Charlie gets into all sorts of sticky situations when his seaside summer holiday turns into a missing jewellery mystery - and detective Charlie finds himself in the middle of a muddle once again when a gang of bungling burglars threatens to spoil the Big Library Bonanza . . .

A winning combination of No.1 travel writer Michael Palin and one of the great literary figures of the century. When Michael Palin was researching for his novel HEMINGWAY'S CHAIR his interest was stimulated by Hemingway's appetite for travel and 'Papa's' evocations of the places he knew. Hemingway remains a compelling figure, and Palin's goal was to revisit Hemingway's world. This book includes the American West ('wide lawns and narrow minds'), Idaho, Michigan ('fly fishing, hunting'), Europe in the First World (where Hemingway was wounded serving in the Ambulance Brigade), Cuba (where Hemingway wrote FOR WHOM THE BELL TOLLS), Paris in the Roaring Twenties and Spain during the Spanish Civil War, Sun Valley and Key West - where the Hemingway lookalike competition is an annual event.

It is well known that American culture is a dominant force at home and abroad; our exportation of everything from movies to junk food is a well-documented phenomenon. But is it possible America's most troubling impact on the globalizing world has yet to be accounted for? In *Crazy Like Us*, Ethan Watters reveals that the most devastating consequence of the spread of American culture has not been our golden arches or our bomb craters but our bulldozing of the human psyche itself: We are in the process of homogenizing the way the world goes mad. America has been the world leader in generating new mental health treatments and modern theories of the human psyche. We export our psychopharmaceuticals packaged with the certainty that our biomedical knowledge will relieve the suffering and stigma of mental illness. We categorize disorders, thereby defining mental illness and health, and then parade these seemingly scientific certainties in front of the world. The blowback from these efforts is just now coming to light: It turns out that we have not only been changing the way the world talks about and treats mental illness -- we have been changing the mental illnesses themselves. For millennia, local beliefs in different cultures have shaped the experience of mental illness into endless varieties. *Crazy Like Us* documents how American interventions have discounted and worked to change those indigenous beliefs, often at a dizzying rate. Over the last decades, mental illnesses popularized in America have been spreading across the globe with the speed of contagious diseases. Watters travels from China to Tanzania to bring home the unsettling conclusion that the virus is us: As we introduce Americanized ways of treating mental illnesses, we are in fact spreading the diseases. In post-tsunami Sri Lanka, Watters reports on the Western trauma counselors who, in their rush to help, inadvertently trampled local expressions of grief, suffering, and healing. In Hong Kong, he retraces the last steps of the teenager whose death sparked an epidemic of the American version of anorexia nervosa. Watters reveals the truth about a multi-million-dollar campaign by one of the world's biggest drug companies to change the Japanese experience of depression -- literally marketing the disease along with the drug. But this book is not just about the damage we've caused in faraway places. Looking at our impact on the psyches of people in other cultures is a gut check, a way of forcing ourselves to take a fresh look at our own beliefs about mental health and healing. When we examine our assumptions from a farther shore, we begin to understand how our own culture constantly shapes and sometimes creates the mental illnesses of our time. By setting aside our role as the world's therapist, we may come to accept that we have as much to learn from other cultures' beliefs about the mind as we have to teach.

Fiesta San Antonio began in 1891 and through the twentieth century expanded from a single parade to over two hundred events spanning a ten-day period. Laura Hernández-Ehrisman examines Fiesta's development as part of San Antonio's culture of power relations between men and women, Anglos and Mexicanos. In some ways Fiesta resembles hundreds of urban celebrations across the country, but San Antonio offers a unique fusion of Southern, Western, and Mexican cultures that articulates a distinct community identity. From its beginning as a celebration of a new social order in San Antonio controlled by a German and Anglo elite to the citywide spectacle of today, Hernández-Ehrisman traces the connections between Fiesta and the construction of the city's tourist industry and social change in San Antonio.

