An authentic, heartfelt and compelling narrative – straight from the horse's mouth – that reveals for the first time numerous unknown aspects of the life and times of one of the greatest legends of all time who stands out as a symbol of secular India. Dilip Kumar (born as Yousuf Khan), who began as a diffident novice in Hindi cinema in the early 1940s, went on to attain the pinnacle of stardom within a short time. He came up with spellbinding performances in one hit film after another – in his almost six-decade-long career – on the basis of his innovative capability, determination, hard work and never-say-die attitude. In this unique volume, Dilip Kumar traces his journey right from his birth to the present. In the process, he candidly recounts his interactions and relationships with a wide variety of people not only from his family and the film fraternity but also from other walks of life, including politicians. While seeking to set the record straight, as he feels that a lot of what has been written about him so far is 'full of distortions and misinformation', he narrates, in graphic detail, how he got married to Saira Banu, which reads like a fairy tale! Dilip Kumar relates, matter-of-factly, the event that changed his life: his meeting with Devika Rani, the boss of Bombay Talkies, when she offered him an acting job. His first film was Jwar Bhata (1944). He details how he had to learn everything from scratch and how he had to develop his own distinct histrionics and style, which would set him apart from his contemporaries. After that, he soon soared to great heights with movies such as Jugnu, Shaheed, Mela, Andaz, Deedar, Daag and Devdas. In these movies he played the tragedian with such intensity that his psyche was adversely affected. He consulted a British psychiatrist, who advised him to switch over to comedy. The result was spectacular performances in laugh riots such as Azaad and Kohinoor, apart from a scintillating portrayal as a gritty tonga driver in Naya Daur. After a five-year break he started his 'second innings' with Kranti (1981), after which he appeared in a series of hits such as Vidhaata, Shakti, Mashaal, Karma, Saudagar and Qila.

What is one to make of a group of goddesses that includes a goddess who cuts her own head off, a goddess who sits on a corpse while pulling the tongue of a demon, or a goddess who prefers sex with corpses? It unfolds life-impacting, biblical truths and has been called a "soul-stirring celebration of the pleasures of knowing God."

The "Maratha period" of the seventeenth and eighteenth centuries, when an independent Maratha state successfully resisted the Mughals, is a defining era in the history of the region of Maharashtra in western India. In this book, Prachi Deshpande considers the importance of this period for a variety of political projects including anticolonial/Hindu nationalism and the non-Brahman movement, as well as popular debates throughout the nineteenth and twentieth centuries concerning the meaning of tradition, culture, and the experience of colonialism and modernity. Sampling from a rich body of literary and cultural sources, Deshpande highlights shifts in history writing in early modern and modern India and the deep connections between historical and literary narratives. She traces the reproduction of the Maratha period in various genres and public arenas, its incorporation into regional political symbolism, and its centrality to the making of a modern Marathi regional consciousness. She also shows how historical memory provided a space for Indians to negotiate among their national, religious, and regional identities, pointing to history's deeper potential in shaping politics within thoroughly diverse societies. A truly unique study, *Creative Pasts* examines the practices of historiography and popular memory within a particular colonial context, and illuminates the impact of colonialism on colonized societies and cultures. Furthermore, it shows how modern history and historical memory are jointly created through the interplay of cultural activities, power structures, and political rhetoric.

Hindi cinema was trapped in formulaic cliches for decades: lost-and-found themes, sacrificing mothers, brothers on opposite sides of the law, villains lording over their dens, colourful molls, six songs, the use of rape as a plot pivot, and cops who always arrived too late. It hit an all-time low in the 1980s. Then, in 1991, came liberalization, and a wave of openness and aspiration swept across urban India. *Dilwale Dulhania Le Jayenge* was released in 1995 - and Hindi cinema became Bollywood. A new crop of film-makers began to challenge and break away from established rules. Over the next twenty years, a number of Hindi films consistently pushed the envelope in terms of content and technique to create a new kind of cinema. Among other innovations, film-makers came up with ways of crowd funding a film (*Ankhon Dekhi*), did away with songs if the narrative did not need them (*Gangaajal*), addressed different sexual preferences (*My Brother ... Nikhil*) and people with special needs (*Black*) like no one had ever done before. As film critic with the *Indian Express*, Shubhra Gupta has stayed the course these twenty years and more and experienced the transition first-hand. In *50 Films That Changed Bollywood, 1995-2015*, she looks at the modern classics that have redefined Hindi cinema - from *DDLJ* and *Rangeela* to *Satya* and *Dev D* to *Queen* and *Bajrangi Bhaijaan*. Gupta offers a fascinating glimpse into how these films spoke to their viewers and how the viewers reacted to them - and, ultimately, how they changed us and how we changed them.

