As I sit at my computer surrounded by pictures of "Rebel" and "Blue Lady" recording memories of my sailing life, I know just how lucky I have been. Had I been just a few years earlier in arriving on this earth, I would have missed the chance of a middle class working stiff to own such boats. Only one generation earlier had no opportunity to own and sail the boats I have known. Author J. Howard Williams experienced a variety of jobs in his lifetime, from a CPA to a marina manager to a boat salesman. But through it all, his heart has belonged to sailing. Journey with Williams through a lifetime of sailing adventures in Love at First Sight. On his sailboats Sooner, Sooner II, Rebel, Rebel II, and Blue Lady, he sailed well over 100,000 good and bad miles. On the water of Galveston Bay, the Gulf of Mexico, the Bahamas and the Atlantic coast from 1950 to 1990, Williams experienced and now shares a lifetime of joy for and fascination with the world of sailing.

New updated edition, new statistics and Epilogue One country, four languages, 26 cantons, and 7.5 million people (but only 80% of them Swiss): there's nowhere else in Europe like it. Switzerland may be almost 400 km from the nearest drop of seawater, but it is an island at the centre of Europe. Welcome to the landlocked island. Swiss Watching is a fascinating journey around Europe's most individual and misunderstood country. From seeking Heidi and finding the best chocolate to reliving a bloody past and exploring an uncertain future, Diccon Bewes proves that there's more to Switzerland than banks and skis, francs and cheese. This book dispels the myths and unravels the true meaning of Swissness. In a land of cultural contradictions, this is a picture of the real and normally unseen Switzerland, a place where the breathtaking scenery shaped a nation not just a tour itinerary, and where tradition is as important as innovation. It's also the story of its people, who have more power than their politicians, but can't speak to one another in the same language and who own more guns per head than the people of Iraq. As for those national clichés, well, not all the cheese has holes, cuckoo clocks aren't Swiss and the trains don't always run exactly on time.

Pizza is a \$35 billion a year business, and nowhere is it taken more seriously than New York City. Journalist Peter Genovese surveys the city's pizza scene—the food, the business, the culture—by profiling pizza landmarks and personalities and rating pizzerias in all five boroughs. In this funny, fascinating book, Genovese explores the bloggers who write about New York pizza, the obsessive city dwellers who collect and analyze the delivery boxes, Mark Bello's school where students spend a day making pies from scratch, and Scott Wiener's pizza bus tours. Along the way, readers learn the history of legendary Totunno's on Coney Island (Zagat's number-one pizzeria for 2012), along with behind-the-scenes stories about John's on Bleecker Street, Joe's on Carmine, Lombardi's, Paulie Gee's, Motorino, and more than a dozen other favorite spots and their owners. Throughout these profiles, Genovese presents a brief history of how pizza came to the city in 1905 and developed into a major attraction in Little Italy, a neighborhood that became a training ground for many of the city's best-loved pizzerias. Enjoyable facts and figures abound. Did you know that Americans put 250 million pounds of pepperoni on their pies every year? Or that Domino's has more outlets per capita in Iceland than in any other country? Beyond the stories and tidbits, Genovese provides detailed, borough-by-borough reviews of 250 pizzerias, from simple "slice shops" with scant atmosphere to gourmet pizzerias, including shops that use organic ingredients and experiment with new variations of crusts and toppings. Complemented by hundreds of current and never-before-seen archival photos, the book gives the humble slice its proper due and will leave readers overwhelmed by a sudden desire for New York pizza.

Band Geek vs Quarterback... One humiliating photo, a stupid prank, and a hashtag that goes viral. That's how my senior year goes from predictable to absurd in a heartbeat. This year is supposed to be easy. I've finally scored first chair in band, my college applications are done, and all my friends and I have to do is survive one more year of high school before our real lives can begin. Instead, I find myself in trouble with the principal, humiliated in front of the entire school, and fighting with my neighbor—AKA star quarterback, Prince Charming, and nicest guy on the planet. And that's just on the first day back at school. Trust me, it only gets worse from there. As *#GeeksGoneWild* trends on social media, my friends and I are the targets of an online witch hunt. But they've picked on the wrong people and retaliation is severe. As the tension escalates, it soon becomes clear that someone needs to step up and put an end to this nonsense. If that means playing nice with the quarterback, I guess that's what I have to do. Now if someone could please tell my heart that this new friendship is just for show. And the kisses...oh, the kisses. Someone please remind me that they don't mean a thing. Winnifred Winnie Emmons, while working at the local diner, is about to cross paths with a man whose life has been turned upside down by the tragic death of his wife and mother of his four children. Little does he know that the precision with which this young woman can clean, cook, can, and garden will one day influence the lives of his little darlings. *Love at First Sight* is a compilation of stories that tell of the love that grew between a grieving widower and his young bride and, most of all, tell of the love that grew and was demonstrated in the care and nurturing of his precious children. This

