

Letters To A Young Lawyer

Run away to the Metropolitan Museum of Art with E. L. Konigsburg's beloved classic and Newbery Medal-winning novel *From the Mixed-Up Files of Mrs. Basil E. Frankweiler*—now available in a deluxe keepsake edition! Claudia knew that she could never pull off the old-fashioned kind of running away...so she decided to run not from somewhere but to somewhere. That was how Claudia and her brother, Jamie, ended up living in the Metropolitan Museum of Art—and right in the middle of a mystery that made headlines. Celebrate the legacy of the Newbery Medal-winning classic with this special edition.

Obstruction of justice, the specter of impeachment, sexism at work, shocking revelations: Jill Wine-Banks takes us inside her trial by fire as a Watergate prosecutor. It was a time, much like today, when Americans feared for the future of their democracy, and women stood up for equal treatment. At the crossroads of the Watergate scandal and the women's movement was a young lawyer named Jill Wine Volner (as she was then known), barely thirty years old and the only woman on the team that prosecuted the highest-ranking White House officials. Called "the mini-skirted lawyer" by the press, she fought to receive the respect accorded her male counterparts—and prevailed. In *The Watergate Girl*, Jill Wine-Banks opens a window on this troubled time in American history. It is impossible to read about the crimes of Richard Nixon and the people around him without drawing parallels to today's headlines. The book is also the story of a young woman who sought to make her professional mark while trapped in a failing marriage, buffeted by sexist preconceptions, and harboring secrets of her own. Her house was burgled, her phones were tapped, and even her office garbage was rifled through. At once a cautionary tale and an inspiration for those who believe in the power of justice and the rule of law, *The Watergate Girl* is a revelation about our country, our politics, and who we are as a society.

What does it take to succeed as a law student? This book will show you how. Voted one of the top 6 books that all future law students should read by The Guardian's studying law website*, *Letters to a Law Student* is packed full of practical advice and helpful answers to the most common questions about studying law at University across every stage of taking, or thinking about taking, a law degree. Discover: · Whether reading law at University is the right thing for you; · What law students do; · How to get the best marks in exams; · Tips on coping with the challenges of studying law; · What you can do with a law degree; · The way in which qualifying as a solicitor is set to change in the future, ... and much more. Nicholas J. McBride is a Fellow of Pembroke College, Cambridge. *<http://www.theguardian.com/law/2012/aug/08/six-best-law-books>

After five grueling years, Robert Worth is just days away from making partner at a powerful Santa Monica law firm. When a client confides in him that senior partner Jack Pierce sexually assaulted her, Robert breaks two of his mentor's cardinal rules: Never let yourself get emotional about clients. And never make an enemy of Jack Pierce. Robert crosses Pierce and is fired on the spot, losing not only his job but also his reputation. Advised to go quietly, Robert vows revenge against the ruthless man who betrayed him. But his investigation uncovers a twisted shadow world of sex, infidelity, and deception, where nothing is as it seems and no one can be trusted. Only one thing is clear: Pierce will go the limit to keep his secrets. This straight shooter will need to use every angle if he hopes to win. But could victory come at too high a price? Covering the often frustrating process of researching and securing a law firm job and how to succeed once a job is secured, this is a mentoring guide for new lawyers at the beginning stages of their careers. It embodies a collective wisdom about the things lawyers wished they knew at the beginning of their careers, rather than the end. Subjects covered include traditional and creative job hunting, writing resumes and cover letters, first and second interviews, and developing relationships with firms as a summer associate. Using real-life examples, this reference also focuses on the ultimate goal of being a satisfied and fulfilled lawyer and discusses many of the daily workplace issues that new lawyers are often afraid to talk about -- handling firm partners and assignments, courtroom etiquette, organisational tools, and dating within the firm.

