Provides detailed information on transforming raw driftwood into works of art. Includes more than one hundred detailed photographs showing before and after sculptures, as well as suggested lists of tools, finishes and source materials. The author makes it easy for you to create a tiny paper mache dog of your own. You only need a few basic tools and some materials that you may already have lying around the house. The only thing you may need to purchase is a few feet of aluminum wire for the armature -- or use some wire you already have on hand. First, choose a pattern from the 27 breeds included in the book. Then build your armature by bending the wires, using the pattern for a guide. This makes sure that your finished sculpture will have the right proportions for your breed. Add a few bits of crumpled aluminum foil to round out the forms, with the pattern guiding you, and then twist and bend your little dog into any position you desire. With these simple steps it's easy to create a lively original sculpture of your own design. When your armature is finished, the author shows you how to make the

two layers of paper mache as smooth as you want it to be. You can add wrinkles, fur, happy mouths and other details after the paper mache is dry. If you would like to paint your dog, you can use the author's recipe for an inexpensive home-made gesso to add interesting textures. Then the author gives you suggestions for painting your sculpture, including an easy way to paint brindled spots, how to give an all-white dog an interesting coat, how to emphasize heavily-textured fur with acrylic glazing liquid, and more. The author is a well-known paper mache artist who has written several popular books on the subject. She also writes tutorials and creates videos for her blog, at [UltimatePaperMache.com](http://UltimatePaperMache.com).

An intimate monograph of the professional and personal creations of a midcentury design legend. Irving Harper is the most famous designer you have never heard of. Working as an associate at the office of George Nelson in the 1950s and '60s, Harper was responsible for such icons of midcentury design as the Marshmallow sofa, the Ball clock, and numerous Herman Miller textile designs. Harper's unrecognized contribution to this seminal era of design, and his incredible paper sculptures (made in his spare time to "relieve stress"), are presented for the first time in this book. An essay by design critic Julie Lasky introduces Harper's commercial design work, recognizable designs from graphics to domestic goods to furniture that are still coveted and appreciated today, designed for the offices of Raymond Loewy, George Nelson, and then his

own studio Harper + George. The second part of the book documents Harper's extensive paper sculptures, which have never been exhibited. More than three hundred works fill Harper's house and barn in Rye, New York, where this array of fantastical people and animal sculptures was created from modest and inexpensive materials as diverse as spaghetti and toothpicks in addition to paper. Images of Harper's home, filled with furniture and objects of his own design as well as his paper sculptures, offer a rare glimpse into a Modern design enthusiast's paradise. Offering insight into an important era of American design as well as the prolific output of a creative mind, this book promises to be the first to recognize Irving Harper's contribution to the field and will appeal to fans of Modern design.

LEVEL: Key Stage 3 onwards. Mardi Gras-veteran George Wolfe invites you to share sculpting ideas using papier-mache, plaster, and foam. Basic tools, background and characteristics of the three media are fully explained. Activities for creating creatures large and small are accompanied by helpful illustrations and photography. A full-colour portfolio of professional and student work, examples of the use of 3-D design in actual theatre and school productions, and complete appendices bring artistic visions to life.

Learn to make magnificent paper mache dragons and dragon trophies. This book shows the step-by-step process for making beautiful dragons out of paper mache. Fully illustrated with over 250 full-color images. The author, Dan Reeder, is a master paper mache artist with over 40 years of experience. If you've been looking for a wonderfully creative outlet, this is it!

In this book the author shows you exactly how to make your own adorable baby animal collector's dolls, leading you through the entire process every step of the way. Your dolls won't cost much to make, and every doll will be an original, one-of-a-kind work of art. Since no two dolls ever come out exactly alike, each doll will have it's own personality and character. You won't have to learn how to make molds for the doll heads, because each one is hand-sculpted over a simple armature. You don't need a kiln, because you'll be using home-made air-dry clay instead of porcelain. The resulting heads are seamless, hollow, and surprisingly strong. The bodies and ears are made out of soft, huggable cotton velour, and the toes are sculpted with a few easy stitches. Adorable!

