A Spectacular Enhancement to the Skill System Mythic Skills introduces a system of skill exploits that take the basic tasks your skills allow you to perform and dials them up to amazing levels. In addition, every skill in the Pathfinder Roleplaying Game Core Rulebook also gets brand-new skill exploits, as well as greater exploits that only the most skilled masters would even attempt. This book contains rules for using these enhanced skills with mythic characters but also provides an alternative system for use in non-mythic Pathfinder campaigns! This system allows your characters to focus on their skills as a key part of their character construction and to invest more of their character's abilities in their character itself, rather than the character's gear or magical tools. You can use these rules generally with mythic characters, allowing them to attempt all manner of skill-based exploits, or you can limit the ability to pull off these amazing skill stunts to those mythic characters that have really invested in making their skills a key part of their character's identity. The mythic rules offer an opportunity to magnify what makes a character special, and the skills they choose to hone as part of their background narrative and throughout the course of the campaign should be just as important in defining them as their marvelous magic and fabulous feats. With Mythic Skills in your hands, your skills will be just as spectacular!"

I had always suspected the geographical authorities did not know what they were talking about when they located the battlefield of Munda in the county of the Bastuli-Poeni, close to the modern Monda, some two leagues north of Marbella. According to my own surmise, founded on the text of the anonymous author of the *Bellum Hispaniense*, and on certain information culled from the excellent library owned by the Duke of Ossuna, I believed the site of the memorable struggle in which Caesar played double or quits, once and for all, with the champions of the Republic, should be sought in the neighbourhood of Montilla. Happening to be in Andalusia during the autumn of 1830, I made a somewhat

lengthy excursion, with the object of clearing up certain doubts which still oppressed me. A paper which I shall shortly publish will, I trust, remove any hesitation that may still exist in the minds of all honest archaeologists. But before that dissertation of mine finally settles the geographical problem on the solution of which the whole of learned Europe hangs, I desire to relate a little tale. It will do no prejudice to the interesting question of the correct locality of Monda. I had hired a guide and a couple of horses at Cordova, and had started on my way with no luggage save a few shirts, and Caesar's Commentaries. As I wandered, one day, across the higher lands of the Cachena plain, worn with fatigue, parched with thirst, scorched by a burning sun, cursing Caesar and Pompey's sons alike, most heartily, my eye lighted, at some distance from the path I was following, on a little stretch of green sward dotted with reeds and rushes. That betokened the neighbourhood of some spring, and, indeed, as I drew nearer I perceived that what had looked like sward was a marsh, into which a stream, which seemed to issue from a narrow gorge between two high spurs of the Sierra di Cabra, ran and disappeared.

Emma Alexander has been living in San Diego the past eight years building her career. She's only been home once during that time. Now she must decide between the life she left behind and the one she's secretly yearned for. Jack McElroy has been in love with Emma since they met their freshman year of college. The last four years of living in San Francisco have been torturous for him, being away from her. When her promotion moves her north, fear of ruining their friendship tempers his desire to show her how he truly feels. Will he be able to profess his love for her or will her ex-fiancé beat him to the punch?

When Vivian left town for a three-month residency, she had no idea that she'd come back to find her life turned upside down.

The casual boyfriend who'd seemed ready to commit? Changed his mind.

The job she'd loved so much? Gone.

The parents she'd assumed would be there for emotional support? Off on the adventure of their lives.

When she realizes that she's essentially homeless, jobless and boyfriend-less, Vivian knows something has to change. She needs to take charge.

Inspired by her aunt's idea that a girl has to kiss at least fifty frogs to find her prince, Vivian comes up with a plan: she's going to go on a series of first dates only, and each one must end in a kiss. She'll chronicle each date--the good, the bad and the downright unbelievable--and turn the stories into an in-depth magazine series about the realities of dating in the twenty-first century.

While none of the frogs she meets--and kisses--make her heart leap, there's a guy closer to home who definitely does . . . and despite the fact that Charlie always seems to catch Vivian at her most awkward and embarrassing moments, she can't help wondering if it's time to ditch the plan . . . and kiss just one more frog.

