Luigi Tansillo is one of the most interesting and representative of the Petrarchist poets active in Naples during the mid-sixteenth century. This study reconsiders

his substantial lyric corpus from a variety of perspectives, opening with a survey of the textual tradition and previous critical work on his verse. Four of Tansillo's lyric collections are examined in depth, and read from narrative and thematic points of view. Particular emphasis is placed on the evolution of the collections, by exploring the ways in which very different types of narrative implying different underlying poetics can be constructed using often identical poems. Parallel to this is a consideration of Tansillo's place within the broader literary historical context, and his use of verse as a political and ideological tool in the service of the Spanish viceroy of Naples. These detailed studies of individual poetic sequences are complemented by an analysis of Tansillo's poetic language within the context of Neapolitan reactions to the questione della lingua, and of his contribution to creating a fixed iconology for the representation of jealousy in the Renaissance and Baroque lyric.

Women and the Great War focuses on women's experiences during the period of violent conflict - the Great War. It examines the role of women as peace activists as well as their role in the military and support services. Source materials, including historical documents, photographs and cartoons, together with student activities, are used to focus the reader on the way violent conflict altered women's traditional roles.

Presenting the stories of Zeus and Europa, Theseus and Ariadne, the birth of Athens and the fall of Troy, in all their variants, Calasso also uncovers the distant origins of secrets and tragedy, virginity, and rape. "A perfect work like no other. (Calasso) has re-created . . . the morning of our world."--Gore Vidal. 15 engravings.

Combining close textual readings with a broad theoretical perspective, *Gender, Narrative, and Dissonance in the Modern Italian Novel* is a study of the ways in which gender shapes the principal characters and narratives of seven important Italian novels of the nineteenth and twentieth centuries, from Alessandro Manzoni's *I promessi sposi* (1827) to Elsa Morante's *Aracoeli* (1982). Silvia Valisa's innovative approach focuses on the tensions between the characters and the gender ideologies that surround them, and the ways in which this

dissonance exposes the ideological and epistemological structures of the modern novel. A provocative account of the intersection between gender, narrative, and epistemology that draws on the work of Georg Lukács, Barbara Spackman, and Teresa de Lauretis, this volume offers an intriguing new approach to investigating the nature of fiction.

Thank you for taking the time and getting ready to read this manual.

Written by Europe's first professional woman writer, *The Treasure of the City of Ladies* offers advice and guidance to women of all ages and from all levels of medieval society, from royal courtiers to prostitutes. It paints an intricate picture of daily life in the courts and streets of fifteenth-century France and gives a fascinating glimpse into the practical considerations of running a household, dressing appropriately and maintaining a reputation in all circumstances. Christine de Pizan's book provides a valuable counterbalance to male accounts of life in the

middle ages and demonstrates, often with dry humour, how a woman's position in society could be made less precarious by following the correct etiquette.

### Leggere Le Sibille Corti D'Amore

'Rewriting' is one of the most crucial but at the same time one of the most elusive concepts of literary scholarship. In order to contribute to a further reassessment of such a notion, this volume investigates a wide range of medieval and early modern literary transformations, especially focusing on texts (and contexts) of Italian and French Renaissance literature. The first section of the book, "Rewriting", gathers essays which examine medieval and early modern rewritings while also pointing out the theoretical implications raised by such texts. The second part, "Rewritings in Early Modern Literature", collects contributions which account for different practices of rewriting in the Italian and French Renaissance, for instance by analysing

dynamics of repetition and duplication, verbatim reproduction and free reworking, textual production and authorial self-fashioning, alterity and identity, replication and multiplication. The volume strives at shedding light on the complexity of the relationship between early modern and ancient literature, perfectly summed up in the motto written by Pietro Aretino in a letter to his friend the painter Giulio Romano in 1542: "Essere modernamente antichi e anticamente moderni".

