Jackson Katz

Le sette valli Osho,2011-06-29 Esistono sette valli - spiega Osho - una volta raggiunta la settimana, non ce ne sono più; allora l'uomo ha conseguito il suo essere, non è più paradossale. Non c'è più tensione, nessuna angoscia. Questo è ciò che in Oriente abbiamo chiamato Buddhità. (...) Ascolta quali sono queste sette valli, e cerca di comprenderle. Il maestro illustra nei dettagli quali siano le sette valli dell'anima, i sette momenti esistenziali che il ricercatore del Vero affronterà lungo il cammino. Sono passaggi che richiedono costanza e dedizione, e che possono essere sofferti, ma sono necessari e inevitabili se si vuole trascendere il proprio piccolo Ego e aprirsi ai misteri e alla gioia dell'esistenza. Osho inoltre mette in guardia il lettore dalle lusinghe e dai tranelli della mente, che cercherà di distogliere il cercatore del Vero dalla meta finale: l'illuminazione.

La leggenda delle sabbie Osho,2012-01-30 Un fiume, dalla sorgente sulle montagne lontane, dopo aver attraversato paesaggi di ogni genere e forma, raggiunse alla fine le sabbie del deserto. Come aveva superato ogni altro ostacolo, il fiume cercò di superare anche questo, ma correndo nella sabbia s'accorse che le sue acque scomparivano. Una storia Sufi che ci accompagna nel mistero dell'esistenza, una visione poetica che va assaporata lentamente per esserne trasformati, portati ad altre altitudini. Attraverso l'immagine del fiume, metafora della vita, ancora una volta Osho parla dell'io, della responsabilità, della molteplicità che riconduce all'Uno, coniugando la tradizione orientale alla sensibilità occidentale. Un viaggio alla scoperta dell'autenticità e della realizzazione personale. Titolo originale: *The Wisdom of the Sands*, volume I, chapters 1, 2, 5 and others selected questions (1978).

Chakra. La forza della vita Osho,2011-07-08 Una proposta pratica che porta a cogliere le potenzialità del proprio seme di umanità, per portarlo a piena fioritura. La visione di Osho è infatti basata su una verità elementare: Inizia da dove ti trovi. Tu sei parte di questo mondo distorto e malato: cambiando te stesso, stai cambiando il mondo. Con sorprendente naturalezza e spontaneità, Osho accompagna il lettore oltre la soglia della speranza, in un percorso concreto che porta a riconnettersi con la propria natura e il senso della propria responsabilità esistenziale: Certo, nel mondo esistono problemi, sono d'accordo: esistono problemi enormi. La vita è un inferno indescrivibile: c'è la miseria, la povertà, la violenza; c'è un'esplosione continua di ogni sorta di follia, questo è vero - ma io insisto: il problema sorge nell'anima individuale. Il problema esiste perché le persone vivono in un caos; il caos generale non è altro che il fenomeno combinato: noi tutti vi riversiamo il nostro caos. Titolo

originale: *The Divine Melody* (1977).

Quell'oscuro intervallo è l'amore Osho,2011-07-08 Secondo l'insegnamento di Osho, nella vita di un uomo esistono tre possibilità di diventare consapevoli.. La nascita, ma è già accaduta; la morte, ma non è prevedibile, per cui potresti trovarti inconsapevole.... Resta l'amore: non mancare questa opportunità, non mancare questo incontro. L'amore e la meditazione sono dunque le uniche speranze per il futuro del genere umano. L'amore è una mano tesa nel vuoto abissale che è l'esistenza a patto che si sappia distinguerne la profonda essenza ed energia strappando il velo delle illusioni che ci impediscono di cogliere la verità, come il sesso, il possesso, la gelosia, l'ego. Solo in questo modo quell'oscuro intervallo fra la nascita e la morte che è la vita di ogni uomo trova il suo più profondo significato.

