

Malt Whisky

Neil Ridley is one of the UK's new breed of passionate young wine & spirits writers. Neil writes regularly for drinks and lifestyle publications.

This highly accessible and enjoyable guide is full of practical and fascinating information about how to enjoy whisky. All whisky styles are covered, including (just whisper it) blends. Along the way a good few myths are exploded, including the idea that whisky has to be taken neat. In 'What to Drink', Dave Broom explores flavour camps - how to understand a style of whisky - and moves on to provide extensive tasting notes of the major brands, demonstrating whisky's extraordinary diversity. In 'How to Drink', he sets out how to enjoy whisky in myriad ways - using water and mixers, from soda to green tea; and in cocktails, from the Manhattan to the Rusty Nail. He even looks at pairing whisky and food. In this spirited, entertaining and no-nonsense guide, world-renowned expert Dave Broom dispels the mysteries of whisky and unlocks a whole host of exciting possibilities for this magical drink.

Optimised for colour tablets. The map and images in this e-book are not suitable for viewing on black and white e-ink devices. This beautifully presented little ebook is an excellent introduction to the world of Scotch whiskies. It includes the major Scotch whiskies and the distilleries that produce them. After that, you might choose to make the most of Tristan's bar skills with some inspirational whisky-based cocktails. This fascinating, comprehensive book is sure to appeal to whisky aficionados and novices alike.

This book on single malt whisky makes an excellent guide for all whisky drinkers, from the novice to the connoisseur. Single malt whisky is the fastest expanding sector of the booming whisky market. Over half of Scotland's whisky distilleries are open to visitors and visitor numbers reached record numbers of over 1.7 million in 2016. Whisky Classified has revolutionized our appreciation of single malt whisky. David Wishart cuts through the confusing jargon often used to describe single malts and replaces it with an objective and easily applied guide to taste using his easy to understand system of flavour profiles. He identifies twelve dimensions to the aroma and taste of a single malt whisky: body, sweetness, smoky, medicinal, tobacco, honey, spicy, winey, nutty, malty, fruity, floral.

This is the most comprehensive and thoroughly researched guide to the world's whiskies ever produced. Honest, forthright and proudly independent, Jim Murray has, for this 17th edition, tasted and rated over 4,500 whiskies, shedding light on more than 1,800 Scottish single malts, nearly 400 blended Scotches and in excess of 900 American whiskies. Jim Murray's Whisky Bible provides an unrivalled and invaluable source of reference to the consumer, the whisky

industry and the drinks trade alike. In terms of whisky, this is the gospel!

A richly illustrated journey through the history of on of Scotland's greatest industries - malt whisky

Despite being only 21 years old, Lochranza Distillery on the Isle of Arran is the latest in a long line of distilleries that once existed there. The island's illicit whisky that was made in the 18th century was considered so good that it was on a par with the best smuggled Glenlivet and the Skye traveller John MacCulloch recorded in 1824 that Arran Water, as it was called, 'in the older days, was the burgundy of all the vintages.' The last legal distillery on Arran closed in 1837 and it was not until David Hutchison, a Glasgow architect whose family had property on Arran, attended a dinner of the Arran Society of Glasgow in March 1991, that the idea to start a new distillery took seed. He approached his friend Harold Currie, a retired ex-Chivas Regal MD, and together they brought about the creation of Lochranza Distillery which started production in June 1995. But that's not the whole story as the project was beset by NIMBY objectors, nesting eagles, licensing problems, SNH concerns regarding the impact on a National Scenic Area, European environmental regulations, and, once approved, a race to raise sufficient finance. But despite all that, the distillery was built and is now world-renowned for the quality of its spirit. Neil Wilson has spent a year researching the company and its evolution and has written an entertaining insight into the history of how the distillery was created and how it has evolved with full financial disclosure which shows that without the support of two major shareholders, the whole business would have collapsed in the first decade of the new millennium. Now Arran is seen as the inspiration that has brought over 20 or so new distilleries of varying sizes into creation since 2000 across the length and breadth of Scotland. The story reveals how the Currie

family's interests in the company were eventually subsumed by shareholder power and control passed to the current owners who continue to invest heavily in the future. And the book also reveals plans of the company's new proposed distillery in the south of Arran which will, subject to approval, produce the peated varieties of Arran malt. It is a fascinating story, illustrated with archive and contemporary illustrations and includes interviews with many of the people who have been involved in the story from the start.

