"Hoi!" Komeng mengangkat tangan kepadanya. Dia kurang faham sama ada Komeng memberi isyarat menegur atau isyarat suruhnya menunggu. Dia berjalan dengan lebih laju dan berpura-pura tidak mendengarnya. "Hoi, mari sini!" Komeng berteriak dan langkahnya semakin laju sambil mengangkat tangan mungkin memberi isyarat suruh berhenti. Natrah diserang ketakutan. 'Kenapa dia panggil aku?'

Apa dia mahu? Bagaimana kalau dia apa-apakan aku?' Komeng kurang siuman, tentu sekali dia akan terlepas daripada sebarang pertuduhan jika melakukan jenayah. Jalan pintas yang dilaluinya kelihatan sunyi. Rumah di sekelilingnya senyap sahaja. Mungkin penghuninya keluar bekerja pada siang hari. Nampaknya tiada siapa yang boleh menghulur bantuan. Natrah menarik nafas dalam-dalam. Mengumpul tenaga. Dia nekad mahu melarikan diri. Natrah memecut laju mahu meninggalkan Komeng sejauh-jauhnya. Melihat Natrah yang semakin jauh, Komeng pun berlari menghampirinya.

It is time for philosophy to return to the city. In today's crisis-ridden world of globalised capitalism, increasingly closed in on itself, it may seem harder than ever to think of ways out. Philosophy runs the risk of becoming the handmaiden of science and of a hollowed-out democracy. Donatella Di Cesare calls on philosophy instead to return to the political fray and to the city, the global pólis, from which it was banished after the death of Socrates. Suggesting a radical existentialism and a new anarchism, Di Cesare shows that Western philosophy has been characterised by a political vocation ever since its origins in ancient Greece, and argues that the separation of philosophy from its political roots robs it of its most valuable and enlightening potential. But critique and dissent are no longer enough. Mindful of a defeated exile and an inner emigration, philosophers should return to politics and forge an alliance with the poor and the downtrodden. This passionate defence of the political relevance of philosophy and its radical potential in our globalised world will be of great interest to students and scholars of philosophy and to a wide general readership.

Swiss Family Robinson - Johann David Wyss - First published in 1812, Johann David Wyss The Swiss Family Robinson is a classic story of survival on a deserted tropical island. While en route to Australia, the titular Swiss Family Robinson finds themselves in great peril when their vessel is caught in a violent storm. As the ship breaks apart when it is battered against a reef, the family is abandoned by their crew, who escape without them in the lifeboats. The family, which consists of a mother, father, and their four sons, are left to fend for themselves. Luckily as the storm subsides they see an island in the distance. After salvaging a plethora of food, livestock, and other supplies they fashion a crude raft from the wreckage and make their way for the island. Every day on the island brings a new adventure and a new obstacle to overcome, as the family struggles to survive in a foreign land isolated from society. Johann David Wyss, a Swiss pastor, wrote this tale of adventure not only to entertain but to instruct, specifically his four sons, in the ways of good family values and the virtue of self-reliance. This exciting adventure has been loved for generations by readers both young and old. This edition includes an introduction by Charles Nodier.