A landmark in the study of early modern Europe, this two-volume collection makes available for the first time a selection of the most important texts from court and civic festival books. Festival entertainments were presented to mark such occasions as royal and ducal entries to capital cities, dynastic marriages, the birth and christening of heirs, religious feasts and royal and ducal funerals. *Europa Triumphans* represents the chronological and trans-European range of the court and civic festival. These festivals are considered not simply as texts, but as events, and are introduced by groups of scholars, each with a specialist knowledge of the political, social and cultural significance of the festival and of the iconography, spectacle, music, dance, voice and gesture in which they were expressed. To demonstrate the geographic spread and political significance of festivals, and to illustrate the range of aesthetic languages they deploy, the festivals included in these two volumes are grouped in the following sections: Henri III; Genoa; Poland-Lithuania; The Netherlands; The Protestant Union; La Rochelle; Scandinavia; and The New World. These texts provide many valuable insights into the variety of political systems and historical circumstances that formed them. Beautifully produced with 148 black-and-white and 23 colour illustrations, *Europa Triumphans* represents an invaluable reference source for the study of early modern Europe. It presents texts both in transcription and translated into English, and is supplemented with introductory essays and commentaries. *Europa Triumphans* is co-published by Ashgate and the Modern Humanities Research Association, in conjunction with the AHRB Centre for the Study of the Renaissance at the University of Warwick, UK.

This dual-site ethnography follows the celebration of Carnival from Trinidad to North America, where immigrant Trinidadian-Americans loyally perpetuate this annual cultural event. Philip Scher uses the lens of transnationalism to explore the Carnival tradition transported from Trinidad by the immigrant Trinians living in Brooklyn, New York. As Scher moves back and forth between these two sites, he outlines aspects of the history of Carnival in Trinidad, looking in particular at the ways in which the middle class appropriated it and incorporated it into their nationalist agenda. Then, outlining the history of Carnival in

Brooklyn, he explores in detail the place of Carnival in the lives of Trinians in New York by focusing attention on a mas' camp - the arena of creative activity, from making costumes to general liming. He demonstrates how Trinians, in their attempt to import the folk traditions of their native island into their American lifestyle, have infused Carnival with a new, distinctly American meaning. Scher incorporates case studies and interviews into ideas about how the preparation and reception of cultural rituals serve as a bridge between the original culture and its displ

This brand new Handbook addresses Paralympic sports and athletes, providing practical information on the medical issues, biological factors in the performance of the sports and physical conditioning. The book begins with a comprehensive introduction of the Paralympic athlete, followed by discipline-specific reviews from leading authorities in disability sport science, each covering the biomechanics, physiology, medicine, philosophy, sociology and psychology of the discipline. The Paralympic Athlete also addresses recent assessment and training tools to enhance the performance of athletes, particularly useful for trainers and coaches, and examples of best practice on athletes' scientific counseling are also presented. This new title sits in a series of specialist reference volumes, ideal for the use of professionals working directly with competitive athletes.

From the Chrysler Six of 1924 to the front-wheel-drive vehicles of the 70s and 80s to the minivan, Chrysler boasts an impressive list of technological "firsts." But even though the company has catered well to a variety of consumers, it has come to the brink of financial ruin more than once in its seventy-five-year history. How Chrysler has achieved monumental success and then managed colossal failure and sharp recovery is explained in *Riding the Roller Coaster*, a lively, unprecedented look at a major force in the American automobile industry since 1925. Charles Hyde tells the intriguing story behind Chrysler-its products, people, and performance over time-with particular focus on the company's management. He offers a lens through which the reader can view the U.S. auto industry from the perspective of the smallest of the automakers who, along with Ford and General Motors, make up the "Big Three." The book covers Walter P. Chrysler's life and automotive career before 1925, when he founded the Chrysler Corporation, to 1998, when it merged with Daimler-Benz. Chrysler made a late entrance into the industry in 1925 when it emerged from Chalmers and Maxwell, and further grew when it absorbed Dodge Brothers and American Motors Corporation. The author traces this journey, explaining the company's leadership in automotive engineering, its styling successes and failures, its changing management, and its activities from auto racing to defense production to real estate. Throughout, the colorful personalities of its leaders-including Chrysler himself and Lee Iacocca-emerge as strong forces in the company's development, imparting a risk-taking mentality that gave the company its verve.

Examines how the expansion of mass culture is affecting American taste and argues that a persistent exploitation of vulgarity in American art will soon eliminate the line between kitsch and the fine arts.

