"What makes you purr? Of all the questions in the world, this is the most important. . . .

Because no matter whether you are a playful kitten or sedentary senior, whether you're a scrawny alley Tom, or sleek-coated uptown girl, whatever your circumstances you just want to be happy. Not the kind of happy that comes and goes like a can of flaked tuna, but an enduring happiness. The deep down happiness that makes you purr from the heart." His Holiness's cat is back—older, a bit wiser, and as curious as ever. In this book, the Dalai Lama sets for his lovable feline companion the task of investigating *The Art of Purring*. Whether it's the humorous insights gained from a visiting Ivy League Psychology Professor, the extraordinary research of a world-famous biologist, or the life-changing revelations of a mystical yogi, His Holiness's Cat encounters a wealth of wisdom about happiness. And what she discovers changes the way she sees herself forever. With a much loved—and growing—cast of characters from the local community and His Holiness's residence, as well as encounters with intriguing strangers and celebrities from far and wide, *The Dalai Lama's Cat and the Art of Purring* will transport readers in another unforgettable story. Along the way they will come to understand how elements of contemporary science and Buddhism converge. And, once again, they will feel the warmth of compassion and nonattachment that radiate from the heart of the Dalai Lama's teachings about our quest for enduring happiness.

An extensive illustrated survey of one of the most inventive design minds of the twentieth century. ?Combining whimsy and elegance, Piero Fornasetti transformed everyday objects like cups, scarves, and plates into much sought-after works of art with his idiosyncratic motifs, such as the hand, the female face, and luminescent fish. His dazzling pieces of trompe l'oeil furniture, created in collaboration with Gio Ponti, are also highly prized by collectors worldwide. Fornasetti's boundless imagination is celebrated here in a book published to document a major retrospective exhibition at the Musée des Arts Décoratifs in Paris. The first half of the monograph is organized by type and includes Fornasetti's paintings, drawings, and furniture. The second half focuses on favorite themes: his use of trompe l'oeil, architectural drawings, and his variations on the face of a famous operatic beauty. Featuring 400 illustrations covering almost fifty years of a protean and prolific designer and artist like no other, this is a must-have for Fornasetti connoisseurs and anyone interested in design.

L'arte del foulard I Love I Hate I Miss My Sister Ember

Hailed as one of the foremost painters of the nineteenth century, Rosa Bonheur (1822-1899) lived to see her name become a household word. In a century that did its best to keep women "in their place," she earned her own money, managed her own property, wore trousers, hunted, smoked, and lived in retreat with women companions in a château near Fontainebleau. Rosa Bonheur: The Artist's (Auto)biography brings this extraordinary woman to life, blending Bonheur's first-person account with the memoirs of Anna Klumpke, a young American artist who was Bonheur's last companion and chosen portraitist. Klumpke recounts their first meeting, her growing affection for the much older Bonheur, and her decision to live with the artist. Bonheur's account of her own life story, set within Klumpke's narrative, sheds light on such currently compelling subjects as gender formation, governmental intervention in the arts, the social and legal regulation of dress codes, and the transgressive nature of same-sex relationships in a repressive society. "What a pleasure to have this essential document of art history available in an up-to-date translation. Anna Klumpke's biography of Rosa Bonheur is, of course, not only an important art-historical document, but a major contribution to the social history of nineteenth-century France and a moving testimony to human attachment as well." —Linda Nochlin "The remarkable life of Rosa Bonheur, one of the most highly decorated artists and certainly the best known female artist of her time in nineteenth-century France, is long overdue for further scrutiny." —

Therese Dolan, Temple University "... tells the fascinating, unconventional story of the famous 19th-century French artist. Written by Bonheur's lover, American artist Anna Klumpke, with input from Bonheur herself, the biography effectively shows Bonheur's devotion to the great loves of her life: her mother, her art, and her female companions." — Washington Blade "A cigar-smoking, cross-dressing eccentric à la George Sand, Rosa Bonheur was one of the 19th century's most popular artists... Drawing on her own meticulous journal entries as well as Bonheur's letters, sketches, and diaries, Klumpke traces Bonheur's trailblazing life and recounts how she met Bonheur, fell in love and became her official portraitist, companion and sole heir." — Publishers Weekly "It is a treat to have Rosa Bonheur: The Artist's (Auto)biography... available in English. Bonheur (1822-1899), a lesbian born in France, channeled her formidable talent into painting animals, lived a highly unconventional life, and received special permission to wear pants in public... This combination autobiography and biography, originally published in 1908, includes a vibrant introduction by the translator." —Feminist Bookstore News "Each part of the story — translator's, Klumpke's, and Bonheur's — is so engagingly written that reading it is like an adventure with an emphasis on the development and support of female creativity... Anna Klumpke poured her love into magnificent portraits of Bonheur and later into writing and managing Bonheur's estate. Translator Gretchen van Slyke has rendered the original French into graceful, compelling prose. After finishing this book, my strongest emotion was gratitude for having been allowed to see so intimately into the lives of these productive, caring women." — Lambda Book Report

