Macbeth One night on the heath, the brave and respected general Macbeth encounters three witches who foretell that he will become king of Scotland. King Duncan's closest generals, Macbeth and Banquo, have just defeated two invading armies and the Irish rebel Macdonwald. Out across the misty moor, they encounter three witches who reveal to Macbeth a powerful prophecy: "All hail, Macbeth! hail to thee, thane of Glamis! All hail, Macbeth, hail to thee, thane of Cawdor! All hail, Macbeth, thou shalt be king hereafter!" They not only claim that Macbeth will eventually become King of Scotland, but that Banquo will father a line of Scottish kings—though ominously, Banquo will never be king himself. It is difficult now to recall the enormous impact that George Orwell's classic dystopia, Nineteen Eighty-Four, had on the psyche of the western world. Written by a dying man in the grimmest of circumstances, the novel was intended as both a warning against totalitarianism and the debasement of language, and as a reaction to Orwell's personal experiences with English socialism and World War II. Clearly, "1984" has turned out differently than Orwell depicted. Yet the power of the novel remains undiminished: it continues to scare and enlighten future generations of readers nearly a half century after its original publication. Well-known scholar Robert Plank provides a psychological examination of the roots of Nineteen Eighty-Four, and the curious parallels between the book and its antecedents, including the film Citizen Kane, the novels of Dostoevsky and Kafka, the philosophy of Whorf, Orwell's own life and works, and many other obvious and hidden influences. Complete with chronology, notes, bibliographies, and index.

Seminar paper from the year 2016 in the subject English - Literature, Works, grade: 1,3, University of Tübingen, language: English, abstract: In the following, the original play will be compared to the film adaptations by Roman Polanski in 1971 and by Justin Kurzel in 2015. Additionally, the most important scenes and essential details in all three will be analyzed. Although technological progress affords humanity new possibilities in all sectors, be it communication systems, the news, education, bank transactions, or entertainment, it is inconceivable to dispense with books, letters or newspapers. Especially in the entertainment category, movies today are what novels were decades and centuries ago. They tell stories, history, sciences, etc. and like books they are grouped into various genres. By this observation they seem quite similar and the obvious difference is the textual information transfer of books compared to the audio-visual of movies. Not only "Macbeth", but most of Shakespeare's plays have been turned into films. His plays are surprisingly relevant in contemporary life and school. They are an integral component of general knowledge. The significance of "Macbeth" is obvious when you see how often it was reused. Already by 1908, the director Stuart Blackton produced the first film version of Shakespeare's tragedy whereon many more followed, the best known by Welles, Kurosawa and Polanski. But how could these two famous directors transfer Shakespeare's stage play into movies? Is the content adopted accurately or is it falsified? And what changes were accidentally or deliberately made?
