S.O.S. bambini! In una società dove essere “super” è quasi un dovere, anche noi mamme – un tempo confinate nel tranquillo perimetro del focolare domestico – ci

sentiamo obbligate ad apparire come creature perfette. Dobbiamo essere madri amorevoli e grintose, donne in carriera (o almeno “in corriera” come diceva Lella Costa), amiche sempre presenti e affascinose femmes fatales. Come riuscirci? Il primo consiglio è di fare un po’ di apprendistato presso mamme, conoscenti e nonne e poi scegliere la propria strada. Dopo avere acquistato un po’ di sicurezza, i mille imprevisti della quotidianità – il capo che chiama mentre vostro figlio sta male, la tata che vi pianta in asso quando avete programmato un viaggio di lavoro – vi sembreranno un gioco da ragazzi. Il secondo consiglio è di trovare il modo per vivere con entusiasmo e brio la meravigliosa esperienza della maternità. Partecipate ai laboratori di cucina con i vostri cuccioli per insegnare loro com’è divertente impastare gli gnocchi, scegliete con cura quali libri leggere loro prima della nanna, aiutateli a scoprire quanto è bello il mondo che li circonda. E se, dopo tutto questo, non riuscirete comunque a sentirvi super... ricordate che è sufficiente essere mamma per addormentarsi ogni sera con un sorriso. A single night of romance in London was all either could commit to. Fate and love demanded more...much more. As a flight attendant, Rayne Jackson is used to cancellations, but she never dreamed her latest would lead to a whirlwind tour of London with a handsome stranger...or a life-altering night in his bed. One evening is all the enigmatic man can give her, and Rayne greedily takes it, despite suspecting it will never be enough. Heading home after another extreme mission, Keane "Ghost" Bryson hadn't planned to seduce someone during his layover, but Rayne is too sweet to resist. Being a Delta Force member means lying to protect his identity, which is unfortunate, considering Rayne seems made for Ghost, right down to the tattoo on her back. For the first time in his life, regret fills him as he slips away the following morning. Both are shocked when, months later, they meet again—under the worst possible circumstances. Seems fate has given them a second chance...if they can survive the terrorist situation they're in. If Rayne can forgive Ghost his lies. And if Ghost can trust Rayne to be strong enough to

“A spectre”, wrote Karl Marx in 1847, “is haunting Europe, the spectre of Communism. All the Powers of Old Europe have entered into a holy alliance to exorcise this spectre.” But the exorcism has failed. In vain does the holy alliance reconstitute itself in order to perform its chosen task. The spectre of 1847 is a mere spiroite no longer. It has emerged from the darkness in which it was wont formerly to play the part of a miserable shadow. It has become an embodied spirit, a power incarnate...

precious source in the study of the subject ... inspiring." - The Journal of Dress History The last decade has seen the growing popularity and visibility of fashion as a cultural product, including its growing presence in museum exhibitions. This book explores the history of fashion displays, highlighting the continuity of past and present curatorial practices. Comparing and contrasting exhibitions from different museums and decades-from the Paris Exposition Universelle of 1900 to the Alexander McQueen Savage Beauty show at the Metropolitan Museum of Art in 2011, and beyond-it makes connections between museum fashion and the wider fashion industry. By critically analyzing trends in fashion exhibition practice over the 20th and early 21st centuries, Julia Petrov defines and describes the varied representations of historical fashion within British and North American museum exhibitions. Rooted in extensive archival research on exhibitions by global leaders in the field-from the Victoria and Albert and the Bath Fashion Museum to the Brooklyn and the Royal Ontario Museums-the work reveals how fashion exhibitions have been shaped by the values and anxieties associated with fashion more generally. Supplemented by parallel critical approaches, including museological theory, historiography, body theory, material culture, and visual studies, *Fashion, History, Museums* demonstrates that in an increasingly corporate and mass-mediated world, fashion exhibitions must be analysed in a comparative and global context. Richly illustrated with 70 images, this book is essential reading for students and scholars of fashion history and museology, as well as curators, conservators, and exhibition designers.

Spankee follows the development of Rebecca from frustrated housewife, initially just curious about spanking, into a true submissive spankee under the guidance of Don, an experienced dominant. By understanding the psychology of her journey, from initially rationalizing and hiding behind role play to ultimately accepting her need to submit and be spanked as an integral part of the person she is, the reader is given excellent insight into the proper training of a submissive. Upon discovering her submissive nature, Rebecca realizes her desires are actually needs. She not only becomes comfortable with Don as her guide, but develops an almost insatiable need for his approval; eventually submitting to him orally which is something she had never considered doing before. Don also touches her in ways to provide sexual gratification. His manual stimulation soon gives way to forced orgasms, ultimately taking Rebecca into sub space. Rebecca is hooked on spanking right from the start; it excites and arouses her tremendously and the more she experiences it the harder she wants it. As the sessions proceed Rebecca is systematically introduced to the crop, switch, paddle, cane and flogger and Rebecca learns she also craves scenes involving verbal and physical discipline followed by being permitted sexual release. Erotic spanking involves spanking her to such heightened arousal where a mere touch will bring orgasm, but the mark of a true spankee is to achieve orgasm through spanking alone. Rebecca finds that the need to control her instinctive reactions to being spanked and flogged are detracting from the experience for her so Don

includes bondage, enabling her to not worry about what her body wants to do. She finds that having no control, allowing her involuntary resistance to strain against the restraints, enhances her experience and enables her to take more. It is the freedom brought about by bondage that finally enables her to become a true spankee.