Raffaello Borghini's *Il Riposo* (1584) is the most widely known Florentine document on the subject of the Counter-Reformation content of religious paintings. Despite its reputation as an art-historical text, this is the first English-language translation of *Il Riposo* to be published. A distillation of the art gossip that was a feature of the Medici Grand Ducal court, Borghini's treatise puts forth simple criteria for judging the quality of a work of art. Published sixteen years after the second edition of Giorgio Vasari's *Vite*, the text that set the standard for art-historical writing during the period, *Il Riposo* focuses on important issues that Vasari avoided, ignored, or was oblivious to. Picking up where Vasari left off, Borghini deals with artists who came after Michaelangelo and provides more comprehensive descriptions of artists who Vasari only touched upon such as Tintoretto, Veronese, Barocci, and the artists of Francesco I's Studiolo. This text is also invaluable as a description of the mid-sixteenth century reaction against the style of the 'maniera,' which stressed the representation of self-consciously convoluted figures in complicated works of art. The first art treatise specifically directed toward non-practitioners, *Il Riposo* gives unique insight into the early stages of art history as a discipline, late Renaissance art and theory, and the Counter-Reformation in Italy.

Antares Stanislas he practices astrology for more than twenty years.

True to its original form, this antique oracle has survived the centuries virtually intact! Once used by cartomants throughout Europe, these simple yet meaningful cards continue to spark intuition and personal insights today. Publisher Review: The Sibilla Oracle Cards may not interest some of you because it's not a standard Tarot. If so, you're going to be missing out on a great combination. Before I explain what I mean by that, let's look at the cards themselves. This deck of cards is smaller in size than most Tarot decks. It's less thick because it has only 52 cards, like a pack of playing cards, and the dimensions of each card are those of a card for playing bridge. That makes this deck much easier to carry around than any deck other than the postage stamp size decks that some may consider too small for practical use. Like a deck of playing card, this oracle is divided into four suits, diamonds, clubs, hearts and spades, each with ten pip cards and three court cards. If you're bored, you could play solitaire with this deck. There are two major differences between this deck and regular playing cards. First, every card has a pictorial image. The style appears to be 18th century line drawings overpainted with very intense watercolors so that the lines show through. Most of us are familiar with the pale pastel watercolors of our youth, but these colors feature deep earth tones of green, brown, orange, and surprisingly bright and rich red. The backgrounds are washes of pale yellow. There are no blues to be found. The upper left corner gives an image of the matching standard playing card. . . read more.

The Flame (1900) is a novel by Gabriele D'Annunzio. Inspired by the author's

interpretation of the work of Friedrich Nietzsche and Walter Pater, *The Flame* is a semi-autobiographical account of the end of D'Annunzio's relationship with famed actress Eleonora Dusa. Considered a central text of Italian Decadentism, the novel has earned comparisons to the work of Oscar Wilde and Joris-Karl Huysmans. "With an all-comprehensive glance, she looked around at all the beauty of this last twilight of September. In the dark wells of her eyes were reflected the circles of light made by the oar as it flashed in the water, which was illuminated by the glittering angels that shone from afar on the campaniles of San Marco and San Giorgio Maggiore." Venice, a symbol of the Renaissance, is changing. The churches and canals of old remain, but an era of cultural achievement is coming to a close. As the public anticipates the death of legendary composer Richard Wagner, who has taken to his deathbed at the palace of Ca' Vendramin Calergi, Stelio Effrena dreams of establishing his reputation as one of Italy's greatest poets. Filled with theories of art and philosophies of life, possessing an undeniable mastery of language, he nevertheless feels uninspired by his muse, the aging actress La Foscarina. Meditative and introspective, *The Flame* has attracted praise for its portrayal of nineteenth century Venice, a city seemingly lost in time. With a beautifully designed cover and professionally typeset manuscript, this edition of Gabriele D'Annunzio's *The Flame* is a classic work of Italian literature reimagined for modern readers.

Un bel mattino passeggiavo con mio padre, secondo il nostro costume; eravamo

inseparabili; s'egli andava in un luogo senza di me, di lì a un poco mi vedeano spuntare; pareva che sapessi di doverlo perdere così presto. Ero in su que' bei diciott'anni, e su que' bei colli veronesi. La strada che talora serviva di letto al torrente, serpeggiava profonda, sassosa, sdrucchiola, tutta segnata sulla creta, dalle unghie fesse delle pecore, e dalle scarpe ferrate dei montanari. Due file di càrpini e di querce scapitozzate con macchie di rovi legate insieme da volubili madriselve sorgevano ombrose sull'alto delle due ripe, più a guisa di parete che di siepe, lasciando cadere dai cigli corrosi le pendole barbe delle radici nude.

