Certificate Chemistry is the tried and tested title that follows a traditional approach to teaching chemistry.

The Challenge and Skills Builders are differentiated activity books to be used alongside the Cambridge Primary Science course. Cambridge Primary Science is a flexible and engaging course written specifically for the Cambridge Primary Science Curriculum Stages 1 to 6. The course uses an enquiry-led approach focussed on making pupils think and work scientifically. The Challenge Activity Books provide extension activities for children who need more challenging activities to stretch their skills beyond the standard for success expected in Primary school. They include a full range of carefully levelled activities which help stretch and deepen a child's understanding, plus helpful guidance for explaining to the learner, teacher or parent the key scientific methods and concepts underpinning each exercise.

Ernie Pyle's human and unforgettable picture of England under the Blitzkrieg—a deeply moving story of courage and faith. *Ernie Pyle in England*, first published in 1941, is the account of the journalist's stay in England, Scotland and Wales during the height of the German bombing blitz on London and other cities of the United Kingdom. Pyle, one of the most famous correspondents of the Second World War, had an easy-going, folksy-style of writing, making the book an enjoyable yet informative read about the conditions he encountered. His descriptions of the effects of the bombing, nights spent in air raid shelters, food- and gas-rationing, and daily life in London remain classic pieces of war-

time reporting.
