**Luke Chmilenko, G. D. Penman**

*Fatemarked* David Estes, 2023-03-14 They are the fatemarked. Misunderstood. Worshipped. Hated. Murdered at birth. Their time to step into the light has come. An ancient prophecy foretold their coming, the chosen few who will bring peace to a land embroiled in a century of mistrust and war. When kings start dying, that hope and belief swiftly turns to fear. Roan Loren is one of the fatemarked, but has hidden his mark of power his entire life, fearing the damage it might cause to those around him. A great evil is coming. He can't hide anymore.

**Soulmarked** David Estes, 2017-03-18 In the spirit of fantasy epics like George R.R. Martin's *A Game of Thrones* and Brandon Sanderson's *The Way of Kings*, *The Fatemarked Epic* promises immaculate world building, an ancient prophecy, a mysterious source of magic, a diverse cast of characters, war, political intrigue, and romance. Despite the efforts of several of the fatemarked, turmoil and violence continue to plague the Four Kingdoms... To the north, Annise Gärlic ventures into the Hinterlands to discover the truth of the Sleeping Knights, who may be the only hope for her kingdom. Meanwhile, Tarin Sheary travels to Darrin in a desperate bid to repel the eastern forces amassing at Crow's Nest. Unbeknownst to either of them, a new threat rises in Blackstone. In the west, Rhea Loren seeks to ransom her prisoners, Gareth Ironclad and Gwendolyn Storm, which will bring her one step closer to her goal of controlling the fatemarked. Relying on her ability to summon the ancient sea creature, Wrathos, she seeks to unify her people while persuading them that the child growing inside her was placed there directly by Wrath. With his fatemarked sister in tow, Grey Arris sails toward *Pirate's Peril* in search of the truth about Shae's marking and the cause of her recurring dream of a pirate. In the southern empire of Phanes, a slave rebellion is brewing, with Jai Jiroux and Shanti Parthena Laude at its core. But the Hoza brothers will not relinquish their power without a fight. Finally, in *Calyp*, Raven Sandes' dragonia are growing, and she must decide whether to use them against the east, who continue to attack her desert borders. Simultaneously, Roan Loren shows up at her palace with an offer she cannot refuse, as he strives to learn the truth of the Western Oracle's prophecies and the origins of the fatemarked. As always, Bane is lurking in the shadows with his new partner, Chavos the plaguemarked, plotting how to destroy those who would stand in the path of peace.

**Deathmarked** David Estes, 2017 To the north, Annise Gärlic seek to rescue Lady Zelda and retake Castle Hill from the sellswords known as the Brotherhood. In the back of her mind is a growing fear, something she can't quite explain.

Meanwhile, Lisbeth Lorne tries to regain control of the ancient army of Sleeping Knights before they become the horde of death her soulmark has shown to her in visions. In the west, Rhea Loren find herself at a crossroads. Continue down the path of destruction or seek another way, another life. But when the truth she's buried from her own people comes to light, she loses the control she so desperately clings to. In the east, newly crowned King Gareth Ironclad must decide whether to pursue peace or follow in his father's and brother's footsteps. After all, he now has a dragon... In Calyp, Raven Sandes is forced to fight in the pits of Zune. She wants nothing more than to give up, to die, until she discovers her sister, Whisper, is a prisoner too. What she doesn't know is that Gwendolyn Storm is closing in on her, seeking her own vengeance for the latest attack on Ferria. Roan Loren, on the other hand, continues to seek knowledge, clinging to the Western Oracle's prophecy of peace. His journey takes him southward, to Teragon, where a truth has been hidden for more than a decade. Grey Arris, with his new pirate allies, sails for the southern continent, but he doesn't know what monsters lurk beneath the waters of the Burning Sea. In the southern empire of Phanes, Jai Jiroux and the Black Tears fight to maintain order as the newly released slaves cry for the blood of their previous masters. At the same time, he must control the slave army to defend against the Phaneicians warriors to the north, who have a new leader: Bane. The kingslayer still wants peace, but he's finally realized that he might have to destroy everything to achieve it--Amazon.com

**Truthmarked** David Estes,2017-03-09 In the spirit of fantasy epics like George R.R. Martin's A Game of Thrones and Brandon Sanderson's The Way of Kings, The Fatemarked Epic promises immaculate world building, an ancient prophecy, a mysterious source of magic, interesting characters, war, political intrigue, and romance. The Hundred Years War rages on, with tensions between kingdoms growing ever more strained. While Annise G♦ric and her forces march on Castle Hill to retake the northern throne, her cousin, Rhea Loren, wages a naval war against Blackstone. Meanwhile, Roan Loren and Gwendolyn Storm struggle to breach the gnarled, vine-choked undergrowth of the Tangle in their quest to reach Knight's End and learn more of the true purpose of the fatemarked. In the south, a Calypsian empress is murdered, and her daughters fight to claim the empire and wage a civil war against their estranged father's armies. In Phanes, slavery runs rampant while a rebel group fights to free the oppressed people. A master named Jai Jiroux looks to help the rebel cause, an act of treason punishable by death. Surrounding the Four Kingdoms is the pall cast by the Kings' Bane, who continues his quest to kill eight rulers and thus fulfill the Western Oracle's ancient prophecy, which he believes will pave to way to peace across the realms.

