

Live The Life You Love Postcard Box 100 Hand Lettered Postcards

"A quietly brilliant book that warms slowly in the hands." —Dwight Garner, *The New York Times* I am not talking about surviving. I am not talking about becoming human, but about how I came to realize that I had always already been human. I am writing about all that I wanted to have, and how I got it. I am writing about what it cost, and how I was able to afford it. Jan Grue was diagnosed with spinal muscular atrophy at the age of three. Shifting between specific periods of his life—his youth with his parents and sister in Norway; his years of study in Berkeley, St. Petersburg, and Amsterdam; and his current life as a professor, husband, and father—he intersperses these histories with elegant, astonishingly wise reflections on the world, social structures, disability, loss, relationships, and the body: in short, on what it means to be human. Along the way, Grue moves effortlessly between his own story and those of others, incorporating reflections on philosophy, film, art, and the work of writers from Joan Didion to Michael Foucault. He revives the cold, clinical language of his childhood, drawing from a stack of medical records that first forced the boy who thought of himself as “just Jan” to perceive that his body, and therefore his self, was defined by its defects. *I Live a Life Like Yours* is a love story. It is rich with loss, sorrow, and joy, and with the details of one life: a girlfriend pushing Grue through the airport and forgetting him next to the baggage claim; schoolmates forming a chain behind his wheelchair on the ice one winter day; his parents writing desperate letters in search of proper treatment for their son; his own young son climbing into his lap as he sits in his wheelchair, only to leap down and run away too quickly to catch. It is a story about accepting one’s own body and limitations, and learning to love life as it is while remaining open to hope and discovery.

This book is aimed at women at the prime of their life who are seeking to re-discover themselves. It takes you on a journey of self-discovery and helps you to re-connect with your inner being and by building your self-awareness it encourages you to fall in love with everything about yourself, flaws and all; and to love yourself unconditionally.

Then she flips the script and charts a pathway to this joyful, purpose-filled life that today's women not only want but also, finally, have the resources to afford. Through Chatzky's candid three-part plan--formed through detailed reporting with the world's top economists, psychiatrists, behaviorists, financial planners, and attorneys, as well as her own two decades of experience in the field--readers will learn to: 1. Explore their relationships with money, 2. Take control of their money, and 3. Use their money to create the life they want. Women With Money shows readers how to wrap their hands around tactical solutions to get paid what they deserve, become inspired to start businesses, invest for tomorrow, make their money last, and then use that money to foster secure relationships, raise independent and confident children, send those kids to college, care for their aging parents, leave a legacy, and--best of all--bring them joy!

In *Love Your Life, Not Theirs*, Rachel Cruze shines a spotlight on the most damaging money habit we have: comparing ourselves to others. Then she unpacks seven essential money habits for living the life we really want--a life in line with our values, where we can afford the things we want to buy without being buried under debt, stress, and worry. The Joneses are broke. Life looks good, but hidden beneath that glossy exterior are credit card bills, student loans, car payments, and an out-of-control mortgage. Their money situation is a mess, and they're trying to live a life they simply can't afford. So why exactly do we try so hard to keep up with the Joneses? Are we really living the lives we want, or are we chasing someone else's dream, just trying to keep up appearances on social media, at church, and in our community? Why are we letting other people set the pace for our own family's finances? In *Love Your Life, Not Theirs*, Rachel shows you how to buy and do the things that are important to you--the right way. That starts by choosing to quit the comparisons, reframing the way you think about money, and developing new habits like avoiding debt, living on a plan, watching your spending, saving for the future, having healthy conversations about money, and giving. These habits work, and Rachel is living proof. Now, she wants to empower you to live the life you've always dreamed of without creating the debt, stress, and worry that are all too often part of the deal. Social media isn't real life, and trying to keep up with the Joneses will never get you anywhere. It's time to live--and love--your life, not theirs. "I've never read a book about money that takes this approach--and that's a good thing! Comparison has a way of weaving itself throughout all aspects of our lives, including our money. In *Love Your Life, Not Theirs*, Rachel Cruze outlines the seven money habits that really matter--and they have nothing to do with keeping up with the Joneses!" Candace Cameron-Bure Actress, author, and co-host of *The View* "*Love Your Life, Not Theirs* is full of the kind of practical, straightforward advice we've come to expect from Rachel Cruze. She offers guidance on paying down debt, smart saving, and the right way to talk to your spouse about money. These indispensable tips can help with day-to-day spending decisions and put you on a path to establishing healthy financial habits." Susan Spencer Editor-in-Chief for *Woman's Day* "Cruze's self-deprecating and honest voice is a great resource for anyone wanting to take charge of their money. With humor and approachability, she helps her readers set themselves up for success and happiness, no matter what current financial state they may be in." Kimberly Williams-Paisley New York Times best-selling author of *Where the Light Gets In* "In today's world of social media, the temptation to play the comparison game is stronger than ever. *Love Your Life, Not Theirs* is the perfect reminder that, when it comes to money, comparison is a game you can't win. A terrific--and much needed--read." Jean Chatzky Financial Editor, NBC TODAY and Host of *HerMoney* with Jean Chatzky Podcast