When Antoine Dutot opened the Kittatinny Hotel—the first tourist hotel in the Poconos—in 1829, little did he know that he was a pioneer in what would become one of the largest and most diverse tourist and recreation areas on the East Coast. Although his initial venture failed, the tourist industry of the Poconos has been a long-term success, evolving and adapting to change. *Better in the Poconos* tells the story of Pennsylvania's premier vacationland from its earliest days to the present. The flourishing tourist and resort industry in the Poconos can be attributed, in part, to the area's splendid mountains, streams, and forests. But the timeless appeal of nature was matched, and even surpassed, by the resorts' ability to redefine themselves. In the mid-nineteenth century, William Cullen Bryant depicted the Pocono region as a hunter's delight, describing abundant game and sublime landscapes. The Victorian era, however, brought genteel carriage rides and croquet; later, specialized ethnic resorts catered to the minority populations of Philadelphia and New York; and in the 1940s and 1950s, the Poconos earned its reputation as a honeymoon paradise. This evolution continues today: the land of romance has given way to the ski resorts and water slides enjoyed by today's vacationing families. Poconos resort owners and innkeepers have long recognized the cutthroat competition inherent in the vacation business. Early on, they realized that they were vying not only with each other but also with other resorts—first in the Catskills and on the New Jersey shore, and then in Florida, in the Caribbean, and even in Europe.

Better in the Poconos illustrates the strategies by which resorts in northeastern Pennsylvania responded to these market forces. They were compelled to provide superior service and amenities as well as novel amusements and activities for their guests. In the latter half of the twentieth century, for example, &"super-resorts&" started to supplant the old hotels: the new resorts could offer year-round activities, thanks to the invention of artificial snow. Similarly, honeymoon hotels declined as couples resorts&—retreats that boasted such innovations as the heart-shaped bathtub and the Jacuzzi in the shape of a tall champagne glass&—emerged on the Poconos scene. Better in the Poconos recreates that scene and the people who brought it to life&—not only the innkeepers, souvenir sellers, laborers, and service workers, but also the community leaders and visionaries who promoted the vacation economy and sought to guide it. The proper Victorians, the devoted sportsmen, the young newlyweds, the families and singles, the staid ladies of the Women&'s Christian Temperance Union (and the sinners whose vices they wished to temper), the members of the Ku Klux Klan, the rich Quakers, the Jewish socialists, and the immigrants&—all these, and more, make up the humanly rich mosaic of the Poconos.

This book examines how the changing post-Cold War order affected Poland's security policy and particularly how the West's weakening position and Russia's revisionist policy reinforced the traditional view of security in Poland. It addresses the reasons why Poland, a middle power in Central Europe, adopted a bridging strategy in the early 1990s; how this strategy changed along with the redistribution of power in the international system; why, after the 2008 Georgian-Russian War, Poland took steps to support NATO consolidation, strengthen relations with the USA, and expand its own military capabilities; and how the Ukraine crisis affected Poland's security. This overview is an invaluable resource for students of international and European studies, security studies, political science, as well as for decision-makers, politicians, EU staff, and anyone interested in international politics in Central Europe.

Step-families deal with many unique issues related to their own children, their step-children, their spouses, and even ex-spouses. Some of the concerns may lead to depression and anxiety, and, in worst-case scenarios, suicide. In "Neither Root nor Branch, " author Mary Jane Grange helps blended families deal with their often challenging situation to live a happy, fulfilling existence. She provides affordable solutions for dealing with depression and anxiety. Using her experiences has a nurse and a step-parent, Grange relies on scriptures to help step-families co-exist peacefully without the use of drugs, alcohol, medications, or divorce. "I am a step parent. I could not keep up the pace that was set for my family. I realized I was in something over my head. I was in something that mere mortals could not correct. I decided to be more conscientious about reading my scriptures. Instead of letting the word of God lie hidden in my heart or dormant on my end tables, I decided to look for the laws of depression. I found them in the scriptures. I found the pace that Heavenly Father and Jesus Christ created for us in this world."

Charlie Moon's Auntie Jean runs a joke shop at the seaside. Charlie loves to go and stay there and try out the comic hats, masks, rubber spiders, fake flowers that squirt water, and cushions that squeak when you sit on them...even when his clever cousin Ariadne is staying, too.

