

Little Fires Everywhere By Celeste Ng Book

Sydney Taylor Award-winning novel Berlin Boxing Club is loosely inspired by the true story of boxer Max Schmeling's experiences following Kristallnacht. Publishers Weekly called it "a masterful historical novel" in a starred review. Karl Stern has never thought of himself as a Jew; after all, he's never even been in a synagogue. But the bullies at his school in Nazi-era Berlin don't care that Karl's family doesn't practice religion. Demoralized by their attacks against a heritage he doesn't accept as his own, Karl longs to prove his worth. Then Max Schmeling, champion boxer and German hero, makes a deal with Karl's father to give Karl boxing lessons. A skilled cartoonist, Karl has never had an interest in boxing, but now it seems like the perfect chance to reinvent himself. But when Nazi violence against Jews escalates, Karl must take on a new role: family protector. And as Max's fame forces him to associate with Nazi elites, Karl begins to wonder where his hero's sympathies truly lie. Can Karl balance his boxing dreams with his obligation to keep his family out of harm's way? Includes an author's note and sources page detailing the factual inspirations behind the novel.

"Ben Jameson begins his teaching career in a small private school in Northern Virginia. He is idealistic, happy to have his first job after graduate school and hoping some day to figure out what he really wants out of life. In the two years he teaches English at Glenn Acres Preparatory School, he discovers what he believes will be his life's work; teaching is what he finally comes to with all his heart. His fiancée believes he suffers from a 'Christ complex,' that he wants to 'save the world' entire by involving himself in the lives of his students. Three students in particular, draw him in: an abused boy, a mute and damaged girl, and a dangerous but utterly beautiful 18 year old woman who has come back to school for one more chance to graduate. His attempts to 'save' these students lead him to territory his mentor and friend, the oldest teacher at Glenn Acres, Professor Bible, tells him he should not be in. It's a book about giving; it's about the nature of help--and it takes on the true complexity of that urge as it plays out in that most fraught (and yet common) of settings, a school. It is a book that explores both human frailty and the limits of benevolence."--Page 4 of cover.

From critically acclaimed author Steph Cha-Los Angeles-based P.I. Juniper Song is back in a thrillingly written, masterfully plotted story of how far a mother will go for her child Finally a licensed private detective, Steph Cha's "compelling and original" (LA Times) crime heroine Juniper Song is managing her own cases as the junior investigator of Lindley & Flores. When a woman named Rubina Gasparian approaches Song, she knows she's in for her most unusual case yet. The daughter of Armenian immigrants, Rubina and her husband Van recently learned that she cannot get pregnant-so they hired Rubina's younger cousin, Lusig, to act as a surrogate. However, Lusig's best friend Nora has been missing for a month, and Rubina is concerned that her cousin is dealing with her stress in a way that could harm the baby. Rubina hires Song to shadow her and report all that she finds. Of course, Lusig is frantically searching for her friend, and Song's case soon turns into a hunt for the missing woman, whom she finds was deeply embroiled in a public and ugly battle to erect an Armenian genocide memorial. As Song probes the depths of both this tight-knit immigrant community and the groups who antagonize it, she realizes that someone was willing to stop at nothing to ensure Nora's silence. But can she find the killer before it's too late for Rubina and Van's child-or for Song herself? A gorgeously written, tightly plotted, and emotionally charged read, The Surrogate is an unforgettable story of love, parenthood, and the things we do for our children, perfect for fans of Lisa Unger and Tana French.

