Now a major Channel 4 series Rose Cartwright has OCD, but not as you know it. Pure is the true story of her ten-year struggle with 'Pure O', a little-known form of the condition, which causes her to experience intrusive sexual thoughts of shocking intensity. It is a brave and frequently hilarious account of a woman who refused to give up, despite being undermined at every turn by her obsessions and enduring years of misdiagnosis and failed therapies. Eventually, the love of family and friends, and Rose's own courage and sense of humour prevailed, inspiring this deeply felt and beautifully written memoir. At its core is a lesson for all of us: when it comes to being happy with who we are, there are no neat conclusions.

rising New York artist. A desperate housewife. All are victims of a cruel puppet master—and one of them is a killer. Introduction by Dean Koontz The head of a global cosmetics empire, Wilma Ferris became a self-made success by taking everything people had to give—and more. Mixing business with pleasure is her standard operating procedure. And she's playing the same game when she invites eight of her closest friends—all of whom owe their livelihoods to Wilma—to a weekend party at her lake house. After a late-night skinny-dipping session turns into a frantic search for the missing host, it becomes apparent that one of the guests had seen enough. Wilma's body is pulled from the cold water, but the cause of death isn't drowning—it's a blow to the head. Was it a crime of passion or premeditated murder? Neither would surprise any of Wilma's guests. Each of them has a motive—or two. In the end, all will be condemned. Praise for John D. MacDonald "John D. Sunny Leone is one of India's most desired and glamorous women. The seven delicious stories in her collection, *SWEET DREAMS*, will put the oomph back into

your life. A story will be delivered to your phone every night at 10 pm

A wonderful first novel which dramatically combines the suspense of a gripping literary thriller with a meditation on the nature of scientific chaos Roz Benegal, a feisty young BBC researcher, goes to India to pick up the threads of her life there (she spent part of her childhood growing up in Kerala). She goes to Bombay to visit her sister Miranda, who is married to a prominent Bollywood film director, Prosper. Roz arrives to news headlines announcing the deaths of 8 eunuchs in four months and to rumours that her sister's husband may have murdered his first wife Maya, a film star past her prime. Not satisfied to leave the investigations of these allegations to the Indian police, Roz Benegal begins a dangerous search for the truth. Interwoven with this utterly gripping detective story is a remarkable layering of knowledge gleaned from old books on storms, the monsoon, poisons and magical transformations, the narrator's fascination with chaos theory and her passionate interest in fate.

Now Jennie must rely on her ability to communicate with his spirit to find out what has happened to her beloved fiancé, Will, while he was off at war. The army says he died honorably in battle. But his brother confides that Will became a violent criminal and died in a prison camp. Jennie begins to doubt that anyone

is telling her the truth. With the help of a spiritualist photographer, the spirit of her dead fiancé, and the clues she discovers and keeps in her scrapbook, Jennie must put together the pieces of this mystery before she loses her home, her fortune, and possibly her life.

The epic tale of victory and defeat... The story of the Ramayana had been told innumerable times. The enthralling story of Rama, the incarnation of God, who slew Ravana, the evil demon of darkness, is known to every Indian. And in the pages of history, as always, it is the version told by the victors, that lives on. The voice of the vanquished remains lost in silence. But what if Ravana and his people had a different story to tell? The story of the Ravanayana had never been told. Asura is the epic tale of the vanquished Asura people, a story that has been cherished by the oppressed outcastes of India for 3000 years. Until now, no Asura has dared to tell the tale. But perhaps the time has come for the dead and the defeated to speak. "For thousands of years, I have been vilified and my death is celebrated year after year in every corner of India. Why? Was it because I challenged the Gods for the sake of my daughter? Was it because I freed a race from the yoke of caste-based Deva rule? You have heard the victor's tale, the Ramayana. Now hear the Ravanayana, for I am Ravana, the Asura, and my story is the tale of the vanquished." "I am a non-entity-invisible, powerless and

negligible. No epics will ever be written about me. I have suffered both Ravana and Rama - the hero and the villain or the villain and the hero. When the stories of great men are told, my voice maybe too feeble to be heard. Yet, spare me a moment and hear my story, for I am Bhadra, the Asura, and my life is the tale of the loser." The ancient Asura empire lay shattered into many warring petty kingdoms reeling under the heel of the Devas. In desperation, the Asuras look up to a young saviour-Ravana. Believing that a better world awaits them under Ravana, common men like Bhadra decide to follow the young leader. With a will of iron and a fiery ambition to succeed, Ravana leads his people from victory to victory and carves out a vast empire from the Devas. But even when Ravana succeeds spectacularly, the poor Asuras find that nothing much has changed for them. It is when that Ravana, by one action, changes the history of the world.

