It was published as a serial in St. Nicholas Magazine from November 1885 to October 1886, then as a book by Scribner's (the publisher of St. Nicholas) in 1886.[2] The illustrations by Reginald B. Birch set fashion trends and the novel set a precedent in copyright law when Burnett won a lawsuit in 1888 against E. V. Seeborn over the rights to theatrical adaptations of the work

On a rainy afternoon in London's old Chelsea, a charming multi-billionaire Russian oligarch, Gorsky, walks into an ailing bookshop and writes the first of several quarter-of-a-million pound checks. With that money, Gorsky has tasked Nikola, the store's bored and brilliant clerk, with sourcing books for a massive personal library, which will be housed in the magnificent, palatial home Gorsky happens to be building immediately next to Nikola's own modest dwelling. Gorsky needs a tasteful collection of Russian literature to woo a long-lost love—no matter that she happens to be married to an Englishman. His passion for her surpasses even his immeasurable wealth, and Nikola will be drawn into a world of opulence, greed, capitalism, sex, and beauty as he helps Gorsky pursue this doomed love. Charmingly written and inspired by *The Great Gatsby*, Gorsky is a vicarious thrill—an ode to cosmopolitan taste and a brilliant reimagining of a powerful classic.

To know a city is to become intimately intertwined with its nooks, crevices, secret passageways, and dark places where its lifeblood flows—and what city has more of those than Venice? In *The Other Venice*, Predrag Matvejević ventures past the infamous canals and cobblestone streets of the tourist's Venice to find the heart of the ancient Italian metropolis. A lyric re-imagining of the City of Romance, *The Other Venice* utterly reconfigures the Venetian landscape, as Matvejević follows both real and imaginary maps, contemporary and historical, to trace out the details of this sensuous city. He probes into what the ancient metropolis means to its people,

the nation, and global culture. But he also finds hints of life in the smallest and most mundane details—ancient bridges, rust-flecked boats, wall sculptures, rivers, and piazzas scattered throughout the city. Each has a little-known story and with Matvejevic as our guide, he reveals the stories behind them all. The book carries readers to a Venice that has escaped the eyes of writers, artists, and photographers through the centuries, and Matejevic by turns plays a historian, cartographer, anthropologist, and philologist as he unravels elusive artifacts of time past. Arresting black-and-white photographs by renowned photographer Sarah Quill accompany the text, offering a silent testament to Matvejevic's pilgrimage. A fascinating and beautifully written guide, *The Other Venice* reminds us that there is always another mystery to uncover in the city of water and stone.

Meet Hedgemond the Hunter - a brave and stubborn little hedgehog. Down in the wild woods he proudly tends his beloved house, but there are some animals who just can't understand what the fuss is about. Find out just how Hedgemond proves to the grumpy bear and the greedy boar that there is no place like home. Hedgehog's Home is a story about caring for the place you call home. Set in the unspoilt environment of the 'wild woods', we find the wild

creatures arguing about what home means: is it simply a place we should take for granted or is it something to be cherished and protected? Despite the persuasions of charming Miss Fox and the jeers of the angry wolf, Hedgemond steadfastly proves that his home is his castle, reminding us all to be true to ourselves and safeguard what we care for. A touching story of cultural difference and tested loyalties. Set in Belgrade before WWII, *Fathers and Forefathers* tells the story of the marriage between a Steven, a Serb, and Elizabeth, an Englishwoman. After meeting at an English university they marry and leave England to build their life together. Steven's narrative and Elizabeth's letters home reveal two very different personal accounts of the difficulties this involves. Raised in Serbia their son, Mihajlo, is ashamed of his mixed parentage and rebels against his non-Serbian ancestry. On the eve of the war, Steven's loyalties are challenged when his counsel is sought by both the Serbian king and the opposition. He resolves to keep his distance from the conflict, but Mihajlo's more radical response forces him to become involved, and tragedy engulfs the family. It has been said that Elizabeth Bathory was the model for Bram Stoker's nineteenth century novel "Dracula." There is no doubt that Stoker heard the legends that have been thrilling audiences for centuries before writing his famous book in Dublin in 1897. Countess Bathory and Count Dracula are alike in so many ways, except she actually lived at the turn of the seventeenth century in Hungary. Her bloody tale is far more terrifying because it was real. Stoker developed the theme of isolation when he wrote "You must not be alone; for to be alone is to be full of fears and alarms." Bathory's victims were often innocent young girls, stolen from their families and trapped alone and defenseless, but they were also her serfs and the community surrounding her castle, the ruins of which exist today in the real village of Cachtice, Slovakia. Cachticka Pani has been a bestselling novel in Slovakia for almost as long as it has been in print. It has been translated into Czech, Hungarian, Polish, German, and now for the first time, English. This story brings to life a poignant period in European history when the value of the life of the common serf fell to its lowest point and the powers of the nobility to do evil were at their greatest. The author Jozo Niznansky, a popular Slovakian adventure writer, presents his readers a vivid description of what life during the time of Elizabeth Bathory must have been like. He used authentic historical documents to bring the incredibly evil and frightening legend to life. His novel has it all. It is loaded with facts, chills, mystery, horror, adventure, intrigue, and is also a beautiful love

Second only to Aesop, Jean de la Fontaine was the author of comic and delightful fables that are as alive today as when they first appeared in the 18th century. Based on tales both famous and obscure by an array of classical writers, La Fontaine's fables offer vivid perspectives on such elemental subjects as greed and flattery, envy and avarice, love and friendship, old age and death.