"If you enjoyed *An American Marriage* by Tayari Jones, read *The Care and Feeding of Ravenously Hungry Girls*...an absorbing commentary on love, family and forgiveness."--*The Washington Post* "A fast-paced, intriguing story...the novel's real achievement is its uncommon perceptiveness on the origins and variations of addiction."--*The New York Times Book Review* One of the most anticipated reads of 2019 from *Vogue*, *Vanity Fair*, *Washington Post*, *Buzzfeed*, *Essence*, *Bustle*, *HelloGiggles* and *Cosmo*! "The Mothers meets *An American Marriage*" (*HelloGiggles*) in this dazzling debut novel about mothers and daughters, identity and family, and how the relationships that sustain you can also be the ones that consume you. The Butler family has had their share of trials--as sisters Althea, Viola, and Lillian can attest--but nothing prepared them for the literal trial that will upend their lives. Althea, the eldest sister and substitute matriarch, is a force to be reckoned with and her younger sisters have alternately appreciated and chafed at her strong will. They are as stunned as the rest of the small community when she and her husband, Proctor, are arrested, and in a heartbeat the family goes from one of the most respected in town to utter disgrace. The worst part is, not even her sisters are sure exactly what happened. As Althea awaits her fate, Lillian and Viola must come together in the house they grew up in to care for their sister's teenage daughters. What unfolds is a stunning portrait of the heart and core of an American family in a story that is as page-turning as it is important.

A half-Chinese orphan whose mother sacrificed everything to give him a better chance is raffled off as a prize at Seattle's 1909 World's Fair, only to land in the ownership of the madam of a notorious brothel where he finds friendship and opportunities, in a story based on true events.

A winning, irreverent debut novel about a family wrestling with its future and its past—for readers of J. Courtney Sullivan, Meg Wolitzer, Mona Simpson, and Jhumpa Lahiri NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE BOSTON GLOBE, KIRKUS REVIEWS, BUSTLE, AND EMILY GOULD, THE MILLIONS With depth, heart, and agility, debut novelist Mira Jacob takes us on a deftly plotted journey that ranges from 1970s India to suburban 1980s New Mexico to Seattle during the dot.com boom. *The Sleepwalker's Guide to Dancing* is an epic, irreverent testimony to the bonds of love, the pull of hope, and the power of making peace with life's uncertainties. Celebrated brain surgeon Thomas Eapen has been sitting on his porch, talking to dead relatives. At least that is the story his wife, Kamala, prone to exaggeration, tells their daughter, Amina, a photographer living in Seattle. Reluctantly Amina returns home and finds a situation that is far more complicated than her mother let on, with roots in a trip the family, including Amina's rebellious brother Akhil, took to India twenty years earlier. Confronted by Thomas's unwillingness to explain himself, strange looks from the hospital staff, and a series of puzzling items buried in her mother's garden, Amina soon realizes that the only way she can help her father is by coming to terms with her family's painful past. In doing so, she must reckon with the ghosts that haunt all of the Eapens. Praise for *The Sleepwalker's Guide to Dancing* "With wit and a rich understanding of human foibles, Jacob unspools a story that will touch your heart."—*People* "Optimistic, unpretentious and refreshingly witty."—*Associated Press* "By turns hilarious and tender and always attuned to shifts of emotion . . . [Jacob's] characters shimmer with life."—*Entertainment Weekly* "A rich, engrossing debut told with lightness and care."—*The Kansas City Star* "[A] sprawling, poignant, often humorous novel . . . Told with humor and sympathy for its characters, the book serves as a bittersweet lesson in the binding power of family, even when we seek to break out from it."—*O: The Oprah Magazine* "Moving forward and back in time, Jacob balances comedy and romance with indelible sorrow. . . . When her plot springs surprises, she lets them happen just as they do in life: blindsidingly right in the middle of things."—*The Boston Globe*

This irresistible debut, set in contemporary New York, provides a sharp, insightful look into how the relationship between two best friends changes when they are no longer coming of age but learning how to live adult lives. As close as sisters for twenty years, Sarah and Lauren have been together through high school and college, first jobs and first loves, the uncertainties of their twenties and the realities of their thirties. Sarah, the only child of a prominent intellectual and a socialite, works at a charity and is methodically planning her wedding. Lauren—beautiful, independent, and unpredictable—is single and working in publishing, deflecting her parents' worries and questions about her life and future by trying not to think about it herself. Each woman envies—and is horrified by—particular aspects of the other's life, topics of conversation they avoid with masterful linguistic pirouettes. Once, Sarah and Lauren were inseparable; for a long a time now, they've been apart. Can two women who rarely see one other, selectively share secrets, and lead different lives still call themselves best friends? Is it their abiding connection—or just force of habit—that keeps them together? With impeccable style, biting humor, and a keen sense of detail, Rumaan Alam deftly explores how the attachments we form in childhood shift as we adapt to our adult lives—and how the bonds of friendship endure, even when our paths diverge.

