The Truth will set you free, but what happens when the Truth is a Lie? Rhona and her paladin brother Alastar belong to a holy people who have waged war on witches and warlocks and their clans from the highlands. But when she uses magic to save his life, their world is thrown upside down. On the run, having left all they knew behind they have to rely on those who hate Paladins. All magic is evil, the High Paladin taught... But Alastar starts to understand that he might have been misled. If his sister uses magic, and she isn't evil... what does that mean for his beliefs? Brother and sister soon find themselves aligned with magic users and thrown in with the clans in a war against sorcerers and paladins alike, with only one hope of uniting the land--the legendary Sword of Light. It was lost years ago, and quest after quest by the holy paladins could not retrieve it. When you know the truth about magic... anything is possible. Set on the foundation laid by the Kurtherian Gambit Series, Shades of Light tells an entirely new story in the Age of Magic--and of the heroes and villains who battle for control of its destiny.

A resource for fans of The Kurtherian Gambit. End of the world as we know it. Plausible. Scary in its simplicity. Horrible in its effect. Set in the Kurtherian Gambit Universe, this story explains how a few mistakes can have grave consequences.

Unfortunately, the technology in the following short story is real. Yes, this could happen. Dammit. Who wants to really dwell on these things? This story was written by Craig Martelle, based on the original WWDE Document as authored by Jeff Morris. You get both in this one short story which gives you insight into how a fiction author takes a technical document and makes a story out of it. Otherwise, I would label this, "Crap, I don't want to ever, ever, ever think about."

The World is caught off guard by the sudden advances in technology, some are not happy about that at all. Bethany Anne's group needs to move into production, who is she going to hire for that position? Old enemies take a stronger stance at revenge than before. Helping others is a tall order, but TQB Rises to the Occasion! This is the second book in the second arc (books 08-14) for The Kurtherian Gambit. Now, the World is on Notice! **Please note, as mentioned in another review, there is flagrantly foul language in this novel. The main character does not have a problem with cussing, just uninspired cussing. If you haven't read the previous books, you will need to go back to #1 (the book does not explain the characters and previous relationships / deeds). When one of Bethany Anne's loved one gets caught in the crossfire between her and the Forsaken, she goes rabid in rage. She doesn't believe in seeking peace and harmony, but rather revenge and mayhem. Continuing the story of Bethany Anne and TQB team, Love Lost picks up after Queen Bitch. She works to complete both her business and military team leads and we meet Stephen's daughter Gabrielle as plans are made to exact revenge South of the Border. You don't touch one of Bethany Anne's loved ones and get away with it, no matter how far away you live. **Please note, as mentioned in another review, there is flagrantly foul language in this novel. The main character does not have a problem with cussing, just uninspired cussing.

Stephen walked into the office which Barnabas was using as his judge's chamber. While the massive amount of data Bethany Anne's team was throwing at him was more than enough to assuage his curiosity, he had never felt this way in the last one hundred and fifty-two years. He wanted a vacation. He pulled the top manila-folder and took a look at the name, "Clarissa Bernier, CEO." He opened the folder, and it was now in the agreed upon fashion. There was one page with her typical information of name, age, location, and a two paragraph background and the requested punishment. It was a type of joke now between Barnabas and Bethany Anne. No matter the requested punishment, she would strike it out and write "DEATH" and put a happy face on, with fangs. It let him know that she was not letting up on her desire to make a lot of people pay for Michael's death. The team had already executed six individuals across the world in the last three months. Sean Truitt was just the first one. Stephen interrupted him, "You look tired," he spoke as he took a seat in one of the two blue chairs facing Barnabas's desk. Barnabas leaned back, keeping the folder open, "Is she serious?" He pointed to the document, "Even ADAM, using our agreed punishment matrix is calling for this lady to be punished financially." He closed the folder, "She walks the line towards Michael all the time, brother..." To be continued ...

Of course, magic is real. Everybody knows that. Since it came out on the news that Supernaturals exist, I've heard they can do spells, shapeshift, live forever, you name it. Wonderful, right? Whatever. In my world--where I'm homeless and

spend my time avoiding rats and meth heads--magic sounds like major BS. But, when I'm accused of stealing and they're about to arrest me, the item I took disappears from my hand as if by magic. WTF? Just like that, the Supernatural Academy swoops in and recruits me. But I don't belong there, and everyone else agrees, including, Rowan Underwood, this rich and annoyingly handsome warlock who has it in for me. He's investigating the theft of magical artifacts, and he thinks I'm involved. Seriously? I just got here. But I can't worry about that, not while dead kings try to drain my essence or a spell from these angry pixie minotaurs sends my hair follicles into overdrive until I look like Cousin It. Yet, I can't avoid Rowan, and while I learn enough magic to stay alive, I also need to keep myself from falling for a guy who's clearly my worst decision ever. You'll love this magical academy book because everyone wants a chance to become who they are truly meant to be. Get it now.