A thought-provoking retelling of the Gospel story from an atheist perspective. Upon its hardcover publication, renowned author Philip Pullman's *The Good Man Jesus and the Scoundrel Christ* provoked heated debates and stirred a frenzy of controversy throughout the clerical and literary worlds alike with its bold retelling of the life of Jesus Christ. In this remarkable piece of fiction, famously atheistic author Philip Pullman challenges the events of the Gospels and puts forward his own compelling and plausible version of the life of Jesus. Written with unstinting authority, *The Good Man Jesus and the Scoundrel Christ* is a pithy, erudite, subtle, and powerful book by a beloved author, a text to be read and reread, studied and unpacked, much like the Good Book itself. "The erudite fantasy author, Philip Pullman, makes explicit his complaint against Christian dogma with [this] challenging deconstruction of the Gospels." —Entertainment Weekly "Inspiring . . . Again and again, [Pullman] displays a marvelous sense of the elemental power of Jesus's instructions and parables." —The Washington Post "What the Communist Manifesto is to the capitalist world, *Annihilation of Caste* is to India." —Anand Teltumbde, author of *The Persistence of Caste* B.R. Ambedkar's *Annihilation of Caste* is one of the most important, yet neglected, works of political writing from India. Written in 1936, it is an audacious denunciation of Hinduism and its caste system. Ambedkar – a figure like W.E.B. Du Bois – offers a scholarly critique of Hindu scriptures, scriptures that sanction a rigidly hierarchical and iniquitous social system. The world's best-known Hindu, Mahatma Gandhi, responded publicly to the provocation. The hatchet was never buried. Arundhati Roy introduces this extensively annotated edition of *Annihilation of Caste* in "The Doctor and the Saint," examining the persistence of caste in modern India, and how the conflict between Ambedkar and Gandhi continues to resonate. Roy takes us to the beginning of Gandhi's political career in South Africa, where his views on race, caste and imperialism were shaped. She tracks Ambedkar's emergence as a major political figure in the national movement, and shows how his scholarship and intelligence illuminated a political struggle beset by sectarianism and obscurantism. Roy breathes new life into Ambedkar's anti-caste utopia, and says that without a Dalit revolution, India will continue to be hobbled by systemic inequality.

Stem Cell Therapy for Diabetes, one of the latest installments of the *Stem Cell Biology and Regenerative Medicine* series, reviews the three main approaches for generation of sufficient numbers of insulin-producing cells for restoration of an adequate beta-cell mass: beta-cell expansion, stem-cell differentiation, and nuclear reprogramming. Adeptly collecting the research of the leading scientists in the field, *Stem Cell Therapy for Diabetes* compares the merits of employing autologous versus banked allogeneic cell sources for generation of surrogate beta cells, and addresses tissue engineering and ways for cell protection from recurring autoimmunity and graft rejection. *Stem Cell Therapy for Diabetes* provides essential reading for those especially interested in tracking the progress in applying of one of the most exciting new developments in bio-medicine towards a cure for diabetes.

Huge amount of information is available about Hindi films on the internet. Unfortunately, not all of it is reliable. Mistakes range from honest clerical errors to outright made-up interviews with famous people. In this book the author describes his real interactions with Hindi film actresses who were active in the 40s to 60s. Most had been away from the industry for a long time and were living anonymously. The author made great effort to seek them out and interviewed them. He has obtained much rare and authentic information, clarifying many misconceptions and finding elaborations of other well-known facts about them. We hope that the readers will enjoy reading about them as much as the author has writing about the interviews.

Concentrating on films and songs created in contemporary, post-liberalization India, this book will appeal to classes in film studies, media studies, and world music, as well as all fans of Indian films.

Asha Parekh was to the movies born. Ever since she was knee-high, she faced the camera as a child artiste, while performing simultaneously at dance fetes. An alumna of Bombay's The J. B. Petit Girls' High School, she devoted after-school hours to learning classical dance from exacting gurus. Given a break as a leading lady by Filmalaya Studio's Sashadhar Mukherjee, she debuted opposite Shammi Kapoor in the romantic entertainer Dil Deke Dekho. Instantaneously, the audience and the critics agreed: "A star is born." Followed a concatenation of silver and golden jubilee hits, which established her as the quintessential Hit Girl. Possessed of all the requisites of the cinema of the 1960s and the '70s – felicity at instinctive acting, intricate dance skills and the ability to invest conviction into the roles of zestful, glamour-exuding film heroines – she made an impact, too, with parts demanding gravitas. Apart from films in Hindi, she has also acted in films in Gujarati, Punjabi and a film in Kannada. The Mumbai film trade, to date, acknowledges her as one of the heroines with the highest number of successes. Her innumerable dance ballets on stage have earned her untold acclaim, at home and overseas. Among her other facets, she has been involved since decades in running a charitable hospital. She was Chairperson of the Central Board of Film Certification (1998-2001) and has been associated with the Cine and TV Artistes' Associations and other organisations dedicated to the welfare of film industry workers, technicians and actors. She turned producer and director with several top TRP-rated TV serials like 'Kora Kagaz' and 'Palash ke Phool' and programmes like 'Baaje Paayal'. Currently she has chosen to retire from acting, but adds, "Never say never." She lives by the famed Juhu shoreline in Mumbai.

