Nevada's Virginia & Truckee Railroad Stephen E. Drew, 2014 The Virginia & Truckee is the most famous short line railroad in American history. Brainchild of William Sharon and the Bank of California, the V&T hauled the silver and gold ore, the cordwood, and the mining timbers that made the 1870s Big Bonanza a reality. From the state capital at Carson City, V&T rails stretched 66 miles to Virginia City, Reno, and Minden, Nevada. Serving the transportation needs of the Comstock's nearly 40,000 inhabitants, the V&T remained in operation until 1950. The enormously successful railroad paid its early owners handsome dividends. The V&T's ornate locomotives and cars have starred in hundreds of Hollywood productions and are now preserved in US museums. Since 1976, fourteen miles of the railroad have been restored to operation. The Virginia & Truckee has become an enduring legend.

Lapidarium Hettie Judah,2023-03-07 Inspired by the lapidaries of the ancient world, this book is a beautifully designed collection of true stories about sixty different stones that have influenced our shared history The earliest scientists ground and processed minerals in a centuries-long quest for a mythic stone that would prolong human life. Michelangelo climbed mountains in Tuscany searching for the sugar-white marble that would yield his sculptures. Catherine the Great wore the wealth of Russia stitched in gemstones onto the front of her bodices. Through the realms of art, myth, geology, philosophy and power, the story of humanity can be told through the minerals and materials that have allowed us to evolve and create. From the Taiwanese national treasure known as the Meat-Shaped Stone to Malta's prehistoric "fat lady" temples carved in globigerina limestone to the amethyst crystals still believed to have healing powers, Lapidarium is a jewel box of sixty far-flung stones and the stories that accompany them. Together, they explore how human culture has formed stone, and the roles stone has played in forming human culture.

A Dictionary of the Kedang Language Ursula Samely,Robert H. Barnes,2013-06-03 A Dictionary of the Kedang Language presents the first extensive published record of an Austronesian language on the remote Eastern Indonesian island of Lembata. A special interest of the dictionary resides in the fact that Kedang lies on the boundary line between Austronesian and Papuan languages in Eastern Indonesia. The Kedang entries are translated first into Indonesian and then into English. For ease of access, finder lists are provided in Indonesian and in English. The Introduction situates the language linguistically and sketches the phonology and morphology, as well as the 'pairing' (dyadic sets) in ritual and everyday usage of items of vocabulary characteristic of Kedang.

Art London Hettie Judah,2019 * An engaging and accessible guide to the galleries, art museums and artists of London, past and present* Authored by Hettie Judah, contributor on art for The Guardian, The New York Times and Vogue* Exclusive photography includes portraits of Tracey Emin, Anish Kapoor, Grayson Perry, Chantal Joffe, Rasheed Araeen, Jeremy Deller, Yinka Shonibare and many more, in their own studios* Part of a new series exploring London culture, joined by Vinyl London, Rock 'n' Roll London, Writers' London and London PeculiarProdigies, revolutionaries, defiers of the patriarchy; drunks, rebels and impassioned immigrants; queer pioneers, paint-spattered punks and proto-feminists: there have always been artists in London. Some were celebrated in their lifetime, others were out-of-step with the spirit of their age: too radical, too subversive, too modest, too female, too foreign. Art London is more than a guidebook. It will accompany you on a journey through this great city, telling stories, uncovering histories, sharing insights into those who have made, collected and influenced art past and present. Moving neighbourhood by neighbourhood, Art London travels the streets with you, revealing art in museums, galleries and beyond, from palace to pub to studio. Anish Kapoor, Grayson Perry, Mona Hatoum, John Akomfra, Rasheed Araeen, Sunil Gupta, Tracey Emin and Yinka Shonibare were among the artists who agreed to have their portraits taken for this book, while at work in their studios. Alex Schneiderman's exclusive photographs reveal the human

element behind contemporary art, while pictures of streetside galleries place London's art scene within an ever-expanding cosmopolitan world. Fascinating, entertaining, full of anecdote and insights, Art London reflects the city itself: energetic, diverse, resilient, occasionally outrageous, and never short of fresh ideas.

