

Managing Human Resources 2nd Edition

This second, updated and extended edition of the Handbook of Research on Comparative Human Resource Management draws on the work of many of the world's leading researchers in the field to present the state of the art to scholars, students and practitioners. The Handbook provides a detailed focus on the theoretical underpinnings of Comparative HRM, on comparative studies of specific areas of HRM practice and on the unique features of HRM in all the main regions of the world.

An Introduction to Human Resource Management Routledge

Please note: this title will publish in January 2012. This textbook explores the policies and practices employed in the management of people working in the tourism, hospitality and events industries. It considers the nature of these industries and the varied approaches that organizations take with the handling of matters such as recruitment, health and welfare and remuneration. This book is enriched with topical case studies that describe and illustrate the human resource management behaviour of airlines, hotel chains and other international companies in the sector, providing real world industry perspective. With a clear, reader friendly layout containing chapter outlines and objectives and examples of best practice, this is the ideal guide to HRM for any student on a hospitality, tourism or related course.

An accessible introduction written by a stellar contributor line up of world-renowned lecturers and practitioners in the field (including Linda Holbeche, Stephen Taylor and Jim Stewart).

This nationally recognized school finance expert has teamed up with a CHOICE award winning author to write a comprehensive book on managing school financial resources to increase student performance.

This book provides a concise, engaging, and accessible introduction to human resource management which is academically rigorous and appropriate for both undergraduate and postgraduate students taking courses in business studies and related areas. Adopting lecturers receive a copy of a DVD featuring video interviews with practitioners.

Starting from the premise that managing human resources strategically is crucial for long term organizational success, this work is essential reading for both future line managers as well as specialist Human Resource Managers.

Despite over three decades of debate around the nature of human resource management (HRM), its intellectual boundaries and its application in practice, the field continues to be dogged by a number of theoretical and practical limitations. Written by an international team of respected scholars, this updated textbook adopts a critical perspective to examine the core management function of HRM in all its complexity – including its darker sides. Human Resource Management: A Critical Approach opens with a critique of the very concept of HRM, tracing its development over time,

and then systematically analyses the context of HRM, practice of HRM and international perspectives on HRM. New chapters commissioned for this second edition look at HRM and the issues of diversity, migration, global supply chains and economic crisis. This textbook is essential reading for advanced and inquisitive students of HRM, and for HRM professionals looking to deepen their understanding of the complexities of their field.

Since its original publication in 2000, this text has been intended for students studying HRM for the first time. Its major features are its comprehensive and wide-ranging nature which deals with all major aspects of HRM in a down to earth and practical way, alongside the necessary theoretical underpinning. The key strength is its accessibility to students new to the subject area where it combines a clear explanation with numerous relevant and interesting cases and comments. The range and nature of HRM is fully illustrated by a combination of real life and fictional case studies which heighten awareness of key issues involved in HRM today. This new edition will continue to be appropriate for undergraduate courses, especially first and second year students studying an HRM degree but also for post-graduate courses where many students are new to the field of HRM. It continues to be divided into 12 chapters to provide one topic a week on a modular course, but it may be extended into two semesters. It has been revised to place a greater emphasis on the role of human resources in improving organisational and employee performance. These revisions include the greater use of technology in resourcing and development areas, the change of emphasis from 'recruitment/selection' to 'talent management' and the use of social networking developments as an aid to HR management. Recent legal developments will also be covered including those relating to age discrimination and the regulation of agency workers. It will be supported by a supplement for tutors and additional web-based cases and other materials for tutors and students.

Sound HRM practices matter—they are a sine qua non of effective governance in democratic government—equally so at the local, regional, state and national levels of government. The NASPAA (Network of Schools of Public Policy, Affairs, and Administration) accreditation standards demand critical competencies for public managers that are vital to human resource managers and supervisors at all levels. These competencies include: skills to lead and manage in public governance; to participate in and contribute to the policy process; to analyze, synthesize, think critically, solve problems and make decisions; to articulate and apply a public service perspective; and to communicate and interact productively with a diverse and changing workforce and citizenry. This second edition of Human Resource Management is designed specifically with these competencies in mind to: Introduce and explore the fundamental purposes of human resource management in the public service and consider the techniques used to accomplish these purposes Provide exercises to give students practice for their skills after being introduced to the theory, foundation, and practices of public and nonprofit sector HRM Facilitate instruction of the material by introducing important topics and issues with readings drawn from the professional literature Provide information and examples demonstrating the interrelatedness of many of the topics in public sector HRM and the trends shaping public and nonprofit management, especially

