Dreaming of one day being a riverboat pilot, Sara embarks on an adventure aboard the Spirit of the River, a premier paddleboat on the Ohio and Mississippi rivers. She's spent hours behind the wheel under the supervision of the captain, Jeremy Smith—her friendly rival and romantic interest—and longs to prove her worth. official in the chain-linked cage. A fixture of the sport, “Big” John started refereeing at UFC 2 in 1994 when MMA was in its infancy and went on to officiate at every major UFC event but two until 2007. Following a one-year hiatus as a color commentator and on-camera analyst for MMA and boxing events, he returned to MMA refereeing in 2008. In his own words, “Big” John relates his insider’s perspective from the midst of many of the sport’s greatest moments—from Tito Ortiz–Ken Shamrock I at UFC 40 in 2002 to Randy Couture–Tim Sylvia at UFC 68 in March of 2007—along with his account of the birth of the sport in America, its evolution, and MMA’s ongoing struggles for acceptance.

Sebastian Mote wants is to settle down. A high school art history teacher, newly single and desperately lonely, he envies his queer students their freedom to live openly the youth he lost to fear and shame. When he runs into his childhood friend Oscar Burnham at a wedding in Washington, D.C., he can't help but see it as a second chance. Now thirty-five, the men haven't seen each other in more than a decade. But Oscar has no interest in their shared history, nor in the sense of belonging Sebastian craves. Instead, he's outraged by what he sees as the death of gay culture: bars overrun with bachelorette parties, friends coupling off and having babies. For Oscar, conformity isn't peace, it's surrender. While Oscar and Sebastian struggle to find their place in a rapidly changing world, each is drawn into a cross-generational friendship that treads the line between envy and obsession: Sebastian with one of his students, Oscar with an older icon of the AIDS era. And as they collide again and again, both men must reckon not just with one another but with themselves.

Lean – Let's Get It Right!: How to Build a Culture of Continuous Improvement (978-0-367-42991-1, 340939) Shelving Guide: Business & Management / Lean Management This book addresses the root causes of why a majority of Lean transformations have not met expectations. More importantly, it

provides the information needed to turn around the failure mechanisms and transform them into critical success factors. *Lean – Let's Get It Right!* delves into the psychology of change and motivation and clarifies the roles and responsibility changes which are required for alignment with Lean principles. While the author includes a review of Lean principles, the majority of the book either provides more depth of understanding of the principles or highlights how misalignment can thwart Lean transformation efforts. What this provides is not only clarity, but it establishes a solid reference point or framework to guide the Lean strategy. The reader will begin to see how the principles are not simply a random set of characteristics or features of Lean, but are actually a set of fundamental beliefs on which all else is based. Though repeated throughout the book that an organization must develop the specifics of their own Lean roadmap, this book concludes with guidance on making it happen. This book, with its primary focus on people, leadership, and principles, and less so on the details of tools and techniques, can be thought of as providing the few critical missing puzzle pieces to enable an effective Lean transformation.

Drawing on his personal fascinating story as a prosecutor, a defendant, and an observer of the legal process, Paul Butler offers a sharp and engaging critique of our criminal justice system. He argues against discriminatory drug laws and excessive police power and shows how our policy of mass incarceration erodes communities and perpetuates crime. Controversially, he supports jury nullification—or voting “not guilty” out of principle—as a way for everyday people to take a stand against unfair laws, and he joins with the “Stop Snitching” movement, arguing that the reliance on informants leads to shoddy police work and distrust within communities. Butler offers instead a “hip hop theory of justice,” parsing the messages about crime and punishment found in urban music and culture. Butler’s argument is powerful, edgy, and incisive.

Young cats are on the hunt for a mouse named Sleepy in *Let's Get Sleepy!*, an energetic picture book from New York Times-bestselling author and illustrator Tony Cliff. The cats will have to look everywhere: all over town, out by the beach, up in space, and even back in time with the dinosaurs! Can the cats catch that mouse? Even if they don't, at the end of the day, they may just get "sleepy" after all. While seek-and-find elements are at work in the adorable artwork, the rhyming text reminds readers that the journey is more important than the destination—and that the most valuable treasure is a day richly lived with friends. *Three Men and a Maid* is a classic humorous story by P.G. Wodehouse. The maid of the title is red-haired, dog-loving Wilhelmina "Billie" Bennet, and the three men are Bream Mortimer, a long-time friend and admirer of Billie, Eustace Hignett, a lily-livered poet who is engaged to Billie at the opening of the tale, and Sam Marlowe, Eustace's dashing cousin, who falls for Billie at first sight. The four of them find themselves together on a White Star ocean liner called the *Atlantic*, sailing for England. Also on board is a capable young woman, Jane Hubbard, who is in love with Eustace. Wodehousian funny stuff ensues, with happy endings for all except Bream Mortimer. The White Star Line had a ship called the *Atlantic*, which operated from 1871 to 1873, when it struck a rock off Nova Scotia and sank with the loss of about 535 lives. As this disaster

occurred 48 years before the publishing of the story,  
and 8 years before Wodehouse was born, it is