Dorneywood is a continuation of the novel Enigma and it is a work of fiction. The names, characters, places and incidents portrayed in this novel are the product of the author's imagination or have been used fictitiously. The characters are placed in two time periods. Part One is from December 7, 1929 to December 7, 1938 and is narrated by Sir John Atwell. Sir John Atwell is the undercover personage for Admiral James Caldwell whose attempted assassination at the end of Enigma left everyone hanging, will he live, will he die? He lives and assumes the identity of a British nobleman. He returns to his home at Springwell. In the novel, Springwell is based upon the purchase of Chartwell by Winston Churchill in 1921.

Winston Churchill faced a similar situation in his life at this time in history. Churchill entered the British army in 1893, fought at the battle of Khartoum with the Nile Expeditionary Forces in 1898 and was in the Boer War of 1899. He was elected to parliament for Oldham in 1900, was Under-secretary of State for the Colonies in 1906, marries Clementine Hozier in 1908 and was Home Secretary in 1910. He served as First Lord of the Admiralty, Minister of Munitions and Secretary for War and Air during WWI. In 1921 he was voted out of office and the House of Commons. In 1929, Churchill has returned as Chancellor of the Exchequer and offers the narrator of part one (Sir John Atwell) a similar position to what he held in Washington D.C. He is given an estate in southern England called Dorneywood and is asked to set up a farm setting like that of the NIA in Lancaster, Virginia. This new effort is called Dorneywood Institute. Part two is called Infamie and the characters are placed in the second time period, December 7, 1938 to December 7, 1940. The narrator of part two is Louis Caldwell, son of Admiral James Caldwell. The father suffers a stroke on December 7, 1938 and Louis is asked to assume his father's position on a temporary basis until he can return to work. The second part is the start of WWII in Europe and ends with the completion of the Battle of Britain. The novel is a work of fiction. Its location was inspired by my time spent in London during the

spring semester of 1974. The Rotary Foundation Group Exchange, district 114 in England invited a number of scholars from the United States to spend time in England living with various Rotarians of District 114. I was teaching at the University of Nebraska in Omaha at the time, and I was chosen to represent District 565 of the United States. It was during this time that I came to know the people of Reigate, Redhill and Merstham, just south of London. This is where I met some of the characters for my novels and I visited Chartwell a number of times. The Baroness Churchill lived in Chartwell with her husband until his death on January 24, 1965. She willed the estate to the British Government upon her death but would accept visitors from the United States who were writing about her husband on certain occasions. I had the opportunity to walk through the house and gardens with other Rotary members. The written word cannot describe all that it meant to me to see the house as it existed in 1929. The historical events which are outlined in this book all took place. The dates and locations are accurate, but the characters are the products of my overactive imagination. Some persons mentioned, however, are real. You cannot write about this period of our history without making reference to elected officials. The greatest run-scorer in the history of cricket, Sachin Tendulkar retired in 2013 after an astonishing 24 years at the top. The most celebrated Indian cricketer of all time, he received the Bharat Ratna Award - India's highest civilian honour - on the day of his retirement. Now Sachin Tendulkar tells his own remarkable story - from his first Test cap at the age of 16 to his 100th international century and the emotional final farewell that brought his country to a standstill. When a boisterous Mumbai youngster's excess energies were channelled into cricket, the result was record-breaking schoolboy batting exploits that launched the career of a cricketing phenomenon. Before long Sachin Tendulkar was the cornerstone of India's batting line-up, his every move watched by a cricket-mad nation's devoted followers. Never has a cricketer been burdened with so many expectations; never has a cricketer performed at such a high level for so long and with such style - scoring more runs and making more centuries than any other player, in both Tests and one-day games. And perhaps only one cricketer could have brought together a shocked nation by defiantly scoring a Test century shortly after terrorist attacks rocked Mumbai. His many achievements with India include winning the World Cup and topping the world Test rankings. Yet he has also known his fair share of frustration and failure -