diversity, ethics, and technology. Demonstrate and describe differences among HRM practices in public, for-profit and nonprofit organizations, and between the levels of government. Human Resource Management is organized to provide a thorough discussion of the subject matter with extensive references to relevant literature and useful teaching tools. Thus, students will consider the issues, purposes, and techniques of HRM and conceptualize how varied their roles are, or will be, whether a personnel specialist in a centralized system or a supervisor managing in one of the increasingly common decentralized systems. Each chapter includes a thorough review of the principles and practices of HRM (including the why and the how), selected readings, important themes, diverse examples, key terms, study questions, applied exercises, case studies, and examples of forms and processes would-be managers will encounter in their roles.

Healthcare management is changing. Do you know which direction it's headed? HEALTHCARE HUMAN RESOURCE MANAGEMENT, 3E is written to be relevant to you, whether you're a student or currently working in healthcare. This text is current, topical, and informative. No matter your status, this is the human resources and healthcare textbook you need to stay ahead of the curve. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Instructor Resources: PowerPoint slides, chapter overviews, suggested class activities and assignments, and a transition guide to the new edition. Chapter 13 Excel Model for Students ([click here for access](#)) Human Resources in Healthcare: Managing for Success, Fourth Edition, presents the techniques and practices behind effective management of people--the healthcare profession's most important asset. It provides the concepts and practical tools necessary for meeting the unique challenges in today's healthcare environment. This edition has been thoroughly revised and includes the following new content: An expanded chapter on employment law and employee relations A new chapter on credentialing of healthcare providers A thorough update on staff recruitment, selection, and retention practices An expanded section on performance management, including workplace bullying A new chapter on workforce planning in a rapidly changing healthcare system A new chapter on nurse staffing in healthcare organizations New problem-based learning cases to engage students and expand learning comprehension Updated short cases, discussion questions, and exercises throughout

"Human Resources Management in Education is intended to guide educational managers through the main issues, not simply in problem-solving, but also in contextualisation. Furthermore, the third edition of Human Resources Management in Education aims to facilitate acquisition of knowledge, skills and attitudes in human resource management."--publisher website.

The contemporary workplace is ever changing. In many countries the effects of economic globalization has seen the rise in zero-hour contracts, the erosion of trade union power and income inequality. In addition, high-performance work systems, business ethics and environmental sustainability are now creating tremendous challenges in many organizations. These developments play out amongst differing national and international contexts. This fluid and diverse environment makes it even more important to understand the myriad of different theories underpinning human resource management and to explore its impact on organizations,

managers and workers. This engaging textbook provides an essential introduction to both the 'how' and 'why' of human resource management; it looks at the way organizations manage human capability, but also exposes the tensions inherent in the employment relationship, encouraging the reader to reflect critically on the realities of contemporary HRM. Building on the success of the previous five editions, this new edition includes: Two new chapters on Ethics in HRM and Green HRM New 'HRM as I see it' video interviews with real life HR managers sharing their experiences on managing people in organizations, accessible through a new interactive ebook New 'HRM and Globalization' features discussing the particular challenges faced by international organizations New 'HRM in Practice' features exploring practical implementation of HR theories Coverage of contemporary themes such as line managers' roles in HRM, bullying, diversity and inequality Over 100 new references, bringing the discussion right up to date An extensive online resource centre with further teaching and learning materials, accessible at www.palgravehighered.com/bg-hrm-6e.

