Based on the bestselling series from The Great Courses, *Building Great Sentences* celebrates the sheer joy of language—and will forever change the way you read and write. Great writing begins with the sentence. Whether it's two words ("Jesus wept.") or William Faulkner's 1,287-word sentence in *Absalom! Absalom!*, sentences have the power to captivate, entertain, motivate, educate, and, most importantly, delight. Yet, the sentence-oriented approach to writing is too often overlooked in favor of bland economy. *Building Great Sentences* teaches you to write better sentences by luxuriating in the pleasures of language. Award-winning Professor Brooks Landon draws on examples from masters of long, elegant sentences—including Don DeLillo, Virginia Woolf, Joan Didion, and Samuel Johnson—to reveal the mechanics of how language works on thoughts and emotions, providing the tools to write powerful, more effective sentences.

This is a print on demand book and is therefore non- returnable. The Handbook, designed as a complete tool for the student of Biblical Hebrew, is the result of over twenty- five years of teaching the language. While it is primarily intended for use in Hebrew courses, it is also an excellent tool for a refresher course or useful as a basic grammatical reference work to aid the exegete. Similar in format to the author's Handbook of New Testament Greek, it combines reading lessons (vol. 1) with grammar, paradigms, and basic vocabulary (vol. 2). William LaSor uses the inductive method, studying directly from the text, rather than the conventional method of language study in which beginning students learn the rules of grammar and syntax and memorize vocabulary, often without reading the actual text. Instead of memorizing numerous forms that will never be encountered in actual reading, the student learns only what he or she encounters. The lessons are based on the Hebrew text of Esther, chosen because it presents little difficulty in theological or textual matters and has an excellent vocabulary. LaSor has included readings from other portions of the Bible, such as several chapters from Genesis, to introduce the student to Hebrew other than that found in Esther. The diligent student of this method will learn not only the elements of Hebrew but also how to inductively study the language and how to learn by induction what the Hebrew text says.

Brainerd Kellogg (August 15, 1834 - January 9, 1920) was born in Champlain, New York. He was a Tutor (1860-1861) and Professor of Rhetoric and English Literature (1861-1868) at Middlebury College in Vermont, United States. From 1868 to 1907 he was professor at the Brooklyn Polytechnic Institute. He published a number of influential education books, some of which are available on Project Gutenberg. Kellogg was the author of Rhetoric; History of the English Language. With Alonzo Reed, he jointly authored Graded Lessons in English; Higher Lessons in English; A One Book Course. He authored a variety of textbooks on English writing and literature, including a series on the works of William Shakespeare. Most methods of diagramming in pedagogy are based on the work of Alonzo Reed and Brainerd Kellogg in their book Higher Lessons in English, first published in 1877, though the method has been updated with recent understanding of grammar. Reed and Kellogg were preceded, and their work probably informed, by W. S. Clark, who published his "balloon" method of depicting grammar in his 1847 book A Practical Grammar: In Which Words, Phrases & Sentences are Classified According to Their Offices and Their Various Relationships to Each Another. Some schoolteachers continue to use the Reed–Kellogg system in teaching grammar, but others have discouraged it in favor of more modern tree diagrams.

The aim of this work is to make the science of the language, of which all the essentials are thoroughly presented, tributary to the art of expression. Every principle unfolded in the "Hints," and every idiom, common construction, and form, learned by the pupil in the analysis and parsing of the wide range of sentences given, is fixed in memory and, above all, in practice by varied and exhaustive drill in composition. The pupil is constantly stimulated to the attractive labor of composing sentences, arranging and rearranging their parts, contracting, expanding, punctuating, and criticizing them -- the analysis furnishing him materials for the synthesis, and the synthesis supplementing the analysis. Even if the study of grammar were only to lodge in the memory the facts and principles of the language, we contend that this could be done only by work and composition -- this, and this only, can make them permanent possessions. The first half of the book is devoted to "The Sentence and the Parts of Speech;" the next thirty pages to "Parts of Speech Subdivided;" the next seventy to "Modifications of the Parts of Speech;" and the remaining thirty to composition. - Preface.

In this chapter the author has made an attempt in a very simple language with very suitable examples as to how students can understand which part of the sentence is a Principal Clause and which part is a Subordinate Noun Clause or Subordinate Adjective Clause or Subordinate Adverb Clause and why ? Students after learning the lesson can easily pick out the clauses from the complex sentence comprising of Principal Clause and Subordinate Noun Clause or Subordinate Adjective Clause or Subordinate Adverb Clause but with appropriate reasons under the rules as stated in the booklet of Analysis – A part of English Grammar. Do hope students and the boys desirous of learning English can be able to learn this important chapter within a few hours and can mastery over the subject by getting by heart all the relevant rules and practising to pick out clauses and naming them correctly with reasons.