Letters to a Young Lawyer Basic Books

The record-breaking gymnast provides a firsthand look into the world of the female athlete as she shows what it takes to achieve athletic perfection, offering inspiring stories from her own experience, anecdotes, and practical advice that reveal the mindset of a top competitor. 75,000 first printing.

#1 NEW YORK TIMES BESTSELLER • NOW A MAJOR MOTION PICTURE STARRING MICHAEL B. JORDAN AND JAMIE FOXX • A powerful true story about the potential for mercy to redeem us, and a clarion call to fix our broken system of justice—from one of the most brilliant and influential lawyers of our time. "[Bryan Stevenson's] dedication to fighting for justice and equality has inspired me and many others and made a lasting impact on our country."—John Legend NAMED ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE BY CNN • Named One of the Best Books of the Year by The New York Times • The Washington Post • The Boston Globe • The Seattle Times • Esquire • Time Bryan Stevenson was a young lawyer when he founded the Equal Justice Initiative, a legal practice dedicated to defending those most desperate and in need: the poor, the wrongly condemned, and women and children trapped in the farthest reaches of our criminal justice system. One of his first cases was that of Walter McMillian, a young man who was sentenced to die for a notorious murder he insisted he didn't commit. The case drew Bryan into a tangle of conspiracy, political machination, and legal brinkmanship—and transformed his understanding of mercy and justice forever. *Just Mercy* is at once an unforgettable account of an idealistic, gifted young lawyer's coming of age, a moving window into the lives of those he has defended, and an inspiring argument for compassion in the pursuit of true justice. Winner of the Carnegie Medal for Excellence in Nonfiction • Winner of the NAACP Image Award for Nonfiction • Winner of a Books for a Better Life Award • Finalist for the Los Angeles Times Book Prize • Finalist for the Kirkus Reviews Prize • An American Library Association Notable Book "Every bit as moving as *To Kill a Mockingbird*, and in some ways more so . . . a searing indictment of American criminal justice and a stirring testament to the salvation that fighting for the vulnerable sometimes yields."—David Cole, *The New York Review of Books* "Searing, moving . . . Bryan Stevenson may, indeed, be America's Mandela."—Nicholas Kristof, *The New York Times* "You don't have to read too long to start cheering for this man. . . . The message of this book . . . is that evil can be overcome, a difference can be made. *Just Mercy* will make you upset and it will make you hopeful."—Ted Conover, *The New York Times Book Review* "Inspiring . . . a work of style, substance and clarity . . . Stevenson is not only a great lawyer, he's also a gifted writer and storyteller."—*The Washington Post* "As deeply moving, poignant and powerful a book as has been, and maybe ever can be, written about the death penalty."—*The Financial Times* "Brilliant."—*The Philadelphia Inquirer*

The controversial lawyer discusses his attempts to successfully defend even the most disreputable criminals and discusses such topics as F. Lee Bailey's handling of the Patty Hearst case

Are you thinking of attending law school or switching legal careers? About to graduate and wondering which path to take? Are you curious about what lawyers in different fields do in a typical day? Then spend twenty-four hours with twenty-four lawyers through this innovative book, *24 Hours with 24 Lawyers*. Whether you want to be a full-time corporate lawyer, work as a legal consultant while pursuing your music career, or anything in between, this book gives you a unique ôall-access passö into the real-world, real-time personal and professional lives of twenty-four law school graduates. These working professionals each present you with a ôProfileö chronicling a typical twenty-four-hour day in their traditional and non-traditional careers. You will read actual twenty-four-hour accounts from the perspective of a venture capitalist, Wall Street lawyer, lobbyist, entertainment lawyer, IP attorney, sports broadcaster, JAG officer, prosecutor, criminal defense lawyer, mediator, and politician, just to name a few. From the time they wake up in the morning to the time they go to bed, each professional illustrates what their

