An unforgettable book from Portugal's bestselling author that promises to change how we write and read about love. The restaurant is crowded and noisy. The man sits by the window, watching the grey sky, bored, as he is every Monday morning. Suddenly he turns and she's there, standing in front of him. Years have passed since he last saw her, since the day he left, without an explanation, without a reason. Only now does he realize he never stopped loving her, even for a second. When she tries to run away from him, too shocked by the sudden onslaught of emotions, he stops her. And as they embrace, surrounded by passersby, they promise to hold on, to make mistakes again. To love each other. Deeply and forever. With his intimate, almost whispered style, Pedro Chagas Freitas takes the reader on a journey to discover the truth about love; the kind of love that touches, envelops and thrills you, that conceals and reveals, that wounds and heals, that seizes you and sets you free.

Ambrose Young was beautiful. The kind of beautiful that graced the covers of romance novels, and Fern Taylor would know. She'd been reading them since she was thirteen. But maybe because he was so beautiful he was never someone Fern thought she could have...until he wasn't beautiful anymore. *Making Faces* is the story of a small town where five young men go off to war, and only one comes back. It is the story of loss. Collective loss, individual loss, loss of beauty, loss of life, loss of identity. It is the tale of one girl's love for a broken boy, and a wounded warrior's love for an unremarkable girl. This is a story of friendship that overcomes heartache, heroism that defies the common definitions, and a modern tale of *Beauty and the Beast*, where we discover that there is a little beauty and a little beast in all of us.

The true story of Elton John's meteoric rise from obscurity to worldwide celebrity in the weird, wild 1970s, based on rare one-on-one interviews with the *Rocket Man* himself—now the subject of a major motion picture. In August 1970, Elton John achieved overnight fame with a rousing performance at the *Troubadour* in Los Angeles. Over the

next five years, the artist formerly known as Reginald Dwight went from unheard of to unstoppable, scoring seven consecutive #1 albums and sixteen Top Ten singles in America. By the middle of the decade, he was solely responsible for 2 percent of global record sales. One in fifty albums sold in the world bore his name. Elton John's live shows became raucous theatrical extravaganzas, attended by all the glitterati of the era. But beneath the spangled bodysuits and oversized eyeglasses, Elton was a desperately shy man, conflicted about his success, his sexuality, and his narcotic indulgences. In 1975, at the height of his fame, he attempted suicide. After coming out as bisexual in a controversial Rolling Stone interview that nearly wrecked his career, and announcing his retirement from live performance in 1977 at the age of thirty, he gradually found his way back to the thing he cared about most: the music. Captain Fantastic gives readers a behind-the-scenes look at the rise, fall, and return to glory of one of the world's most mercurial performers. Rock journalist Tom Doyle's insider account of the Rocket Man's turbulent ascent is based on a series of one-on-one interviews in which Elton laid bare many previously unrevealed details of his early career. Here is an intimate exploration of Elton's working relationship with songwriting partner Bernie Taupin, whose lyrics often chronicled the ups and downs of their life together in the spotlight. Through these pages pass a parade of legends whose paths crossed with Elton's during the decade—including John Lennon, Bob Dylan, Groucho Marx, Katharine Hepburn, Princess Margaret, Elvis Presley, and an acid-damaged Brian Wilson. A fascinating portrait of the artist at the apex of his celebrity, Captain Fantastic takes us on a rollicking fame-and-drug-fueled ride aboard Elton John's rocket ship to superstardom. Praise for Captain Fantastic "Veteran rock journalist [Tom] Doyle continues his foray into the 1970s music scene with a compelling profile of an unlikely rock star. . . . In chronicling Elton John's stratospheric rise to fame, replete with platinum records, increasingly outlandish stage shows, and mountains of cash, the author deftly manages to keep his subject in sharp focus. Based on hours of one-on-one interviews with Captain Fantastic himself, this breezy yet comprehensive biography demonstrates what it was like for the talented musician to churn out an impossible string of hit records. . . . A great way to better understand the man behind the garish glasses and platform boots."—Kirkus Reviews "In this adoring and candid set of fan's notes, music journalist Doyle (Man on the Run) draws on interviews with John and his colleagues, especially his writing partner, Bernie Taupin, to capture the meteoric rise and fall of the man who released at least one album every year of the 1970s. . . . This energetic book . . . makes a convincing case that John reached his peak and made his best music in the '70s."—Publishers Weekly "A breezy and surprisingly poignant romp through a decade, and a career, that effectively invented modern celebrity culture."—Peter Doggett, author of You Never Give Me Your Money: The Beatles After the Breakup