The Macho Paradox Jackson Katz,2019-06-04 A fully revised and updated edition to a classic bestseller, *The Macho Paradox* is the first book to show how violence against women is a men's issue—and how all genders can come together to stop it. From the #MeToo movement to current discussions about gender norms in schools, sports, politics, and media culture, *The Macho Paradox* incorporates the voices and experiences of the women, men, and others who have confronted the problem of gender violence from all angles. Bestselling author Jackson Katz is a pioneering educator and activist on the topic of men's violence against women. In this revised edition of his heralded book, Katz outlines the ways in which cultural ideas about manhood contribute to men's sexually harassing and abusive behaviors and that men have a positive role to play in challenging and changing the sexist cultural norms that too often lead to gender violence. This important book for abused women covers topics ranging from mental and emotional abuse to sexual harassment to domestic violence and is a vital read for women with controlling partners or as a self-help book for men. Praise for *The Macho Paradox*: A candid look at the cultural factors that lend themselves to tolerance of abuse and violence against women.—Booklist If only men would read Katz's book, it could serve as a potent form of male consciousness-raising.—Publishers Weekly These pages will empower both men and women to end the scourge of male violence and abuse. Katz knows how to cut to the core of the issues, demonstrating undeniably that stopping the degradation of women should be every man's priority.—Lundy Bancroft, author of *Why Does He Do That?: Inside the Minds of Angry and Controlling Men*

The Good Teacher Alex Moore,2004 This book helps teachers, student-teachers, teacher trainers and others interested in the sociology and psychology of education to explore and make better sense of professional practice by examining that practice in the context of popular views.

Opera in Seventeenth-Century Venice Ellen Rosand,2007-10-09 In this elegantly constructed study of the early decades of public opera, the conflicts and cooperation of poets, composers, managers, designers, and singers—producing the art form

that was soon to sweep the world and that has been dominant ever since—are revealed in their first freshness.—Andrew Porter This will be a standard work on the subject of the rise of Venetian opera for decades. Rosand has provided a decisive contribution to the reshaping of the entire subject. . . . She offers a profoundly new view of baroque opera based on a solid documentary and historical-critical foundation. The treatment of the artistic self-consciousness and professional activities of the librettists, impresarios, singers, and composers is exemplary, as is the examination of their reciprocal relations. This work will have a positive effect not only on studies of 17th-century, but on the history of opera in general.—Lorenzo Bianconi

Dosso's Fate Dosso Dossi,1998 Dosso Dossi has long been considered one of Renaissance Italy's most intriguing artists. Although a wealth of documents chronicles his life, he remains, in many ways, an enigma, and his art continues to be as elusive as it is compelling. In *Dosso's Fate*, leading scholars from a wide range of disciplines examine the social, intellectual, and historical contexts of his art, focusing on the development of new genres of painting, questions of style and chronology, the influence of courtly culture, and the work of his collaborators, as well as his visual and literary sources and his painting technique. The result is an important and original contribution not only to literature on Dosso Dossi but also to the study of cultural history in early modern Italy.

Thinking on Screen Thomas E. Wartenberg,2007-10-31 *Thinking on Screen: Film as Philosophy* is an accessible and thought-provoking examination of the way films raise and explore complex philosophical ideas. Written in a clear and engaging style, Thomas Wartenberg examines films' ability to discuss, and even criticize ideas that have intrigued and puzzled philosophers over the centuries such as the nature of personhood, the basis of morality, and epistemological

skepticism. Beginning with a demonstration of how specific forms of philosophical discourse are presented cinematically, Wartenberg moves on to offer a systematic account of the ways in which specific films undertake the task of philosophy. Focusing on the films *The Man Who Shot Liberty Valance*, *Modern Times*, *The Matrix*, *Eternal Sunshine of the Spotless Mind*, *The Third Man*, *The Flicker*, and *Empire*, Wartenberg shows how these films express meaningful and pertinent philosophical ideas. This book is essential reading for students of philosophy with an interest in film, aesthetics, and film theory. It will also be of interest to film enthusiasts intrigued by the philosophical implications of film.
