The response to Nancy Pearl's surprise bestseller Book Lust was astounding: the Seattle librarian even became the model for the now-famous Librarian Action Figure. Readers everywhere welcomed Pearl's encyclopedic but discerning filter on books worth reading, and her Rule of 50 (give a book 50 pages before deciding whether to continue; but readers over 50 must read the same number of pages as their age) became a standard MO.

The romance of lust is one of the influential erotica novels of the Victorian era, a four volume written anonymously from 1873-1876. It was also controversial for being so frank about sex and for taboo topics such as incest, homosexuality, and orgies. We had discovered that mutual handlings gave a certain amount of pleasing sensation; and, latterly, my eldest sister had discovered that the hooding and unhooding of my doodle, as she called it, instantly caused it to swell up and stiffen as hard as a piece of wood. My feeling of her little pinky slit gave rise in her to nice sensations, but on the slightest attempt to insert even my finger, the pain was too great. We had made so little progress in the _attouchements_ that not the slightest inkling of what could be done in that way dawned upon us. I had begun to develop a slight growth of moss-like curls round the root of my cock; and then, to our surprise, Mary began to show a similar tendency. As yet, Eliza was as bald as her hand, but both were prettily formed, with wonderfully full and fat mounts of Venus. We were perfectly innocent of guile and quite habituated to let each other look at all our naked bodies without the slightest hesitation; and when playing in the garden, if one wanted to relieve the pressure on the bladder, we all squatted down together, and crossed waters, each trying who could piddle fastest. Notwithstanding these symptoms of passion when excited, in a state of calm I might have passed for a boy of ten or eleven. My father had left us but moderately provided for, and mamma, wishing to live comfortably, preferred giving me lessons along with my sisters at home to sending me to school; but her health beginning to fail, she inserted an advertisement in the _Times_ for a governess. Out of a large number of applicants, a young lady, of the name of Evelyn, was selected. Some ten days afterwards she arrived, and became one of the family. We did not see much of her the first evening, but after breakfast the following morning, mamma accompanied her to what was considered our school-room, and said, "Now, my dears, I place you under Miss Evelyn's care; you must obey her in all things; she will teach you your lessons, as I am unable to do so any longer." Then, turning to our new governess, "I fear you will find them somewhat spoiled, and unruly; but there is a horse, and Susan will make you excellent birch rods whenever you require them. If you spare their bottoms when they deserve whipping, you will seriously offend me." As mamma said this, I observed Miss Evelyn's eyes appeared to dilate with a sort of joy, and I felt certain that, severely as mamma had often whipped us, if we should now deserve it, Miss Evelyn would administer it much more severely. She looked amiability itself, and was truly beautiful in face and person, twenty-two years of age, full and finely formed, and dressed always with the most studied neatness. She was, in truth, a seductive creature. She made an instantaneous impression on my senses. There was, however, somewhat of a sternness of expression, and a dignity of carriage, which caused at once to fear and respect her. Of course, at first, all went smoothly enough, and seeing that mamma treated me precisely as she did my sisters, I came to be regarded as quite a child by Miss Evelyn. She found that she had to sleep in the same room with my sisters and myself. I fancied that on the first night Miss Evelyn did not approve of this arrangement, but gradually became familiarized with it, and seemed to think no more about it.

In early Victorian England there was intense interest in understanding the early Church as an inspiration for contemporary sanctity. This was manifested in a surge in archaeological inquiry and also in the construction of new churches using medieval models. Some Anglicans began to use a much more complicated form of ritual involving vestments, candles, and incense. This "Anglo-Catholic" movement was vehemently opposed by evangelicals and dissenters, who saw this as the vanguard of full-blown "popery." The disputed buildings, objects, and art works were regarded by one side as idolatrous and by the other as sacred and beautiful expressions of devotion. Dominic Janes seeks to understand the fierce passions that were unleashed by the contended practices and artifacts - passions that found expression in litigation, in rowdy demonstrations, and even in physical violence. During this period, Janes observes, the wider culture was preoccupied with the idea of pollution caused by improper sexuality. The Anglo-Catholics had formulated a spiritual ethic that linked goodness and beauty. Their opponents saw this visual worship as dangerously sensual. In effect, this sacred material culture was seen as a sexual fetish. The origins of this understanding, Janes shows, lay in radical circles, often in the context of the production of anti-Catholic pornography which titillated with the contemplation of images of licentious priests, nuns, and monks.