A memoir of Karachi through the eyes of its women An Indies Introduce Debut Authors Selection For a brief moment on December 27, 2007, life came to a standstill in Pakistan. Benazir Bhutto, the country's former prime minister and the first woman ever to lead a Muslim country, had been assassinated at a political rally just outside Islamabad. Back in Karachi—Bhutto's birthplace and Pakistan's other great metropolis—Rafia Zakaria's family was suffering through a crisis of its own: her Uncle Sohail, the man who had brought shame upon the family, was near death. In that moment these twin catastrophes—one political and public, the other secret and intensely personal—briefly converged. Zakaria uses that moment to begin her intimate exploration of the country of her birth. Her Muslim-Indian family immigrated to Pakistan from Bombay in 1962, escaping the precarious state in which the Muslim population in India found itself following the Partition. For them, Pakistan represented enormous promise. And for some time, Zakaria's family prospered and the city prospered. But in the 1980s, Pakistan's military dictators began an Islamization campaign designed to legitimate their rule—a campaign that particularly affected women's freedom and safety. The political became personal when her aunt Amina's husband, Sohail, did the unthinkable and took a second wife, a humiliating and painful betrayal of kin and custom that shook the foundation of Zakaria's family but was permitted under the country's new laws. The young Rafia grows up in the shadow of Amina's shame and fury, while the world outside her home turns ever more chaotic and violent as the opportunities available to post-Partition immigrants are dramatically curtailed and terrorism sows its seeds in Karachi. Telling the parallel stories of Amina's polygamous marriage and Pakistan's hopes and betrayals, *The Upstairs Wife* is an intimate exploration of the disjunction between exalted dreams and complicated realities.

The sensational first novel from the Man Booker Prize-winning author of *The Luminaries*. Set in the aftermath of a sex scandal at an all-girls' high school, Eleanor Catton's internationally acclaimed award-winning debut is a provocative and darkly funny novel about the elusiveness of truth, the slipperiness of identity, and the emotional compromises we make to belong. When news spreads of a high school teacher's relationship with one of his students, the teenage girls at Abbey Grange are jolted into a new awareness of their own potency and power. Although no one knows the whole truth, the girls have their own ideas about what happened. As they obsessively examine the details of the affair with the curiosity and jealousy native to any adolescent girl, they confide in their saxophone teacher, an enigmatic woman who is only too happy to play both confidante and stage manager to her students. But when the local drama school decides to turn the scandal into a play, the boundaries between fact and fantasy soon break down as dramas both real and imagined begin to unfold. Sharply observed, brilliantly crafted, and infused with a deliciously subversive wit, *The Rehearsal* is at once a vibrant portrait of teenage longing and adult regret, and a shrewd exposé of how we are all performers in life, from one of the most bold and exciting voices in contemporary fiction.

A girl searches for a killer on an island where deadly sirens lurk just beneath the waves in this “twisty, atmospheric story that grips readers like a siren song” (Publishers Weekly, starred review). The sea holds many secrets. Moira Alexander has always been fascinated by the deadly sirens who lurk along the shores of her island town. Even though their haunting songs can lure anyone to a swift and watery grave, she gets as close to them as she can, playing her violin on the edge of the enchanted sea. When a young boy is found dead on the beach, the islanders assume that he’s one of the sirens’ victims. Moira isn’t so sure. Certain that someone has framed the boy’s death as a siren attack, Moira convinces her childhood friend, the lighthouse keeper Jude Osric, to help her find the real killer, rekindling their friendship in the process. With townspeople itching to hunt the sirens down, and their own secrets threatening to unravel their fragile new alliance, Moira and Jude must race against time to stop the killer before it’s too late—for humans and sirens alike.

