • "A jewel of polar literature."—Seattle Post-Intelligencer • "Vivid . . . [a work of] terrifying beauty."—The Boston Globe

Hold the Dream Barbara Taylor Bradford, 2014-02-06 A young woman inherits a business empire in this sequel to *A Woman of Substance*, book two in the #1 New York Times–bestselling author's Harte Family Saga. Nearing retirement, Emma Harte is preparing to leave her retail empire, Harte Enterprises, to her favorite grandchild, Paula McGill Fairley. She

Emotionally rich and splendidly detailed, this sequel continues the story of the Hartes in magnificent style. Lifting the lid Alessandro Zaltron, Francesca Marchetto, 2020-03-12 Who invented the cork? And when? The answers to these and many other questions are revealed on a journey back through eight thousand years and the civilisations who have populated the western world. The ancestors of the cork (and caps, and stoppers, and lids!) were found hiding in the first Neolithic settlements in Iran and among the ruins of Cretan civilisations, in the markets in ancient Egypt and on Phoenician ships. In more recent times, when stoppers began to take on the shape we are familiar with, they were protected by the laws of the Venetian Republic, or preserved as relics in the ancient abbey in Hautvillers, where dom Pérignon was the first to stopper a champagne bottle with a cork. Today, lids are such a common everyday object that they have become almost invisible to our eyes, and yet they marked an evolution in the food and drink culture of mankind. In its most collectable 'crown' version, the bottle cap is the emblem of our entire modern age, not only because it wiped out almost two thousand alternative patents for stoppers, but above all because it paved the way, good or bad, for the disposable era. This is the first (and so far only) book about the history of the most used object in the world.

The Macedonian Nicholas Guild, 2017-12-05 Nicholas Guild's *The Macedonian* is a gripping fictional account of the life of Philip of Macedon, the king who sired Alexander the Great and conquered an unprecedented number of ancient Greek city-states. On a cold, snow-swept night in the ancient Greek kingdom of Macedon, a son is born to the king's principal wife. His mother hates him for being his father's child. His father hardly notices him. With two elder brothers, obscurity seems his destiny. The boy is sent off to be nursed by the chief steward's wife. Yet, in a moment of national crisis, when Macedon is on the verge of being torn apart, the prince raised by a servant finds himself proclaimed the king. This is the story of Philip, prince and king, the forgotten boy who rose to save his country and became a legend in his own lifetime. His extensive military conquests across the Greek peninsula would pave the way for expansion under his son, Alexander the Great. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Return to the sun-drenched settings of *The Shell Seekers* and the rich emotion of *Coming Home*, as Rosamunde Pilcher takes you on an unforgettable journey of the heart. It is the passage of a young woman from a relationship that has become too tame and predictable to the excitement of a new life brimming with possibilities and the thrilling promise of love. And along the way, all the hopes, secrets, and desires that enrich us unite a joyous carousel of life

The Sunday of Life Raymond Queneau,1977 The Sunday of Life, the late Raymond Queneau's tenth novel, was first published in French by Gallimard in 1951 and is now appearing for the first time in this country. In the ingenuous ex-Private Valentin Bru, the central figure in The Sunday of Life, Queneau has created that oddity in modern fiction, the Hegelian naif. Highly self-conscious yet reasonably satisfied with his lot, imbued with the good humor inherent in the naturally wise, Valentin meets the painful nonsense of life's adventures with a slightly bewildered detachment.
