The Social-Science Commentary series pioneers an alternative commentary genre, providing in this volume the text of the deutero-Pauline letters and cultural notes on them. The Social-Science Commentary on the Deutero-Pauline Letters provides essential "reading scenarios" on specific cultural phenomena in these letters, including forgery, normative conflict, paideia (training), and Household Codes. This volume highlights the transformation of the memory of Paul in early Christianity as reflecting the concerns and interest of communities after Paul's death. When Rose Sherman Williams was just twelve years old, the Nazis invaded her hometown in Poland. Subject to the ravages of World War II and the dehumanization of Polish Jews by the Nazis, each day was a fight for survival. Now in her nineties, this remarkable woman continues to share her story in hopes that it inspires courage and resilience, and touches the lives of those who hear it. Letters to Rose goes beyond the conventional Holocaust memoir. The book evidences her impact on the next generation by incorporating their letters throughout the text. These letters, coupled with Rose's story set in its historical context, provide a memorable read for all ages.

Dear Madam — You are surely informed about the situation of all Jews in Central Europe and this letter will not astonish you. In August 1939, just days before World War II broke out in Europe, a Jewish man in Vienna named Alfred Berger mailed a desperate letter to a stranger in America who shared his last name. By pure chance I got your address . . . I beg you instantly to send for me and my wife... Decades later, journalist Faris Cassell stumbled upon the stunning letter and became determined to uncover the story behind it. How did the American Bergers respond? Did Alfred and his family escape Nazi Germany? Over a decade-long investigation in which she traveled thousands of miles, explored archives and offices in Austria, Belarus, Czech Republic, and Israel, interviewed descendants, and found letters, photos, and sketches made by family members during the Holocaust, Cassell wrote the devastating true story of The Unanswered Letter.

Women who are survivors of rape/sexual abuse have written their personal words of comfort, wisdom, wit, and advice to others who are struggling to heal after trauma. Their words are presented in full-color art, alongside printed transcripts, in a stunning gift-book of inspiration. Addresses topics of shame, suicide, self-injury, spirituality, trust, and personal healing. From New York Times bestseller Kody Keplinger comes an astonishing and thought-provoking exploration of the aftermath of tragedy, the power of narrative, and how we remember what we've lost. It's been three years since the Virgil County High School Massacre. Three years since my best friend, Sarah, was killed in a bathroom stall during the mass shooting. Everyone knows Sarah's story--that she died proclaiming her faith. But it's not true. I know because I was with her when she died. I didn't say anything then, and people got hurt because of it. Now Sarah's parents are publishing a book about her, so this might be my last chance to set the record straight . . . but I'm not the only survivor with a story to tell about what did--and didn't--happen that day. Except Sarah's martyrdom is important to a lot of people, people who don't take kindly to what I'm trying to do. And the more I learn, the less certain I am about what's right. I don't know what will be worse: the guilt of staying silent or the consequences of speaking up . . .

Universally acclaimed, rapturously reviewed, winner of the National Book Critics Circle Award for autobiography, and an instant New York Times bestseller, Chanel Miller's breathtaking memoir "gives readers the privilege of knowing her not just as Emily Doe, but as Chanel Miller the writer, the artist, the survivor, the fighter." (The Wrap). "I opened Know My Name with the intention to bear witness to the story of a survivor. Instead, I found myself falling into the hands of one of the great writers and thinkers of our time. Chanel Miller is a philosopher, a cultural critic, a deep observer, a writer's writer, a true artist. I could not put this phenomenal book down." --Glennon Doyle, #1 New York Times bestselling author of Love Warrior and Untamed "Know My Name is a gut-punch, and in the end, somehow, also blessedly hopeful." --Washington Post She was known to the world as Emily Doe when she stunned millions with a letter. Brock Turner had been sentenced to just six months in county jail after he was found sexually assaulting her on Stanford's campus. Her victim impact statement was posted on BuzzFeed, where it instantly went viral--viewed by eleven million people within four days, it was translated globally and read on the floor of Congress; it inspired changes in California law and the recall of the judge in the case. Thousands wrote to say that she had given them the courage to share their own experiences of assault for the first time. Now she reclaims her identity to tell her story of trauma, transcendence, and the power of words. It was the perfect case, in many ways--there were eyewitnesses, Turner ran away, physical evidence was immediately secured. But her struggles with isolation and shame during the aftermath and the trial reveal the oppression victims face in even the best-case scenarios. Her story illuminates a culture biased to protect perpetrators, indicts a criminal justice system designed to fail the most vulnerable, and, ultimately, shines with the courage required to move through suffering and live a full and beautiful life. Know My Name will forever transform the way we think about sexual assault, challenging our beliefs about what is acceptable and speaking truth to the tumultuous reality of healing. It also introduces readers to an extraordinary writer, one whose words have already changed our world. Entwining pain, resilience, and humor, this memoir will stand as a modern classic. Chosen as a BEST BOOK OF 2019 by The New York Times Book Review, The Washington Post, TIME, Elle, Glamour, Parade, Chicago Tribune, Baltimore Sun, BookRiot