position entails on a day-to-day basis and will give you invaluable, informative, and honest insight above and beyond what many brochures, guest lectures, career workshops, or law firm website descriptions can provide. After reading 24 Hours with 24 Lawyers, you'll be better prepared to determine which career Profile may suit you best before accepting a new job or investing in a legal education. Book jacket. A stunning New York Times bestselling novel that intertwines the stories of an escaped slave in 1852 Virginia and an ambitious young lawyer in contemporary New York and asks: is it ever too late to right a wrong? Lynnhurst, Virginia, 1852. Seventeen-year-old Josephine Bell decides to run away from the failing tobacco farm where she is a slave and nurse to her ailing mistress, the aspiring artist Lu Anne Bell. New York City, 2004. Lina Sparrow, an ambitious first-year associate in an elite law firm, is given a difficult, highly sensitive assignment that could make her career: finding the "perfect plaintiff" to lead a historic class-action lawsuit worth trillions of dollars in reparations for descendants of American slaves. It is through her father, the renowned artist Oscar Sparrow, that Lina discovers Josephine Bell and a controversy rocking the art world: are the iconic paintings long ascribed to Lu Anne Bell really the work of her house slave, Josephine? A descendant of Josephine's—if Lina can locate one—would be the perfect face for the reparations lawsuit. While following the runaway house girl's faint trail through old letters and plantation records, Lina finds herself questioning her own family history and the secrets that her father has never revealed: how did Lina's mother die? And why will he never speak about her?

A New York Times Bestseller An important overview of the way our justice system works, and why the rule of law is essential to our survival as a society—from the one-time federal prosecutor for the Southern District of New York, and host of the Doing Justice podcast. Preet Bharara has spent much of his life examining our legal system, pushing to make it better, and prosecuting those looking to subvert it. Bharara believes in our system and knows it must be protected, but to do so, he argues, we must also acknowledge and allow for flaws both in our justice system and in human nature. Bharara uses the many illustrative anecdotes and case histories from his storied, formidable career—the successes as well as the failures—to shed light on the realities of the legal system and the consequences of taking action. Inspiring and inspiringly written, Doing Justice gives us hope that rational and objective fact-based thinking, combined with compassion, can help us achieve truth and justice in our daily lives. Sometimes poignant and sometimes controversial, Bharara's expose is a thought-provoking, entertaining book about the need to find the humanity in our legal system as well as in our society.

This book presents a multi-disciplinary, practice-based introduction to the major soft skills for lawyers: self-awareness, self-development, social proficiency, wisdom, leadership, and professionalism.

As defender of both the righteous and the questionable, Alan Dershowitz has become perhaps the most famous and outspoken attorney in the land. Whether or not they agree with his legal tactics, most people would agree that he possesses a powerful and profound sense of justice. In this meditation on his profession, Dershowitz writes about life, law, and the opportunities that young lawyers have to do good and do well at the same time. We live in an age of growing dissatisfaction with law as a career, which ironically comes at a time of unprecedented wealth for many lawyers. Dershowitz addresses this paradox, as well as the uncomfortable reality of working hard for clients who are often without many redeeming qualities. He writes about the lure of money, fame, and power, as well as about the seduction of success. In the process, he conveys some of the "tricks of the trade" that have helped him win cases and become successful at the art and practice of "lawyering."