A new and updated edition of the classic, definitive guide to malt whiskies, written by the late Michael Jackson and updated by whisky experts Dominic Roskrow and Gavin D. Smith. The fully revised 7th edition of the Malt Whisky Companion will teach you everything you want to know about your favourite tippie. How should you taste a single malt scotch whisky? Which whiskies are light and flowery, or rich and treacly? How different is a single malt scotch from a distillery in the Highlands to one from the islands? Find whisky tasting notes on over 1,000 malts arranged from A-Z, including vintages from 1926 onwards and the very latest releases. For distilleries in the New World Whisky section there are brand-new whisky tasting notes. This comprehensive whisky guide defines the characteristics of each whisky, gives it an overall score, making it the perfect companion for keen whisky drinkers and new converts to the wonderful world of the single malt.

Single malt Scotch whiskies are renowned for their highly nuanced flavors and aromas, but the world of the single malt Scotch, while rooted in tradition and fellowship, can also throw up an intimidating number of offerings. Lavishly illustrated, this singular and savvy guide provides information on the making of malt whisky, the primary whisky regions, the various distilleries, identifying the flavors in each distillery's "house style," how to appreciate the flavors and aromas of

single malt whisky, reading a bottle label—even how to pronounce the names of certain Scotch whiskies. Additional sections introduce readers to the language of whisky descriptors and a few little-known distilleries, as well as how to manage a taste of some of the rarest and priciest single malt Scotches available. And, because a good single malt is always better when enjoyed in company, this manual offers recommendations for buying single malt Scotch whisky and hosting a tasting. This is an indispensable resource for anyone looking to deepen their appreciation for and knowledge of this “sipping whisky.”

Packed with photographs and infographics that illuminate the history and myriad aspects of making 'a wee dram,' here's a delightful guide to hundreds of brands and varieties of single malt and scotch whiskies. This guide to single malt and Scotch whiskey is an essential resource for novices and seasoned experts alike. It includes more than 200 brands and varieties of Scotch and single malt whiskey. Ratings and detailed information on Scotch and the Scotch industry are included. Information on each brand includes the varieties' strength, aroma, flavor, and distinguishing characteristics. The history and lore of single malt and Scotch whisky is shown in both text and color photographs.

Whisky enthusiasts all over the world look forward to the Malt Whisky Yearbook every autumn. Whisky: Technology, Production and Marketing explains in technical terms the science and technology of producing whisky, combined with information from industry experts on successfully marketing the product. World experts in Scotch whisky provide detailed insight into whisky production, from the processing of raw materials to the fermentation, distillation, maturation, blending, production of co-products, and quality testing, as well as important information on the methodology used for packaging and marketing whisky in the twenty-first century. No other book covers the entire whisky process from raw material to delivery to market in such a comprehensive manner and with such a high level of technical detail. Only available work to cover the entire whisky process from raw material to delivery to the market in such a comprehensive manner Includes a chapter on marketing and selling whisky Foreword written by Alan Rutherford, former Chairman and Managing Director of United Malt and Grain Distillers Ltd.

A follow-up to his bestselling American Whiskey, Bourbon & Rye: A Guide to the Nation's Favorite Spirit, Clay Risen's Single Malt is an introduction to the long history, fascinating science, and incredible diversity of malted whisky, as well as a practical drinker's guide to buying and enjoying hundreds of the greatest examples of the distiller's tradition. With maps of essential whisky regions of Scotland, profiles of each of the

makers, and photographs of the bottles and tasting notes for each of the most widely available expressions--compiled from tasting sessions conducted by a panel of leading whisky experts--readers will discover a rich vein of knowledge about one of the world's most storied beverages. Selected from more than one hundred active distilleries in Scotland, the 330 expressions featured in this book provide a curated yet comprehensive primer of the single-malt whiskies any growing aficionado should be familiar with. Additional features include a directory of distilleries, Risen's top whisky picks in various categories, and a full index of the expressions featured in the book.

An authority on Scotch whisky An ideal addition to a collection of whisky books for beginners or whisky distilling books Fantastic gift for any whisky lovers Have you ever wondered why Scotch whisky tastes the way it does? Have you ever questioned the history of whisky and how its flavor notes have changed over the years? If so, then this book is for you! The flavor of Scotch whisky is influenced by a combination of history, craft, science, and tradition. Whether it is single malt Scotch whisky, dalmore whisky, or peat whisky, you will learn something about it in this book. This book on scotch is also a compendium of curiosities! Learn about bottles of scotch, including orbit bottle labels, whiskey green labels, and more. Whiskypedia also outlines information about individual distilleries. Each one provides their whiskies with unique characteristics. They are grounded in the craft and custom of the distillery and its district, but the real key influences on the flavor are how the spirit is matured, the distilling equipment itself, and how the distilling equipment is operated. This guide explores all