Named a Best Book of the Year by The San Francisco Chronicle "Survivor Cafe?...feels like the book Rosner was born to write. Each page is imbued with urgency, with sincerity, with heartache, with heart.... Her words, alongside the words of other survivors of atrocity and their descendants across the globe, can help us build a more humane world." —San Francisco Chronicle As firsthand survivors of many of the twentieth century's most monumental events—the Holocaust, Hiroshima, the Killing Fields—begin to pass away, Survivor

Cafe? addresses urgent questions: How do we carry those stories forward? How do we collectively ensure that the horrors of the past are not forgotten? Elizabeth Rosner organizes her book around three trips with her father to Buchenwald concentration camp—in 1983, in 1995, and in 2015—each journey an experience in which personal history confronts both commemoration and memorialization. She explores the echoes of similar legacies among descendants of African American slaves, descendants of Cambodian survivors of the Killing Fields, descendants of survivors of the bombing of Hiroshima and Nagasaki, and the effects of 9/11 on the general population. Examining current brain research, Rosner depicts the efforts to understand the intergenerational inheritance of trauma, as well as the intricacies of remembrance in the aftermath of atrocity. Survivor Cafe? becomes a lens for numerous constructs of memory—from museums and commemorative sites to national reconciliation projects to small-group cross-cultural encounters. Beyond preserving the firsthand testimonies of participants and witnesses, individuals and societies must continually take responsibility for learning the painful lessons of the past in order to offer hope for the future. Survivor Cafe? offers a clear-eyed sense of the enormity of our twenty-first-century human inheritance—not only among direct descendants of the Holocaust but also in the shape of our collective responsibility to learn from tragedy, and to keep the ever-changing conversations alive between the past and the present. A chronicle of the Holocaust based on the personal accounts of survivors ranges from the rise of the Nazis to the death camps and final liberation, accompanied by removable documents and a spoken-word audio CD.

In this work, witnesses to this deadly disaster describe, in many never-before-published accounts, their encounters with this monstrous storm.

"The result is an important and horrifyingly thick anthology of mass murders...Highly difficult to read in one sitting, but we must not look away." —Kirkus Reviews A harrowing collection of sixty narratives—covering over fifty years of shootings in America—written by those most directly affected by school shootings: the survivors. "If I Don't Make It, I Love You," a text sent from inside a war zone. A text meant for Stacy Crescitelli, whose 15-year-old daughter, Sarah, was hiding in a closet fearing for her life in Parkland, Florida, in February of 2018, while a gunman sprayed her school with bullets, killing her friends, teachers, and coaches. This scene has become too familiar. We see the images, the children with trauma on their faces leaving their school in ropes, connected to one another with hands on shoulders, shaking, crying, and screaming. We mourn the dead. We bury children. We demand change. But we are met with inaction. So, we move forward, sadder and more jaded. But what about those who cannot move on? These are their stories. If I Don't Make It, I Love You collects more than sixty narratives from school shooting survivors, family members, and community leaders covering fifty years of shootings in America, from the 1966 UT-Austin Tower shooting through May 2018's Santa Fe shooting. Through this collection, editors Amye Archer and Loren Kleinman offer a vital contribution to the surging national dialogue on gun reform by elevating the voices of those most directly affected by school shootings: the survivors.