A new, fully illustrated gift book commemorating the unparalleled rise, fall, and comeback of golf's greatest champion Tiger Woods turned pro at age 20 in 1996, rapidly ascending to become the No. 1 ranked player in the world at age 21 and the youngest player ever to achieve the career Grand Slam. If there is one genre that has captured the imagination of people in all walks of life throughout the world, it is the fairy tale. Yet we still have great difficulty understanding how it originated, evolved, and spread--or why so many people cannot resist its appeal, no matter how it changes or what form it takes. In this book, renowned fairy-tale expert Jack Zipes presents a provocative new theory about why fairy tales were created and retold--and why they became such an indelible and infinitely adaptable part of cultures around the world. Drawing on cognitive science, evolutionary theory, anthropology, psychology, literary theory, and other fields, Zipes presents a nuanced argument about how fairy tales originated in ancient oral cultures, how they evolved through the rise of literary culture and print, and how, in our own time, they continue to change through their adaptation in an ever-growing variety of media. In making his case, Zipes considers a wide range of fascinating examples, including fairy tales

told, collected, and written by women in the nineteenth century; Catherine Breillat's film adaptation of Perrault's "Bluebeard"; and contemporary fairy-tale drawings, paintings, sculptures, and photographs that critique canonical print versions. While we may never be able to fully explain fairy tales, *The Irresistible Fairy Tale* provides a powerful theory of how and why they evolved--and why we still use them to make meaning of our lives.

This collection employs various forms to summon the unmoored voices that proliferate in our wired world, inducing a shiver of disquiet as linguistic registers collide in unexpected ways. Whether it's Beyonc's wild blue jacket, Rihanna in a Donald Duck dress, or outfit queen Lady Gaga in a jacket with sewn-on Kermit the Frog puppets, they have all worn his creations and made them famous. Jean-Charles de Castelbajac is a designer who knows how to dress women with courage and creativity. And for his somewhat unorthodox tastes, he has been nicknamed "King of the Unconventional." After developing a collection for his mother's fashion house in 1968, he started his own label in 1978. Since then, he has launched countless successful collections and struck up partnerships with the most unlikely people. Whether it's robes for the Pope, costumes for the Woody Allen film *Annie Hall*, or clothes for TV series such as *Charlie's Angels* and *Sex and the City*--for decades, de Castelbajac has been a style and fashion pioneer. Even better, he has always managed to fuse fashion with art, as evidenced by his partnerships with Keith Haring and Jean-Michel Basquiat. Take a look behind the scenes at this fashion legend and learn about how this artist got his start and his ongoing history of success.

A magnificent tale of crackpot notions and sky-high courage - from David Almond, the master of magical realism, with illustrations by the award-winning Polly Dunbar. *Nazi Wives* is a fascinating look at the personal lives, psychological profiles, and marriages of the wives of officers in Hitler's inner circle. Goering, Goebbels, Himmler, Heydrich, Hess, Bormann—names synonymous with power and influence in the Third Reich. Perhaps less familiar are Carin, Emmy, Magda, Margaret, Lina, Ilse and Gerda... These are the women behind the infamous men—complex individuals with distinctive personalities who were captivated by Hitler and whose everyday lives were governed by Nazi ideology. Throughout the rise and fall of Nazism these women loved and lost, raised families and quarreled with their husbands and each other, all the while jostling for position with the Fuhrer himself. Until now, they have been treated as minor characters, their significance ignored, as if they were unaware of their husbands' murderous acts, despite the evidence that was all around them: the stolen art on their walls, the slave labor in their homes, and the produce grown in concentration camps on their tables. James Wyllie's *Nazi Wives* explores these women in detail for the first time, skillfully interweaving their stories through years of struggle, power, decline and destruction into the post-war twilight of denial and delusion.

Tragic genius: One of the great forerunners of 20th century painting This richly illustrated and expert study follows Vincent van Gogh from the early gloom-laden paintings in which he captured the misery of peasants and workers in his homeland, through his bright and colorful Parisian period, to the work of his final years, spent under a southern sun in Arles. Here, at last, he found the light that produced the unmistakable Van Gogh style. At Arles, Saint-Rémy and Auvers-sur-Oise, in the feverish burst of creative energy that marked his last two and a half years, he produced the 465 paintings on which his immortality rests. Vincent van Gogh (1853-1890) craved recognition during his lifetime but was denied it until after his self-inflicted death. Today he is universally seen as one of the great forerunners of 20th-century painting, and one of the tragic masters of art. About the Series: Each book in TASCHEN's Basic Art series features: a detailed chronological summary of the life and oeuvre of the artist, covering his or her cultural and historical importance a concise biography approximately 100 illustrations with explanatory captions

?In Among the Gliesians, Philip Fried continues experimenting with different registers of language, technical jargon, and a variety of literary and non-literary forms, ranging from sonnet, ballad, acrostic, and villanelle to press release and report. His witty and compassionate work takes on a new urgency, however, as he focuses on our alarming present situation. Dealing with such topical themes as mass shootings, nuclear gamesmanship, and threats to democracy, Fried's poems reveal a struggle for meaningful expression when meaning itself is under attack. In the section giving its title to the book, reports on an extraterrestrial society hold up a mirror to our own culture. Taibo, whose extensive contacts within Latin American political activism have given him unprecedented access to hitherto untapped sources, probes Che Guevara's life with a storyteller's pen and an historian's judgment, investigating the mystery and myth surrounding Che's life, careers, and ideals.