A stunning and heartbreaking lens on the global refugee crisis, from a man who faced the very worst of humanity and survived to advocate for displaced people around the world One day when Mondiant Dogon, a Bagogwe Tutsi born in the Democratic Republic of Congo, was only three years old, his father’s lifelong friend, a Hutu man, came to their home with a machete in his hand and warned the family they were to be killed within hours. Dogon’s family fled into the forest, initiating a long and dangerous journey into Rwanda. They made their way to the first of several UN tent cities in which they would spend decades. But their search for a safe haven had just begun. Hideous violence stalked them in the camps. Even though Rwanda famously has a former refugee for a president in Paul Kagame, refugees in that country face enormous prejudice and acute want. For much of his life, Dogon and his family ate barely enough to keep themselves from starving. He fled back to Congo in search of the better life that had been lost, but there he was imprisoned and left without any option but to become a child soldier. For most refugees, the camp starts as an oasis but soon becomes quicksand, impossible to leave. Yet Dogon managed to be one of the few refugees he knew to go to college. Though he hid his status from his fellow students out of shame, eventually he would emerge as an advocate for his people. Rarely do refugees get to tell their own stories. We see them only for a moment, if at all, in flight: Syrians winding through the desert; children searching a Greek shore for their parents; families gathered at the southern border of the United States. But through his writing, Dogon took control of his own narrative and spoke up for forever refugees everywhere. As Dogon once wrote in a poem, “Those we throw away are diamonds.”

From the award-winning, New York Times bestselling author of NOS4A2 and Heart-Shaped Box comes a chilling novel about a worldwide pandemic of spontaneous combustion that threatens to reduce civilization to ashes and a band of improbable heroes who battle to save it, led by one powerful and enigmatic man known as the Fireman. The fireman is coming. Stay cool. No one knows exactly when it began or where it originated. A terrifying new plague is spreading like wildfire across the country, striking cities one by one: Boston, Detroit, Seattle. The doctors call it Draco Incendia Trychophyton. To everyone else it’s Dragonscale, a highly contagious, deadly spore that marks its hosts with beautiful black and gold marks across their bodies—before causing them to burst into flames. Millions are infected; blazes erupt everywhere. There is no antidote. No one is safe. Harper Grayson, a compassionate, dedicated nurse as pragmatic as Mary Poppins, treated hundreds of infected patients before her hospital burned to the ground. Now she’s discovered the telltale gold-flecked marks on her skin. When the outbreak first began, she and her husband, Jakob, had made a pact: they would take matters into their own hands if they became infected. To Jakob’s dismay, Harper wants to live—at least until the fetus she is carrying comes to term. At the hospital, she witnessed infected mothers give birth to healthy babies and believes hers will be fine too. . . if she can live long enough to deliver the child. Convinced that his do-gooding wife has made him sick, Jakob becomes unhinged, and eventually abandons her as their placid New England community collapses in terror. The chaos gives rise to ruthless Cremation Squads—armed, self-appointed posses roaming the streets and woods to exterminate those who they believe carry the spore. But Harper isn’t as alone as she fears: a mysterious and compelling stranger she briefly met at the hospital, a man in a dirty yellow fire fighter’s jacket, carrying a hooked iron bar, straddles the abyss between insanity and death. Known as The Fireman, he strolls the ruins of New Hampshire, a madman afflicted with Dragonscale who has learned to control the fire within himself, using it as a shield to protect the hunted . . . and as a weapon to avenge the wronged. In the desperate season to come, as the world burns out of control, Harper must learn the Fireman’s secrets before her life—and that of her unborn child—goes up in smoke.

“Compellingly complex...Expands the future of the immigrant novel even as it holds us in uneasy thrall to the past.” – Gish Jen, New York Times Book Review Combining the emotional resonance of Home Fire with the ambition and innovation of Asymmetry, a lyrical and thought-provoking debut novel that explores the complex web of grief, memory, time, physics, history, and selfhood in the immigrant experience, and the complicated bond between daughters and mothers. On the night of June Fourth, a woman gives birth in a Beijing hospital alone. Thus begins the unraveling of Su Lan, a brilliant physicist who until this moment has successfully erased her past, fighting what she calls the mind’s arrow of time. When Su Lan dies unexpectedly seventeen years later, it is her daughter Liya who inherits the silences and contradictions of her life. Liya, who grew up in America, takes her mother’s ashes to China—to her, an unknown country. In a territory inhabited by the ghosts of the living and the dead, Liya’s memories are joined by those of two others: Zhu Wen, the woman last to know Su Lan before she left China, and Yongzong, the father Liya has never known. In this way a portrait of Su Lan emerges: an ambitious scientist, an ambivalent mother, and a woman whose relationship to her own past shapes and ultimately unmakes Liya’s own sense of displacement. A story of migrations literal and emotional, spanning time, space and class, Little Gods is a sharp yet expansive exploration of the aftermath of unfulfilled dreams, an immigrant story in negative that grapples with our tenuous connections to memory, history, and self.