Frida Kahlo Hettie Judah, 2022-11-03 Step into the world of Frida Kahlo: behind the portraits and the surrealist art discover the fascinating woman who has transfixed the world. Fridamania has made Frida Kahlo's image ubiquitous: she has been reborn as a Halloween costume, Barbie doll, children's book character, textile print, phone cover and the inspiration for everything from cocktails to fashion shoots. But it is more difficult to get a clear vision of this bold and brilliant, foul-mouthed, heavy-drinking, hard-smoking, husband-stealing, occasionally bisexual, often bed-bound, wheelchair-using, needy, forthright and passionate woman. Hettie Judah sets out to correct that with this superb biography of one of the most charismatic artists of the last hundred years. Follow Frida's life through tumultuous love and life-altering accidents, towards recognition in the art world from the likes of André Breton and Marcel Duchamp, to becoming the first Mexican artist held at the Louvre. Judah delves into Kahlo's experiences and how these came together to inspire the art that has been described as an uncompromising depiction of the female experience and form. From an early battle with Polio, to a debilitating bus accident at 18, through love and heart ache, the life of Frida Kahlo was one of pain but a pain that bore great beauty. Hettie Judah is a contributing writer for publications including the Guardian, Vogue, The New York Times, Frieze and Art Quarterly. Lives of the Artists is a new series by Laurence King. Concise, highly readable biographies of some of the world's greatest artists written by authoritative and respected names from the world of art. Learn about the artist behind the masterpieces. Currently available: Andy Warhol and Artemisia Gentileschi

I Will Survive Gloria Gaynor, 2014-03-11 I Will Survive is the story of Gloria Gaynor, America's Queen of Disco. It is the

story of riches and fame, despair, and finally salvation. Her meteoric rise to stardom in the mid-1970s was nothing short of phenomenal, and hits poured forth that pushed her to the top of the charts, including Honey Bee, I Got You Under My Skin, Never Can Say Goodbye, and the song that has immortalized her, I Will Survive, which became a #1 international gold seller. With that song, Gloria heralded the international rise of disco that became synonymous with a way of life in the fast lane - the sweaty bodies at Studio 54, the lines of cocaine, the indescribable feeling that you could always be at the top of your game and never come down. But down she came after her early stardom, and problems followed in the wake, including the death of her mother, whose love had anchored the young singer, as well as constant battles with weight, drugs, and alcohol. While her fans always imagined her to be rich, her personal finances collapsed due to poor management; and while many envied her, she felt completely empty inside. In the early 1980s, sustained by her marriage to music publisher Linwood Simon, Gloria took three years off and reflected upon her life. She visited churches and revisited her mother's old Bible. Discovering the world of gospel, she made a commitment to Christ that sustains her to this day.

The Translator's Invisibility Lawrence Venuti, 2012-06-25 Since publication over ten years ago, *The Translator's Invisibility* has provoked debate and controversy within the field of translation and become a classic text. Providing a fascinating account of the history of translation from the seventeenth century to the present day, Venuti shows how fluency prevailed over other translation strategies to shape the canon of foreign literatures in English and investigates the cultural consequences of the receptor values which were simultaneously inscribed and masked in foreign texts during this period. The author locates alternative translation theories and practices in British, American and European cultures which aim to communicate linguistic and cultural differences instead of removing them. In this second edition of his work, Venuti: clarifies and further develops key terms and arguments responds to critical commentary on his argument incorporates new case studies that include: an eighteenth century translation of a French novel by a working class woman; Richard Burton's controversial translation of the Arabian Nights; modernist poetry translation; translations of Dostoevsky by the bestselling translators Richard Pevear and Larissa Volokhonsky; and translated crime fiction updates data on the current state of translation, including publishing statistics and translators' rates. *The Translator's Invisibility* will be essential reading for students of translation studies at all levels. Lawrence Venuti is Professor of English at Temple University, Philadelphia. He is a translation theorist and historian as well as a translator and his recent publications include: *The Scandals of Translation: Towards an Ethics of Difference* and *The Translation Studies Reader*, both published by Routledge.

