P. Lovecraft - Machado de Assis - Guy de Maupassant

Esta novela testimonial da fe de las torturas sufridas por el autor cuando es privado de la libertad por agentes del gobierno: "un arresto sin orden de aprehensión". Mientras el protagonista es torturado, su mente regresa a las raíces, a la comunidad rural regida por los usos y costumbres indígenas, a su incorporación a la multitud estudiantil inconforme con la realidad nacional e internacional, y con las reglas vigentes no escritas aplicadas en la democracia monopartidista, en México 1968.

Se identifican y desarrollan innovadoras competencias profesionales en administración financiera para cubrir el perfil de conocimientos y habilidades de los estudiantes universitarios en las escuelas de negocios, que les permita desempeñarse en el fa

The Seven Minutes Crossroad Press

A modern-day Confessions of Saint Augustine, The Seven Storey Mountain is one of the most influential religious works of the twentieth century. This edition contains an introduction by Merton's editor, Robert Giroux, and a note to the reader by biographer William H. Shannon. It tells of the growing restlessness of a brilliant and passionate young man whose search for peace and faith leads him, at the age of twenty-six, to take vows in one of the most demanding Catholic orders—the Trappist monks. At the Abbey of Gethsemani, "the four walls of my new freedom," Thomas Merton struggles to withdraw from the world, but only after he has fully immersed himself in it. The Seven Storey Mountain has been a favorite of readers ranging from Graham Greene to Claire Booth Luce, Eldridge Cleaver, and Frank McCourt. Since its original publication this timeless spiritual tome has been published in over twenty languages and has touched millions of lives.

In the stillness of the courtroom a bookseller stands accused of selling a book. Is it a work of sensitive genius or an execrable volume of pornography? Could it have driven a respectable college boy to commit brutal rape? And who is the author of the novel at the vortex of a storm of sensation and controversy? Michael Barret has been asked by a friend to join him in a small law partnership, but has also been offered a huge salary to go into big business. He's certain of his choice, till he is given a chance to be involved with a major case involved with protecting free speech. The case is about the explicit book "The Seven Minutes", which some people consider pornography, while others, Barret included, feel is impressive literature. The main focus of the prosecution's case is a teenager who bought the book, and was soon after arrested for rape. According to the prosecution, the book insinuated the boy to do what he did, so it must be banned. The novel follows the course of the trial, as both Barret and the prosecutor search for reputable witnesses to prove their side.

Introduction to Logic is a proven textbook that has been honed through the collaborative efforts of many scholars over the last five decades. Its scrupulous attention to detail and precision in exposition and explanation is matched by the greatest accuracy in all associated detail. In addition, it continues to capture student interest through its personalized human setting and current examples. The 14th Edition of Introduction to Logic, written by Copi, Cohen & McMahon, is dedicated to the many thousands of students and their teachers - at hundreds of universities in the United States and around the world - who have used its fundamental methods and techniques of correct reasoning in their everyday lives.

Emily Ashcroft and her father, Sir Harrison Ashcroft, have set out to write a definitive biography of Adolph Hitler. Before they can finalize their manuscript, however, a cryptic letter from a German dentist sends Sir Harrison off to attempt the excavation of the site of the Führerbunker, where Hitler and his wife, Eva Braun, lived out the final weeks of their life before committing suicide and being cremated in a shallow pit. The thing is – maybe they didn't. Unfortunately, before the excavation can begin, Ashcroft is run down in a hit-and-run that would seem accidental – except the driver backed up and ran him over a second time. Armed only with the dentist's letter, her notes, and the determination to finish her father's book, Emily Ashcroft makes her own journey to Berlin. She is joined by a Russian museum curator, an American architect writing a book on Nazi and Third Reich architecture, and a Mossad agent, posing as a reporter. Together they uncover what may be the greatest hoax ever perpetrated – the faked death of the Father of the Third Reich, and the plan to bring the Nazi party back to power. Through harrowing adventures, steamy romance, impersonators, SS guards, and survivors they piece together the missing puzzle pieces of what really happened so long ago. The only question is – are they up to the challenge, and, as they begin to close in, can they survive it?

