HOW TO WIN THE LOTTERY WITH THE LAW OF ATTRACTION was written by Law of Attraction lottery winner, teacher and author Eddie Coronado. Based on interviews with actual winners who have used the Law of Attraction to win lottery prizes, this book provides the metaphysical tools and insights that are necessary to win lottery and contest prizes through the creative power of thoughts and feelings. Although this book contains the manifestation techniques of people who have won money, these metaphysical exercises can be used to attract the perfect mate, a new career, financial success, or anything that you can make a part of your beliefs and feelings. There is no limit to how much money and success you can manifest through the Law of Attraction because this immense spiritual power does not have an opinion about what you should or should not have. You can use the Law of Attraction to manifest ten cents or ten million dollars. The determining factor is belief and expectancy, which can be harnessed by using the spiritual tools discussed in this book. THIS BOOK CONTAINS FOUR PARTS: PART 1: This section explores the tools that are used for the manifestation techniques in this book. The tools covered are as follows: Affirmations, Creative Visualization,

Expectation, Gratitude, and the Practice of Receiving. You should take the time to carefully read this section even if you are familiar with the Law of Attraction and the power of intention. This section contains a number of insights and explanations that may have been missed by other authors and teachers. For example, the Practice of Receiving is a powerful tool that can help you attract a lot of money, yet many Law of Attraction books do not mention this important exercise. In addition, I have included some helpful information about gratitude and affirmations as it relates to manifesting money. Affirmations of words, thoughts, feelings, and actions are also covered. Finally, the most important element of any manifestation technique is creative visualization, which every Law of Attraction lottery and contest winner has used to win prizes.

PART 2: This section includes the manifestation techniques used by the winners who were interviewed for this book. Each winner, including the author, is introduced and his/her manifestation exercise is documented to reflect the exact steps taken to win lottery prizes. No changes have been made in order to preserve the integrity of each winner's method.

PART 3: This is a Question and Answer Section that covers the most important questions about the manifestation techniques in this book. The answers have been provided by the lottery winners who were interviewed. This Question and Answer section will provide clarity and direction for those readers who are committed to using the Law of Attraction to manifest lottery prizes. The questions included in this section cover topics such as: Should I buy lots of tickets? How will I know that my intention will work? How long will it take for me to get results? What part does luck play in manifesting lottery prizes? In addition, a host of other important questions are discussed.

PART 4: This section contains helpful tips and suggestions that will explain how to implement the following manifestation techniques and how to make the most of them. It also

contains information regarding the common denominators of the winners' daily action plan in order to provide a clear understanding of the mental and emotional habits that are necessary for manifesting lottery prizes with the Law of Attraction.

this spiritual path get caught up reading lots of books about the Law of Attraction, attending numerous seminars and hearing lectures about the Universal Law, but they fail to use the powerful tools that will translate their desires from the invisible world of cause to the visible world of manifestation. There are many books and audio programs on the market that explain what the Law of Attraction is and what it does, but few that actually teach people how to use this creative power on a daily basis. As a result, this book will provide you with advanced manifestation techniques, strategies, insights, and success stories that will help you quickly manifest your desires with the Law of Attraction. Many students of the Law of Attraction have expressed concerns about being overwhelmed with all the manifestation books and study materials on the market. A friend recently told me: "I went to a book store and saw so many Law of Attraction books that I couldn't decide which to buy." Another friend said, "I know what the Law of Attraction is and what it does, but I am having trouble understanding what I need to do each day to make it work for me." I responded by telling my friend that she is not alone with her concerns. There is a lot of information on the market explaining what the Law of Attraction does, yet much of it fails to explain what must be done on a daily basis to make it work effectively. As a result of these concerns, I have written this book to guide readers through a series of real-life, daily scenarios that demonstrate what should be done each day in order to use the Law of Attraction effectively. The people interviewed for this book are among hundreds of people whom I have met during the course of my spiritual journey. I have met these wonderful people at seminars, workshops, lectures, churches, spiritual centers and through online forums on spirituality and personal growth. These enlightened individuals are among my growing community of spiritual friends who have shared their insights and experiences with

Why Celebrities Swear by These 15 Powerful Techniques As The Secret to Anything You Want in Life Do you easily complain or start nagging whenever something isn't going your way? Do you give fault and make others responsible for your misery? Are you annoyed looking around seeing others having exactly what you want in life? Believe it or not, you are the driver of your own life and no one else can steal your seat...if you don't let them. What if there were straight-forward, easy principles to get everything you want in life? Maybe you already manifest regularly or you've heard of it, but never consciously tried it. Using manifestation means using the power of your thoughts, feelings, or beliefs to bring something into your physical reality. At first, it sounds abstract, but science has proven, everything is made of energy objects, animals, thoughts, and humans. There are laws that control how this energy flows and where it goes just as there are laws of gravity and laws of growth. The more you know about these laws the easier it is to navigate the energy you need in the right direction. No wonder that even stars like Will Smith, Jim Carrey, Oprah Winfrey, and Lady Gaga swear by manifestation as the secret to their success. Jim Carrey makes it sound really simple. He says: "As far as I can tell, it's just about letting the universe know what you want and then working towards it while letting go of how it comes to pass." Yet, there are reasons why some people are better at manifesting than others. There are a couple of fundamentals you need to understand in order to apply manifestation effectively. With a little guidance and the right techniques, your best life is waiting for you. This is only a select sample of what you'll discover in *The Magic of Manifesting Flap or Fab: Why you should care about manifestation more than you think* The scientific secret

If you have read my other books you know that I am a firm believer in the fact that the Law of Attraction always responds to persistent, committed action. It does so because it is a spiritual law that responds to human belief in the same way that the laws of nature respond to all who use them. And being a spiritual law, it works for everyone in the same way no matter how young or old a person is, or how rich or poor. Daily, committed action is the single factor that will determine your success with the Law of Attraction, whether you choose to manifest financial abundance, a satisfying career, or

Unfortunately, many people on this spiritual path read book after book about the Law of Attraction, yet they fail to take the daily, committed action that will help them manifest their desires. My goal is that you succeed with your intention to manifest true and lasting love, so I wrote this book as a clear guide that will provide you with easy-to-use, practical tools that will help you manifest your soul mate. In fact, the information in this book has helped many people attract a soul mate, and it can work for you, too.