This book is not available as a print inspection copy. To download an e-version click [here](#) or for more information contact your local sales representative. A comprehensive introduction to HRM for students who are new to the field, but who will be seeking employment in a global market, working with diverse colleagues and across international borders. Broken down into three parts covering Strategic Issues in HRM, HRM in Practice and HRM in Context, and weaving international and cross-cultural perspectives throughout, the text explores the ever-changing world of human resource management. The various theories, practices and debates that populate this field are examined, and the challenges and controversies that arise when theory meets practice are explored. The international dimension in all its aspects including cross-cultural working, diversity, equality and international business have been considered throughout. Practical learning features have been included to help students develop skills they can apply to their course and in graduate employment. In the new edition, the authors have further explored the international context for HRM, not just for multinational corporations but also for small businesses and not-for-profit organizations, with added analysis on the importance of recognizing that effective functioning of organizations is not simply measured by financial performance, but also by taking into account the broader social, economic and political contexts. International case studies covering emerging economies and specific ethical issues are included with each chapter containing two case studies - one short case mid-chapter and a longer end-of-chapter case, each of which has a set of accompanying questions for students to explore individually or in groups to broaden their learning. The book is supported by a SAGE Edge site, featuring a range of tools and resources for lecturers and students, including SAGE journal articles, PowerPoint slides, web and video links, interactive multiple choice questions, chapter specific podcasts and an instructor's manual. Suitable for undergraduates and post-graduate students looking for a strategic and international perspective of HRM.

This innovative text will be useful for students and as a reference for practitioners. Each chapter will begin with a case study that focuses on the topical material of the chapter. the case study will be resolved at the conclusion of the chapter. In addition to references used in the chapter, each chapter will have a resources section for books, periodicals, websites and organizations.

In a constantly evolving service-led Indian economy, human resources have become the cornerstone of an organization's success. The management of human capability has become an art that has to be understood and mastered to run a successful enterprise. Human Resource Management: Text and Cases, 2e, explains the basic concepts of this discipline and presents cases that provide an insight into the challenges faced by HR professionals on a day-to-day basis. Going beyond the coverage of a traditional textbook, this book focuses on applied aspects of HRM, which capture the evolving challenges in the field. The authors have used their extensive real-world work experience in talent acquisition, and human resource development and retention to provide lucid explanation of all major concepts of human resource management. Replete with examples and cases, this title is a complete guide for all MBA students and HR practitioners. KEY FEATURES • Extensive coverage of HR best practices and innovations • Sample 'ready-to-use formats' of relevant documents • Thought-provoking chapter opening cases to set the context for learning in the text ahead • Application cases to showcase real-world implementation of concepts • PowerPoint slides and Question Bank for teachers

Blank examination answer sheet tipped in.

This CHOICE award winning author has teamed up with a national school human resource expert to write a comprehensive book on managing human resources and collective bargaining. Everything you need to know is covered: human resources, recruiting, strategic planning, mentoring, benefits and compensation, terminating employees, unions and more.

What difference can the aspiring HR strategist really make to business value? In the new edition of her ground-breaking book, Linda Holbeche answers this question and provides the tools and insights to help HR managers and directors add value to the organization by implementing effective HR initiatives that are aligned to core business strategies. Featuring updated profiles and case studies from top HR strategists who have used their skills to deliver a variety of key business objectives, *Aligning Human Resources and Business Strategy*, 2nd edition provides inspiration and guidance on how to apply the theory to challenges in your organization. Learn how you can strengthen and prove the relationship between people strategy and business success through your approach to performance and development and impress at the highest levels with this new edition of an HR classic. Linda Holbeche is Director of Research and Policy at the Chartered Institute of Personnel and Development (CIPD). Linda chairs and speaks at meetings and conferences worldwide and appeared at number six in *Human Resources* magazine's HR most influential 2008 roll call of top industry thinkers.

This volume engages with the essential themes and emergent ideas in strategic human resource management. There is increasing self-confidence about the potential benefit of intangible assets, notably human resources, contributing to the success of organizations. This revised text examines such claims in considerable depth and draws conclusions about the role of strategic HRM at the dawn of the new millennium. A distinctive strength of this volume is that it is a Set Book for one of the largest MBA programmes in Europe. It is a benchmark text for all advanced undergraduate and postgraduate level students of HRM, personnel management and change management.

A brand new concise introductory text in human resource development that has a skills-building, practical focus yet is underpinned by the latest academic research. Highly engaging and accessible it brings the subject to life through innovative learning tools including videos and active case studies.

Written by experts in the field with a wealth of academic and practical experience, Studying Human Resource Management is essential reading for all those studying the CIPD Level 5 Intermediate qualification in HRM. With its discussion of studying HRM, managing and co-ordinating the HR function and business issues in the context of HR, this is also invaluable reading for all students on undergraduate HRM

and Business and Management degrees. Studying Human Resource Management also has extensive coverage of developing professional practice and using information in HR and now includes additional material on the HR function as well as new coverage of the job of the HR manager. Supported by brand new online resources including videos, podcasts and interactive multiple-choice questions as well as an instructor's manual, lecture slides and additional case studies, this is a crucial book for all those teaching and studying human resource management.