This volume engages with memory of the Holocaust as expressed in literature, film, and other media. It focuses on the cultural memory of the second and third generations of Holocaust survivors, while also taking into view those who were children during the Nazi period. Language loss, language acquisition, and the multiple needs of translation are recurrent themes for all of the authors discussed. Dear Sister, It wasn't your fault; it was never your fault. You did nothing wrong. Hold this tight to your heart: it wasn't your fault. At night when you lay there and your mind fills with images and you wonder if only, if you had . . . if you hadn't . . . Remember: it wasn't your fault. Dear Sister highlights the lessons, memories, and vision of over forty artists, activists, mothers, writers, and students who share a common bond: they are survivors of sexual violence. Written in an epistolary format, this multi-generational, multi-ethnic collection of letters and essays is a moving journey into the hearts and minds of the survivors of rape, incest, and other forms of sexual violence, written directly to and for other survivors. Dear Sister goes far beyond traditional books about healing, which often use "experts" to explain the experience of survivors for the rest of the world. Where other books about rape weave the voices of feminists and activists together and imagine what a world without violence might look like, Dear Sister describes the reality of what the world looks like through the eyes of a survivor. From a professor in the Midwest to a poet in Belgium, an escapee from a child prostitution ring, a survivor advocate in the Congo, and a sex worker in San Francisco, Dear Sister touches on issues of feminism, love, disability, gender, justice, identity, and spirituality. Already an international literary sensation, an intimate and powerful memoir of a young French teenage girl's relationship with a famous, much older male writer—a universal #MeToo story of power, manipulation, trauma, recovery, and resiliency that exposes the hypocrisy of a culture that has allowed the sexual abuse of minors to occur unchecked. Sometimes, all it takes is a single voice to shatter the silence of complicity. Thirty years ago, Vanessa Springora was the teenage muse of one of the country's most celebrated writers, a footnote in the narrative of a very influential man in the French literary world. At the end of 2019, as women around the world began to speak out, Vanessa, now in her forties and the director of one of France's leading publishing houses, decided to reclaim her own story, offering her perspective of those events sharply known. Consent is the story of one precocious young girl's stolen adolescence. Devastating in its honesty, Vanessa's painstakingly memoir lays bare the

cultural attitudes and circumstances that made it possible for a thirteen-year-old girl to become involved with a fifty-year-old man who happened to be a notable writer. As she recalls the events of her childhood and her seduction by one of her country's most notable writers, Vanessa reflects on the ways in which this disturbing relationship changed and affected her as she grew older. Drawing parallels between children's fairy tales and French history and her personal life, Vanessa offers an intimate and absorbing look at the meaning of love and consent and the toll of trauma and the power of healing in women's lives. Ultimately, she offers a forceful indictment of a chauvinistic literary world that has for too long accepted and helped perpetuate gender inequality and the exploitation and sexual abuse of children. Translated from the French by Natasha Lehrer

What would happen if we believed women? A groundbreaking anthology offers a potent rallying cry and theory of change Harvey Weinstein. Brett Kavanaugh. Jeffrey Epstein. Donald Trump. The most infamous abusers in modern American history are being outed as women speak up to publicly expose behavior that was previously only whispered about -- and it's both making an impact, and sparking a backlash. From the leading, agenda-setting feminist editors of Yes Means Yes, Believe Me brings readers into the evolving landscape of the movement against sexual violence, and outlines how trusting women is the critical foundation for future progress. In Believe Me, contributors ask and answer the crucial question: What would happen if we didn't just believe women, but acted as though they matter? If we take women's experiences of online harassment seriously, it will transform the internet. If we listen to and center survivors, we could revolutionize our systems of justice. If we believe Black women when they talk about pain, we will save countless lives. With contributions from many of the most important voices in feminism today, Believe Me is an essential roadmap for the #MeToo era and beyond.