**NAMED ONE OF THE TEN BEST MYSTERIES OF THE YEAR BY THE SEATTLE TIMES** • London's wiliest detectives, Arthur Bryant and John May, are on the case in this fiendishly clever mystery. And when a cemetery becomes the scene of a crime,

neither secrets—nor bodies—stay buried. Romain Curtis sneaks into St. George’s Gardens one evening with his date, planning to show her the stars. A centuries-old burial ground, the small, quiet park is the perfect place to be alone. Yet the night takes a chilling turn when the two teenagers spy a strange figure rising from among the tombstones: a corpse emerging from the grave. Suffice it to say that wherever there’s a dead man walking, Bryant and May and the Peculiar Crimes Unit are never far behind. As the PCU investigates the sighting, a second urgent matter requires their unusual brand of problem-solving. Seven ravens have gone missing from their historic home in the Tower of London, and legend has it that when the ravens disappear, England will fall. Bryant has been tasked with recovering the lost birds, but when Romain is suddenly found dead, the two seemingly separate mysteries start to intertwine and point to a plot more sinister than anyone could ever imagine. Soon Bryant and May find themselves immersed in London’s darkest lore, from Victorian-era body snatchers, to arcane black magic, to the grisly myth behind Bleeding Heart Yard, a courtyard long associated with murder. And as the body count spikes and more coffins are unearthed, they will have to dig deep to catch a killer and finally lay these cases to rest. Darkly funny and fast-paced, Bryant & May and the Bleeding Heart is a brilliantly twisting puzzle, conjured from the inventive mind of Christopher Fowler. Praise for Bryant & May and the Bleeding Heart “Let’s talk about guilty pleasures. . . . A historic burial ground like St. George’s Garden, scene of the unfortunate incident of resurrection, is

[Bryant & May are] endearing throwbacks to a time when this genre was brainy and pure. They are the last of a breed and they know it. . . . Their very credibility puts quaint old Bryant & May in a class of their own.”—Janet Maslin, The New York Times “Fans of the series will enjoy the continuing travails of these two long-suffering octogenerian friends and their fellow officers. Newcomers will appreciate the twists and turns of the case as well as the many details from the odd corners of one of the world’s great cities.”—Library Journal “Endearingly eccentric . . . intriguing.”—Publishers Weekly “Hilarious . . . a charming and intriguing mystery mixed with marvelous characters. [Christopher] Fowler’s snarky writing elevates what could be dull or routine and makes it a true joy to read.”—RT Book Reviews “Make Bryant & May and the Bleeding Heart the next book you read. . . . These stories are witty, challenging, engrossing, informative and incredibly well written. . . . Picture a television series that is a rough mash-up of Law & Order, The X-Files and Monty Python’s Flying Circus. . . . This book is designed for adults not children. It shows you how to create a simple plump lady sculpture à la Niki de St Phalle using paper strips, paper pulp and household objects. Most of the materials and equipment used are free and can be found in and around the home. The project is illustrated with step-by-step instructions and photographs. There is also a gallery in the final chapter showing further examples and ideas. Interior contains black and white images.

These fabulous, whimsical paintings, created for his own pleasure and never shown to the public, show Geisel (a.k.a. Dr. Seuss) in a whole new light. Features an audio read-along! A creative spirit learns that thinking “ish-ly” is far more wonderful than “getting it right” in this gentle new fable from the creator of the award-winning picture book *The Dot*. Ramon loved to draw. Anytime. Anything. Anywhere. Drawing is what Ramon does. It's what makes him happy. But in one split second, all that changes. A single reckless remark by Ramon's older brother, Leon, turns Ramon's carefree sketches into joyless struggles. Luckily for Ramon, though, his little sister, Marisol, sees the world differently. She opens his eyes to something a lot more valuable than getting things just "right." Combining the spareness of fable with the potency of parable, Peter Reynolds shines a bright beam of light on the need to kindle and tend our creative flames with care.

