"We live in an era where the university system is undergoing great changes owing to developments in financing policies and research priorities, as well as changes in the society in which this system is embedded. This change toward a more market-oriented university, which also has immediate effects in academic peripheries such as the Balkans, the Middle East, or South-East Asia, is of great influence for the pedagogical practice of "less profitable" academic areas such as the Humanities: philosophy, languages, sociology, anthropology, history. Because of the absence of a historically grounded establishment of the Humanities, academic peripheries, usually accompanied by a weak civil society infrastructure, seem to offer the most fertile ground for rethinking the Humanities, their pedagogical practice, and their politics, as well as the greatest threats, such as the ongoing capitalization of research, and profitability as the norm of educational achievement. The sprawling presence of for-profit universities and in academic peripheries such as Albania and Kosovo is indicative of this problematic, as are consistent underfunding of universities and the relentless budget cuts in American and English, and to a lesser extent European, universities. Motivations for this ongoing attack on the university are often driven by a political system or a politics with an aggressive stance to critical thought."

"A beautiful translation...Yoshimoto deploys a magically Japanese light touch to emotionally and existentially tough subject matter: domestic disarray, loneliness, identity issues, lovesickness...[a] nimble narrative." ?ELLE In *Moshi Moshi*, Yoshie's much-loved musician father has died in a suicide pact with an unknown woman. It is only when Yoshie and her mother move to Shimokitazawa, a traditional Tokyo neighborhood of narrow streets, quirky shops, and friendly residents that they can finally start to put their painful past behind them. However, despite their attempts to move forward, Yoshie is haunted by nightmares in which her father is looking for the phone he left behind on the day he died, or on which she is trying—unsuccessfully—to call him. Is her dead father trying to communicate a message to her through these dreams? With the lightness of touch and surreal detachment that are the hallmarks of her writing, Banana Yoshimoto turns a potential tragedy into a poignant coming-of-age ghost story and a life-affirming homage to the healing powers of community, food, and family.

*A Suggestive Inquiry into the Hermetic Mystery* is a book written by Mary Anne Atwood, first published in 1850. The book was written at the request of her father, who shared the author's interests in hermeticism and spirituality. However, when he read it after publication, and upon discovering it revealed some hermetic secrets, he bought up the remaining

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

In *Lives of the Sophists* Philostratus (second to third century CE) depicts the widespread influence of Sophistic in the second and third centuries CE. *Lives of Philosophers and Sophists* by Eunapius (born 347 CE) is our only source concerning Neo-Platonism in the latter part of the fourth century CE. Of the distinguished Lemnian family of Philostrati, Flavius Philostratus "the Athenian," ca. 170-205 CE, was a Greek sophist who studied at Athens and later lived in Rome. He was author of the admirable *Life of Apollonius of Tyana* (Loeb nos. 16 and 17) and of *Lives of the Sophists*, a treasury of information about notable sophists. Philostratus's sketches of sophists in action yield a fascinating picture of the predominant influence of Sophistic in the educational, social, and political life of the Empire in the second and third centuries. The Greek sophist and historian Eunapius was born at Sardis in 347 CE, but went to Athens to study and lived much of his life there teaching rhetoric and possibly medicine. He was initiated into the mysteries and was hostile to Christians. His *Lives of Philosophers and Sophists* (mainly contemporary with himself) is our only source for knowledge of Neo-Platonism in the latter part of the fourth century.

is covered in an articulate and well-balanced discussion. In this Seventh Edition, the text has been revised to embrace developments in archaeology and art historical research, while the renowned contemporary art historian Michael Archer has greatly expanded the discussion of the past twenty years, providing a new perspective on the latest developments. The insight, elegance and fluency that the authors bring to their text are complemented by 1458 superb illustrations, half of which are now in colour. These images, together with the numerous maps and architectural plans, have been chosen to represent the most significant chronological, regional and individual styles of artistic expression.

thoughts, beliefs and the details of our daily lives with anyone who might care to relieve us of them? In this fascinating and compelling book, Misha Glenny, author of the international best seller *McMafia*, explores the three fundamental threats facing us in the twenty-first century: cybercrime, cyberwarfare and cyberindustrial espionage. Governments and the private sector are losing billions of dollars each year fighting an ever-morphing, often invisible and often supersmart new breed of criminal: the hacker. Glenny has traveled and trawled the world. By exploring the rise and fall of the criminal website DarkMarket he has uncovered the most vivid, alarming and illuminating stories. Whether JiLsi or Matrix, Iceman, Master Splynter or Lord Cyric; whether Detective Sergeant Chris Dawson in Scunthorpe, England, or Agent Keith Mularski in Pittsburgh, Pennsylvania, Glenny has tracked down and interviewed all the players—the criminals, the geeks, the police, the security experts and the victims—and he places everyone and everything in a rich brew of politics, economics and history. The result is simply unputdownable. DarkMarket is authoritative and completely engrossing. It's a must-read for everyone who uses a computer: the essential crime book for our times.

Drawing on previously unexplored sources, Kerry H. Whiteside presents the political theory of Maurice Merleau-Ponty (1908-1961), one of France's best-known twentieth-century philosophers. Whiteside argues that Merleau-Ponty's objective in his political writings was to make existentialism into the foundation for a philosophically consistent mode of political thinking. This study discusses the inadequacies Merleau-Ponty found in the traditional philosophies of empiricism and idealism, and then examines the subject-object dualism that he believed deprived previous forms of existentialism of political significance. Whiteside shows how Merleau-Ponty overcame these problems by grounding political reasoning in a theory of consciousness that emphasized both its individuality and its need for socially created meaning. After explaining Merleau-Ponty's modifications of the views of Sartre, Aron, and others, the book investigates how he applied his political theory in editorial exchanges with Communists and liberals. Throughout this study, Whiteside traces and criticizes the changes in the philosopher's concept of Marxism and points to his many ideas that bear on current controversies in political theory. As a genre situated at the crossroad of rhetoric and fiction, declamatio offers the freedom to experiment with new forms of discourse. Placing the literariness of (Ps)Quintilian's oeuvre into the spotlight, this volume showcases declamation as a realm of genuine literary creation with its own theoretical underpinning, literary technique and generic conventions. It is of interest to students and scholars of rhetoric and Roman Literature. Shortlisted for the Orwell Prize and the CWA Gold Dagger for Non-Fiction Award
