

Lungbarrow

Produced by arrangement with BBC television, this first-ever series of original Doctor Who novels will continue where the 1989 TV series left off.

Hulton College in Norfolk is a school dedicated to producing military officers. With the First World War about to start, the boys of the school will soon be on the front line. But no one expects a war – not even Dr John Smith, the college's new house master... The Doctor's friend Benny is enjoying her holiday in the same town. But then she meets a future version of the Doctor, and things start to get dangerous very quickly. With the Doctor she knows gone, and only a suffragette and an elderly rake for company, can Benny fight off a vicious alien attack? And will Dr Smith be able to save the day? An adventure set in Britain on the eve of the First World War, featuring the Seventh Doctor as played by Sylvester McCoy and his companion Bernice Summerfield. This book was the basis for the Tenth Doctor television story Human Nature / The Family of Blood starring David Tennant.

A UNIT nuclear convoy, stranded on the shores of Lake Vortigern, becomes the focus of an incursion by knights from a parallel reality. In this other world, technology and magic exist side by side, and the legends of King Arthur are fact. Close to the lake, the sinister Mordred battles against his enemy Ancelyn and summons his mother, the powerful witch Morgaine. Is the Doctor really Merlin? And will he discover what actually happened to King Arthur? But time is running out for everyone as Morgaine takes control of the nuclear weapons and summons the Destroyer – Lord of Darkness and Eater of Worlds... This novel is based on a Doctor Who story which was originally broadcast from 6–27 September 1989. Featuring the Seventh Doctor as played by Sylvester McCoy with his companion Ace

2010 Sturgeon Award winner Nebula and Hugo Award nominee It is the early summer of 1945, and war reigns in the Pacific Rim with no end in sight. Back in the States, Hollywood B-movie star Syms Thorley lives in a very different world, starring as the Frankenstein-like Corpuscula and Kha-Ton-Ra, the living mummy. But the U.S. Navy has a new role waiting for Thorley, the role of a lifetime that he could never have imagined. The top secret Knickerbocker Project is putting the finishing touches on the ultimate biological weapon: a breed of gigantic, fire-breathing, mutant iguanas engineered to stomp and burn cities on the Japanese mainland. The Navy calls upon Thorley to don a rubber suit and become the merciless Gorgantis and to star in a live drama that simulates the destruction of a miniature Japanese metropolis. If the demonstration succeeds, the Japanese will surrender, and many thousands of lives will be spared; if it fails, the horrible mutant lizards will be unleashed. One thing is certain: Syms Thorley must now give the most terrifyingly convincing performance of his life. In the dual traditions of Godzilla as a playful monster and a symbol of the dawn of the nuclear era, *Shambling Towards Hiroshima* unexpectedly blends the destruction of World War II with the halcyon pleasure of monster movies.

Travel through space and time with this guide to 50 years of Doctor Who Doctor Who has been a television phenomenon since it began 50 years ago on November 23, 1963. But of all the hundreds of televised stories, which are the ones you must watch? Featuring 50 stories from all eleven Doctors, *Who's 50* is full of behind-the-scenes details, exhilarating moments, connections to Who lore, goofs, interesting trivia and much, much more. *Who's 50* tells the story of this global sensation: its successes, its tribulations and its triumphant return.

"The Doctor is repairing the TARDIS systems once again when it is swept up by a garbage ship roving through space, the Quetzal. When another ship approaches and takes the Quetzal by force, the Doctor discovers that he and Sam are not the only unwitting travelers on board -- there is a strangely familiar survival pod in the hold. Delani, the captain of the second ship, orders the pod to be opened. The Doctor is powerless to intervene as Davros is awakened once again. But this is no out-and-out rescue of Davros. Delani and his crew are Thals, the sworn enemies of the Daleks. They intend to use Davros as a means to wipe out the Daleks, finally ridding the universe of the most aggressive, deadly race ever to exist. But the Doctor is still worried. For there is a signal beacon inside the pod, and even now a Dalek ship is closing in."--Page 4 of cover.

The Doctor's former companion, Bernice Summerfield, has found a new job at St Oscar's University. Whilst on a field trip to Perfecton she is attacked by a reality warping missile. Bernice must be at her best to solve the problems that this creates.

