Every year, 6 million companies and more than 100,000 products are launched. They all need an awesome name, but many (such as Xobni, Svbtle, and Doostang) look like the results of a drunken Scrabble game. In this entertaining and engaging book, ace naming consultant Alexandra Watkins explains how anyone—even noncreative types—can create memorable and buzz-worthy brand names. No degree in linguistics required. The heart of the book is Watkins's proven SMILE and SCRATCH Test—two acronyms for what makes or breaks a name. She also provides up-to-date advice, like how to make sure that Siri spells your name correctly and how to nab an available domain name. And you'll see dozens of examples—the good, the bad, and the “so bad she gave them an award.” Alexandra Watkins is not afraid to name names.

Master the science of funnel building to grow your company online with sales funnels in this updated edition from the \$100M entrepreneur and co-founder of the software company ClickFunnels. DotCom Secrets is not just another "how-to" book on internet marketing. This book is not about getting more traffic to your website--yet the secrets you'll learn will help you to get exponentially more traffic than ever before. This book is not about increasing your conversions--yet these secrets will increase your conversions more than any headline tweak or split test you could ever hope to make. What most businesses really have is a "funnel" problem. Your funnel is the online process that you take your potential customers through to turn them into actual customers. Everyone has a funnel (even if they don't realize it), and yours is either bringing more customers to you, or repelling them. In this updated edition, Russell Brunson, CEO and co-founder of the multimillion-dollar software company ClickFunnels, reveals his greatest secrets to generating leads and selling products and services after running tens of thousands of his own split tests. Stop repelling potential customers. Implement these processes, funnels, frameworks, and scripts now so you can fix your funnel, turn it into the most profitable member of your team, and grow your company online.

While ninety percent of the world's millionaires are men, only ten percent are women, making it difficult for women to wield the economic power that will create lasting equality. Rachel Rodgers, founder of Hello Seven, a company that coaches women in scaling their businesses and their lives to seven figures, says it's time for a change. Women deserve the economic power and equality that comes with wealth, and we all have it in us to be millionaires. We Should All Be Millionaires details a realistic, achievable, step-by-step path to become a millionaire within the next three years. Whatever is currently stopping you from having seven figures in the bank—whether it is doubt, feeling overwhelmed, imposter syndrome, trying too

many things, or simply not knowing where to begin—this book shows you how to clear every obstacle in your way. *We Should All Be Millionaires* will forever change the way you think about money and your ability to earn it. In this book, Rachel Rodgers—mother of four, attorney, business owner, and self-made Black millionaire— shares the lessons she’s learned both in her own journey to wealth and in coaching hundreds of women through their own journeys to seven figures. Inside, you’ll learn: Why earning more money is not “selfish” or “greedy” but in fact, a revolutionary act that brings the economy into balance and creates a better world for all. Why most of the financial advice you’ve heard in the past (like “skip your daily latte to save money”) is absolute nonsense. An eye-opening history lesson on how women and people of color have been shut out of the ability to build wealth for centuries—and how we can fix this. How to stop making broke-ass decisions that leave you feeling emotionally and financially depleted, and start making million dollar decisions instead. Why aiming to earn \$100K per year is not enough, and why you need to be setting your goals much higher. The crucial ingredients you need if you are serious about becoming a millionaire: including your million-dollar vision, million-dollar squad, and more. Strategies to bring more money in the door and fatten your bank account immediately. (Including Rodgers’ \$10K in 10 Days Challenge which hundreds of women have completed—with incredible results.) It’s time to construct an entirely new attitude about money, claim your power, and build the financial security that you need and deserve. Or is it going to open his eyes to the truth? Can a clone soldier change his destiny? Who is the woman in his dreams? Answers and horrors await him as he joins his fellow replicas to the surface of a planet called--Hell.