"A moving and beautifully crafted memoir."—SCOTT TUROW "A daring act of justified defiance."—SHAKA SENGHOR "Nothing less than heroic."—JOHN GRISHAM He was seventeen when an all-white jury sentenced him to prison for a crime he didn't commit. Now a pioneering lawyer, he recalls the journey that led to his exoneration—and inspired him to devote his life to fighting the many injustices in our legal system. Seventeen years old and facing nearly thirty years behind bars, Jarrett Adams sought to figure out the why behind his fate. Sustained by his mother and aunts who brought him back from the edge of despair through letters of prayer and encouragement, Adams became obsessed with our legal system in all its damaged glory. After studying how his constitutional rights to effective counsel had been violated, he solicited the help of the Wisconsin Innocence Project, an organization that exonerates the wrongfully convicted, and won his release after nearly ten years in prison. But the journey was far from over. Adams took the lessons he learned through his incarceration and worked his way through law school with the goal of helping those who, like himself, had faced our legal system at its worst. After earning his law degree, he worked with the New York Innocence Project, becoming the first exoneree ever hired by the nonprofit as a lawyer. In his first case with the Innocence Project, he argued before the same court that had convicted him a decade earlier—and won. In this illuminating story of hope and full-circle redemption, Adams draws on his life and the cases of his clients to show the racist tactics used to convict young men of color, the unique challenges facing exonerees once released, and how the lack of equal representation in our courts is a failure not only of empathy but of our collective ability to uncover the truth. Redeeming Justice is an unforgettable firsthand account of the limits—and possibilities—of our country's system of law.

By any measure, the law as a profession is in serious trouble. Americans' trust in lawyers is at a low, and many members of the profession wish they had chosen a different path. Law schools, with their endlessly rising tuitions, are churning out too many graduates for the jobs available. Yet despite the glut of lawyers, the United States ranks 67th (tied with Uganda) of 97 countries in access to justice and affordability of legal services. The upper echelons of the legal establishment remain heavily white and male. Most problematic of all, the professional organizations that could help remedy these concerns instead jealously protect their prerogatives, stifling necessary innovation and failing to hold practitioners accountable. Deborah Rhode's *The Trouble with Lawyers* is a comprehensive account of the challenges facing the American bar. She examines how the problems have affected (and originated within) law schools, firms, and governance institutions like bar associations; the impact on the justice system and access to lawyers for the poor; and the profession's underlying difficulties with diversity. She uncovers the structural problems, from the tyranny of law school rankings and billable hours to the lack of accountability and innovation built into legal governance—all of which do a disservice to lawyers, their clients, and the public. *The Trouble with Lawyers* is a clear call to fix a profession that has gone badly off the rails, and a source of innovative responses.

A poignant and funny exploration of authenticity in work and life by a woman doctor. In 2017, Dr. Suzanne Koven published an essay describing the challenges faced by female physicians, including her own personal struggle with "imposter syndrome"—a long-held secret belief that she was not smart enough or good enough to be a "real" doctor. Accessed by thousands of readers around the world, Koven's "Letter to a Young Female Physician" has evolved into a deeply felt reflection on her career in medicine.

Koven tells candid and illuminating stories about her pregnancy during a grueling residency in the AIDS era; the illnesses of her child and aging parents during which her roles as a doctor, mother, and daughter converged, and sometimes collided; the sexism, pay inequity, and harassment that women in medicine encounter; and the twilight of her career during the COVID-19 pandemic. As she traces the arc of her life, Koven finds inspiration in literature and faces the near-universal challenges of burnout, body image, and balancing work with marriage and parenthood. Shining with warmth, clarity, and wisdom, *Letter to a Young Female Physician* reveals a woman forging her authentic identity in a modern landscape that is as overwhelming and confusing as it is exhilarating in its possibilities. Koven offers an indelible account, by turns humorous and profound, from a doctor, mother, wife, daughter, teacher, and writer who sheds light on our desire to find meaning, and on a way to be our own imperfect selves in the world.

As defender of both the righteous and the questionable, Alan Dershowitz has become perhaps the most famous and outspoken attorney in the land. Whether or not they agree with his legal tactics, most people would agree that he possesses a powerful and

profound sense of justice. In this meditation on his profession, Dershowitz writes about life, law, and the opportunities that young lawyers have to do good and do well at the same time. We live in an age of growing dissatisfaction with law as a career, which ironically comes at a time of unprecedented wealth for many lawyers. Dershowitz addresses this paradox, as well as the uncomfortable reality of working hard for clients who are often without many redeeming qualities. He writes about the lure of money, fame, and power, as well as about the seduction of success. In the process, he conveys some of the "tricks of the trade" that have helped him win cases and become successful at the art and practice of "lawyering."