The Time Lords have a mission for the Doctor. Together with Sarah and Harry, he finds himself stranded on the war-torn planet Skaro where the conflict between the Thals and the Kaleds has been raging for a thousand years. Chemical and biological weapons have started a cycle of mutation among the planet's inhabitants that cannot be stopped. But Kaled scientist Davros has perfected a life support system and travel machine for the creature he knows his race will ultimately evolve into – the Dalek. The Doctor must stop the creation of the Daleks, or perhaps affect their development so they evolve into less aggressive creatures. But with Davros's plans to destroy the Thals and to wipe out any dissenters among his own ranks in progress, is the Doctor already too late? This novel is based on a Doctor Who story which was originally broadcast from 8 March–12 April 1975. Featuring the Fourth Doctor as played by Tom Baker with his companions Sarah Jane Smith and Harry Sullivan

From award-winning science-fiction writer Alastair Reynolds, a spellbinding new adventure featuring the Third Doctor. After billions of years of imprisonment, the vicious Sild have broken out of confinement. From a ruined world at the end of time, they make preparations to conquer the past, with the ultimate goal of rewriting history. But to achieve their aims, they will need to enslave an intellect greater than their own... On Earth, UNIT is called in to investigate a mysterious incident on a North Sea drilling platform. The Doctor believes something is afoot, and no sooner has the investigation begun when something even stranger takes hold: the Brigadier is starting to forget about UNIT's highest-profile prisoner. And he is not alone in his amnesia. As the Sild invasions begins, the Doctor faces a terrible dilemma. To save the universe, he must save his arch-nemesis...the Master.

A UNIT nuclear convoy, stranded on the shores of Lake Vortigern, becomes the focus of an incursion by knights from a parallel reality. In this other world, technology and magic exist side by side, and the legends of King Arthur are fact. Close to the lake, the sinister Mordred battles against his enemy Ancelyn and summons his mother, the powerful witch Morgaine. Is the Doctor really Merlin? This novel is based on a Doctor Who story which was originally broadcast from 6-27 September 1989. Featuring the Seventh Doctor as played by Sylvester McCoy with his companion Ace

A deranged version of the Doctor, known as Dr. Who, has broken through a rip in reality and is going round the universe dispensing his own kind of justice. Only the real Doctor knows himself well enough to be able to deal with this threat

'Every story ever told really happened...' (The Doctor, 'Hell Bent', 2015) Stories are, fundamentally what Doctor Who is all about. In *Once Upon a Time Lord*, Ivan Phillips explores a wide range of perspectives on these stories and presents a lively and richly-varied analysis of the accumulated tales that constitute this popular modern mythology. Concerned equally with 'classic' and 'new' Who, Phillips looks at how aspects of the Time Lord's story have been developed on television and beyond, tracing lines of connection and divergence across various media. He discusses Doctor Who as a mythology that has drawn on its own past in often complex ways, at the same time reworking elements from many other sources, whether literary, cinematic, televisual or historical. *Once Upon A Time Lord* offers an original take on this singular hero's journey, reading the unsettled enigma of the Doctor in relation to the characters, narratives and locations that he has encountered across more than half a century.

An autistic child presents revelations about her own past lives, Jesus, and the concept of spiritual masters

In 1989, Doctor Who vanquished the villain for the last time on British screens. This book is an account of the last three years of televised Doctor Who as seen through the eyes of Sophie Aldred, who portrayed Ace, the Doctor's last TV companion, and Mike Tucker, one of the visual effects designers. It contains interviews with other actors and members of the production staff and anecdotes from location shoots and rehearsal rooms. Also included are photographs from private collections and from a specially commissioned photo shoot.

In Sixteenth century Japan a god descends to tip the balance of power in a bloody civil war. Chris finds himself alone and has to become a hero to stop the god falling into the wrong hands - but Chris isn't sure he wants to be a hero.

Lungbarrow/Virgin Books Limited

Based on the original video drama, this book takes place after Victoria's departure from the Tardis in *Fury from the Deep*. It features unique photos taken during filming. 'Everybody, from Ice Warriors to UNIT veterans, is attending the wedding of Jason Kane and Bernice Summerfield. But there may not be a wedding at all since someone is trying to sabotage it'

Over the past half-century Doctor Who has defined science fiction television. The women in the series--from orphans and heroic mothers to seductresses and clever teachers--flourish in their roles yet rarely surmount them. Some companions rescue the Doctor and charm viewers with their technical brilliance, while others only scream for rescue. The villainesses dazzle with their cruelty, from the Rani to Cassandra and Missy. Covering all of the series--classic and new--along with *Class*, *K9*, *Torchwood*, *The Sarah Jane Adventures*, novels, comics and Big Finish Audio adventures, this book examines the women archetypes in Doctor Who.