This book presents an HRM scenario in a number of south-east Asian and Pacific Rim countries, highlighting the growth of the HR function in these countries, their dominant HRM systems and the challenges faced.

There is a glut of human resources books aimed at large companies. But *Managing Human Resources in Small and Mid-Sized Companies* remains the only book to address the unique challenges confronting organizations in the 100 to 1,500 employee range. And it is now completely updated to reflect current legal requirements, compensation trends, advances in information management, and much more. This comprehensive, clearly written guide shows readers how to:

- * set up or expand a human resources department
- * recruit, interview, select, and orient new employees
- * establish compensation, benefits, and performance appraisal programs

The *Global Human Resource Management Casebook* is a collection of business teaching cases, focusing on Human Resource Management issues around the world. Each case is based in a single country and illustrates one or more significant challenge faced by managers and HR practitioners. The influence of the unique national cultural and institutional context upon the issues in the case is emphasized. In total 32 unique and original cases are presented, each from different national contexts. Every case is followed by a set of questions for use in class discussion or private study of the cases. This casebook is a project undertaken by a committee of international members of the Human Resources Division of the Academy of Management (USA). The HR Division currently has over 3500 members worldwide, indicating a significant immediate audience for the text. The committee, referred to as the HR Ambassadors Committee (James Hayton, Chair) is intended to represent the global membership of the organization. We currently have members in over 60 countries, and Ambassadors for over 50 of these. The committee was established to contribute to the internationalization of the HR Division and the Academy of Management by creating collaborative projects that both involve and serve the global membership. This book, which represents the first product of our collaboration, is expected to provide a useful teaching tool for HRM educators, and secondarily is expected to be of use to HR practitioners with an interest in the globalization of HRM.

Human Resource Management for the Hospitality and Tourism Industries takes an integrated look at HRM policies and practices in the tourism and hospitality industries. Utilising existing human resource management (HRM) theory and practice, it contextualises it to the tourism and hospitality industries by looking at the specific employment practices of these industries, such as how to manage tour reps or working in the airline industry. It initially sets the scene with a broad review of the evidence of HRM practice within the tourism and hospitality industries. Having identified the broader picture, the text then begin to focus much more

explicitly on a variety of HR policies and practices such as: • recruitment and selection: the effects of ICT, skills required specific for the industry and the nature of advertising • legislation and equal opportunities: illegal discrimination and managing diversity • staff health and welfare: violence in the workplace, working time directives, smoking and alcohol and drug misuse • remuneration strategies in the industry: the 'cafeteria award' approach, minimum wage and tipping Human Resource Management for the Hospitality and Tourism Industries is illustrated throughout with both examples of best practice for prescriptive teaching and discussion, and international case studies to exercise problem solving techniques and contextualise learning. It incorporates a user friendly layout and includes pedagogic features such as: chapter outlines and objectives, HRM in practice – boxed examples, reflective review questions, web links' discussion questions and further reading. Accompanying the text are online supplementary lecturer materials including downloadable figures from the book, PowerPoint slides, further cases and extra exercises and points for discussion.

The focus of HUMAN RESOURCE MANAGEMENT, International Edition is on developing students' personal and managerial skills by (1) Helping students understand the role of HR in organizational effectiveness as well as their personal career success; (2) Enabling students to understand how to flexibly apply the HR concepts that are appropriate for different problems or situations, and how HR both influences and is influenced by business strategy; and (3) Creating an understanding of the HR context by embedding the important concepts of ethics, diversity, competitive advantage, and the global context throughout the book. This highly readable book will help students understand how to use HR to hire, develop, motivate, and retain the right people and bring out the best in employees to execute the company's business strategy. It is intended for anyone who is or who might become a manager or an HR professional. By developing readers' competence and confidence in using important HR skills, this book will help anyone become a more effective manager through a better use of HR tools. Because most students learn more easily when they see the applicability of concepts to real life situations, HUMAN RESOURCE MANAGEMENT, International Edition provides numerous current company examples throughout the book. A book-long integrated case supplemented with interactive online videos develops students' personal skills and gives them some experience in applying various HR concepts. The case and videos reinforce the relevance of the textbook material and make the content even more understandable.