A history of the American Constitution's formative decades from a preeminent legal scholar When the US Constitution won popular approval in 1788, it was the culmination of thirty years of passionate argument over the nature of government. But ratification hardly ended the conversation. For the next half century, ordinary Americans and statesmen alike continued to wrestle with weighty questions in the halls of government and in the pages of newspapers. Should the nation's borders be expanded? Should America allow slavery to spread westward? What rights should Indian nations hold? What was the proper role of the judicial branch? In *The Words that Made Us*, Akhil Reed Amar unites history and law in a vivid narrative of the biggest constitutional questions early Americans confronted, and he expertly assesses the answers they offered. His account of the document's origins and consolidation is a guide for anyone seeking to properly understand America's Constitution today.

As defender of both the righteous and the questionable, Alan Dershowitz has become perhaps the most famous and outspoken attorney in the land. Whether or not they agree with his legal tactics, most people would agree that he possesses a powerful and profound sense of justice. The new 2nd edition of this publication will help ease the task of communicating with clients, prospects and others. This book contains numerous communication tools, including: business letters, announcement cards, invitations, survey forms, response cards, press releases, and thank-you notes.

A collection of essays on how to survive and thrive in a law firm, written for recent law school graduates, discusses the basics of law firm etiquette and the essentials of law practice, from conducting research and dressing for success to working with clients and staff and building a practice. Original.

With this product, you'll get an inside look at what it's like to practice law in 30 major specialty areas, including appellate practice, entertainment, immigration, international, tax, and telecommunications. This book gives you the insights and expertise of top practitioners—the issues they tackle every day, the people and clients they work with, what they find rewarding about their work, and what classes or work experience you need to follow in their footsteps. Over 120 government, public interest, corporate, and private attorneys are featured. For additional career resources, visit the AttorneyJobs Web site.

In *The Case Against the New Censorship: Protecting Free Speech from Big Tech, Progressives, and Universities?*, Alan Dershowitz—New York Times bestselling author and one of America's most respected legal scholars—analyzes the current regressive war against freedom of speech being waged by well-meaning but dangerous censors and proposes steps that can be taken to defend, reclaim, and strengthen freedom of speech and other basic liberties that are under attack. Alan Dershowitz has been called "one of the most prominent and consistent defenders of civil liberties in America" by Politico and "the nation's most peripatetic civil liberties lawyer and one of its most distinguished defenders of individual rights" by Newsweek. He is also a fair-minded and even-handed expert on the Constitution and our civil liberties, and in this book offers his knowledge and insight to help readers understand the war being waged against free speech by the ostensibly well-meaning forces seeking to constrain this basic right. *The Case Against the New Censorship* is an analysis of every aspect of the current fight against freedom of speech, from the cancellations and deplatformings practiced by so-called progressives, to the powerful, seemingly arbitrary control exerted by Big Tech and social media companies, to the stifling of debate and controversial thinking at public and private universities. It assesses the role of the Trump presidency in energizing this backlash against basic liberties and puts it into a broader historical context as it examines how anti-Trump zealots weaponized, distorted, and weakened constitutional protections in an effort to "get" Trump by any means. In the end, *The Case Against the New Censorship* represents an icon in American law and politics exploring the current rapidly changing attitudes toward the value of free speech and assessing potential ways to preserve our civil liberties. It is essential reading for anyone interested in or concerned about freedom of speech and the efforts to constrain it, the possible effects this could have on our society, and the significance of both freedom of speech and the battle against it in a greater historical and political context.