book was inspired during the last days of this heroine's life as she began to pass out of reality's grasp and into the arms of Alzheimers. Her oldest daughter, now her caregiver, trying to hold on a little longer to the moments of this angel's life, began writing a tribute to her, which soon became this book. Winnifred was twenty-three when she married George Johnsen. She was full of life and joy and bursting at the seams to care for her new family. She devoted every hour of her day into keeping her home spotless and organized, filled with the fragrance of homemade breads, fresh jams, jellies, and pickles. She hung out lines of wash until they were crisped by the sun. She ironed pillowcases and curtains until they could stand on their own. She put the same energy into her children, keeping them bathed, clean, and curled, lovingly disciplining and teaching them, bringing them into adulthood with a firm hand but always with love. Four children were a handful, but from the first time she saw them, it was love at first sight.

Hypothetically speaking, can an Army Ranger war games strategist and an environmental scientist bent on saving the planet fall in love at first sight? Romey Capulano knows that marrying Jordan Spinelli is the most logical, expedient, and practical way to save the farm commune she's lived on her whole life. But when the pragmatic-minded, hydroponic gardner says I do, she's surprised to find her heart speeding up when he makes his vows, her hands tingling when he slides the diamond on her finger, and her breath quickening as he leans in for the kiss. Succumbing to the notion of love was not apart of her plan, and she's sure it will ruin the platonic relationship that she and the genius Army Ranger have planned out for themselves. Jordan Spinelli is certain he's coming down with something the day of his arranged marriage to Romey. Why else would his blood run hot, his palms sweat, and his heart keep skipping beats? Better he catch an illness than feelings for the level-headed soil scientist. Because falling in love was not apart of their carefully constructed, peer-researched marital agreement. As the two try to navigate a loveless marriage, unknown forces keep pushing them into each other's arms. Divine acts keep pushing their lips within kissing range. Unspoken desires keep causing their hearts to face the inexplicable truth; the unquantifiable math that all adds up to the obvious. But will Jordan and Romey be able to admit to themselves, and each other, that their platonic vows are a shame because they just might have fallen in love at first sight?

Published to coincide with the 40th anniversary of Elvis death. As well as being the greatest solo star of the 20th century, Elvis Presley's career is full of controversy and Spencer Leigh's new biography ELVIS PRESLEY: CAUGHT IN A TRAP sorts out facts from the fiction. What separated Elvis Presley from his contemporaries, just how important was Colonel Parker, how did he come to reinvent himself for Las Vegas, did he have to die so young, and why does his legend endure. How good a singer was he, how good an actor was he, and was he caught in a trap, perhaps set by Colonel Parker Spencer Leigh has spoken to band members, songwriters, friends, fans and many people who have worked with the King, and he examines the evidence with the scrutiny of a forensic scientist. With a Foreword by RUSSELL WATSON, the 'People's Tenor'.

This is a fictional story centered on the life of an innocent brown-coloured girl growing up in a "normal" African family, who was discovered without permission. Cici is a girl just like any other but has a tough time navigating through life to discover her true worth. She learned from a young age to trade her body for what she wanted so desperately - love! She gets passed on from one man to another; eventually ending up being raped by her "cool" stepdad...Love entered her life in a most strange and mysterious way after she gave herself permission to be discovered. Embracing real love opens the door to romantic love via a digital communication. Love at first byte is a must-read for anyone who has or who knows girls searching for their true worth, identity and value in a more permissive world! Cici would have been a heroine of the 'me-too' movement if she spoke up in her time, maybe?