Nineteenth-century scientist David Starr Jordan built one of the most important fish specimen collections ever seen, until the 1906 San Francisco earthquake shattered his life's work.

The Victorian era is often regarded as a very austere period, but *Amorous Congress: A Collection of New Victorian Erotica* demonstrates that this was not always the case at all. Journalist Rene Denfeld explains why her generation has become alienated from the women's movement, maintaining that the actions of the movement's current leadership have actually encouraged a return to the kind of sexual repression and political powerlessness challenged by feminists in the 1970s. Here she offers a practical battle plan which includes confronting the issues of child care and birth control, working for equal government representation, and treating sexual assault as a serious crime.

Extracts from the stories: "...Not responsible for my actions..." she whispered slowly and stood up, tip-toe, and kissed him. He was too surprised to draw back and when he tried, she had already placed her unexpectedly strong arms around his neck and he lacked the strength to pry them away. In fact, he felt strangely helpless, like it was someone else who acted instead of him, as he kissed her back. His hands involuntarily reached her waist and pulled her closer." - From the short story "View of a cemetery" "This, this is not really happening, is it?" Agnes whispered, breathless as Catherine started to undo her corset. "No, of course it is not," Catherine agreed, suppressing a small moan of delight as she pulled down the upper part of the linen undergarment and very attentively and experimentally kissed Agnes' soft round breasts. - From the short story "Wildflowers" "No, no, none of that..." he said teasingly, but reluctantly, as he moved her hands away. "Not yet," he added and smiled roguish at her disappointed sigh. I stayed petrified in front of the window as the scene continued before me. I felt feverish and out of breath myself, wishing with all my heart that someone would make love to me like that, but also keenly aware of that I was watching something entirely private and that it was both wicked and wrong of me to stay and look. - From the short story "Booklover" Product details: #9 on the Top 10 list of Victorian Erotica Romance (Amazon US) #86 on the Top 100 list of Erotica Fiction (Amazon UK) Category: Victorian Romance and Erotica Format: Kindle eBook Written and published: 2011 Length: ~ 20800 words (each story is short and sweet ~2500 words) Proofread by Nicolas Ambrose Publisher: My Secret Quill About the author: Lady T. Kilvert's World of Wonders takes a fresh look at the Victorian era, one that does not turn away from the smoke stacks and crowded streets of popular imagining, but which sees them from the distance of the rural countryside. Though a countryman and lover of country ways, here the well know diarist is shown to be deeply stirred by what he saw as a society being changed and improved by science, technology, and by the liberal, enlightened ideas that were starting to circulate. The social changes seen by Kilvert resonated with the vision of progress that was imbued in him by his Victorian upbringing, and as a result his diaries can be seen as a response to these changes and not, as previous Kilvert scholarship suggests, as a simple record of country life. Toman's new work goes beyond the biographical and social realities of Kilvert's family by comparing them to almost twenty other middle-class families in order to show common factors in the familial experience of a rapidly changing society. At the heart of this re-evaluation of Kilvert's life and times is the theme of Wonder, various aspects of which are explored throughout. Away from the rapidly growing urban centres the effects of industrialisation are seen in a surprisingly positive light by Francis Kilvert, a fervent Christian coming to terms with the encroachments that science, scepticism and secularism were making upon religious faith and yet seeing all around him a 'world of wonders'.