“Wilson’s ambition alone is exciting. . . . [His] writing has a Houdini-like perfection, wherein no matter how grim the variables, each lovely sentence manages to escape with all its parts intact.” —Boston Globe When Isabelle Poole meets Dr. Preston Grind, she’s fresh out of high school, pregnant with her art teacher’s baby, and totally on her own. Izzy knows she can be a good mother but without any money or relatives to help, she’s left searching. Dr. Grind, an awkwardly charming child psychologist, has spent his life studying family, even after tragedy struck his own. Now, with the help of an eccentric billionaire, he has the chance to create a “perfect little world”—to study what would happen when ten children are raised collectively, without knowing who their biological parents are. He calls it The Infinite Family Project and he wants Izzy and her son to join. This attempt at a utopian ideal starts off promising, but soon the gentle equilibrium among the families disintegrates: unspoken resentments between the couples begin to fester; the project’s funding becomes tenuous; and Izzy’s growing feelings for Dr. Grind make her question her participation in this strange experiment in the first place. Written with the same compassion and charm that won over legions of readers with The Family Fang, Kevin Wilson shows us with grace and humor that the best families are the ones we make for ourselves.

But Lucia impetuously plows ahead, marrying a big-hearted, older man only to leave him suddenly to have a baby with a young Latino immigrant. The stunning new novel from the highly-acclaimed author of The Panopticon It's November of 2020, and the world is freezing over. Each day colder than the last. There's snow in Israel, the Thames is overflowing, and an iceberg separated from the Fjords in Norway is expected to drift just off the coast of Scotland. As ice water melts into the Atlantic, frenzied London residents evacuate by the thousands for warmer temperatures down south. But not Dylan. Grieving and ready to build life anew, he heads north to bury his mother's and grandmother's ashes on the Scottish islands where they once lived. Hundreds of miles away, twelve-year-old Estella and her survivalist mother, Constance, scrape by in the snowy, mountainous Highlands, preparing for a record-breaking winter. Living out of a caravan, they spend their days digging through landfills, searching for anything with restorative and trading value. When Dylan arrives in their caravan park in the middle of the night, life changes course for Estella and Constance. Though the weather worsens, his presence brings a new light to daily life, and when the ultimate disaster finally strikes, they'll all be ready. Written in incandescent, dazzling prose, The Sunlight Pilgrims is a visionary story of courage and resilience in the midst of nature's most violent hour; by turns an homage to the portentous beauty of our natural world, and to just how strong we can be, if the will and the hope is there, to survive its worst. - NPR “Best Books of 2016” – Family Matters, Identity & Culture, Science Fiction & Fantasy, and Tales from Around the World

“Funny, tender, and so good.” —Mindy Kaling, #1 New York Times bestselling author of Why Not Me? Remember when we hit it off so well that we decided We’re Going to Need More Wine? Well, this time you and I are going to turn to our friend the bartender and ask, You Got Anything Stronger? I promise to continue to make you laugh, but with this round, the stakes get higher as the conversation goes deeper. So. Where were we? Right, you and I left off in October 2017, when my first book came out. The weeks before were filled with dreams of loss. Pets dying. My husband leaving me. Babies not being born. My therapist told me it was my soul preparing for my true self to emerge after letting go of my grief. I had finally spoken openly about my fertility journey. I was having second thoughts—in fact, so many thoughts they were organizing to go on strike. But I knew I had to be honest because I didn’t want other women going through IVF to feel as alone as I did. I had suffered in isolation, having so many miscarriages that I could not give an exact number. Strangers shared their own journeys and heartbreak with me. I had led with the truth, and it opened the door to compassion. When I released We’re Going to Need More Wine, the response was so great people asked when I would do a sequel. The New York Times even ran a headline reading “We’re Going to Need More Gabrielle Union.” Frankly, after being so open and honest in my writing, I wasn’t sure there was more of me I was ready to share. But life happens with all its plot twists. And new stories

