Dr. Murphy was a proponent of the New Thought movement. He had had a unique gift of expressing great truths in a lucid manner. The book highlights "Your right to be rich" and "The road to Riches". The author has narrated-'What people can achieve if they start using their imaginary and creative skills.' Lots of examples are included in the book. The book narrates, there is no virtue in poverty. It should be abolished from the earth. Everyone is here to grow, expand and unfold - spiritually, mentally and materially. Poverty is a disease like any other mental disease. You were born to succeed to win, to conquer all hurdles, and to have all your faculties fully developed. If there is financial lack in your life, do something about it. "Man does not live by bread alone." For this one has to set his heart on money and to give all his attention to amassing money, nothing else matters. You are living in a subjective and objective world. You must not neglect the spiritual food, such as peace of mind, love, beauty, harmony ,joy, and laughter. Dr. Murphy wrote more than 30 books. His

people's definition of money (or wealth) is relative. What is a large sum of money for you, may still be a meager amount for another person. How to Attract Love and Better Relationships with People The Law of Attraction works in every aspect of your life. You can activate it to manifest abundance and wealth, and you can also use it to ask for a better relationship, romantic or otherwise. The Law of Attraction and Success Some people pray for success, but they often wonder why success remains as elusive as an eel. Think of the Law this way: You can't ask from the Universe something that is impossible to happen or something that you do not work on. For instance, you can't expect yourself to win the lottery if you're not making bets. Manifestation of your desires happens when you are serious about your intentions and you know the actions that will bring about your desires. These chakras are energy points and are often associated with a color, and are related to any imbalances that you are feeling. This law is the language spoken by prophets and mystics, and the greatest force that sets all things in motion. You can make the Law of Attraction work miracles in your life, but your actions and desires must also be aligned with the higher law - that of the Divine. Take action now and get a copy of this book and it will help you to make a commitment to yourself that from this point forward, you are going to transform your life, reach your goals and live a happy life.

You get what you think. Like attracts like. You attract what you focus on. You have probably been hearing these statements again and again in the last two decades. Is it true? Although it sounds interesting, some skeptics believe that the law of attraction really works. Why shouldn't it? We always tend to get what we focus on. When we focus on the fact that a job interview is going to be a disaster, it usually does turn into one. When we think about how we are going to panic when we enter the examination hall, the likelihood is that that's exactly what's going to happen. These are experiences that many of us have gone through. As usual, most of us find it easier to remember the negative events and not the positive events. If we focus on something negative and it happens, then we can surely focus on something positive and it will happen too. This is the general premise of the law of attraction. Made popular by the book "The Secret" and the movie by the same name, the law of attraction is quite simple. It just says that like attracts like. So, if you focus on bad things, you will attract disaster. If you focus on good things, you will attract happiness. But this is easier said than done. It seems to sound easy, but many people find it difficult when they try to follow this principle. They want something, they focus on the lack of it, and that's what they get...lack of it. This is where most people tend to go wrong. The law of attraction is about focusing on abundance and not on lack. So, if you focus on the fact that you already have what you desire, you will get it. But if you focus on the fact that you don't have something and would like to have it, you never get it. In that case, how can you use the law of attraction to manifest your desires and your dreams into reality? Many people have been successful in manifesting their desire for money, a soul mate, a house, a great career, and so on and so forth. You can too. Just read this guide that aims to help you understand how you can manifest your desires into

One of the most powerful of the Seth Books, this essential guide to conscious living clearly and powerfully articulates the furthest reaches of human potential, and the concept that we all create our own reality according to our individual beliefs. Having withstood the test of time, it is still considered one of the most dynamic and brilliant maps of inner reality available today. “The Seth books present an alternate map of reality with a new diagram of the psyche . . . useful to all explorers of consciousness.” — Deepak Chopra “Seth was one of my first metaphysical teachers. He remains a constant source of knowledge and inspiration in my life.” — Marianne Williamson “I would like to see the Seth books as required reading for anyone on their spiritual pathway. The amazing in-depth information in the Seth books is as relevant today as it was in the early '70s when Jane Roberts first channeled this material.” — Louise Hay

THE LAW OF ATTRACTION WORKS...IF YOU WORK IT! The fastest way to manifest your desires is by implementing a Law of Attraction action plan. Since everything in the Universe is energy, the necessary ingredient for manifestation is the consistent mental and emotional energy that you emit in the form of thoughts, feelings, words and actions. It's very important to remember that the phrase "Law of Attraction" contains the word ACTION. Too many people on this spiritual path get caught up reading lots of books about the Law of Attraction, attending numerous seminars and hearing lectures about the Universal Law, but they fail to use the powerful tools that will translate their desires from the invisible world of cause to the visible world of manifestation. There are many books and audio programs on the market that explain what the Law of Attraction is and what it does, but few that actually teach people how to use this creative power on a daily basis. As a result, this book will provide you with advanced manifestation techniques, strategies, insights, and success stories that will help you quickly manifest your desires with the Law of Attraction. Many students of the Law of Attraction have expressed concerns about being overwhelmed with all the manifestation books and study materials on the market. A friend recently told me: "I went to a book store and saw so many Law of Attraction books that I couldn't decide which to buy." Another friend said, "I know what the Law of Attraction is and what it does, but I am having trouble understanding what I need to do each day to make it work for me." I responded by telling my friend that she is not alone with her concerns. There is a lot of information on the market explaining what the Law of Attraction does, yet much of it fails to explain what must be done on a daily basis to make it work effectively. As a result of these concerns, I have written this book to guide readers through a series of real-life, daily scenarios that demonstrate what should be done each day in order to use the Law of Attraction effectively. The people interviewed for this book are among hundreds of people whom I have met during the course of my spiritual journey. I have met these wonderful people at seminars, workshops, lectures, churches, spiritual centers and through online forums on spirituality and personal growth. These enlightened individuals are among my growing community of spiritual friends who have shared their insights and experiences with me, and who comprise a growing support group of like-minded people who understand the importance of self-empowerment and spiritual evolution.
