Kurniawan in a gritty, comic, pungent mode that fans of Quentin Tarantino will appreciate. But even with its liberal peppering of fights, high-speed car chases, and ladies heaving with desire, the novel continues to explore Kurniawan's familiar themes of female agency in a violent male world dominated by petty criminals and a corrupt police state.

One cold fall day, high school junior Liz Emerson steers her car into a tree. This haunting and heartbreaking story is told by a surprising and unexpected narrator and unfolds in nonlinear flashbacks even as Liz's friends, foes, and family gather at the hospital and Liz clings to life. This riveting debut will appeal to fans of *Before I Fall*, by Lauren Oliver, and *13 Reasons Why*, by Jay Asher. "On the day Liz Emerson tries to die, they had reviewed Newton's laws of motion in physics class. Then, after school, she put them into practice by running her Mercedes off the road." Why did Liz Emerson decide that the world would be better off without her? Why did she give up? The nonlinear novel pieces together the short and devastating life of Meridian High's most popular junior girl. Mass, acceleration, momentum, force—Liz didn't understand it in physics, and even as her Mercedes hurtles toward the tree, she doesn't understand it now. How do we impact one another? How do our actions reverberate? What does it mean to be a friend? To love someone? To be a daughter? Or a mother? Is life truly more than cause and effect? Amy Zhang's haunting and universal story will appeal to fans of Lauren Oliver, Gayle

Kau boleh tahu dengan amat detail cara kerja jantung, atau seorang yang batuk-batuk sesak bisa dengan segera diatasi, tetapi sanggupkah kau menyakinkan seorang yang mengalami patah tulang agar antusias naik ke meja operasi. Taruhlah kau bekerja di rumah sakit yang memiliki tenaga ahli bedah yang sudah puluhan tahun bekerja. Tidak ketinggalan dokter-dokter lainnya serta fasilitas medis canggih. Mungkin di kota besar, semua itu sudah cukup untuk membuat orang yang mengalami patah tulang untuk naik ke meja operasi. Tetapi, di pedesaan?" Buku esai memuat catatan seorang dokter muda dalam melihat sekitarnya. Ditulis dengan rutin dan usaha untuk menjawab keresahan kita tentang dunia kesehatan.

In *The Little Bookroom*, Eleanor Farjeon mischievously tilts our workaday world to reveal its wonders and follies. Her selection of her favorite stories describes powerful—and sometimes exceedingly silly—monarchs, and commoners who are every bit their match; musicians and dancers who live for aft rather than earthly reward; and a goldfish who wishes to “marry the Moon, surpass the Sun, and possess the World.”

Winner of the 2016 Financial Times Emerging Voices Award, and longlisted for the 2016 Man Booker International Prize *A wry, affecting tale set in a small town on the Indonesian coast, Man Tiger tells the story of two interlinked and tormented families and of Margio, a young man ordinary in all particulars except that he conceals within himself a supernatural female white tiger. The inequities and betrayals of family life coalesce around and torment this magical being. An explosive act of violence follows, and its mysterious cause is unraveled as events progress toward a heartbreaking revelation. Lyrical and bawdy, experimental and political, this extraordinary novel announces the arrival of a powerful new voice on the global literary stage.*

Alfred Kropp was just trying to survive high school when his guardian uncle gets him roped into a suspicious get-rich-quick scheme that changes his life forever: stealing Excalibur - the legendary sword of King Arthur. But after Alfred unwittingly delivers the sword into the hands of the enemy, he sets off on an unlikely quest to try to right his wrong and save the world from imminent destruction. The protagonists of the stories in this translated collection all crave a private domain, a place that nobody else can touch. They share with their creator a passion for words, a passion for writing and a passion for literature. These characters are feisty, non-conformist, and fiercely independent-traits that do not necessarily serve them well in the constraints of the conservative environments in which they find themselves, be that the environment of their family, their work or their country. To read the stories in this collection is to enter the private domain of the

characters who populate them. And yet it is also to share with those characters their quest for the most elemental thing in life: meaningful connections with other human beings. These stories remind us that that quest is at one and the same time the most fundamental and the most difficult endeavor of human existence.