"Steamily atmospheric . . . A twisted Gothic tale, emotional in its language and febrile in its atmosphere, and it will appeal to readers who love to hear about obsession, repression . . . and poetic justice." —The New York Times Book Review Louisa is the new scholarship student at Temple House, a drafty, imposing cliffside boarding school full of girls as chilly as the mansion itself. Told in alternating points of view, The Temple House Vanishing is tense, atmospheric, and page-turning . . . with a shocking, ingenious conclusion. Despite rigid moral codes, some nineteenth-century writers flaunted convention by producing erotica published by underground houses and distributed widely, much to the chagrin of religious and political leaders of the Victorian Age. And while today it seems that writing about sexuality is completely uninhibited, it pales in comparison to the steamy and graphic yet romantically inviting and colorful works authored many years ago. The most notorious and lusty stories from the Victorian era have been assembled here in all of their sexual splendor. Readers will want to carry a tissue to dab their brow, or simply read this passionate pillowtalk in the presence of their soulmate! Erotic Tales of the Victorian Age includes selections from the spicy "Eveline" by Anonymous, the story of a resourceful young woman who enjoys teasing various men by letting her hands wander; "My Secret Life" by "Walter", which explores the author's carnal travellog; the lusty "Rosa Fielding" by Anonymous; "Therese Raquin" by Emile Zola; "My Life and Loves" by Frank Harris; the infamous "Venus in India" by Charles Devereaux, describing the author's sexual exploits as a member of the British Army; "The Perfumed Garden" by Sir Richard Burton, which reads like a Victorian Joy of Sex; tantalizing extracts from Dracula by Bram Stoker, and more.

In this Companion, first published in 2000, specially-commissioned essays examine the social and cultural context of Victorian fiction.

Anna Krugovoy Silver examines the ways nineteenth-century British writers used physical states of the female body - hunger, appetite, fat and slenderness - in the creation of female characters. Silver argues that anorexia nervosa, first diagnosed in 1873, serves as a paradigm for the cultural ideal of middle-class womanhood in Victorian Britain. In addition, Silver relates these literary expressions to the representation of women's bodies in the conduct books, beauty manuals and other non-fiction prose of the period, contending that women 'performed' their gender and class alliances through the slender body. Silver discusses a wide range of writers including Charlotte Brontë, Christina Rossetti, Charles Dickens, Alfred Lord Tennyson, Bram Stoker and Lewis Carroll to show that mainstream models of middle-class Victorian womanhood share important qualities with the beliefs or behaviours of the anorexic girl or woman.

Sexually explicit sculptures may be found on a number of medieval churches in France and Spain. This fascinating study examines the origins and purposes of these sculptures, viewing them not as magical fertility symbols, nor even as idols of ancient pre-Christian religions, but as serious works that dealt with the sexual customs and salvation of medieval folk, and thus gave support to the Church's moral teachings.

VOLUME I. CONTENTS The Novice - Mrs. Benson - Mary - Mrs. Benson's Correspondence with Mrs. Egerton - Miss Evelyn - Eliza There were three of us - Mary, Eliza, and myself. I was approaching fifteen, Mary was about a year younger, and Eliza between twelve and thirteen years of age. Mamma treated us all as children, and was blind to the fact that I was no longer what I had been. Although not tall for my age, nor outwardly presenting a manly appearance, my passions were awakening, and the distinctive feature of my sex, although in repose it looked magnificent enough, was very sufficiently developed when under the influence of feminine excitement. As yet, I had absolutely no knowledge of the uses of the different organs of sex. My sisters and I all slept in the same room. They together in one bed, I alone in another. When no one was present, we had often mutually examined the different formations of our sexes. We had discovered that mutual handlings gave a certain amount of pleasing sensation; and, latterly, my eldest sister had discovered that the hooding and unhooding of my doodle, as she called it, instantly caused it to swell up and stiffen as hard as a piece of wood. My feeling of her little pinky slit gave rise in her to nice sensations, but on the slightest attempt to insert even my finger, the pain was too great. This book explores the concept of the creative imagination in Mid- and Late Victorian England. In these times of transition, as the age of the Industrial Revolution was regarded, aesthetic considerations became involved in the broader debate on the shape of the modern world. Thus, the approach to the artistic imagination was closely connected with the shifting beliefs concerning the essence of beauty, and the role of religion, not to mention attitudes towards nature and society. These aspects defined the aims furthered by painters and poets alike and set the direction for their artistic endeavours. Five people have been chosen as representatives of their time in the discussion about artistic imagination: John Ruskin, William Morris, Dante Gabriel Rossetti, Walter Pater and Arthur Symons. Accordingly, the material analysed to recreate the Victorian understanding of the artistic faculties is of different kinds, and embraces not only critical essays (Ruskin, Pater, Symons), but also belles-lettres: short stories (Morris) and poems (Rossetti, Symons). In this manner, two positions complement each other: namely, the views of the theoreticians and those of practitioners. The former attempted to discern and extract the quintessence of the artistic powers on the basis of their observations and reflections, whereas the latter relied on their personal experiences in this respect.

