Our French dialogues get straight to the point saving you precious time. There's no benefit learning words and phrases you will never actually use! If you want to learn French quickly and have a ton of fun along the way, obviously, this book is for you! How Conversational French Dialogues works: • Each new chapter will have a fresh, new story between two or more people who wish to solve a common, day-to-day problem that you will most likely experience in real life. • A French version of the conversation will take place first, followed by an English translation. This ensures that you fully understood just what it was that they were saying! • Before and after the main section of the book, we shall provide you with an introduction and conclusion that will offer you important strategies, tips and tricks to allow you to get the absolute most out of this learning material. • That's about it! Simple, useful and incredibly helpful; you will NOT need another conversational French book once you have started reading and studying this one! Focus on getting from zero to conversationally fluent, so you can: -Travel or live in France or any French speaking country without relying on Google Translate -Join French conversations with your French speaking coworkers, friends, or family members -Date French-speakers without embarrassing yourself -Stop getting passed over for jobs or promotions for less-qualified people who are bilingual We want you to feel confident while learning French; after all, there should never be a language barrier stopping you from traveling

around the world and expanding your social circles! So look no further! Grab your copy of Conversational French Dialogues and start learning French right now!