Hulton College in Norfolk is a school dedicated to producing military officers. With the First World War about to start, the boys of the school will soon be on the front line. But no one expects a war - not even Dr John Smith, the college's new house master. The Doctor's friend Benny is enjoying her holiday in the same town. But then she meets a future version of the Doctor, and things start to get dangerous very quickly. With the Doctor she knows gone, and only a suffragette and an elderly rake for company, can Benny fight off a vicious alien attack? And will Dr Smith be able to save the day? This is an adventure set in Britain on the eve of the First World War, featuring the Seventh Doctor as played by Sylvester McCoy and his companion Bernice Summerfield. This book was the basis for the Tenth Doctor television story *Human Nature/The Family of Blood* starring David Tennant.

For 20,000 centuries the inhabitants of Gallifrey, Doctor Who's home planet, have been the most powerful race in the cosmos: they are the Lords of Time, and have used their powers carefully. But now a new force has been unleashed that is capable of destroying them. And it is one of their own.

The Doctor's home planet of Gallifrey has been destroyed. The Time Lords are dead, their TARDISES annihilated. The man responsible has been tracked down and lured to Earth in the year 2005, where there will be no escape. But Earth has its hands full - a mystery signal is being received from a radio telescope, there's a second moon in the sky, and a primordial alien menace has been unleashed... The stage is set for the ultimate confrontation - for justice to be done. The Doctor and his companions Fitz and Trix will meet their destiny. And this time, the Doctor isn't going to be able to save everyone. A Classic Doctor Who Adventure featuring the Eighth Doctor as played by Paul McGann.

Compassion has finally been tracked down by the Time Lords and two TARDISES are moving in to attack and disable here. She disgorges the Doctor and Fitz in a dark, mysterious, Gallifreyan location, where they are attacked by a gigantic spider, that only the Doctor can see.

The Doctor's continuing investigation of human psi powers brings him to a council estate in Thatcher's Britain. He discovers that there's a lethal new batch of cocaine on the streets--and the man who's dealing it has been dead for two weeks.

Cut off from the Doctor, Roz is stranded amid the New York Christmas cheer and random violence in the Age of Reason. Improbable forces are at work in the young America, spreading a strange brand of madness through the countryside. 'Premiering the day after the JFK assassination, Doctor Who humbly launched one of the entertainment world's first super-brands. We begin with a look at TV programming of the day and the original pitch documents before delving into the Daleks, which almost didn't make the cut but inspired many monsters to follow. After three years, First Doctor William Hartnell left, prompting the BBC to recast their hit rather than end it, giving us the first "regeneration" and making TV history. We follow the succession of Doctors—including Third Doctor Jon Pertwee, exiled to Earth and targeted by the Master—and see how the program reflected the feminism of the 1970s while gaining mainstream popularity with Fourth Doctor Tom Baker . . . until declining support from the BBC eventually led to cancellation. Fan outcry saved the series only for it to suffer a repeat cancellation. Yet many continued to enjoy the Whoniverse in syndication, novels, audio dramas, and Doctor Who Magazine. Paul McGann impressed many as the Eighth Doctor in a 1996 TV movie, but it failed to reignite the series. A new age dawned in 2005 with Ninth Doctor Christopher Eccleston and a serious special effects budget before Tenth Doctor David Tennant helped rocket the series to international popularity and a new era of spinoffs. With Eleventh Doctor Matt Smith, the show became a bona fide success here in America. Following the program's fiftieth anniversary, Whovians will meet the Twelfth Doctor, ushering in yet another era for the unstoppable Time Lord. Featuring discussions of concepts and characters, with insights from producers, writers, and actors from across the years, here is a rich, behind-the-camera investigation into the dazzling multiverse of Doctor Who.

With Fitz gone to his certain death and Anji back at work in the City, the Doctor is once more alone. But he has a lot to keep him occupied. At the Naryshkin Institute in Siberia, scientists are busily at work in a haunted castle. Over a century earlier, creatures from a prehistory that never happened attack a geological expedition. Pages from the lost expedition's journal are put on display at the British Museum, and a

US spy plane suffers a mysterious fate. Deep under the snowy landscape of Siberia the key to it all remains trapped in the ice. Only the Doctor can see that these events are all related. But he isn't the only person involved. Why is Colonel Hartford so interested in the Institute? Who is the mysterious millionaire who is after the journal? How is the Grand Duchess, descendent of the last Tsar, involved? Soon the Doctor is caught up in a plot that reaches back to the creation of the Universe. And beyond... ..to Time Zero.

The fourth Doctor, Romana & K-9 arrive on the planet Trangus at a crucial time in it's history. A war is looming with the Chelonian Empire and political chaos threatens the fabric of society on Trangus.

