You're About To Discover The #1 Secret To Making Money From Home And Escape The 9-5 Rat Race If I only had one thing to tell anyone out there who is either new to the job market or is graduating, that would thing would be: "Jobs suck! Well, at least the old-fashioned version of a job where you have to do something you don't really like from 9-5 and are simply paid for your time to only slave yourself on the job." I like calling this the 'sell your time' personal business model where you literally exchange your time for money. In other words, you sell your time to someone and they pay you for it. That's not right. If you've been there, and actually experienced what I'm talking about, you'll know that this personal business model actually sucks. I'd say you need to do things differently; work in your PJs or underwear, avoid the commute, respond to emails from a hammock as you sip coffee, and so on. I'm sure you've heard the benefits of working from home-and yes, they are all true. As you read this book, you will discover some things that will surprise you about what it's truly like when you don't have to wake up early to beat the traffic snarl up. Besides that, and primarily, this book will teach you the many different ways of making money from home to escape the 9-5 rat race, and be able to do many more things you love.