Dongri to Dubai is the first ever attempt to chronicle the history of the Mumbai mafia. It is the story of notorious gangsters like Haji Mastan, Karim Lala, Varadarajan Mudaliar, Chhota Rajan, Abu Salem, but above all, it is the story of a young man who went astray despite having a father in the police force. Dawood Ibrahim was initiated into crime as a pawn in the hands of the Mumbai police and went on to wipe out the competition and eventually became the Mumbai police's own nemesis. The narrative encompasses several milestones in the history of crime in India, from the rise of the Pathans, formation of the Dawood gang, the first ever supari, mafia's nefarious role in Bollywood, Dawood's move to Karachi, and Pakistan's subsequent alleged role in sheltering one of the most wanted persons in the world. This story is primarily about how a boy from Dongri became a don in Dubai, and captures his bravado, cunningness, focus, ambition, and lust for power in a gripping narrative. The meticulously researched book provides an in-depth and comprehensive account of the mafia's games of supremacy and internecine warfare.

The Mahabharata is the more recent of India's two great epics, and by far the longer. First composed by the Maharishi Vyasa in verse, it has come down the centuries in the timeless oral tradition of guru and sishya, profoundly influencing the history, culture, and art of not only the Indian subcontinent but most of south-east Asia. At 100,000 couplets, it is seven times as long as the Iliad and the Odyssey combined: far and away the greatest recorded epic known to man. The Mahabharata is the very Book of Life: in its variety, majesty and, also, in its violence and tragedy. It has been said that nothing exists that cannot be found within the pages of this awesome legend. The epic describes a great war of some 5000 years ago, and the events that led to it. The war on Kurukshetra sees ten million warriors slain, brings the dwapara yuga to an end, and ushers in a new and sinister age: this present kali yuga, modern times. At the heart of the Mahabharata nestles the Bhagavad Gita, the Song of God. Senayor ubhayor madhye, between two teeming armies, Krishna expounds the eternal dharma to his warrior of light, Arjuna. At one level, all the restless action of the Mahabharata is a quest for the Gita and its sacred stillness. After the carnage, it is the Gita that survives, immortal lotus floating upon the dark waters of desolation: the final secret! With its magnificent cast of characters, human, demonic, and divine, and its riveting narrative, the Mahabharata continues to enchant readers and scholars the world over. This new rendering brings the epic to the contemporary reader in sparkling modern prose. It brings alive all the excitement, magic, and grandeur of the original-for our times.

The Lal Kitab, a rare book in urdu, was popular in north-west India, Pakistan, Iran and many other countries. This English version has added new dimensions to make it more lucid and easier to understand.

This book is an extensive and thorough exploration of the ways in which the middle class in India select their spouse. Using the prism of matchmaking, this book critically unpacks the concept of the 'modern' and traces the importance of moralities and values in the making of middle class identities, by bringing to the fore intersections and dynamics of caste, class, gender, and neoliberalism. The author discusses a range of issues: romantic relationships among youth, use of online technology and of professional services like matrimonial agencies and detective agencies, encounters of love and heartbreak, impact of experiences of pain and humiliation on spouse-selection, and the involvement of family in matchmaking. Based on this comprehensive account, she elucidates how the categories of 'love' and 'arranged' marriages fall short of explaining, in its entirety and essence, the contemporary process of spouse-selection in urban India. Though the ethnographic research has been conducted in India, this book is of relevance to social scientists studying matchmaking practices, youth cultures, modernity and the middle class in other societies, particularly in parts of Asia. While being based on thorough scholarship, the book is written in accessible language to appeal to a larger audience.

Despite recent advances in important aspects of the lives of girls and women, pervasive challenges remain. These challenges reflect widespread deprivations and constraints and include epidemic levels of gender-based violence and discriminatory laws and norms that prevent women from owning property, being educated, and making meaningful decisions about their own lives--such as whether and when to marry or have children. These often violate their most basic rights and are magnified and multiplied by poverty and lack of education. This groundbreaking book distills vast data and hundreds of studies to shed new light on deprivations and constraints facing the voice and agency of women and girls worldwide, and on the associated costs for individuals, families, communities, and global development. The volume presents major new findings about the patterns of constraints and overlapping deprivations and focuses on several areas key to women's empowerment: freedom from violence, sexual and reproductive health and rights, ownership of land and housing, and voice and collective action. It highlights promising reforms and interventions from around the world and lays out an urgent agenda for governments, civil society, development agencies, and other stakeholders, including a call for greater investment in data and knowledge to benchmark progress.

An erotic novel

We can each radiate unconditional love. We don't even need to create it – we are love. But the flow of love is blocked in moments of hurt, blame, anger, criticism, competition or insecurity. These emotions have dominated our emotional space, and hardly enable us to feel our own love. So today, we rely on someone else to love us. This book teaches us to think right, enable self-love, feel it and extend it to other people. The central message here is that love is not 'out there', but within us. A spectrum of emotions like attachment, expectations, hurt, worry, stress, fear or anger, which we use in the pretext of love, are analysed. The conversations also explore the fact that the parent-child relationship is not challenging – It does not need to be. As you free yourself from judgments and expectations, as you start thinking right for people, and as you accept people for who they are, you become a Radiator of unconditional love. You are one decision away from vibrating at a frequency of love ... by not needing love or giving love – but just by being love.