"Art of Mentoring" series In the book that he was born to write, provocateur and best-selling author Christopher Hitchens inspires future generations of radicals, gadflies, mavericks, rebels, angry young (wo)men, and dissidents. Who better to speak to that person who finds him or herself in a contrarian position than Hitchens, who has made a career of disagreeing in profound and entertaining ways. This book explores the entire range of "contrary positions"—from noble dissident to gratuitous pain in the butt. In an age of overly polite debate bending over backward to reach a happy consensus within an increasingly centrist political dialogue, Hitchens pointedly pitches himself in contrast. He bemoans the loss of the skills of dialectical thinking evident in contemporary society. He understands the importance of disagreement—to personal integrity, to informed discussion, to true progress—heck, to democracy itself. Epigrammatic, spunky, witty, in your face, timeless and timely, this book is everything you would expect from a mentoring contrarian.

The Boston Massacre. The Dred Scott decision. The Chicago Seven. O.J. Simpson. These are some of the trials that have both shaped and fascinated American society. Alan M. Dershowitz, who has been either a lawyer, consultant, or commentator on some of the most celebrated cases of the 1970s, 80s and 90s, highlights the trials he believes to be the most significant in our history, and discusses how they were central to the development of America's political and social structure.

At a banker's party fifteen years ago, a young lawyer defends the position that life in prison is far less humane than capital punishment. The banker disagrees and proposes they bet—two million rubles in exchange for fifteen years of solitary confinement. The terms of their agreement allow the lawyer to have access to books, food, and wine, and over the course of his imprisonment, he reads widely. Nearing the end of the fifteen years, the banker comes to realize that he will be ruined by the lawyer's winning of

the bet, and both men find their lives changed by the lessons that the bet has taught them. HarperPerennial Classics brings great works of literature to life in digital format, upholding the highest standards in ebook production and celebrating reading in all its forms. Look for more titles in the HarperPerennial Classics collection to build your digital library.

Author David Kempston believes focusing on the attorney-client relationship will lead to excellent lawyering-and his book demonstrates how. Written in a direct and concise manner, *That's Why They Call It Practicing Law*, emphasizes the application of customer service principles to legal practice. This practical book encourages lawyers to do the ordinary tasks better. Peppered with personal anecdotes, the author uses wisdom and humor to explore 22 different practice pointers. Drawn from the experience of a seasoned litigator, it expertly navigates common problems and pitfalls encountered by all lawyers.

The go-to book for new lawyer success at leading firms and schools, *Swimming Lessons for Baby Sharks* contains critical advice new graduates need to thrive. Completely revised and updated, the Second Edition includes vital new information on networking, client service, business development, project management, and many other topics. The goal is simple: To help new lawyers start strong. With an easily readable style, *Swimming Lessons for Baby Sharks* helps new lawyers navigate unwritten rules and stay afloat in a challenging profession. The book contains hundreds of tips with inside information from successful lawyers nationwide. Humorous, real-life examples illustrate the lessons along with checklists to provide comprehensive advice quickly. With employers and clients clamoring for "practice-ready" graduates, the Second Edition's lessons are more essential than ever.

A must read for lawyers and law students!"There is no denying it, Satan has the legal landscape dialed." -- Gabriel "Impressive book." -- John Milton "See? This is exactly what I was talking about." -- William Blake ***** It is not every day that the Prince of Darkness himself writes a book. *Satan's Advice to Young Lawyers* is a pithy guide to rising from lowly first-year associate to renowned leader of the legal community. Inside the pages of this remarkable book, Satan offers his profound counsel on topics as diverse as choosing evil as a path to power, the billable hour, how to steal clients from your law firm, fashion, sex, and more. Do not let your competition have these secrets for themselves. Get the book now. ***** This is the perfect gift for your favorite law student, bar exam taker, bar exam passer or new lawyer.