The go-to guide for small-business owners and entrepreneurs to discover exactly what consumers want to buy and how to get it to them. As a small-business owner, entrepreneur, or marketer, are you absolutely certain that you know what your customer wants? And even if you know what your customer wants, are you sure that you are able to clearly communicate that you offer the exact thing that they are seeking? In this best-selling book, Ryan Levesque lays out his proven, repeatable, yet slightly counterintuitive, methodology for understanding the core wants and motivations of your customer. Levesque's Ask Method provides a way to discover what customers want to buy by guiding them through a series of questions and customizing a solution from them so they are more likely to purchase from you. And all through a completely automated process that does not require one-on-one conversations with every single customer. The Ask method has generated over \$100 million in online sales across 23 different industries and counting. Now it is your turn to use it to create a funnel, skyrocket your online income, and create a mass of dedicated fans for you and your company in the process. This is the road map to a seven-figure business . . . in one year or less The word "entrepreneur" is today's favorite buzzword, and any aspiring business owner has likely encountered an overwhelming number of so-called "easy paths to success." The truth is that building a real, profitable, sustainable business requires thousands of hours of commitment, grit, and hard work. It's no wonder why more than half of new businesses close within six years of opening, and fewer than 5 percent will ever earn more than \$1 million annually. *12 Months to \$1 Million* condenses the startup phase into one fast-paced year that has helped hundreds of new entrepreneurs hit the million-dollar level by using an exclusive and foolproof formula. By cutting out the noise and providing a clear and proven plan, this roadmap helps even brand-new entrepreneurs make decisions quickly, get their product up for sale, and launch it to a crowd that is ready and waiting to buy. This one-year plan will guide you through the three stages to your first \$1 million: • The Grind (Months 0-4): This step-by-step plan will help you identify a winning product idea, target customers that are guaranteed to buy, secure funding,

and take your first sale within your first four months. • The Growth (Months 5 - 8): Once you're in business, you will discover how to use cheap and effective advertising strategies to get your product to at least 25 sales per day, so you can prove you have a profitable business. • The Gold (Months 9-12): It's time to establish series of products available for sale, until you are averaging at least 100 sales per day, getting you closer to the million-dollar mark every single day. Through his training sessions at Capitalism.com, Ryan Daniel Moran has helped new and experienced entrepreneurs launch scalable and sustainable online businesses. He's seen more than 100 entrepreneurs cross the seven-figure barrier, many of whom go on to sell their businesses. If your goal is to be a full-time entrepreneur, get ready for one chaotic, stressful, and rewarding year. If you have the guts to complete it, you will be the proud owner of a million-dollar business and be in a position to call your own shots for life.

Priceless finance advice everyone can relate to from one of the world's most respected businessmen and the most successful investor of all time. Of course you know who Warren Buffett is; he's the most successful investor in the world—maybe of all times. But what do you know about his approach to business and investing? It's an approach that, over the past four decades, has made him the richest man in America and the third-richest man in the world, and that has earned vast fortunes for his business partners and investors. But as Buffett himself will tell you, at the heart of any wealth-building system there are certain core beliefs, not just about finance, but about business, work, morality, your responsibility to yourself, your family and society, and about living a decent life. Written in conjunction with the hit television series, "Secret Millionaire Club" and with Buffett's input and full support, this book makes Buffett's financial philosophy and homespun life lessons available to everyone outside his "Secret Club." Warren Buffett's goal in spearheading this book was to share lessons about personal finance he has learned and that he hopes will benefit you (and your kids) for a lifetime. You'll learn the fundamentals of personal finance by reading Warren Buffett's war stories and personal reflections on money, life, business, ethics and more. All of the finance principles covered in the book were personally approved by Warren Buffett as those which he himself follows. Unforgettable Buffett quotes include: "Price is what you pay. Value is what you get"; "Risk comes from not knowing what you're doing"; and "Profit from folly rather than participate in it."

Relearn the intuitive language of face reading From birth, face is our first language. We are born face readers—knowing to seek out human features and faces from the moment our eyes open. We all have the intuitive ability to read and interpret the feelings and expressions of those around us. In *Read the Face*, master face reader Eric Standop unlocks the power of this innate human ability, sharing his own journey to become a face reading master, along with stories that illustrate the power of this unique language. Using a combination of three different schools of face reading, along with a scientific accuracy to detect the most fleeting microexpressions, Standop is able to read personality, character, emotions, and even the state of a person's health—all from simply glancing at their face. The book is divided into sections focusing on specific ways that face reading can offer insight, such as Health, Love, Communication, Work and Success. The stories are accompanied by detailed black and white illustrations of faces, allowing readers to observe the same features that Standop interpreted. The final section of the book outlines the meanings of dozens of facial features and face shapes, so that readers can recognize their own innate intuitive powers and develop them. *Read the Face* is a guide to using the ancient art and science of face reading to go beyond the surface and create the boldest life possible.