demand to be told. This time, I need to be more vulnerable—not so much for me, but anyone who feels alone in what they’re going through. A lot has changed in four years—I became a mom and I’m raising two amazing girls. My husband retired. My career has expanded so that I have the opportunity to lift up other voices that need to be heard. But the world has also shown us that we have a lot we still have to fight for—as women, as black women, as mothers, as aging women, as human beings, as friends. In *You Got Anything Stronger?*, I show you how this ever-changing life presents challenges, even as it gives me moments of pure joy. I take you on a girl’s night at Chateau Marmont, and I also talk to Isis, my character from *Bring It On*. For the first time, I truly open up about my surrogacy journey and the birth of Kaavia James Union Wade. And I take on racist institutions and practices in the entertainment industry, asking for equality and real accountability. *You Got Anything Stronger?* is me at my most vulnerable. I have recently found true strength in that vulnerability, and I want to share that power with you here, through this book.

From the New York Times bestselling author of the “twisty-mystery” (Vulture) novel *In a Dark, Dark Wood*, *The Woman in Cabin 10*, and *The Turn of the Key* comes Ruth Ware’s *The Lying Game*. Isa Wilde knows something terrible has happened when she receives a text from an old friend. Why would Kate summon her and their two friends to the seaside town where they briefly attended the Salten House boarding school together seventeen years ago? The four friends had quickly bonded over the Lying Game—a risky contest that involved tricking fellow boarders and faculty with their lies. Now reunited, Isa, Kate, Thea, and Fatima discover that their past lies had far-reaching effects and criminal implications that threaten them all. In order to protect their reputations, and their friendship, they must uncover the truth about what really happened all those years ago. Atmospheric and twisty, with just the right amount of chill, *The Lying Game* will have readers at the edge of their seats, not knowing who can be trusted in this tangled web of lies.

A wry and edgy debut novel about race and startup culture, secrecy and surveillance, social media and friendship “A knowing, witty, and thought-provoking exploration of love, modern isolation, and what it means to exist—especially as a person of color—in our increasingly digital age.”—Celeste Ng, bestselling author of *Everything I Never Told You* and *Little Fires Everywhere* NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR • The New York Public Library • Parade • Kirkus Review Lucas and Margo are fed up.

Margo is a brilliant programmer tired of being talked over as the company’s sole black employee, and while Lucas is one of many Asians at the firm, he’s nearly invisible as a low-paid customer service rep. Together, they decide to steal their tech startup’s user database in an attempt at revenge. The heist takes a sudden turn when Margo dies in a car accident, and Lucas is left reeling, wondering what to do with their secret—and wondering whether her death really was an accident. When Lucas hacks into Margo’s computer looking for answers, he is drawn into her private online life and realizes just how little he knew about his best friend. With a fresh voice, biting humor, and piercing observations about human nature, Kevin Nguyen brings an insider’s knowledge of the tech industry to this imaginative novel. A pitch-perfect exploration of race and startup culture, secrecy and surveillance, social media and friendship, *New Waves* asks: How well do we really know one another? And how do we form true intimacy and connection in a tech-obsessed world? Praise for *New Waves* “Nguyen’s stellar debut is a piercing assessment of young adulthood, the tech industry, and racism. . . . Nguyen impressively holds together his overlapping plot threads while providing incisive criticism of privilege and a dose of sharp humor. The story is fast-paced and fascinating, but also deeply felt; the effect is a page-turner with some serious bite.”—Publishers Weekly (starred review) “A blistering sendup of startup culture and a sprawling, ambitious, tender debut.”—Kirkus Reviews (starred review)