of those influences and more. Whiskypedia is the first comprehensive source of the flavor and character of every malt whisky in Scotland. Written by Charles MacLean, “a world authority on malt whisky” (Daily Telegraph), shares his wisdom throughout this book. The history of Scotch whisky and information on Scotch distilling are also included. John MacPherson’s stunning photos compliment the text well. This is an ideal book about Scotch for any whisky fan. Skyhorse Publishing, along with our Good Books and Arcade imprints, is proud to publish a broad range of cookbooks, including books on juicing, grilling, baking, frying, home brewing and winemaking, slow cookers, and cast iron cooking. We’ve been successful with books on gluten-free cooking, vegetarian and vegan cooking, paleo, raw foods, and more. Our list includes French cooking, Swedish cooking, Austrian and German cooking, Cajun cooking, as well as books on jerky, canning and preserving, peanut butter, meatballs, oil and vinegar, bone broth, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

The world's best-selling book on malt whisky, now updated to include all the latest significant bottlings. This seventh edition of Michael Jackson's Complete Guide to Single Malt Scotch continues to provide whisky enthusiasts with all the information, advice, and guidance they need to improve their knowledge and appreciation of single malt whisky. Fully updated with all the latest

significant bottlings, Michael Jackson's Complete Guide to Single Malt Scotch includes an unrivaled A- Z of single malts with background information on the distilleries and tasting notes for more than 1,000 bottlings. It even provides each whisky with an overall score. Michael Jackson, regarded as the world's foremost authority on whisky until his death in 2007, originally authored this title. His legacy lives on in the 2015 edition edited by world-leading whisky consultants Dominic Roskrow and Gavin D. Smith. By giving practical advice on buying and collecting malts and interpreting whisky labels, and providing hundreds of color images, Michael Jackson's Complete Guide to Single Malt Scotch can turn any whisky novice into an informed veteran.

In 1885, Alfred Barnard was charged with the task of visiting and reporting on every active Whisky distillery throughout Scotland, Ireland and England. It took him two exhaustive years. In this book you will see the distilleries through his eyes. His detailed descriptions of every step in the distilling process is work that remains unparalleled to this day. But that's only part of the story. As he and his companions traveled the countryside, he fell in love with Scotland and all its grandeur as well as the lush landscapes of Ireland. As you read through this book - presented as an ebook for the very first time - you'll fall in love, as well. Part technical document and part travelogue, you're almost getting two books in one intertwined volume. Granted, this text lacks the visual beauty and splendor of the fine print editions, but the words stand up on their own and will transport you to a Victorian adventure that was, is and always will be one of

a kind. This edition does not contain the additional writings of Alfred Barnard that are found in recent print editions, just the text of his original book. There are two additional chapters from his writings giving added detail for Glenglassaugh and Glenfarclas.

This companion guide to malt whisky describes 330 single malts from 100 distilleries, everything from famous brands to rare special bottlings. Illustrated with maps, labels, photographs, and lively commentary, there is also a section with suggestions on visiting Scottish distilleries. Special edition of the Federal Register, containing a codification of documents of general applicability and future effect ... with ancillaries.

The Code of Federal Regulations is the codification of the general and permanent rules published in the Federal Register by the executive departments and agencies of the Federal Government.

This book on single malt whisky makes an excellent guide for all whisky drinkers, from the novice to the connoisseur. Single malt whisky is the fastest expanding sector of the booming whisky market. Over half of Scotland's whisky distilleries are open to visitors and visitor numbers reached record numbers of over 1.7 million in 2016. Whisky Classified has revolutionized our appreciation of single malt whisky. David Wishart cuts through the confusing jargon often used to describe single malts and replaces it with an objective and easily applied guide to taste using his easy to understand system of flavour profiles. He identifies twelve dimensions to the aroma and taste of a single malt whisky: body, sweetness, smoky, medicinal, tobacco,

honey, spicy, winey, nutty, malty, fruity, floral. In this fully revised and updated edition, David Wishart has included all new UK and Irish producers of single malt whisky. The author has also updated the taste profiles for each selected malt to ensure that this book remains the definitive guide to tasting malt whisky. Each entry includes a short description of the distillery, information for visitors, the author's own tasting notes and his flavour profiles according to this innovative classification. The history of whisky-making and production methods are clearly explained, and the author also explains how to organize a whisky tasting.