This book is about love. Not love between men and women, parents and children, or men and pets. It is about love without labels, without measure, without limits, but full of meaning. I see the following book as a refuge against hate and a path to the true meaning of life: to love others as yourself. Love and love unconditionally. Love the other just because he exists and possesses his own unique story. Este livro é sobre o amor. Não o amor entre homens e mulheres, pais e filhos ou homens e animais de estimação. É sobre o amor sem rótulos, sem medida, sem limites, mas repleto de significado. Eu vejo o seguinte livro como um refúgio contra o ódio e um caminho para o verdadeiro sentido da vida: amar os outros como a si mesmo. Amar e amar incondicionalmente. Amar o outro apenas porque ele existe e possui uma história única.

When you lose your whole world in a moment, where do you turn? On a cold November morning, Joseph Luzzi, a Dante scholar and professor at Bard College, found himself racing to the hospital—his wife, Katherine, eight-and-a-half months pregnant, had been in a horrible car accident. In one terrible instant, Luzzi became both a widower and a first-time father. In the aftermath of unthinkable tragedy, Luzzi relied on the support of his Italian immigrant family, returning to his childhood home to grieve and care for his infant daughter. But it wasn't until he turned to *The Divine Comedy*—a poem he had devoted his life to studying and teaching—that he learned how to resurrect his life. Following the same structure as Dante's epic poem, Luzzi is shepherded out of his own "dark wood," passing through the grief-stricken Inferno, the Purgatory of healing, and ultimately stepping into the Paradise of rediscovered love. Beautifully written,

poignant, insightful, and unflinchingly honest, *In a Dark Wood* is a hybrid of heartrending memoir and a meditation on the power of great art to give us strength in our darkest moments. Drawing us into hell and back, it is Dante's journey, Joseph Luzzi's, and our very own.

«Nel tuo settore, in questo momento, ci sono professionisti che guadagnano 10 volte più di te». Un libro esplicitamente rivolto ai freelance che spiega come far parte di quell'1% di liberi professionisti, leader nel proprio settore, che guadagna più di tutti gli altri. Perché, in alcuni casi, non succede? Perché molti freelance, oggi, lavorano ancora come se fossero dei dipendenti, basando la loro carriera sulla prigionia del passaparola e dando per scontata una miniera di strumenti - di marketing, branding e comunicazione - che, solo pochi anni fa, erano accessibili solo alle multinazionali. Crescere e diventare «il più richiesto» implica, innanzitutto, un cambiamento mentale. Lorenzo Paoli, onepercenter nell'ambito del coaching e digital strategist, propone un percorso di crescita personale strutturato su diversi livelli di consapevolezza: dagli errori più comuni, alla definizione del Time to Profit (per aumentare il valore della giornata lavorativa) e della Lean Agenda (per gestire al meglio il proprio tempo e le priorità della vita professionale).

This volume leads us through the imagined world, the delusions, hopes, ambivalences, anxieties, and historical, cultural and psychological dynamics of six German Jewish writers and intellectuals who arrived in Palestine between the 1920s and 1930s. The approach is both personal and symbolic as each witnesses the gap between dream and reality from their own perspective, representing it at many levels.

Peggy Guggenheim (1898 - 1979) challenged boundaries as a patron and collector. She is celebrated for her groundbreaking collection of European and American modern art. The volume will focus on a lesser-known but crucial episode in Guggenheim's own migratory path: her turn to the arts of Africa, Oceania, and the Americas in the 1950s and '60s. In these years, Guggenheim acquired works created by artists from cultures worldwide, including early twentieth-century sculpture from Mali, Côte d'Ivoire, and New Guinea, and ancient examples from Mexico and Peru. 'Migrating Objects' emerges from an extended period of research and discussion on this largely ignored area of Guggenheim's collection by a curatorial advisory committee, which has led to exciting findings, including the reattribution of individual works, among them the Nigerian headdress (Ago Egungun) produced by the workshop of Oniyide Adugbologe (ca. 1875-1949), which is illustrated in the catalogue.00Exhibition: Peggy Guggenheim

Infectious Diseases of Kenya is one in a series of GIDEON ebooks which explore all individual infectious diseases, drugs, vaccines, outbreaks, surveys and pathogens in every country of the world. Data are based on the GIDEON web application (www.gideononline.com) which relies on standard text books, peer-review journals, Health Ministry reports and ProMED, supplemented by an ongoing search of the medical literature. Chapters are arranged alphabetically, by disease name. Each chapter is divided into three sections: 1. Descriptive epidemiology 2. Status of the disease in Kenya 3. References A chapter outlining the routine vaccination schedule of Kenya follows the diseases chapters. There are 361 generic infectious diseases in the world today. 239 of these are endemic, or potentially endemic, to Kenya. A number of other diseases are not relevant to Kenya and have not been included in this book. In addition to endemic diseases, all published data regarding imported diseases and infection among expatriates from Kenya are included.