David McGuire's student-friendly introduction looks at Human Resource Development on an individual, organisational and societal level analysing how HRD can play a major role in organisational innovation, in developing communities and society and in operating on a cross-national and international basis. Key features: Links key training design and learning theories to broader economic and societal issues for a more holistic and in-depth understanding of the field. Seven brand new chapters ensure a good fit with HRD programmes at all levels and reflect the latest developments in the field, including career development, strategic HRD, knowledge management, the environment, ethics and CSR and the future of HRD. High profile case studies in each chapter bring the theory to life including Apple, Massive Open Online Courses, Barclays, Stephen Lawrence, Lloyds Pharmacy, Marriott Hotels, Netflix, Black and Decker, Google, Colgate-Palmolive, Marks and Spencer and Valve. Case vignettes throughout the chapters

highlight HRD in action and provoke critical analysis and discussion, including How a Beer Can Aided the Design of Canon's Revolutionary Mini-Copier and The Alaskan Village Set to Disappear Under Water in a Decade. An Appendix contains advice on preparing for an HRD examination as well as example exam questions and sample answers, to ensure examination success. Chapters map to the CIPD's requirements at levels 5 and 7 making it an ideal core text for accredited and non-accredited programmes alike.

The completely revised and updated new edition of Planning & Managing Human Resources will help you successfully implement the steps of strategic planning for human resources. Learn how to establish a strategic human resources plan that will contribute to your organization's business plan and ensure you outperform your competitors.

Written by experts in the field, Human Resource Management: People and Organisations is essential reading for all those studying the CIPD Level 5 Intermediate qualification in HRM. It contains essential coverage of key HR topics including resourcing and talent planning, reward management and contemporary developments in employment relations, making it equally valuable to all students on undergraduate HRM and Business and Management degrees. This 2nd edition of Human Resource Management: People and Organisations now includes three brand new chapters on Human Resource Development; improving organisational performance and organisational design and development as well as additional real-life case studies throughout, ensuring the most comprehensive and up-to-date coverage of people and organisations. Fully supported by online resources including new videos, podcasts and interactive multiple choice questions as well as a lecturer guide and powerpoint slides for instructors, this is an authoritative, informative and engaging guide essential for all HR students

Today's hospitality professional must be an expert at managing many functions. In every segment of the hospitality industry, recruiting, selecting, orienting, training, and retaining outstanding staff members are always challenging tasks, but every manager must master them. Hospitality managers now need to be familiar with rising labor costs, increasing competition for quality staff, changing employees' attitudes, evolving guest expectations and a proliferation of new laws that impact human resources policies and activities.

The new edition of this SAGE Handbook builds on the success of the first by providing a fully updated and expanded overview of the field of human resource management. Bringing together contributions from leading international scholars - and with brand new chapters on key emerging topics such as talent management, engagement, e-HRM and big data - the Handbook focuses on familiarising the reader with the fundamentals of applied human resource management, while contextualizing practice within wider theoretical considerations. Internationally minded chapters combine a critical overview with discussion of key debates and research, as well as comprehensively dealing with important emerging interests. The second edition of this Handbook remains an indispensable resource for advanced students and researchers in the field. PART 01: Context of Human Resource Management PART 02: Fundamentals of Human Resource Management PART 03:

Contemporary Issues

Human Resource Management (HRM) is the most challenging and exciting area within management. In the turbulent times we live in, the value of the HRM function is gaining increasing importance in managing organizations. Uniqueness of any organization is dependent on its

human capital that brings in the differentiating results. How differently organizations address the HR issues is of utmost importance. This book is designed for management students across the country and line managers who have to deal with HR issues. This insightful and practical book will take the readers through the concepts to applications of Human Resource Management. Interspersed with examples from national and international organizations, the book also brings various HR aspects from countries across the globe, thus bringing in the national and international perspective to all the HR issues. Along with other contemporary and traditional chapters, the book includes the chapters on Establishment and Terms of Services, Competency-based HRM, Assessment Centre, Human Resources Accounting, and Work-life Balance and Well Being. Value-Adding Features • Preview An opening vignette introducing the HR topic, simulating the reference in context, generating interest and curiosity. • Did You Know? Has illuminations, events, and historical facts relating to the roots and evolution of HR. • Comparative Analysis Cites examples from national and multinational companies on all aspects of HRM, enabling the readers to compare the problems and solutions. • Recent Advances Feature includes changing conditions, advances in the field and emerging trends that may open up new areas or give leads for project work, studies, surveys and research. • Legal Corner A unique feature that gives insight into the national and international legal issues, framework and challenges faced by the corporates on a day-to-day basis. • Skill-building Activities Designed to tap readers' curiosity and interest, motivate and increase their eagerness to learn, provide an opportunity to expand their current range of knowledge, and test their skills with respect to the real-world issues • Case Studies Based on real situations, where conceptual knowledge has to be applied to deal with various corporate challenges.

