write extended texts later on. This ABC and numbers book is intended to make your children fit at their first contact with letters and numbers. BOOK FEATURES * 62 sheets/125 pages * Premium matte cover design * Easy-to-follow dotted lines to start learning the alphabet as well as numbers 0-9 to improve your child's handwriting skills * For ages 3-5 to practice fine motor skills * Perfectly sized at 8.5"x11" * Essential writing practice for preschool and kindergarten The alphabet has a fixed structure. It begins with the letter A and ends with the letter Z. This book is also structured in this way for better orientation. After the alphabet, we have added all numbers from 0-9. Your child can work with this paper quite freely. In practice, it has been shown that many children start with letter A (or number 1) and later on, they continue working with their favorite letters and numbers. This is perfectly fine because children should learn that letters and numbers have a meaning attached to them. Give your child enough time and space to work through the book. Once your child has mastered all the exercises, he or she will be able to learn to handwrite quickly. Do not hesitate to invest in your child's education right now!