"This survey traces the development of portrait painting in Northern and Southern Europe during the Renaissance, when the genre first flourished. Both regions developed their own distinct styles and techniques, but each was influenced by the other. Focusing on the relationship between artists of the north and south, renowned specialists analyse the notion of likeness - at that time based not only on accurate reference to posterity, but incorporating all aspects of human life, including propaganda, power, courtship, love, family, ambition and hierarchy. Essays and individual catalogue entries present new research on works by some of the greatest portraitists of the period, including Giovanni Bellini, Sandro Botticelli, Lucas Cranach, Albrecht Durer, Jan van Eyck, Hans Holbein and Titan, all magnificently illustrated."--Jacket.

This text provides a major study for all those working in the fields of 16th- and 17th-

century political and social thought.

Towards the end of her life, the French philosopher and mystic Simone Weil (1909-43) was working on a tragedy, *Venice Saved*. Appearing here in English for the first time, this play explores the realisation of Weil's own thoughts on tragedy. A figure of affliction, a central theme in Weil's religious metaphysics, the central character offers a unique insight into Weil's broader philosophical interest in truth and justice, and provides a fresh perspective on the wider conception of tragedy itself. The play depicts the plot by a group of Spanish mercenaries to sack Venice in 1618 and how it fails when one conspirator, Jaffier, betrays them to the Venetian authorities, because he feels compassion for the city's beauty. The edition includes notes on the play by the translators as well as introductory material on: the life of Weil; the genesis and purport of the play; Weil and the tragic; the issues raised by translating *Venice Saved*. With additional suggestions for further reading, the volume opens up an area of interest and research: the literary Weil.

Among the violent personalities of the High Renaissance, Lucrezia Borgia is chiefly remembered as a raven-haired poisoner.

Le Corti d'Amore, anche note come La Nuova Cartomanzia, sono carte da divinazione che appartengono alla categoria delle Sibille. La caratteristica che le differenzia da tutti gli altri mazzi, Tarocchi compresi, la loro spiccata vocazione ai consulti sentimentali. Purtroppo, per, sebbene Le Corti d'Amore siano diffusissime fra gli appassionati di

cartomanzia, la letteratura che le riguarda carente e inadeguata, perch ricalca, non senza forzature, studi originariamente pensati per La Vera Sibilla. Lo scopo di questo libro colmare tale lacuna, consentendo agli aspiranti cartomanti di avvicinarsi in modo semplice e divertente all'arte della divinazione con le Sibille Corti d'Amore.

This is the first unexpurgated English edition of Curzio Malaparte's legendary work *The Skin*. The book begins in 1943, with Allied forces cementing their grip on the devastated city of Naples. The sometime Fascist and ever-resourceful Curzio Malaparte is working with the Americans as a liaison officer. He looks after Colonel Jack Hamilton, "a Christian gentleman . . . an American in the noblest sense of the word," who speaks French and cites the classics and holds his nose as the two men tour the squalid streets of a city in ruins where liberation is only another word for desperation. Veterans of the disbanded Italian army beg for work. A rare specimen from the city's famous aquarium is served up at a ceremonial dinner for high Allied officers. Prostitution is rampant. The smell of death is everywhere. Subtle, cynical, evasive, manipulative, unnerving, always astonishing, Malaparte is a supreme artist of the unreliable, both the product and the prophet of a world gone rotten to the core.

"Intentions By Oscar Wilde was published in 1891 when Wilde was at the height of his form, these brilliant essays on art, literature, criticism, and society display the flamboyant poseur's famous wit and wide learning. A leading spokesman for the English Aesthetic movement, Wilde promoted art for art's sake against critics who argued that art must serve a moral purpose. On every page of this collection the gifted literary stylist admirably demonstrates not only that the characteristics of art are "distinction, charm, beauty, and imaginative power, but also that criticism itself can be raised to an art form possessing these very qualities. In the opening essay, Wilde laments the decay of Lying as an art, a science, and a social pleasure. He takes to task modern literary realists like Henry James and Emile Zola for their "monstrous worship of facts" and stifling of the imagination. What makes art wonderful, he says, is that it is absolutely indifferent to fact, invents, imagines, dreams, and keeps between herself and reality the impenetrable barrier of beautiful style, of decorative or ideal treatment."