Look for Dan Abrams and David Fisher's new book, *Kennedy's Avenger: Assassination, Conspiracy, and the Forgotten Trial of Jack Ruby*. *NOW A NEW YORK TIMES BESTSELLER* "An expert, extremely detailed account of John Adams' finest hour."—Kirkus Reviews Honoring the 250th Anniversary of the Boston Massacre The New York Times bestselling author of *Lincoln's Last Trial* and host of *LivePD* Dan Abrams and David Fisher tell the story of a trial that would change history. An eye-opening story of America on the edge of revolution. History remembers John Adams as a Founding Father and our country's second president. But in the tense years before the American Revolution, he was still just a lawyer, fighting for justice in one of the most explosive murder trials of the era—the Boston Massacre, where five civilians died from shots fired by British soldiers. Drawing on Adams's own words from the trial transcript, Dan Abrams and David Fisher transport readers to colonial Boston, a city roiling with rebellion, where British military forces and American colonists lived side by side, waiting for the spark that would start a war.

"Be original. See what happens." So Todd Gitlin advises the young mind burning to take action to right the wrongs of the world but also looking for bearings, understanding, direction, and practical examples. In *Letters to a Young Activist*, Todd Gitlin looks back at his eventful life, recalling his experience as president of the formidable Students for a Democratic Society in the '60s, contemplating the spirit of activism, and arriving at some principles of action to guide the passion and energy of those wishing to do good. He considers the three complementary motives of duty, love, and adventure, and reflects on the changing nature of idealism and how righteous action requires realistic as well as idealistic thinking. And he looks forward to an uncertain future that is nevertheless full of possibility, a future where patriotism and intelligent skepticism are not mutually exclusive. Gitlin invites the young activist to enter imaginatively into some of the dilemmas, moral and practical, of being a modern citizen -- the dilemmas that affect not only the problems of what to think but also the problems of what to love and how to live.

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Every discipline has its canon: the set of standard texts, approaches, examples, and stories by which it is recognized and which its members repeatedly invoke and employ. Although the last twenty-five years have seen the influence of interdisciplinary approaches to legal studies expand, there has been little recent consideration of what is and what ought to be canonical in the study of law today. *Legal Canons* brings together fifteen essays which seek to map out the legal canon and the way in which law is taught today. In order to understand how the twin ideas of canons and canonicity operate in law, each essay focuses on a particular aspect, from contracts and constitutional law to questions of race and gender. The ascendancy of law and economics, feminism, critical race theory, and gay legal studies, as well as the increasing influence of both rational-actor methodology and postmodernism, are all scrutinized by the leading scholars in the field. A timely and comprehensive volume, *Legal Canons* articulates the need for, and means to, opening the debate on canonicity in legal studies.

Tips, strategies, tactics, forms, and real-word advice for starting - or building - a family law practice. Written by a successful and happy family lawyer, this book explains the skills and knowledge necessary to thrive in a challenging area of the law. It takes a no-nonsense approach in explaining the most critical issues for developing a successful career. Examples and practice tips show how to gain experience, understand the business aspects of a practice, develop and maintain the ideal client mix, and manage staff and finances. CD-ROM with forms and related materials.

It is true that some people are very damaged. It is not true that they are all unsalvageable. *The Lifer and the Lawyer* raises questions about childhood trauma, religion, race, the purpose of punishment, and a criminal justice system that requires harmless old men to die in prison. It is a true story about Michael Anderson, an aging African American man who grew up poor and abused on Chicago's south side and became a violent and predatory criminal. Anderson has now spent the last forty-three years in prison as a result of a 1978 crime spree that took place in southeastern Washington. The book describes his spiritual and moral transformation in prison and challenges society's assumption that he was an irredeemable monster. It also tells the story of the author's evolving relationship with Anderson that began in 1979 when Critchlow, a young white lawyer from a privileged background, was appointed to defend Anderson on twenty-two violent felony charges. For Anderson, this is a story about

overcoming childhood trauma and learning how to empathize and love through faith and self-knowledge. For Critchlow, the story also raises questions about how we become who we are--about race, culture, and opportunity. Finally, the book is a revealing commentary on our criminal justice system's obsession with life sentences.