These selected paragraphs distill the contents and give you a quick look inside The Romance of Lust A classic Victorian erotic novel: Look inside the book: In cold weather I used to sit on a low stool by the fire—Miss Evelyn was seated in front, I had my lesson book on my knee, and she herself would place her beautiful feet on the high school fender, with her work in her lap, while she heard my sisters repeat their lesson, totally unconscious that for half an hour at a time she was exposing her beautiful legs and thighs to my ardent gaze; for sitting much below her, and bending my head as if intent on my lesson, my eyes were below her raised petticoats. Her close and tight-fitting white stockings displayed her well-formed legs, for while confined to the house during our morning lessons she did not wear drawers; so that in the position she sat in, with her knees higher than her feet on the already high fender, and her legs somewhat apart to hold her work in her lap more easily, the whole glorious underswell of both thighs, and the lower part of her fine large bottom, with the pinky slit quite visible, nestled in a rich profusion of dark curls, were fully exposed to my view.

"Every secret of a writer's soul, experience of his life, and quality of his mind is written large in his work." -- Virginia Woolf Panken enables us to read this secret language without doing violence to the artistic integrity of the writing. Virginia Woolf's continuing need for maternal protection, her physical symptoms, depressive bent, anorexia, and suicidal leanings suggest her vulnerability, inner struggle, and masked rage. This book delves into the substrate of Virginia Woolf's emotional dilemmas as well as the subtexts of her novels and shows the confluence between her life and art. It brings new insights into Woolf's struggle to come to grips with her confused personal and sexual identity, into her artistic conscience, and into the conditions and motivations of her suicide.

In Victorian Skin, Pamela K. Gilbert uses literary, philosophical, medical, and scientific discourses about skin to trace the development of a broader discussion of what it meant to be human in the nineteenth century. Where is subjectivity located? How do we communicate with and understand each other's feelings? How does our surface, which contains us and presents us to others, function and what does it signify? As Gilbert shows, for Victorians, the skin was a text to be read. Nineteenth-century scientific and philosophical perspectives had reconfigured the purpose and meaning of this organ as more than a wrapping and instead a membrane integral to the generation of the self. Victorian writers embraced this complex perspective on skin even as sanitary writings focused on the surface of the body as a dangerous point of contact between self and others. Drawing on novels and stories by Dickens, Collins, Hardy, and Wilde, among others, along with their French contemporaries and precursors among the eighteenth-century Scottish thinkers and German idealists, Gilbert examines the understandings and representations of skin in four categories: as a surface for the sensing and expressive self; as a

permeable boundary; as an alienable substance; and as the site of inherent and inscribed properties. At the same time, Gilbert connects the ways in which Victorians "read" skin to the way in which Victorian readers (and subsequent literary critics) read works of literature and historical events (especially the French Revolution.) From blushing and flaying to scarring and tattooing, Victorian Skin tracks the fraught relationship between ourselves and our skin.

Sounding 6 begins with Bain Attwood's thesis Blacks & Lohans and an echo titled SEX & SORROW EAST OF MELBOURNE. Then Henry Meyrick's frontier life and death in Western Port and Gipps Land leads into Echo 93: TAMING MELBOURNE BAYSIDE & THE DANDENONGS. Turning to OPENING GIPPSLAND: elite squatters at Sale are contrasted by surviving Kooris on Jackson's Track. The narrative then backtracks in time with Echo 95: CONTRIBUTIONS TO TRUTH ABOUT SLAUGHTER IN GIPPSLAND comprising the Porter, Cox, Fels and Gardner versions of the blood-stained land-grab. Fels then reports on the Native Police actions and Morgan's recent overview of the Ganai before and after white settlement concludes the shameful issues long denied or excused. Echo 96: LIAR'S LUNCH charts the rise and fall of pioneer Angus McMillan MP before the focus shifts to the historical geography of East Gippsland clans and languages and on to missionary Bulmer at Lake Tyers with the stories of the payback of Hopping Kitty and Attwood's study of Brataualung man Tarra Bobby.