Whether you're a seasoned sculptor or just starting out, Artful Paper Clay will teach you the skills necessary to craft complex and vivacious multi-dimensional masterpieces and paint them for gorgeous effect.

Paper is readily available and inexpensive in comparison to other sculptural media, and can be manipulated with a set of simple tools. It is a tactile medium, which can be formed into three-dimensional shapes quickly and immediately through folding and cutting. This hands-on element is something I feel is important -- it allows the artist to engage immediately with the material, resulting in something physical and tangible. It is, perhaps, these factors that make it so appealing, not only as a tool to apply in different fields, such as model making for architecture, but as an activity for its own sake. A section of this book is dedicated to a selection of the techniques I use in the creation of my work, and which I demonstrate in my workshops. My aim is to show the basic principles of form-making in paper, which can then be expanded on and explored as the reader wishes. Also included are my sources of inspiration and details of my working practice, which shows the evolution of an initial idea into a final artwork. I hope this book offers an insight into my work, while offering inspiration to those who wish to explore the creative potential of paper.

self-contained art show. Artworks meant to be cut out by the reader and assembled using very basic materials such as tape and rubber bands have been designed by 29 established and emerging contemporary artists, including The Art Guys, Minerva Cuevas, Seong Chun, Nicole Eisenman, Spencer Finch, Rachel Harrison, Stephen Hendee, Patrick Killoran, Glenn Ligon, Helen Mirra, David Shrigley, Sarah Sze, Chris Ware and Allan Wexler. Fred Tomaselli merges images from a birding book and an outdoor-clothing catalogue to create an ironic yet beautiful aviary. Janine Antoni's Crumple provides precise instructions for recreating a crumpled ball of paper, while Luca Buvoli invites the reader to take a pop-up flying lesson from the mysterious Professor M.a.S. Obviously, these are not your elementary-school paper airplanes.

The animals in Beth Cavener's work are better described as avatars, embodiments of persons or emotions that disguise her subjects. In this way she gives her subjects an expanded identity, pairing each with an animal that, to one extent or another, explains or parallels their behavior. The animal reveals the subject's primal roots and serves as the lens through which we see the evolution of the subject into a modern being. We ultimately come to understand that the human and the animal are inexorably linked together. The dynamism of Beth Cavener's figures comes from the constant shifting in our minds from human to animal. It is kinetic, releasing emotional energy caused by the disparity between what we see--the animal form--and what we know--that this is a human portrait. Thus the fascination in Cavener's art is perpetual.

posthumanist thought has prompted a reconsideration of the relationship between artist and animal. In this book, Steve Baker examines the work of contemporary artists who directly confront questions of animal life, treating animals not for their aesthetic qualities or as symbols of the human condition but rather as beings who actively share the world with humanity. The concerns of the artists presented in this book—Sue Coe, Eduardo Kac, Lucy Kimbell, Catherine Chalmers, Olly and Suzi, Angela Singer, Catherine Bell, and others—range widely, from the ecological to the philosophical and from those engaging with the modification of animal bodies to those seeking to further the cause of animal rights. Drawing on extensive interviews he conducted with the artists under consideration, Baker explores the vital contribution that contemporary art can make to a broader conception of animal life, emphasizing the importance of creativity and trust in both the making and understanding of these artworks. Throughout, Baker is attentive to issues of practice, form, and medium. He asks, for example, whether the animal itself could be said to be the medium in which these artists are working, and he highlights the tensions between creative practice and certain kinds of ethical demands or expectations. Featuring full-color, vivid examples of their work, *Artist Animal* situates contemporary artists within the wider project of thinking beyond the human, asserting art's power to open up new ways of thinking about animals.