Miracles happen today. Do you want to increase your faith? Read about miracles. True stories of God's faithfulness, love, and power are woven together with art, poetry and scripture into a tapestry made of the colors of the rainbow that demonstrate the many aspects of faith. A woman finds herself in a car accident on a lonely Nevada highway gazing at her two daughters sprawled on the road. She screams in terror for help. Someone places a white gold cross in the palm of her hand. This changes everything. "A White Gold Cross," one of the true stories found in "Faith Colors, Encounters with God in Living Faith," explores the power of faith in God to transform the outcome of a terrible crisis. This story is found in the section called White Faith, the kind of faith that strengthens the inner heart to persevere. A son prays in earnest while the emergency team from the fire station try to revive his father. After the paramedics give up and permission is granted to stop CPR, the father miraculously begins to breathe on his own. But will he survive long enough to take care of his unfinished business? This story is found under Blue Faith, the kind of faith that looks up from a dark pit to find hope. These testimonies and others, including some of the author's own experiences, are grouped into the colors of the rainbow to highlight important aspects of faith. Poems and prophetic art, intensifying the impact of the messages, are found throughout the book. Each color section concludes with a prayer to draw the reader's heart closer to God. Scriptures and colorful prophetic pictures featured in this book highlight significant attributes of faith that are bound to spark hope in God and His promises found in the Bible.

Are you a Catholic who no longer practices your faith? Do you feel closed off from the church because of your political or lifestyle circumstances? In Archbishop Wynn Wagner's enlightening, supportive, and sometimes irreverent book, *Recovering Catholic: How to be Catholic without being Roman Catholic*, you'll discover an entirely new way of looking at, and participating in, the Christian world you once loved. The author, who considers himself a recovering Catholic, introduces us to the Old Catholic Church, where 100% is Catholic, and 0% is Roman Catholic. So what's missing? Dogma, unfair judgment, homophobia, racism, and levels of discrimination we prefer not to discuss outside the church, and which the Roman Catholic clergy refuse to acknowledge inside the church. This book and this man will remind you about the joys that exist in a religion that loves and accepts. Amen to that!

You must read this book."—Susan Cain, New York Times best-selling author of *Quiet* From a New York Times best-selling author, psychotherapist, and national advice columnist, a hilarious, thought-provoking, and surprising new book that takes us behind the scenes of a therapist's world—where her patients are looking for answers (and so is she). One day, Lori Gottlieb is a therapist who helps patients in her Los Angeles practice. The next, a crisis causes her world to come crashing down. Enter Wendell, the quirky but seasoned therapist in whose office she suddenly lands. With his balding head, cardigan, and khakis, he seems to have come straight from *Therapist Central Casting*. Yet he will turn out to be anything but. As Gottlieb explores the inner chambers of her patients' lives — a self-absorbed Hollywood producer, a young newlywed diagnosed with a terminal illness, a senior citizen threatening to end her life on her birthday if nothing gets better, and a twenty-something who can't stop hooking up with the wrong guys — she finds that the questions they are struggling with are the very ones she is now bringing to Wendell. With startling wisdom and humor, Gottlieb invites us into her world as both clinician and patient, examining the truths and fictions we tell ourselves and others as we teeter on the tightrope between love and desire, meaning and mortality, guilt and redemption, terror and courage, hope and change. *Maybe You Should Talk to Someone* is revolutionary in its candor, offering a deeply personal yet universal tour of our hearts and minds and providing the rarest of gifts: a boldly revealing portrait of what it means to be human, and a disarmingly funny and illuminating account of our own mysterious lives and our power to transform them.

The purpose of this book is to help the reader focus on Divine ideas every day. Since what we dwell upon comes upon us, it is important to make a habit of thinking positive, healthy, Divine, inspirational, loving thoughts all day, no matter what other people are doing around us or to us. One of the greatest difficulties in transforming oneself to a more Divine attitude and perspective is found in working through the negative emotions and beliefs we have long internalized. These beliefs and emotions become lodged in the subconscious mind, and drive the system automatically until they are changed. This takes considerable effort and persistence, since the deeply embedded negative emotions tend to link to many different thoughts, attitudes and other feelings. A virtual labyrinth of interconnected thoughts, emotions and behaviors have to be transformed. This book was created to help the reader achieve that goal. The intent is for the reader to dwell upon each affirmation of the day with strong feeling, trying to love the very idea being expressed, and projecting it outward to the world. Each affirmation should be repeated many times throughout the day, and memorized for future use. As you practice these, your own affirmations will occur to you. Use them all with devotion, because what you worship, is what you become.

Here's an inescapable fact: you will need to know how people talk and react to whatever things you say. It is also important on how to choose the words and the how to approach a person to pick up a conversation, be it formal or casual. Conversations are important because they have the ability to resolve conflicts and find solutions to any situation you are in. A person with a good ability to talk and connect with others around him will always be in control in any situation he/she is put in. If you do not develop your conversational skills, you will be let down and ignored in a social circle. The core of a man's knowledge comes from interaction with different kinds of people. You have to possess a specific skill set that allows you to open up with other people and they should be able to give back the same to you.