The longest winning science fiction TV series, Dr. Who has delighted fans on both sides of the Atlantic since 1963. Now, the New Adventures series, original, full-length novels which continue the Doctor's travels in time, presents *So Vile a Sin*, which culminates in the final confrontation between Dr. Who and the psi-powered Brotherhood, and marks the departure of the Doctor's companion, Roz Forrester.

A story featuring the eighth Doctor Who, Sam and Fitz. The Doctor regenerated in San Francisco at the turn of the millennium. When he returns there a few years later, it seems the catastrophic events that nearly sent the whole of Earth into cosmic oblivion have taken their toll.

In 1920s London the Doctor and Rose find themselves caught up in the hunt for a mysterious murderer. But not everyone or everything is what they seem. Secrets lie behind locked doors and inhuman killers roam the streets. Who is the Painted Lady and why is she so interested in the Doctor? How can a cat return from the dead? Can anyone be trusted to tell or even to know the truth? With the faceless killers closing in, the Doctor and Rose must solve the mystery of the Clockwise Man before London itself is destroyed... Featuring the Doctor and Rose as played by Christopher Eccleston and Billie Piper in the hit series from BBC Television

The Doctor, Nyssa and Tegan and Adric crash land on to a planet oppressively ruled by the Unitatus. The Doctor discovers a plot to exploit his own Gallifreyan ancestors. He has to find out why his future self has become his nemesis

"Dekker is a private eye; an honest one. But when Al Capone hires him to investigate a new joint called 'Doc's,' he knows this is one job he can't refuse. And just why are the Doctor and Ace selling illegal booze in a town full of murderous gangsters? Meanwhile, Bernice has been abandoned on a vampire-infested planet outside normal space. There she meets a myterious stranger called Romanadvoratrelundar -- and discovers an ancient and malevolent power, linking 1929 Chicago with a lair of immortal evil."--Page 4 of cover.

"6 May 1997. The dying days of the twentieth century. On the Mare Sirenum, British astronauts are walking on the surface of Mars for the first time in over twenty years. The National Space Museum in London is the venue for a spectacular event where the great and the good celebrate a unique British achievement. In Adisham, Kent, the most dangerous man in Britain has escaped from custody while being transported by helicopter. In Whitefall, a new Home Secretary is convinced that there is a plot brewing to overthrow the government. In west London, MI5 agents shut down a publishing company that got too close to the top secret organization known as UNIT. And, on a state visit to Washington, the Prime Minister prepares to make a crucial speech, totally unaware that dark forces are working against him. As the eighth Doctor and Professor Bernice Summerfield discover, all these events are connected. However, soon all will be overshadowed. This time, the Doctor is already too late." -- Page 4 of cover.

All is not well on Gallifrey. The House of Lungbarrow, where the Doctor left his family 673 years ago, has disappeared. In the seventh Doctor's final New Adventure, he faces a threat that could uncover the greatest secret of them all.

A new version of this much-loved anthology, with a brand-new story featuring the brand-new Thirteenth Doctor from literary sensation Naomi Alderman! Twelve wonderful tales of adventure, science, magic, monsters and time travel - featuring all twelve Doctors - are waiting for you in this very special Doctor Who book. And now they're joined by a very exciting, and very exclusive, new tale - written by Naomi Alderman, author of *The Power* - that will star the Thirteenth Doctor, as she battles to save the universe with her three close and trusted friends. Other authors featured are: Eoin Colfer, Michael Scott, Marcus Sedgwick, Philip Reeve, Patrick Ness, Richelle Mead, Malorie Blackman, Alex Scarrow, Charlie Higson, Derek Landy, Neil Gaiman, and Holly Black.

"The TARDIS is imprisoned in a house called Shadowfell, where a man is ready to commence the next phase of an experiment that will remake the world." -- Page 4 of cover. The third and final book in the Cat's Cradle series. The Tardis's link with Eye of Harmony is becoming ever more tenuous and is in urgent need of repair. But the time machine takes the Doctor and Ace to a village in rural Wales, and a gateway to another world.

Excerpt: The Virgin New Adventures (NA series, or NAs) were a series of novels from Virgin Publishing based on the British science-fiction television series Doctor Who. They continued the story of the Doctor from the point at which the television programme went into hiatus from television (in 1989). From 1991 to 1997 all books (except the final one) involved the Seventh

Doctor, played on television by Sylvester McCoy; in further books published between 1997 and 1999, the New Adventures series...

This fascinating book takes the reader on a rich and varied study of one of the greatest television programmes of all time: Doctor Who. Combining essays from academics in Screen Studies with practitioners who have contributed to the ongoing narrative of Doctor Who, this collection is the first to study the Doctor's adventures in all their forms.