Age of Swords Michael J. Sullivan,2017-07-25 The gods have been proven mortal and new heroes will arise as the battle continues in the sequel to Age of Myth—from the author of the Riyria Revelations and Riyria Chronicles series. In Age of Myth, fantasy master Michael J. Sullivan launched readers on an epic journey of magic and adventure, heroism and betrayal,

love and loss. Now the thrilling saga continues as the human uprising is threatened by powerful enemies from without—and bitter rivalries from within. Raithe, the God Killer, may have started the rebellion by killing a Fhrey, but long-standing enmities dividing the Rhunes make it all but impossible to unite against the common foe. And even if the clans can join forces, how will they defeat an enemy whose magical prowess renders them indistinguishable from gods? The answer lies across the sea in a faraway land populated by a reclusive and dour race who feel nothing but disdain for both Fhrey and mankind. With time running out, Persephone leads the gifted young seer Suri, the Fhrey sorceress Arion, and a small band of misfits in a desperate search for aid—a quest that will take them into the darkest depths of Elan. There, an ancient adversary waits, as fearsome as it is deadly. Magic, fantasy, and mythology collide in Michael J. Sullivan's Legends of the First Empire series: AGE OF MYTH • AGE OF SWORDS • AGE OF WAR

As the list of allies grows thin, and the friends find themselves staring death in the face they must decide how to become the heroes they were destined to be or, failing that, how to survive. **Spellmonger** Terry Lee Mancour,2016-01-06 Minalan gave up a promising career as a professional warmage to live the quiet life of a village spellmonger in the remote mountain valley of Boval. It was a peaceful, beautiful little fief, far from the dangerous feudal petty squabbles of the Five Duchies, on the world of Callidore. There were cows. Lots of cows. And cheese. For six months things went well: he found a quaint little shop, befriended the local lord, the village folk loved him, he found a sharp young apprentice to help out, and best yet, he met a comely young widow with the prettiest eyes . . . Then one night Minalan is forced to pick up his mageblade again to defend his adopted home from the vanguard of an army of goblins - gurvani, they call themselves - bent on a genocidal crusade against all mankind. And that was the good news. The bad news was that their shamans were armed with more magical power than has been seen since the days of the ancient Imperial Magocracy - and their leader, a mysterious, vengeful force of hate and dark magic, is headed directly to Boval Vale, along with a massive invading army of gurvani. The good people of Boval and their spellmonger have only one choice: to hole up in the over-sized Boval Castle and hope they can endure a siege against hundreds of thousands of goblins. When the people look to him for hope, Minalan does his best, but the odds are depressing: there are multitudes of goblins, and they want Boval Vale as a staging ground for a vengeful invasion of the whole Five Duchies. Add to his troubles a jealous rival mage, a motley

band of mercenaries, a delusional liege lord who insists victory is at hand despite the hordes at his door, a dour castellan, a moody, pregnant girlfriend and a catty ex-girlfriend who specializes in sex magic - all trapped in a stinking, besieged castle with no hope of rescue, and you'll understand why Minalan is willing to take his chances with the goblins. All that stands between the gurvani horde and the people of the Five Duchies is one tired, overwhelmed baker's son who wanted nothing more than to be a simple village spellmonger!

That the Allied States had returned to prosperity and freedom ... The government was dead wrong. Deep under the cities, the Variants weren't just hiding, they were breeding. While the human survivors of the Extinction Cycle built outposts and brought back industries, the monsters were building something of their own. Working with human collaborators, they constructed a vast underground organic network to control this new army and launch a blitzkrieg assault across the Allied States. After tunneling under the walls, the beasts managed to overwhelm even the most fortified outposts. Many of them fell within days, forcing the military to abandon bases and retreat. But not everyone is on the run. Team Ghost hunts a monster behind enemy lines that could change the tide of war. On the USS George Johnson, Doctor Kate Lovato and her team of scientists seek to understand and tap into the Variant network while oil tycoon S.M. Fischer and his engineers come up with a plan to help buy time for the remaining outposts. And, at Outpost Portland, Captain Reed Beckham and Master Sergeant Parker Horn investigate a frightening conspiracy involving the human collaborators. As the Variant armies surge across the Allied States, those working to stop them realize even

desperate measures may not be enough to prevent the total annihilation of their country.