You have in your hands the most rigorous, complete and readable book ever written about the fascinating science of human sexuality. This book goes beyond the well-worn sexual education advice and the usual evolutionist psychology. After The Brain Snatcher, Pere Estupinyà comes back with the first popular science book on sex aimed at a wide audience. While there are some tips for the more adventurous, there is also a wealth of new information to be discovered. Distancing himself from the many books on advice or techniques, Estupinyà brings sex to another dimension by combining popular beliefs and science. Do you want proof that our decision-making in the "heat of the moment" is less rational than we think? Did you know that mind and vagina each go their own way? Are you interested in learning about the effects of yoga on sexual pleasure? Did you know about the attempts in the 60s to "cure" homosexuals with electric shock therapy, the chemical analysis of female ejaculation, or the fundamental relationship between the sympathetic and parasympathetic nervous system? The author has spoken directly with asexual and intersexual individuals, fetishists, multi-orgasmic women, women who never have orgasms through penetration, and men who have no refractory period. He has also participated in sadomasochistic events; learned tantric techniques with a couple of coaches, spoken with porn performers at Barcelona's Bagdad, and attended workshops in which a woman teaches how to have orgasms with your mind and breathing. The result is an incredible miscellany of information that appeals to both the scientific community and the curious.

A MEMOIR BY THE YOUNGEST RECIPIENT OF THE NOBEL PEACE PRIZE As seen on Netflix with David Letterman "I come from a country that was created at midnight. When I almost died it was just after midday." When the Taliban took control of the Swat Valley in Pakistan, one girl spoke out. Malala Yousafzai refused to be silenced and fought for her right to an education. On

Tuesday, October 9, 2012, when she was fifteen, she almost paid the ultimate price. She was shot in the head at point-blank range while riding the bus home from school, and few expected her to survive. Instead, Malala's miraculous recovery has taken her on an extraordinary journey from a remote valley in northern Pakistan to the halls of the United Nations in New York. At sixteen, she became a global symbol of peaceful protest and the youngest nominee ever for the Nobel Peace Prize. I AM MALALA is the remarkable tale of a family uprooted by global terrorism, of the fight for girls' education, of a father who, himself a school owner, championed and encouraged his daughter to write and attend school, and of brave parents who have a fierce love for their daughter in a society that prizes sons. I AM MALALA will make you believe in the power of one person's voice to inspire change in the world.

En una época en que es prioritaria la formación de lectores en serie, que asimilen varias docenas de libros al año, para satisfacer los índices internacionales sobre cultura y desarrollo, cualquier enunciado en contra parecería una contumacia fundamentalista. Sin embargo, la lectura enfrenta un presente multimediático –donde la imagen se subordina al texto– y por consecuencia no es ya la única forma de acceder a grandes cúmulos de información. Por otra parte, el sentido de una vida no se resuelve necesariamente en los libros. Además, el saber leer o hacerlo regularmente tampoco certifica un nivel cultural sobresaliente, pues esto dependería, más bien, de la calidad de los contenidos y el grado de asimilación de los mismos. Ustedes que leen es un acercamiento a estos y otros temas controversiales en donde se esclarecen los grandes "equivocos y mentiras sobre el libro y la lectura".

Over 3 million copies sold. Over 800 positive reviews. Adapted from the New York Times bestseller *The 7 Habits of Highly Effective People*, *The 7 Habits of Highly Effective Teens* is the ultimate teenage success guide—now updated for the digital age. Imagine you had a roadmap—a step-by-step guide to help you get from where you are now, to where you want to be in the future. Your goals, your dreams, your plans...they're all within reach. You just need the tools to help you get there. That's what Sean Covey's landmark book, *The 7 Habits of Highly Effective Teens*, has been to millions of teens: a handbook to self-esteem and success. Now updated for the digital age, this classic book applies the timeless principles of 7 Habits to the tough issues and life-changing decisions teens face. Covey provides a simple approach to help teens improve self-image, build friendships, resist peer pressure, achieve their goals, and appreciate their parents, as well as tackle the new challenges of our time, like cyberbullying and social media. In addition, this book is stuffed with cartoons, clever ideas, great quotes, and incredible stories about real teens from all over the world. Endorsed by high-achievers such as former 49ers quarterback Steve Young and 28-time Olympic medalist Michael Phelps, *The 7 Habits of Highly Effective Teens* has become the last word on surviving and thriving as a teen.