A taut psychological tale of obsession and betrayal set over the course of a dinner party. "Day's shrewd eye and authorial tone provide a gleeful, edgy wit.... [a] smart, irresistible romp."—New York Times Book Review Ben, who hails from old money, and Martin, who grew up poor but is slowly carving out a successful career as an art critic, have been inseparable since childhood. Ben's wife Serena likes to jokingly refer to Martin as Ben's dutiful Little Shadow. Lucy is a devoted wife to Martin, even as she knows she'll always be second best to his sacred friendship. When Ben throws a lavish 40th birthday party at his new palatial country home, Martin and Lucy attend, mixing with the very upper echelons of London society. But why, the next morning, is Martin in a police station being interviewed about the events of last night? Why is Lucy being forced to answer questions about his husband and his past? What exactly happened at the party? And what has bound these two very different men together for so many years? A cleverly built tour of intrigue, *The Party* reads like a novelistic board game of Clue, taking us through the various half-truths and lies its characters weave, as the past and present collide in a way that its protagonists could never have anticipated.

Mr. and Mrs. Fang called it art. Their children called it mischief. Performance artists Caleb and Camille Fang dedicated themselves to making great art. But when an artist’s work lies in subverting normality, it can be difficult to raise well-adjusted children. Just ask Buster and Annie Fang. For as long as they can remember, they starred (unwillingly) in their parents’ madcap pieces. But now that they are grown up, the chaos of their childhood has made it difficult to cope with life outside the fishbowl of their parents’ strange world. When the lives they’ve built come crashing down, brother and sister have nowhere to go but home, where they discover that Caleb and Camille are planning one last performance—their magnum opus—whether the kids agree to participate or not. Soon, ambition breeds conflict, bringing the Fangs to face the difficult decision about what’s ultimately more important: their family or their art. Filled with Kevin Wilson’s endless creativity, vibrant prose, sharp humor, and keen sense of the complex performances that unfold in the relationships of people who love one another, *The Family Fang* is a masterfully executed tale that is as bizarre as it is touching.

“If you liked *Big Little Lies*, you’ll want to crack open [*Little Broken Things*].” —Southern Living An unforgettable and moving novel about an affluent suburban family whose carefully constructed façade crumbles with the unexpected arrival of an endangered young girl. I have something for you. When Quinn Cruz receives that cryptic text message from her older sister Nora, she doesn’t think much of it. They haven’t seen each other in nearly a year and their relationship consists mostly of infrequent phone calls and the occasional email. But when a haunted-looking Nora shows up just hours later, a chain reaction is set into motion that will change both of their lives forever. Nora’s “something” is more shocking than Quinn could have ever imagined: a little girl, cowering and wide-eyed. Nora hands her over to Quinn with instructions to keep her safe and disappears, leaving Quinn as the unlikely caretaker of a girl introduced simply as Lucy. “Steeped in menace...a race-to-the-finish family drama” (People), *Little Broken Things* explores life and death, family and freedom, and the lengths one woman will go to protect the ones she loves.

One question. What is a woman for? In this ferociously imaginative novel, abortion is once again illegal in America, in-vitro fertilization is banned, and the Personhood Amendment grants rights of life, liberty, and property to every embryo. In a small Oregon fishing town, five very different women navigate these new barriers alongside age-old questions surrounding motherhood, identity, and freedom. Ro, a single high-school teacher, is trying to have a baby on her own, while also writing a biography of Eivør, a little-known 19th-century female polar explorer.

Susan is a frustrated mother of two, trapped in a crumbling marriage. Mattie is the adopted daughter of doting parents and one of Ro's best students, who finds herself pregnant with nowhere to turn. And Gin is the gifted, forest-dwelling herbalist, or "mender," who brings all their fates together when she's arrested and put on trial in a frenzied modern-day witch hunt. RED CLOCKS is at once a riveting drama, whose mysteries unfold with magnetic energy, and a shattering novel of ideas. In the vein of Margaret Atwood and Eileen Myles, Leni Zumas fearlessly explores the contours of female experience, evoking THE HANDMAID'S TALE for a new millennium. This is a story of resilience, transformation, and hope in tumultuous-even frightening-times.