Establishing the agenda for global HR, this book looks through the eyes of HR professionals themselves. It gives a broad, coherent overview of the field of IHRM and a detailed, practical analysis of what is needed to be successful in this crucial area of modern management. A number of key questions are addressed: Does IHRM drive the business agenda more than domestic HRM? What is the impact of IHRM on organizational effectiveness? What are the keys to success in IHRM? Drawing upon current research conducted as part of the Chartered Institute of Personnel and Development's Globalization Research Project the text includes data from surveys of HR professionals and company practice as well as longitudinal case studies.

Human Resource Management in Sport and Recreation, Third Edition, provides current and future practitioners with a solid foundation in research and application of human resource management in the sport and recreation industries. The third edition prepares students for success by bringing into focus the three divergent groups of people who constitute human resources in sport and recreation organizations: paid professional workers, volunteers, and the clients themselves. Dr. Packianathan Chelladurai, pioneer in the field of sport management, continues to bring his expertise to this edition; he is joined by new coauthor Dr. Shannon Kerwin, an active researcher in organizational behavior and human resource management in sport. With more than 50 collective years of experience in teaching management of human resources, Chelladurai and Kerwin synthesize the core dynamics of human resources and the management of these resources as well as the role of the sport and recreation manager. The third edition's updated references, examples, and studies reflect the increased growth, interest, and complexity in human resource management in recreation and sport in recent years. Additional enhancements of the third edition include the following: • A new opening chapter on the significance of human resources describes consumer services, professional services, and human services and provides a model for the subsequent chapters. • A greater emphasis is placed on recruitment and training as an essential component of success. • New "Technology in Human Resource Management" and "Diversity Management of Human Resources" sidebars connect theory to practice for sport managers as they confront contemporary issues in the workplace. • Case studies at the end of

each chapter help students apply concepts from the chapter to real-world scenarios. • Instructor ancillaries help instructors prepare for class with the use of an instructor guide with a syllabus, tips for teaching, and additional resources, as well as an image bank. In addition, updated pedagogical aids include learning objectives, summaries, lists of key terms, comprehension questions, and discussion questions to guide student learning through each chapter. Sidebars throughout the text provide applied concepts, highlight relevant research, and offer digestible takeaways. Organized into four parts, the text begins by outlining the unique and common characteristics of the three groups of human resources in sport and recreation. Part II focuses on differences in people and how the differences affect behavior in sport and recreation organizations. In part III, readers explore significant organizational processes in the management of human resources. Part IV discusses two significant outcomes expected of human resource practices: satisfaction and commitment. Finally, a conclusion synthesizes information and presents a set of founding and guiding themes. Human Resource Management in Sport and Recreation, Third Edition, explains essential concepts in human resources in the sport and recreation industries. The authors present a clear and concise treatise on the critical aspects of management of human resources within sport and recreational organizations to help aspiring and current professionals maximize their potential in the field.

With a huge proportion of any organization's expenditure invested in human resources and economic pressures demanding that companies become leaner than ever, it has never been more important for HR professionals to think and act strategically to turn their people planning into profit. Focusing on HR as a key driver of competitive advantage and sustainable success, HR Strategy, second edition, demonstrates how to create a winning human resource strategy by predicting the results you expect to see and developing a workable, measurable plan for managing human capital. All of this requires an ability to tap into the needs of individual employees to unleash their maximum value. This concise, easy-to-read text takes a practical, how-to approach, covering both the wide-angle theory and the day-to-day practice. This new edition includes: Updated case studies to demonstrate how strategies work in different organizational contexts Thorough revision throughout to incorporate the latest theories, developments, tools and measures Increased focus on the questions you need to ask about how your organization is configured, its values and principles, and what changes can be made from the ground up