Fat Don Kulick, Anne Meneley, 2005-01-13 An eclectic and highly original examination of one of the most dynamic concepts-and constructs-in the world. With more than one billion overweight adults in the world today, obesity has become an epidemic. But fat is not as straightforward-or even as uni-versally damned-as one might think. Enlisting thirteen anthropologists and a fat activist, editors and anthropologists Don Kulick and Anne Meneley have produced an

unconventional-and unprecedented-examination of fat in various cultural and social contexts. In this anthology, these writers argue that fat is neither a mere physical state nor an inert concept. Instead, it is a construct built by culture and judged in courts of public opinion, courts whose laws vary from society to society. From the anthropology of fat-talk among teenage girls in Sweden to the veneration of Spam in Hawaii; from fear of the fat-sucking pishtaco vampire in the Andes to the underground allure of fat porn stars like Supersize Betsy-this anthology provides fresh perspectives on a subject more complex than love handles, and less easily understood than a number on a scale. Fat proves that fat can be beautiful, evil, pornographic, delicious, shameful, ugly, or magical. It all depends on who-and where-you are.

But she feared she might not survive Rink Lancaster, her husband's son. Years before she married, when she and Rink were teens, he introduced Caroline to her first tremulous taste of love -- and then broke her heart. Now he's back. Rink says he wants to settle his father's estate, but his storm of emotions is undeniable and more dangerous than ever -- and what he really wants is to settle the score with Caroline.

Slang and Sociability Connie Eble,2012-12-01 Slang is often seen as a lesser form of language, one that is simply not as meaningful or important as its 'regular' counterpart. Connie Eble refutes this notion as she reveals the sources, poetry, symbolism, and subtlety of informal slang expressions. In *Slang and Sociability*, Eble explores the words and phrases that American college students use casually among themselves. Based on more than 10,000 examples submitted by Eble's students at the University of North Carolina at Chapel Hill over the last twenty years, the book shows that slang is dynamic vocabulary that cannot be dismissed as deviant or marginal. Like more formal words and phrases, slang is created, modified, and transmitted by its users to serve their own purposes. In the case of college students, these purposes include cementing group identity and opposing authority. The book includes a glossary of the more than 1,000 slang words and phrases discussed in the text, as well as a list of the 40 most enduring terms since 1972. Examples from the glossary: group gropes -- encounter groups squirrel kisser -- environmentalist Goth -- student who dresses in black and listens to avant-garde music bad bongos -- situation in which things do not go well triangle -- person who is stupid or not up on the latest za -- pizza smoke -- to perform well dead soldier -- empty beer container toast -- in big trouble, the victim of misfortune parental units -- parents

Colloquial Jakartan Indonesian James N. Sneddon,2006 This book aims to describe aspects of the Indonesian language as spoken by educated Jakartans in everyday interactions. This style of language is in many ways significantly different from the formal language of government and education, to the extent that it deserves separate consideration. While formal Indonesian has been the subject of a considerable amount of description very little attention has been paid to informal styles of the language. The variety described here, Colloquial Jakartan Indonesian, is the prestige variety of colloquial Indonesian and is becoming the standard informal style. The description and texts in following chapters are drawn from recordings of natural speech of educated people living in Jakarta . While the book aims to inform those with a background in linguistics the needs of teachers and learners with little or no knowledge of linguistics is always borne in mind. The work thus does not consider theoretical linguistic issues nor use technical terms which would not be readily understood by most readers.