The beloved debut novel about an affluent Indian family forever changed by one fateful day in 1969, from the author of *The Ministry of Utmost Happiness* **NEW YORK TIMES BESTSELLER**

• **MAN BOOKER PRIZE WINNER** Compared favorably to the works of Faulkner and Dickens, Arundhati Roy's modern classic is equal parts powerful family saga, forbidden love story, and piercing political drama. The seven-year-old twins Estha and Rahel see their world shaken irrevocably by the arrival of their beautiful young cousin, Sophie. It is an event that will lead to an illicit liaison and tragedies accidental and intentional, exposing "big things [that] lurk unsaid" in a country drifting dangerously toward unrest. Lush, lyrical, and unnerving, *The God of Small Things* is an award-winning landmark that started for its author an esteemed career of fiction and political commentary that continues unabated.

**NAMED A BEST BOOK OF THE YEAR BY THE WASHINGTON POST** and **REAL SIMPLE A** profound and enchanting new novel from Booker Prize-longlisted author Niall Williams about the loves of our lives and the joys of reminiscing. You don't see rain stop, but you sense it. You sense something has changed in the frequency you've been living and you hear the quietness you thought was silence get quieter still, and you raise your head so your eyes can make sense of what your ears have already told you, which at first is only: something has changed. The rain is stopping. Nobody in the small, forgotten village of Faha remembers when it started;

rain on the western seaboard was a condition of living. Now--just as Father Coffey proclaims the coming of electricity--it is stopping. Seventeen-year-old Noel Crowe is standing outside his grandparents' house shortly after the rain has stopped when he encounters Christy for the first time. Though he can't explain it, Noel knows right then: something has changed. This is the story of all that was to follow: Christy's long-lost love and why he had come to Faha, Noel's own experiences falling in and out of love, and the endlessly postponed arrival of electricity--a development that, once complete, would leave behind a world that had not changed for centuries. Niall Williams' latest novel is an intricately observed portrait of a community, its idiosyncrasies and its traditions, its paradoxes and its inanities, its failures and its triumphs. Luminous and otherworldly, and yet anchored with deep-running roots into the earthy and the everyday, *This Is Happiness* is about stories as the very stuff of life: the ways they make the texture and matter of our world, and the ways they write and rewrite us.

Five years in the writing by one of science fiction's most honored authors, *Doomsday Book* is a storytelling triumph. Connie Willis draws upon her understanding of the universalities of human nature to explore the ageless issues of evil, suffering and the indomitable will of the human spirit. For Kivrin, preparing an on-site study of one of the deadliest eras in humanity's history was as simple

as receiving inoculations against the diseases of the fourteenth century and inventing an alibi for a woman traveling alone. For her instructors in the twenty-first century, it meant painstaking calculations and careful monitoring of the rendezvous location where Kivrin would be received. But a crisis strangely linking past and future strands Kivrin in a bygone age as her fellows try desperately to rescue her. In a time of superstition and fear, Kivrin—barely of age herself—finds she has become an unlikely angel of hope during one of history's darkest hours. Praise for *Doomsday Book* “A stunning novel that encompasses both suffering and hope. . . . The best work yet from one of science fiction’s best writers.”—The Denver Post “Splendid work—brutal, gripping and genuinely harrowing, the product of diligent research, fine writing and well-honed instincts, that should appeal far beyond the normal science-fiction constituency.”—Kirkus Reviews (starred review) “The world of 1348 burns in the mind’s eye, and every character alive that year is a fully recognized being. . . . It becomes possible to feel . . . that Connie Willis did, in fact, over the five years *Doomsday Book* took her to write, open a window to another world, and that she saw something there.”—The Washington Post Book World