The story begins in Jerusalem in 70 AD as Abraham the Temple scribe flees the destruction of his home. Two thousand years and a hundred generations later, another Abraham perishes, immolated in the fires of the Warsaw Ghetto.

A New York Times Notable Book: An "ingeniously plotted" tale of tragedy, comedy, and small-town gossip (The New York Times Book Review). The quiet English town of Ennistone is known for its peaceful, relaxing spa—a haven of restoration, rejuvenation, and calm. Until the night George McCaffrey's car plunges into the cold waters of the canal, carrying with it his wife, Stella. And until the village's most celebrated son, famed philosopher John Robert Rozanov, returns home, upending the lives of everyone with whom he comes in contact. Stirred up by talk of murder and morality, obsession and lust, religion and righteousness, the residents of Ennistone begin to spiral out of control, searching for answers and redemption for the sins of their peers—and discovering more about themselves than they ever wanted to know. With breakneck plotting and intricately flawed characters, The Philosopher's Pupil is a darkly humorous novel from the Man Booker Prize-winning author of The Sea, The Sea, masterfully exploring the human condition and the inherent blend of comedy and tragedy therein.

This exploration of the poetry and prose of Caribbean women writers reveals in their imagery a rich tradition of erotic relations between women.

Whenever a major event requires police intervention, questions are raised about the nature of the police response. Could the police have prevented the conflict, been better prepared, reacted more quickly? Could they have acted more forcefully or brought the altercation under control more effectively? Based upon real case studies of events from all over the world, this volume explores the complex set of factors comprising the policing of major events. Topics covered include: Police procedures in Serbia in response to sporting events and violence The 2010 World Cup in South Africa as a model of best practice in governance structures, along with the region's struggles in routine policing initiatives Security operations at the 2010 Winter Olympic Games in Canada and the Summer Olympic and Paralympic Games in London in 2012 Community involvement to curb terrorist insurgency in North Eastern Nigeria Governmental response to Hurricane Katrina in Louisiana and Texas Revisions made to NYPD protocols following the September 11 attacks Policing strategies for major events on Aboriginal and tribal lands across Canada Other topics include the police/protestor relationship and low-profile versus high-profile policing strategies in crowd control, the growing strategy of private security in working with public police forces, and enhancing public safety in post-conflict regions. The concepts presented in Policing Major Events: Perspectives from Around the World will enable police departments to improve their readiness for policing major events across a diverse set of events and socio-political contexts. This book is a co-publication with the International Police Executive Symposium. Mariners Weather Log contains articles, news and information about marine weather events and phenomenon, storms at sea, weather forecasting, the NWS Voluntary Observing Ship (VOS) Program, Port Meteorological Officers (PMOs), cooperating ships officers, and their vessels. A little more than seventy-five years ago, Kate L. Turabian drafted a set of guidelines to help students understand how to write, cite, and formally submit research writing. Seven editions and more than nine million copies later, the name Turabian has become synonymous with best practices in research writing and style. Her Manual for Writers continues to be the gold standard for generations of college and graduate students in virtually all academic disciplines. Now in its eighth edition, A Manual for Writers of Research Papers, Theses, and Dissertations has been fully revised to meet the needs of today's writers and researchers. The Manual retains its familiar three-part structure, beginning with an overview of the steps in the research and writing process, including formulating questions, reading critically, building arguments, and revising drafts. Part II provides an overview of citation practices with detailed information on the two main scholarly

citation styles (notes-bibliography and author-date), an array of source types with contemporary examples, and detailed guidance on citing online resources. The final section treats all matters of editorial style, with advice on punctuation, capitalization, spelling, abbreviations, table formatting, and the use of quotations. Style and citation recommendations have been revised throughout to reflect the sixteenth edition of The Chicago Manual of Style. With an appendix on paper format and submission that has been vetted by dissertation officials from across the country and a bibliography with the most up-to-date listing of critical resources available, A Manual for Writers remains the essential resource for students and their teachers.

Chronicles the history and meaning of Mardi Gras through a collection of true stories of Carnival, telling of the first Rex parade, the organization of Comus, the 1908 brawl between African-American and white New Orleanians, and other memorable events.
