In these uninhibited letters to Penthouse magazine, the writers reveal everything that goes on behind closed doors, as well as in back and front seats of cars, locked offices, airplane toilets and other places.

In this edition of Letters to Penthouse, men and women confess every exquisite detail of their torrid affairs, sensual adventures, and wild one-night stands. No adventure is too daring-no kink too dirty. Married couples, perfect strangers, frisky friends, and randy roommates mix and match their desires-and share every sizzling detail of their erotic exploits.

Fiction may be fun, but nowhere is fact more stimulating, satisfying, and real than in the letters to Penthouse magazine. Here, as told in their own uninhibited words, is the state of the union between men and women today, in all its inventive, eccentric and energetic variety.

**NATIONAL BESTSELLER** • From the award-winning author of *We Should All Be Feminists* and *Half of a Yellow Sun*—the story of two Nigerians making their way in the U.S. and the UK, raising universal questions of race, belonging, the overseas experience for the African diaspora, and the search for identity and a home. Ifemelu and Obinze are young and in love when they depart military-ruled Nigeria for the West. Beautiful, self-assured Ifemelu heads for America, where despite her academic

success, she is forced to grapple with what it means to be black for the first time. Quiet, thoughtful Obinze had hoped to join her, but with post-9/11 America closed to him, he instead plunges into a dangerous, undocumented life in London. Fifteen years later, they reunite in a newly democratic Nigeria, and reignite their passion—for each other and for their homeland.

Why does the University of Illinois campus at Urbana-Champaign look as it does today? Drawing on a wealth of research and featuring more than one hundred color photographs, *An Illini Place* provides an engrossing and beautiful answer to that question. Lex Tate and John Franch trace the story of the university's evolution through its buildings. Oral histories, official reports, dedication programs, and developmental plans both practical and quixotic inform the story. The authors also provide special chapters on campus icons and on the buildings, arenas and other spaces made possible by donors and friends of the university. Adding to the experience is a web companion that includes profiles of the planners, architects, and presidents instrumental in the campus's growth, plus an illustrated inventory of current and former campus plans and buildings.

The uneasy balance between these worlds is shattered when Starr witnesses the fatal shooting of her childhood best friend Khalil at the hands of a police officer. Khalil was unarmed. Soon afterward, his death is a national headline. Some are calling him a thug, maybe even a drug dealer and a gangbanger. Protesters are taking to the streets in Khalil's name. Some cops and the local drug lord try to intimidate Starr and her family. What everyone wants to know is: what really went down that night? And the only person alive who can answer that is Starr. But what Starr does—or does not—say could upend her community. It could also endanger her life. Want more of Garden Heights? A fresh argument for rioting and looting as our most powerful tools for dismantling white supremacy. Looting--a crowd of people publicly, openly, and directly seizing goods--is one of the more extreme actions that can take place in the midst of social unrest. Even self-identified radicals distance themselves from looters, fearing that violent tactics reflect badly on the broader movement. But Vicky Osterweil argues that stealing goods and destroying property are direct, pragmatic strategies of wealth redistribution and improving life for the working class--not to mention the brazen messages these methods send to the police and the state. All our beliefs about the innate righteousness of property and ownership, Osterweil explains, are built on the history of anti-Black, anti-Indigenous oppression. From slave revolts to labor strikes to the modern-day movements for climate change, Black lives, and police abolition, Osterweil makes a convincing case for rioting and looting as weapons that bludgeon the status quo while uplifting the poor and marginalized. *In Defense of Looting* is a history of violent protest