I Choose: A Life I Love Living is a literary experiment and an invitation to explore self-awareness and inter-personal connection. As an introduction to the inner self, this book covers a variety of personal and universal topics from awareness of old emotional wounds, to dedicated and enthusiastic choices to live in happiness, as well as tools for the challenges along the way. This little book tackles a very large subject in a step-by-step fashion. Utilizing the first person literary style, I Choose seeks to connect with the internal world of the reader through an affirmation based and deeply self-reflective reading experience. By exploring topics like choice, language, support, self-responsibility, clearing old attachments and self-empowerment with a non-judgmental and invitational tone, I Choose offers something to everyone. Choice is our primary tool for selecting the truth that we project on the world and upon ourselves. It can be a key to unlocking any doorway or a key that locks every door around us. However, this tool often hides in plain sight and can be pushed away by attachments, judgments and un-faced fears. It is the intention of I Choose to acquaint the reader with the many levels and possibilities of personal choice to help unlock some of the doorways that lead to personal happiness. Through the use of empowered choice we can delve into the many fundamental elements of the human experience and make some deep life changing choices. Language and words are the foundation blocks from which we build our entire world. Words are incredibly powerful tools in the process of choice and can aid meaningful change or perpetuate repeating experiences. Yet simple tools and approaches to language can dramatically aid the process of self-transformation. By learning to

focus language with a non-judgmental and honest perspective, and applying those changes in everyday words, many of the doors to personal satisfaction can open quite naturally. *I Choose: A Life I Love Living* is a reminder of the choices that exist for all of us. By reminding ourselves that we fully participate in our own life's experiences, we actively and compassionately face the aspects of life that hurt, while empowering ourselves to create the experiences we desire. We all can choose to act with courage and dedication to make life an experience that reflects our deepest intentions. I invite you to explore and experiment with me, to find the deep joy, gentle strength and inner peacefulness that feels right for you.

Through the pages of this book, the author has tried to capture the emotions and thoughts of someone who has, against all odds decided to rise above his/her circumstances and follow their dreams. The concept of self-love has been portrayed in all its importance as people often neglect their own well-being. The consequences being despair, depression and an unfortunate urge to quit their efforts to improve the quality of life. She has included an array of poems, open letters, affirmations, thoughts and articles which will take you through a journey of self-learning and self-realisation. Once you understand how valuable you are, how precious the gift of life is, your whole perspective changes. And she hopes she will be able to bring some positive change in your lives. It's high time people practice positive thinking and self-motivation. For anyone feeling low and useless, here is the perfect solution which will help you work on yourself, be kinder to yourself and love your life.
